The Shield and Diamond

VOL. XIX

WHOLE NUMBER 91

No. 5

JUNE, 1910

CONTRIBUTIONS

The fraternity will join with citizens of Virginia in mourning the death of one of the most distinguished sons of the Old Dominion, and likewise one of the most distinguished members of the fraternity, Beverly Bland Munford, who died at his home on Hermitage Road, in Richmond, Va., on May 31.

Beverly Bland Munford, the son of John Dnoherrow Munford and Margaret Copeland Munford, was born on September 10, 1856, at Richmond, Va. He entered William and Mary College in the fall of 1873, and graduated in 1877 with the degree of B. P. He immediately began the study of law and took a course in the summer law school of the University of Virginia in 1877, at which time he became active in the practice of law, and as a lawyer won for himself a national reputation. At the time of his death he was a senior member of the firm of Munford, Hunton, Williams & Anderson, which firm has one of the largest practises in the South.

On November 22, 1893, Brother Munford was married to Miss Mary Cook Branch, from which union two children, a daughter and son, were born and survive him.

Brother Munford was prominent in Virginia politics, and for six years was a member of the House of Delegates, and for four years represented Richmond in the State Senate. He was also a bright and learned Mason, and was intimately connected with the business and social life of Richmond.

In addition to his law business, he was heavily interested in insurance companies, and was the president of the Richmond Mutual Fire Insurance Company, and also of the South Atlantic Life Insurance Company. He was initiated into the fraternity by Gamma Chapter at William and Mary College in 1875.

Brother Munford was also a devout member of the St. Paul's Episcopal Church of Richmond.

As evidence of the prominence of Brother Munford in his native State, and of the love and affection with which he was held by the people of the Old Dominion, all of the newspapers of the State have had long eulogies of him. The following was taken from the Richmond Times-Dispatch of June 1, which has a large and striking likeness of Brother Munford:

MUNFORD'S BRILLIANT CAREER

BROUGHT TO CLOSE BY DEATH.

End Came After Long Illness, During Which He Wrote Great Book— Funeral Tomorrow Noon—As Lawyer, Statesman and Author, He Took Leading Part in Uplifting His State.

Surrounded by his family, Beverley Bland Munford, lawyer, statesman and author, died yesterday afternoon at 12:45 o'clock at his residence on the Hermitage Road, Henrico county, followed by an illness which lasted for several years.

The death of Mr. Munford was not unexpected. He had been ill for more than five years. He visited Tucson, Ariz., and Lake George, N. Y., in search of health. The change of clime brought only temporary relief. Everything that medical skill could devise was done to prolong this brilliant Virginian's life. Within the week a specialist was summoned from New York, but little could be done to stay the hand of death.

Although too ill to engage in active duties in connection with his profession, Mr. Munford recently completed his now famous work, "Virginia's Attitude Toward Slavery and Secession." This book exemplifies his devotion to Virginia and her traditions. It has been widely praised by critics in all parts of the United States and in England. It was dictated while Mr. Munford lay upon his sick bed. Yet it shows a wonderful grasp of detail and the result of a brilliant mind.

His Greatest Work.

"Virginia's Attitude Toward Slavery and Secession" was welcomed by historians as a distinct addition to Southern literature.

Besides this, it is an unanswerable defense of Virginia's attitude toward an institution in connection with which she has been misrep-

Mr. Munford married Miss Mary Cooke Branch, daughter of the late James R. Branch, who was killed as the result of a bridge collapsing at Mayo's Island. Surviving Mr. Munford are his wife and two children, Miss Mary Safford Munford and Master B. B. Mun-

ford, Jr.

The bar of Richmond will meet today at noon at the Chamber of adopting resolutions of respect on the death of Mr. Munford, who was perhaps the most brilliant member of

his profession in this city.

Funeral Tomorrow.

The funeral will take place tomorrow noon at St. Paul's Episcopal Church. Rev. Robert W. Forsyth will officiate. The pallbearers are:

Active—Henry W. Anderson, E. Randolph Williams, Henry C. Riley, B. B. Stringfellow, Blair Bolling, Fred W. Scott, O. Raymond

Brown and E. T. Cox.

Honorary-Eppa Hunton, John Kerr Branch, B. Rand Wellford, ex-Governor Claude A. Swanson, Major Charles S. Stringfellow, Carter W. Branch, John Stewart Bryan, ex-Governor A. J. Montague, Judge Edmund Waddill, Jr., Edmund Strudwick, John Skelton Williams, Judge James Keith, Senator Thomas S. Martin, Dr. Lyon G. Tyler, Charles Davenport, Judge S. B. Witt, John C. Freeman, John Rutherford, Frank Williams, Dr. Stuart McGuire, Judge R. Carter Scott, Judge John H. Ingram, Henry T. Wickham, Preston Cocke, Judge George L. Christian, Judge L. L. Lewis, S. S. P. Patteson, John Pickrell, Dr. H. B. Frissell, John F. Glenn, Judge Daniel Grinnan, Thomas N. Carter, Captain W. Gordon McCabe, William H. White, Colonel Archer Anderson.

Sketch of His Career.

Mr. Munford was born in Richmond in 1857. He was the son of the late Colonel John D. Munford, and grandson of William Munford, of Richmond, author of Munford's Reports, whose translation of Ho-

mer's Iliad is noted for its accuracy and purity.

Mr. Munford's childhood was spent on a farm near Williamsburg. He was educated at William and Mary College. At the age of nineteen years, his father having died, he accepted a clerkship in the office of the late Judge J. D. Coles, of Pittsylvania county, where he began the study of law. He completed his law studies at the University of Virginia under Prof. John B. Minor, and was admitted to the bar, opening his office at Pittsylvania Courthouse. He soon attained suc-

cess in his profession.

In the fall of 1881, though only twenty-four years old, he was elected to the legislature from Pittsylvania county. He was re-elected in 1883 and again in 1885, leading the ticket each time. In the memorable contest between John S. Barbour and Major John W. Daniel for the United States Senate, Mr. Munford was one of Major Daniel's leaders. After the indorsement of the caucus had been secured, he was selected to nominate Major Daniel before the legislature. His speech on that occasion was frequently commented upon for its eloquence.

Great Campaign Document.

In 1884 Mr. Munford was the presidential elector on the Cleveland and Hendricks ticket. He was chairman of the judiciary committee of the House in 1885. In the gubernatorial contest between McKinney and Mahone in 1889, Mr. Munford, at the request of the Democratic leaders, wrote a review of the legislation and attempted legislation of 1881 and 1882, which was printed and widely distributed under the heading, "Mahoneism Unveiled." It was the most

valuable campaign document in that political contest,

During the year 1884, in the electoral college, Mr. Munford met the late Judge Waller R. Staples, who was elector-at-large, and later as member of the special joint committee of the legislature to review the work of the revisers of the code, he was associated with Judge Staples constantly. This association resulted in a warm friendship and a determination on the part of both to remove to Richmond and establish a copartnership for the practice of law. The firm of Staples & Munford was established in Richmond in 1888 and for years enjoyed a large and lucrative practice, the partnership being terminated by the death of Judge Staples.

Again in 1889 Mr. Munford was elected to the legislature, this time from Richmond. He was made chairman of the finance committee of the House, and of the special joint committee on the settlement of the state debt. Probably his most notable service to the state was as chairman of the finance committee, which adjusted the debt question. He devoted himself with untiring energy to this work. He made himself master of every detail, and his speech in presenting the Olcott settlement to the House was a most concise and lucid statement.

Strong Party Worker.

Mr. Munford was temporary chairman of the gubernatorial convention of 1893. His address in opening the convention was such an able exposition of the principles of the Democratic party that it was printed by the committee and distributed throughout the state as a campaign document. He led the opposition in the Staunton convention of 1896 to the adoption of the platform which would commit the party to the free coinage of silver at a ratio of 16 to 1. Believing that the maintenance of the integrity of the Democratic party organization was a matter of paramount importance, he accepted the decision of the majority of the convention and voted for Bryan for president.

Mr. Munford was always a careful student of public questions. In public and private life he was noted for the completeness with which he mastered every subject undertaken by him and the ability with which he applied the information to the accomplishment of practical results. He was especially interested in labor problems. He was a believer in organized labor, and favored proper laws for the improvement of labor conditions.

Shortly after the death of Judge Staples the law firm of Munford, Hunton, Williams & Anderson was formed. This firm, of which Mr. Munford was a senior member at the time of his death, was perhaps the strongest combination of corporation attorneys in the state.

Brilliant as an Orator.

Despite the many calls upon Mr. Munford's time as a lawyer in active practice, he was enabled to give attention to business and educational interests in the city and state. He had been president of the South Atlantic Life Insurance Company, director of the Merchants' National Bank, of the Richmond Trust and Safe Deposit Company, and of several other institutions. He had been a member of the board of visitors of William and Mary College and of the Hampton Normal School. He took an active interest in preserving a truthful record of the causes which precipitated the Civil war. His addresses

at the unveiling of the monument in honor of the Confederate soldiers of the Eastern Shore of Virginia and of the memorial erected over the grave of Miss Winnie Davis are probably the most notable and valuable of these contributions. He had been a member of the board of directors of the Virginia Historical Society, and was a vestryman of St. Paul's Episcopal Church.

And in an editorial the same paper has the following:

BEVERLEY MUNFORD.

Beverley Munford passed away yesterday before his sun had yet reached noon. He was born in Richmond, he lived in Richmond, he died in Richmond, and in Richmond will he be mourned, because it was to this town and its people and their highest interests that his best thought was devoted and his most arduous toil so long as he was permitted to labor. There was something very attractive even in his name, and his life, all too brief as we who are left behind look at it, was a generous epistle known and read of all men who came within the circle of his influence.

In his profession of the law he was the "honorable counsellor," jealous of the higher traditions of the bar; in his service to the state he had no other ambition than the welfare of the commonwealth; in the larger politics of the nation he stood with great courage and steadfastly for principle, unmoved by the fascinations of the demagogue and true to the faith of the fathers, and his friends knew him and loved him and trusted him because in him they found "high-erected thoughts seated in the heart of courtesy."

The Lynchburg News editorially has the following:

Gallant Bev. Munford—loved and honored by all Virginia—chivalrous gentleman—ripe in scholarly gifts and rich in the fruits of a noble life, nobly lived—author, lawyer, statesman, high-minded citizen—one whose personality was rarely endowed with the grace and charm of winsome courtesy, and yet fortified with the strength and courage of the truest manhood—gallant Bev. Munford took final leave the other day of the affairs of the world and bravely started out upon the journey from whence the traveler returns not. A great loss to Virginia is thus sustained—and a source of genuine bereavement to the legions who held Munford as their friend.

The Richmond News-Leader of June 1 has the following editorial:

BEVERLEY MUNFORD.

It is all very sad, and very difficult of understanding, why Beverley Munford should be cut down in the very heyday of his intellectual strength and vigor and usefulness.

The words of doom were spoken years ago, when he was just beginning to reap the best part of the rich harvest that his talent and

energy and character had provided for him.

The infinite care lavished upon him by devotion and love as wise and intelligent as it was tender and boundless, kept him not only alive, but even with his shattered health and the hand of death upon him, enabled him to plan and to execute the invaluable historical

work that will hand down his name to posterity.

Coming of a great Virginia family in which talent has long seemed hereditary, with sustained energy he set to work in his youth to fit himself to bear worthily his distinguished name, and to serve his state, as his people had done before him. Amply and well did his short life fulfill the promise of his youth.

Of a lovable personality and genial disposition, few men were more beloved by their friends; while his high character and marked

ability commanded a large measure of public confidence and respect.

He was what Virginians love to regard as a type of our race. Not only is his death a bitter grief to his loved ones and the friends who loved him, but a heavy loss to his state.

REV. WILLIAM BELTON MURRAH, D. D., LL. D.

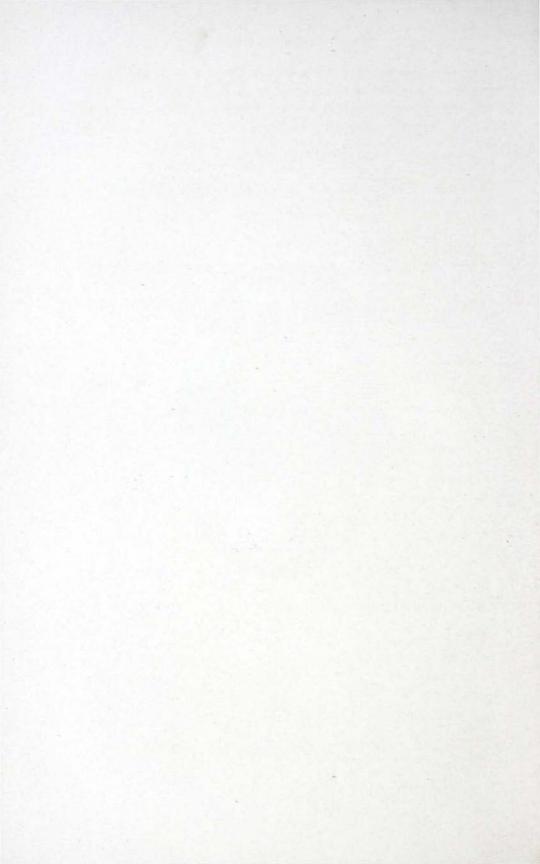

Rev. William Belton Murrah, D. D., LL. D., who was elected May 16, 1910, one of the bishops of the Methodist Episcopal Church, South, was born at Pickensville, Ala., in 1852. He is a graduate of Southern University, and has been complimented with honorary degrees by several of the Southern colleges.

When Millsaps College was organized in 1892 he was chosen president, and has retained that position till the present time. The marked success of the college is generally conceded to be due to his wise guidance, and in all the varied phases of educational work he has been recognized as a man of weight and strength. In the counsels of his church he has been a leader of influence, and has been its official representative at all its important meetings for the last twenty years. He is a preacher of marked power and vigor, a thinker of rare acumen and a writer of clear, straightforward English.

When the charter of Delta Chapter at Southern University was issued, June 6, 1871, we find that Bishop Murrah was a charter member, and he has been a loyal wearer of the Shield and Diamond since then. As a fraternity man he has been of immense value to the order at large. Entirely free from the partisanship that frequently mars otherwise useful fraternity men, he has, by his tactful manners, his wise decision and quick discardment, done much to keep Millsaps College free from the epidemic of anti-fraternity agitation.

BISHOP W. B. MURRAH, D. D., LL. D., DELTA.

In his present exalted position he will still be the loyal brother whom we will be proud to claim as our own. We are sure all members will join us in sincere wishes for long life and happiness for Bishop Murrah.

WHAT SHALL BE MY ATTITUDE TOWARD MY FRATERNITY?

Fraternal organizations have too often and too clearly demonstrated their rights and their reasons for existence to discuss them here; yet none of us at the beginning, and few of us at the end, of our period of active membership understand exactly just what our fraternity stands for, what it does for us and what we are expected to do for it. We are apt to be on one or the other extreme-either regarding it as of too much importance or regarding it as a matter of indifference. There is a common tendency on the part of the young and newly initiated member to regard his fraternity of much more importance than it really is, and he is liable to lend so much enthusiasm in the beginning of his fraternity life that, becoming more mature, he is on exactly the opposite side of the fence. In his last two years at college he is disposed to regard the meetings of his chapter as a necessary bore; he looks on his fraternity as simply an aid to social advancement, and he wonders why one should put money into an investment which seems to pay no dividends.

The consequences are apparent; there is an absence of all fraternal spirit, and, worse than that, the policy of the chapter must be, and usually is, guided by the newly initiated and inexperienced members of the chapter. Enthusiastic as they be, new members cannot as yet have the proper understanding and comprehension of the services and duties of a college fraternity. I do not, however, wish to be understood as decrying the enthusiasm of the Freshman and Sophomore, which has thrown a veil of romance around the secret society. This is but natural, and there are those who have carried their interest into later life, and I do not hesitate to assert

that these men make a fraternity possible. But it is a trait of human nature, unless we handle the balance carefully, to overestimate or undervalue, as the case may be, and without warning to swing to the other end of the scale. Some of my readers will be disposed to think that no one has ever taken his fraternity too seriously, but out of my own experience I can point you to men whose seriousness in regard to their fraternity has had disastrous results, both to themselves and to the fraternity as a whole. It is fatal, too, for a member to take his association with a society too lightly. The latter is much the more common fault. There are but few who regard the fraternity as of so much importance that in their zeal to maintain a high standard they allow it to so decrease in membership that the chapter must go, but the number of those who regard their fraternity-I should say, disregard their fraternity-is legion. Here again I would place the blame not on the younger, but on the older men of the chapter; for none of these ever show an inordinate interest, and many exhibit an astonishing lack of enthusiasm. when we complain of money invested without interest we are apt to forget the thousand and one things done for us by the members of our fraternity, and we forget that it is worth more than a pittance to be of the chosen few. This is a common plaint among those who are without chapter houses. If your chapter has no house, it is the fault of none other than yourself, my dear kicker, and of those like vou.

On the positive side of our discussion, we must admit in the beginning that each man's attitude must be determined in general by his environment and by his individual pursuits. Such things as an observance to the letter of the laws laid down by the fraternity and an active participation in all the interests of the chapter is presupposed. Still, it would be far better for both the chapter and the member if the initiate were not only instructed as to what he shall not do, but he should be given hints as to how he may be of practical benefit to everyone concerned. We are told what we should do, but we are not told how to do it. My experience as a student and an instructor is this: You must tell a man what to do, how to do it, and then do half of it yourself.

You may then be reasonably sure that the thing will be done. Thus, we should cultivate a hearty respect for our fraternity and its symbol in private and in public; we should be careful that the girl who attends our social functions and wears our badge is one that will be a credit and an honor to the fraternity. We might, indeed, cultivate a more personal interest in the social affairs of our fraternity. (I should like to label this "Alumni, take notice!") We should inform ourselves of the traditions and hopes of our organization, and we should not hesitate to tell an outsider of both. Every member of a fraternity believes in its past; we can make the public believe in its future.

Lastly, we sometimes forget that an obligation rests upon each and every member of a fraternal organization which is more binding than law, though no contract was written. It is the duty of every member to so conduct himself that his fraternity shall become an honor society in his university, and that its intellectual and moral standard shall become a matter of favorable and public comment.

WALTER LESTER BERRY, Eta.

ALPHA CHAPTER MEMORIAL HALL.

Alpha Chapter—what is she as she stands alone today? Just ponder a moment and ask yourself, What does Alpha Chapter, the parental chapter of Pi Kappa Alpha, stand for today? The high standard which has been maintained since Pi Kappa Alpha Fraternity was first started at the University of Virginia.

On that memorable day, March 1, 1868, which gave birth to a fraternity which was destined to be so dear to the hearts of thousands of men all over the South, it can hardly be conceived by the writer that those men who founded the initial chapter thought, even dreamed, that forty-two years afterwards Alpha Chapter should not have a chapter house and memorial hall worthy of the high character and standard of Pi Kappa Alpha.

Nevertheless, brother Pi Kappa Alphas, your initial chapter has no such thing as a fraternity house and memo-

rial hall of which she may boast; nay, not even a lot on which to build.

The present chapter of 1909-10 has awakened to the urgent need of a house. We know that unless we have a house in the near future Alpha is destined to fall back instead of rising higher and higher as the years roll on. We are determined to accomplish this end ultimately, regardless of the odds which we fully realize and must battle against. We must, we will, succeed. But, dear brothers, we cannot surmount the various obstacles which are in our way without the coöperation of every chapter and every man. We beg that each and every man come forward and help this movement which has now been started.

Already we have raised a goodly sum among the active members of the Alpha Chapter and the generosity of a few alumni, but we need more, much more, for we do not expect to have our memorial hall unworthy of Pi Kappa Alpha. Let each chapter do what they can. Anything that they do will be heartily appreciated.

The spirit and the men back of the spirit are here. Prof. John Loyd Newcomb, of the faculty of the University of Virginia, is the permanent treasurer, his address being University, Va. A. J. Krebs is the chairman of the memorial hall committee. Address all communications regarding this movement, and any questions you may be desirous of asking, to Krebs, care Pi Kappa Alpha House, University, Va.

The movement has started. Let's strike while the iron is hot; let's go up instead of down. We have awakened, and a memorial hall for Alpha ceases to be a dream. It is fast becoming a reality.

A. J. Krebs, Upsilon and Alpha.

ON GRADUATION.

On October 20, 1905, there was initiated into Zeta Chapter of Pi Kappa Alpha four men, the writer being the first to have the honor of riding his lordship, William Goat. Of this number, one is dead, one in the banking business in

Clarksville, Tenn., one a successful attorney in Chattanooga, and the writer has just received his degree of Bachelor of Laws at the University of Tennessee. Of that year's chapter, only two are playing student roles—Brother W. C. Johnson, who was prominent among the delegates to the New Orleans convention, and myself.

On last evening the writer installed Brother Johnson as the highest officer of the chapter and himself retired. This is the third time that the chapter has deemed it wise to trust this brother with the guiding reins of Zeta. To say that he has at all times filled this office with credit to himself and to the fraternity would be superfluous, for the action of the chapter in electing him to this third term is a greater tribute to him as an officer than I could possibly pay him.

On last evening the writer attended his last fraternity meeting as an active member, and, while he hopes that he will have an opportunity of being present at other meetings, he can never again have the same feeling that an active member has. It was with a feeling of solemn sorrow and regret that the writer bade farewell to members of Zeta as a chapter. Of course, one always experiences a feeling of satisfaction and gladness at graduation, but beneath it all there lurks a touch of sadness when he thinks of leaving some of the best and closest friends he has ever made, some of whom he may see again, and others whom only the barest accident will ever bring together again.

Then, too, one forms friendships, and sometimes very strong ones, with the people who live in college towns, which he regrets to break; but one always leaves college with hopes of some time or other getting back to commencement or the June hop, or some such affair, and in this way renew these bonds.

Every Greek knows that in a fraternity, as well as in every kind of organization, there will arise difficulties and problems to be met, some of which at times grow to grave dimensions. Naturally the task of dealing with these problems falls upon the occupant of the chair. Having filled the second chair two terms, and the first one one term, the writer feels that he is in a position to appreciate the feelings

of some of his readers who may have filled the same offices, and many times when his mind should have been deep in the subject of corporations or real property he has been thinking of the fraternity.

The writer hopes that after he leaves college, no matter how many things demand his time and attention, that he will never cease to have the interest of his fraternity at heart, and will always be ready and willing to support it in any way, ever keeping in mind the principles on which the fraternity was founded and the lesson it intends to teach.

W. E. W., Zeta.

ALPHA DELTA'S ANNUAL DANCE.

On the night of May 20 last Alpha Delta gave her annual dance at Segadlo's hall, one of the most popular dancing halls of Atlanta, where all the fraternity dances of the Georgia School of Technology are held.

The hall is beautifully constructed for this purpose, and the Pi's of Alpha Delta spared no pains in their decorations. Across the arched roof of the hall, under the rows of electric lights, were garlands of wreaths and flowers, throwing a soft light throughout the hall. All the side lights were old gold and garnet, and from the walls were hung banners of the different colleges and Pi Kappa Alpha designs.

The dance card was certainly a beautiful one. The fraternity's name was engraved across the cover in large embossed letters, the center being garnet and the outside being old gold. The cord and pencil were also of the fraternity's colors. After the first twelve dances an intermission was held, during which refreshments were served.

The plate napkins had the badge embossed in the corner in beautiful design in the Pi colors, and all of the refreshments carried out the fraternity colors. After this, twelve more dances were enjoyed. The dance card gave the name of the music to be played for each dance.

A most effective result was obtained by means of the management of the electric lights, they being dimmed and

brightened, sometimes the garnet color alone showing, sometimes the old gold. During several of the dances all of the electric lights were turned off and the hall was illuminated by old gold and garnet calcium lights, making a beautiful scene.

About one hundred and fifty were present, as Alpha Delta had invited members from all the other chapters at the college. There were also a number of visiting Pi's from throughout the state and from Alabama and North Carolina.

The unanimous opinion was that this was one of the best fraternity dances given this season, and the chapter certainly deserves credit for the way they managed it. The following is the dance committee, to whom is primarily due its success, but every member of the chapter worked hard to insure their guests having a pleasant time:

B. Bruce Adams, John G. Gilliam, Frank A. Stivers, R. Howell Williams.

The chapter roll is as follows:

R. Bruce Adams, J. Allen Blount, Jr., Cyrus S. Crofoot, Henry H. Cust, Jr., John G. Gilliam, Henry J. Hine, Jr., Sam N. Hodges, William B. McGary, Jr., Clifford J. Mathews, Thomas B. Martin, Charles H. Peacock, Mac T. Robertson, Frank A. Stivers, Trim L. Skinner, Jr., J. Alman Tommins, R. Howell Williams.

ROBERT A. SMYTHE.

EDITORIAL

-

Get back of Alpha and help her get on her feet. She has a great deal to overcome, and she needs the patient help of every Pi who will lend a hand. She has a load of faults and deserves harsh criticisms, but she ALPHA. knows it and needs not to be told again. Something was radically wrong when Alpha was in such a condition that had she been any other chapter her charter would have been revoked. But the fact that it was not revoked is evidence of the fact that the fraternity wants the initial chapter to stay where Pi Kappa Alpha was founded. But if Alpha is to stay she must improve internally, both in the personal conduct of her individual members and in interest and "work-together" spirit. Also, if Alpha is to stay she must be more active in the life of her collece and her fraternity. In the third place, if Alpha is to stay she must have a house. The first and second conditions she will fulfill by her own earnest efforts and by the active, sympathetic help of her best friends. On the third she has already made a brave start right at home in the chapter, and she will do her best to keep this up, but the majority of her members are boys and young men who have barely enough money to enable them to stay at college, and of course what they can do toward building the house is rather small. I believe that in the end they would have enough to get an inexpensive house. but that method, unassisted by money from her alumni and other Pi's who are alert to Pi Kappa Alpha's interests, would be wastefully slow, and might cost the life of the chapter. It would certainly cost the fraternity dozens of good men and the life and strength that would come to it from a vigorous and buoyant parent chapter.

Alpha will probably be incorporated. Indeed, steps are now being taken (May, 1910) leading to incorporation. Shares of stock will be bought by the active members, by Alpha's alumni, and by other interested Pi's. A call for a payment of probably 50 per cent of the stock will be made

next fall, and then the remainder called for probably a year later. The details have yet to be worked out, but after the men in the chapter have taken all the stock they can possibly pay for, then it is up to the alumni of Alpha to get back of this move and do everything they can to make it a success. After them every Pi has a responsibility. Remember, this is your work as well as ours. Those of us here at Alpha who are working for this will be out of college before the house is built, and it would be a great deal easier for us to let this slide and attend to our own work.

The responsibility lies on the active members of Alpha, on the alumni of that chapter, on every man who has the interests of Pi Kappa Alpha at heart.

J. F. WALLER.

Every subscriber should read carefully the article by Krebs and the editorial by Waller on the situation at Virginia. Alpha chapter has started the movement for a memorial to the frater-virginia. Nity at Virginia at a most propitious moment, when the order is just entering

upon a new era of greater prosperity and influence, and when the spirit of loyalty and the desire to work is evident as never before among its members. It is a great credit to Alpha as well as a source of satisfaction to the alumni everywhere who are in sympathy with her plans that nothing has been done in haste and that care and discretion are the marks of every step taken in originating the scheme for the memorial. The chapter fully realizes the gravity of the task and every man in the fraternity should as fully and as quickly realize his interest in it and give it his hearty support. is not a movement for the benefit of Alpha alone. It is, on the other hand, a work to which the fraternity is committed by every day of its past, and for the completion of which each day of its future must show a more and more insistent argument. Virginia must forever remain the mother of our order. Let us erect upon her campus some memorial which shall be in keeping with the past and not unworthy of the future of either the University or the fraternity.

Those active members who fail to receive this copy of the magazine may rest assured that the reason therefor is that the chapter correspondent failed to send with his last letter the names and addresses of the different chapter members. Where this information has not been sent to the editor, it is impossible for him to get copies to the members of the delinquent chapters.

For this issue much excellent material has been received too late for publication. Notable among such contributions has been an illustrated story of Alpha Gamma's chapter house, and a similar article on the University of Florida. We hope to publish these and other articles and cuts in future issues of the magazine.

With this number the new editorial staff complete their first volume and put aside their pens for the summer with great relief and greater regret. The busy alumnus is relieved to know that he has THE MAGAZINE. a short vacation from the work, and it is work, of attending to his department of the magazine, and the writer at least has mingled with his relief the regret that much that inexperience in the work has overlooked might have been done for the improvement of the magazine and thus his vacation better earned. But whatever merit this volume may possess among its fellows is due in great measure to the persistent effort of that wonderful business manager with whom this fraternity is so fortunately acquainted and to the faithful and untiring efforts of the associate editors. Too much can not be said of the good work of these brothers and of certain alumni, and in this connection the editor is moved to remark that during his connection with the magazine it has been for most part the work of alumni. He has little complaint to make concerning the want of interest on their part, for they have responded to all his demands. It is apparent, furthermore, that this must continue to be the case if the magazine is to fulfill any serious and important purpose. The active members may

write, after more or less coaxing, letters and articles, not always of the best, but it is too much to expect of the recent initiate that he assume the discussion of problems of management and control of the fraternity, to much of which he is yet a stranger. The alumni must do the real work upon the magazine, and it should be adapted more to their needs. To this end plans are now under way for a complete reorganization, in which the magazine will be made a quarterly, with more time to find the man competent and willing to write the article desired.

-

The accounts of the installation of Alpha Xi at the University of Cincinnati reached this office too late for publication, although the magazine was held some time ALPHA XI. for them. A full and complete history of the chapter and the university will appear in the next number, and until then the fraternity takes this means of extending its most cordial welcome to this promising new chapter.

Since the decision of Pi Kappa Alpha to strive for good chapters everywhere in our country, the applications for, charters has exceeded the most sanguine expec-PAN-HELLENIC, tations of the enthusiastic expansionists who controlled the last convention. This is due to the fact that many of our alumni are in Northern and Western colleges and they have lost no time in their efforts in behalf of the fraternity. But on the other hand, the members of various other fraternities, in student bodies and college faculties, in institutions where we are not represented, have interested themselves in our behalf, and excellent chapters are soon to be ours through their efforts. This is the Pan-Hellenic spirit in practice. We are proud of our good friends among the Greeks everywhere, and our pride in being Greeks ourselves is incalculably greater because they are Greeks, too.

The high school frat is again coming in for its share of attention, or if reports be true for less than its share, at the

HIGH SCHOOLS AND SECRET SOCIETIES.

hands of those who are attempting to remedy the worst of high school evils. The high school frat is doubtless one of the worst and the pity of its existence is

that while it serves no serious purpose itself it works great harm to its prototype, the college Greek Letter Society. It would be work worthy of all Pan-Hellenic courage in existence for all fraternities to unite against these societies and to close their doors against their members. But if this is impossible or unjust, it is certain that the public must not be left in doubt as to the essential difference between the two classes of orders, and one way to emphasize this difference is to eliminate from the college order all display of snobbishness, all suggestion of exclusiveness, all impatience of proper restraint and authority, and all parade of make-believe and silly secrecy, and to put in their places the serious, ordered and wisely balanced, practical arrangement which has nothing to conceal, and nothing to show save success.

CHAPTER LETTERS

ALPHA.

University of Virginia.

This introduces to the fraternity William Dandridge Haden.

We have secured for next year an excellent little house, and are sure that the men returning, as well as the transfers and initiates, will all take more interest than in the dilapidated house we have been occupying. We are very anxious to have any Pi's expecting to transfer to Alpha next year to write us so we may know that they are coming and can make arrangements for them in the house.

John Neff gets his degree in medicine this spring, and goes immediately into the University of Virginia hospital as an interne. He has been here seven years, and has taken B. A. and M. D. degrees, and taken the following honors: Lambda Pi, Phi Rho Sigma, Phi Beta Kappa, Raven, T. I. L. K. A., Thirteen Club, "Z," head coach of the football team and president of the entire amalgamated class of 1910.

L. A. Anderson, J. S. White and M. T. Neff are up for law degrees. The last named has been in college for four years, and is a Lambda Pi, Phi Delta Phi, Phi Beta Kappa, Raven, T. I. L. K. A., Thirteen Club.

The addresses for the summer are:
Laurence Alexander Anderson, Lynchburg, Va.
Capers Gamewell Barr, Georgetown, S. C.
John Lobban Kable, Staunton, Va.
Mitchell Tabb Neff, Harrisonburg, Va.
Irving Jones Shepherd, Petersburg, Va.
James Finnell Garth, Ivy, Va.
John Hubert Fentress, Norfolk, Va.
Joseph Stewart White, Warrenton, Va.
John Henry Neff, University, Va.
William Dandridge Haden, Charlottesville, Va.

Allen J. Krebs, Birmingham, Ala.
John Leslie Curry, Staunton, Va.
Carl B. Livingstone, Carlsbad, N. M.
Ernest Beverly Agee, Bigstone Gap, Va.
John Marshall, Charlottesville, Va.
James Flint Waller, Mt. Sidney, Va.

J. F. WALLER.

BETA.

Davidson College.

List of members with summer addresses:

F. D. Thomas, Jr., Davidson, N. C.

C. S. Mattison, Anderson, S. C.

S. L. Morris, Jr., Atlanta, Ga.

J. A. Scott, Statesville, N. C.

H. W. Whitlock, Cleveland, Ohio.

Q. D. Williford, Sumter, S. C.

H. R. Boswell, Penfield, Ga.

J. N. VanDevanter, Ft. Defiance, Va.

M. E. Mattison, Anderson, S. C.

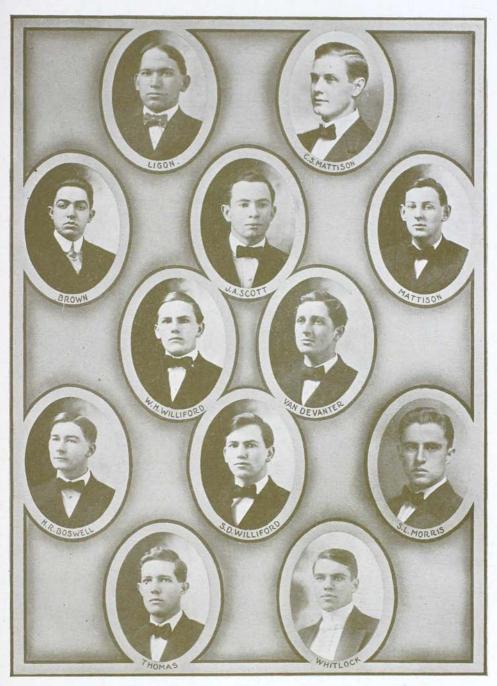

W. H. Williford, Sumter, S. C.

C. R. Ligon, Anderson, S. C.

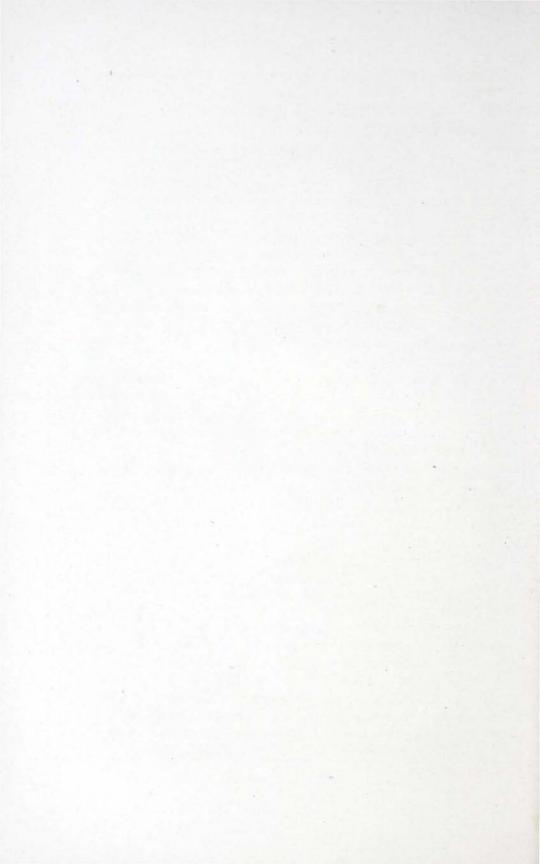

D. E. Brown, Anderson, N. C.

Beta is closing her year with a good record in college affairs and a bright prospect for next year. Brother Thomas graduates with an enviable record for his four years, and we can only be proud of Beta's turning out such a man, in spite of our regrets at losing him at the chapter meetings for next year.

With a record of two 'varsity football men, Thomas and McCoy; two on football scrubs, Williford and VanDeVanter; two university baseball men, Mattison and Boswell, and two on track team, Thomas and Williford (Q. D.), we have taken quite a place in college sports this year, not to mention the orchestra and glee club, in which your humble writer takes an active part. I might here mention that Brother Thomas

BETA CHAPTER, DAVIDSON COLLEGE.

is superseded in his office of track captain for this spring by Brother Q. D. Williford, '12, for the spring of 1911. We feel quite proud of holding this office for two years.

When Chapel Hill was over to play us in that baseball game which was such a disappointment for Davidson, we had a visit from Brother Cowper, of Tau, who filled the pitcher's box for U. N. C. We enjoyed his short stay, and only wish we could have more such callers from our sister chapters.

Recent reports from our college president, Dr. H. L. Smith, show that Davidson's big endowment is on the road to success. On account of the interest in this matter, we are counting on having the biggest commencement in the history of the college. We wish that so many Pi's could be here that we would have to bunk you in the new Carnegie Library building along with the trustees for commencement week.

We have had to decline Alpha's cordial invitation to transfers, as all of us except Brother Thomas, who will probably locate in New Orleans next year, expect to return for the "fall campaign," which looks good for our chances with next year's Fresh.

Beta wishes each individual chapter great success and a pleasant summer.

H. W. WHITLOCK.

William and Mary College.

Two weeks more and the session of 1909-10 will be a thing of the past at this glorious old college. And truly may it be said that Gamma has in these nine months been "up and doing." When college opened last September only three of the old men returned to take up the task of maintaining Gamma's past reputation. Our number has grown steadily, but surely, until now we have eleven men in the chapter, and, though the majority of us are young, we are nevertheless planning a prosperous future for our chapter.

We take pleasure in introducing to the fraternity Brother William Nansen Deierhoi, of Highland Springs, Va., whom we consider a worthy wearer of the Shield and Diamond. Brother Deierhoi is reputed as being one of the "real students" of W. & M. He is in the Sophomore Class, and has been assistant manager of the baseball team for the past season, which means that he will be manager next year.

The baseball season came quietly to a close here on last Saturday, when our nine suffered a sorrowful defeat before the lads of Richmond College in the last of the series of championship games in the Intercollegiate League of Eastern Virginia. Brothers Garth and Wilcox have been Gamma's representatives on the team through the season. As both intend to return next session, we expect at least three, probably more, of Gamma's youths to get a job on the nine.

Examinations began their desperate siege on us today, and will continue for about ten days. Desperate though the siege will be, we fear not the lances of such lusty knights as Horace and Beowulf, but are ready and willing to prove to them that the pen is mightier than the sword.

We are now eagerly looking forward and planning for the big german which Gamma is to have during the final week, and we expect a large number of our alumni to be with us during the finals. Brother Bohannon, of '04, we are proud to say, is to make the alumni address. By the time these lines reach the reader our Pi lads will have dispersed to distant homes, there to enjoy a few months of rest and recreation for their "lecture-worn" brains.

Gamma extends to each and every Pi wishes for a pleasant and restful vacation, and let us hope that as many of them as possible will return to their respective chapters next fall with a determination to bring even greater honors upon our dear fraternity than she has experienced in the past.

ALFRED P. LEATHERBURY.

DELTA.

Southern University.

The present college year, fast drawing to a close, has been one of the most successful in the history of the Southern University, and, as her illustrious sons have ever been leaders in church and state, the graduates this year bid fair to demand a place in the forefront when they have entered the arena of life.

Three of this number may be pointed out as Pi Kappa Alphas: Brother DeBardeleben, who has won distinction as an orator leaves us to take a course in law; Brother Cowart, a persuasive speaker, has nobly offered his life as a missionary, and Brother Feagin, whose power as a musician has long since been recognized, contemplates several years in Germany. It is with profound sorrow that we lose these men, who have meant so much to Pi Kappa Alpha, and whose lives have ever been noble examples of love and fidelity, pointing us to the pedestal on which our fraternity should stand; who have been instrumental in molding the lives of men to perpetuate the ideals of Pi Kappa Alpha. May their efforts be crowned with success and honor.

In the contest for commencement honors Delta is strongly represented, as of yore. Brother DeBardeleben is one of four orators for society's medal. Of the six competitors for senior medal, Delta has two, Cowart and DeBardeleben, and Brothers Allen and Kelly for Sophomore medal. Brother Preer is one of two contestants for V. D. C. medal. He was also chosen to represent the college in the Southern-Millsaps debate. Brother Bullock succeeds Brother Cowart as president of the Young Men's Christian Association.

An unspotted history and a clear lineage has been a source of inspiration since time was, and today Delta is stronger for having such alumni as Dr. O. C. Keener, a former president of the Southern University, and Dr. W. B. Murrah, who has recently been elected to the bishopric of the Methodist Church. Such lights guide us on to higher things.

Extensive preparations for the session of 1910-11 have been made in every department of athletics. A very able athletic instructor has been secured, and the prospects are very bright for the largest enrollment since the college first opened her doors to the young men of our land.

The addresses of Delta men for the summer are as follows:

- C. C. Allen, Ashland, Ala.
- J. W. Anderson, Newbern, Ala.
- W. C. Cowart, Perote, Ala.
- C. A. DeBardeleben, Greensboro, Ala.
- B. C. Feagin, Jr., Pineapple, Ala.
- T. J. Gross, Scotsborough, Ala.
- B. R. Kelly, Midland City, Ala.
- J. A. Bullock, Jr., 46 South Goldthwaite Street, Montgomery, Ala.

With best wishes for a pleasant and prosperous vacation,

JAMES A. BULLOCK, JR.

ZETA.

University of Tennessee.

We take pleasure in introducing to the fraternity at large Brother R. R. Haggard, of Waynesboro, Tenn. Brother Haggard will be with us five years, and is the right timber for Pi's.

We have been expecting for some time a visit from Brother Fields, inspector from this district.

During the baseball season we were favored by visits from Brothers Hillenmeyer, of Kentucky; Frye, Barbee and Harrison, of Cumberland, and Neal, of Dahlonega. We are always glad to meet any visiting Pi's.

The baseball season just ended, and very successfully for Zeta, with the following brothers on the team: McAllester, catcher; Branch, substitute pitcher; Graham, shortstop; Polk, third base; Covington, left field, and Caldwell, utility man. McAllester, who was elected captain for next season (1911), made the all-Southern team as catcher.

Brother Phipps was appointed football manager for 1910,

and is also president of the Rifle Club and Engineering Society.

Brother Johnson was reëlected president of the University German Club, the organization which gives the June hop.

Brother McCulley was elected over a Kappa Sig to the presidency of the Glee Club.

Brother Lowry, Junior Class president, was appointed a member of the Debating Council for next year, and is also an assistant in history under Prof. Haskins, a Pi.

Zeta has eleven men in the University German Club, and six in the Tennessee Cotillion Club.

Zeta expects to return eighteen men next fall. We lose Brother Eugene Wade by graduation. We certainly wish "Gene" all kinds of success, and the girl out on North Broadway says "Me, too."

Don't forget the convention! Whether you are in China, East or West, North or South, try and come. It will be held here in Knoxville next spring, and we hope as many of the brothers as possible will make an effort to come, and make this the banner convention for years. The fraternity is entering upon a new era of expansion and organization, and the convention means much to us. Come and make the welkin ring around the banner of old Pi Kappa Alpha.

Addresses for the summer:

Rufus Cromwell Branch, Millington, Tenn.

Jay Maurice Goldman, 5611 Cabanne Boulevard, St. Louis, Mo.

William Eugene Wade, Kenton, Tenn.

James Morrison Buck, 110 Watauga Avenue, Johnson City, Tenn.

William Lusk McAllester, 323 Vine Street, Chattanooga, Tenn.

William Cleveland Johnson, 1066 North Seventh Street, Memphis, Tenn.

Joe Polk, care Birmingham Savings Company, Birmingham, Ala.

Horace Turrentine Polk, Spring Hill, Tenn.

Horace Carlyle Lowry, Cumberland City, Tenn.

James H. Graham, 1305 Fifth Avenue, Nashville, Tenn. George Howard McCulley, Dandridge Pike, Knoxville, Tenn.

Henry Clifford Kirk, care Twain Hotel, Los Angeles, Cal. Marion P. Harrison, Trenton, Tenn.

Joe B. Covington, 304 South Eighth Street, Nashville, Tenn.

Floyd B. Porter, care University, Knoxville, Tenn.
Tom B. Caldwell, 778 Seventh Street, Memphis, Tenn.
Robert Roy Haggard, Waynesboro, Tenn.
Clyde Lowry, Cumberland City, Tenn.
Frank L. Phipps, Bristol, Tenn.
Dosser Moore, care Evening World, Knoxville, Tenn.
With best wishes for a pleasant vacation,

JAY M. GOLDMAN.

ETA.

Tulane University.

It gives me pleasure to introduce to the fraternity at large Brother Othmar A. Weiss, our latest initiate. He is a member of the dental department and is vice president of his class. He is a jolly Dutchman, and old Billy surely had a nice time with him.

Eta has been doing things since our last chapter letter. Our german was led by one of our charming Pi sisters, Miss Mary Storm, and Brother Walter Lester Berry. All of the active chapter and many of the alumni were present, as well as representatives from the other fraternities at Tulane. Everyone pronounced it a great success.

Our next stunt was a banquet given at a resort overlooking the waters of Lake Ponchartrain. It was a feast where good fellowship as well as good viands abounded. Brother Charles Joubert, of the alumni, acted as toastmaster, and was a great success in that capacity. It is a well-known fact that when a bunch of Pi's get together they have a good time. We were no exception to the rule.

We are very sorry to chronicle the death of Brother Orloff Henry's father. The bereaved family have our greatest sympathy.

Two men leave us this year by graduation. They are Brothers Storm and Parker. Brother Storm graduated from the engineering department, and goes to work for the General Electric Company in Schenectady. Brother Parker graduated from the medical department, and will practice medicine in his home town, Marion, Ark.

Pi Kappa Alpha has been well represented in all phases of college life at Tulane. We have had men on the 'varsity track team, 'varsity football team, and Brother Menefee managed the 'varsity baseball team. Besides these, our men have been on the various class teams.

All in all, the year has been a very prosperous one for us. We have initiated four men, the pick of the fraternity material. Good fraternity men have been unusually scarce during the past session.

The fraternity at large has made progress this past year. The expansion measure was just what we needed. What we need now is more expansion. During the coming year let us make this our watchword, and, above all, live up to it. Exclusiveness has killed more than one of our chapters. It pays to be exclusive to a certain degree, but it means death to the chapter to be too exclusive. So, in the long run, would non-expansion have seriously injured us.

Three of our men had to leave school this year for various reasons. They were Brothers Lusk, Sample and Bostick. Brother Bostick expects to return next year. Brother Lusk has accepted a position in T. M. I., and Brother Sample is going into business at El Dorado, Ark.

The members of Eta Chapter and their summer addresses are:

- W. L. Berry, Franklin, Tenn.
- C. J. Ellis, Rayville, La.
- S. B. Storm, Brookhaven, Miss.
- G. F. McLeod, Moss Point, Miss.
- J. N. Wilson, New Orleans, La.
- O. A. Weiss, New Orleans, La.

W. I. Coats, New Orleans, La.

P. J. Delbert, New Orleans, La.

J. C. Menefee, New Orleans, La.

J. W. Bostick, Amite City, La.

W. K. Smith, Malvern, Ark.

Chas. D. Sample, El Dorado, Ark.

A. C. Parker, Marion, Ark.

J. W. Butts, Helena, Ark.

W. T. Lusk, Pensacola, Fla.

We expect ten of the above men to return next year. We have one man pledged, who is in the medical department. Our prospects for next year are very bright.

In closing, I wish every Pi an enjoyable vacation, and hope to see some of them this coming summer.

J. W. Butts.

THETA.

Southwestern Presbyterian University.

Summer addresses are:

F. L. Armistead, Lake, Miss.

R. A. Bolling, Centerville, Miss.

I. S. McElroy, Jr., 1029 Fourth Avenue, Columbus, Ga.

S. E. McFadden, Warren, Tenn.

J. C. McQueen, 3315 Constance Street, New Orleans.

W. G. Miller, Woodford, Tenn.

E. C. Scott, Jr., Columbus, Miss.

T. S. Smiley, Liberty, Miss.

A. Stokes, Gloster, Miss.

R. A. Webb, Jr., 109 East Broadway, Louisville, Ky.

Brothers Bolling, McQueen and Webb got their A. B. degrees, and Brother Miller his A. M., this year. All of our number expect to return except Brothers Bolling, Miller and Webb. We are sorry to lose these, our best men, but we realize that we cannot be in college together always.

On Friday evening, May 20, our room, which has been repapered and otherwise improved, was the scene of much

merriment, caused by the presence of many a fair damsel. We were chaperoned by our chancellor, Prof. Dinwiddie, and his wife, and we are indebted to them for the success of the entertainment.

Just at present there are some rather long faces to be seen. This is due to the fact that final exams are on us. However, we are all determined to give the "profs" our best, and in our letter next fall it is our hope to be able to report some medalists from Theta.

To all Pi's is extended the wish for a prosperous and happy vacation.

E. CRAMPTON SCOTT.

IOTA.

Hampden-Sidney College.

We take this opportunity to introduce into our brother-hood Robert Effinger Cumming, of Winchester, Ky., a member of the class of 1913, who was initiated a short time after our last magazine went to press.

When next we read an issue of the Shield and Diamond we shall be far from the walls of a class room, resting from the toils of another year in college, taking our ease and whiling away the happy hours of the summer vacation. Just at present, however, our minds are occupied with things far less pleasant than anticipation of holidays, for before we enter upon these the gruelling work of preparing for examinations has to be reckoned with. Before the passing of another two weeks this bane of college life will be upon us, and we are soon to know whether some of us are worthy to affix to our names the characters which represent so much hard work, and perhaps not a little knowledge of the gentle are of bluffing. No doubt we are all glad for the change of scenery which will follow the close of college, yet for those who do not expect to return there is a certain element of sadness in the thought of severing connections with a place to which they have become so much attached, and in the idea of parting with friends whom they have come to love. Perhaps on the final day, when Brother W. B. Blanton, who has been chosen valedictorian of his class, pictures to us the pleasures of the halcyon days that have passed, some will be sorry that any man has foresworn the privilege of tears, and will mourn the fate which has decreed that they must find some other method for the outpouring of their emotions.

But we were speaking of examinations, and this reminds us that Iota will suffer heavily from graduation this year. Four of her men expect to get degrees, and Brother Chambliss, who has had charge of the school in Worsham, near here, and who has been of great service to the chapter this year, having enrolled as an active member, will go to Johns-Hopkins University in the fall to begin the study of medicine. Brother Raper left us soon after college opened, but it is probable that he will be back next year, and with him. Iota will muster six men as a nucleus around which to build for the coming session. The chapter is fortunate in the fact that Brother Walker, one of this year's graduates, will hold down the job that Brother Chambliss has vacated, and will take active part in fraternity life next year. Brother P. T. Atkinson will again be on the hill, laboring for the intellectual development of this county as the superintendent of schools, and with the cooperation of these two men with next year's chapter, even the most pessimistic could have no fears for the future of Pi Kappa Alpha at Hampden-Sidney.

The College Annual has just come out, and Brother Blanton is now very modestly accepting congratulations for the unquestionable merit of the issue. It is a volume that will reflect credit upon its editor as well as upon the college.

The baseball team completed its schedule with a game against William and Mary at Newport News on May 12. The season could hardly be called a successful one, as the best we could do was to finish second in the race for the championship of Eastern Virginia. Iota was represented on the team by Brother Painter at third and Brother T. T. Atkinson in right field. Brother Atkinson was also chosen captain of the team for next year.

In the recent State Oratorical Contest, held at Emery and Henry College, this college was represented by Brother Walker. The contest was won by the representative of the University of Virginia, with Brother Walker a close second. This is the third time since the founding of the organization that this college has been represented by a member of Iota Chapter.

The coming finals promise to be a very brilliant occasion. The dances given then are the best of the year, and are attended by girls from all over the state. Our chapter is looking forward to the homecoming of several of her alumni, and all who come may be sure of a hearty welcome. It is customary for the literary societies to give public entertainments during this time, and Brother Walker has been elected final president for the Philanthropic Society, while Brother Crockett is its junior orator.

In closing, here's wishing for every Pi the most pleasant of vacations, and hoping that each man may return to his college next year with renewed purpose to work for the good of our grand old fraternity.

A. C. BUCHANAN.

KAPPA.

Transylvania University.

Initiate-Charles Louis West, Reno, Ohio.

The end is near, and some are happy, some indifferent, and some exceedingly anxious as to the outcome, but we can only trust that Dame Fortune will be so gracious as to allow all of us to get through those exams.

Before giving Kappa's college history for the year we desire to welcome Alpha Xi into our family circle. Three of Kappa's men were present and officiated in the initiation, of which the writer was one, and we want to say that Pi Kappa Alpha is fortunate in securing so good a bunch of fellows north of the Mason and Dixon line. Kappa extends her heartiest welcome to these men, for she feels that they are worthy to wear the Shield and Diamond pin.

Kappa has added one new name to her roll since the last writing, and we desire to introduce Mr. Charles Louis West of Reno, Ohio. Brother West is a Sophomore and a coming athlete, and will be a tower of strength to Kappa.

Kappa was favored with a visit to Professor "Bob" Cord, Kappa, '09. Bob, not being satisfied with one school, has annexed another, having taken charge of the Mt. Sterling Collegiate Institute after the death of his father.

Kappa has had eleven men in the chapter, but was unfortunate to lose three of them—Brothers Harris, Fieldrow and Burnaugh, all of whom will return next year.

The following is a list of home addresses and honors taken in 1909 and 1910:

David Jewell Howard, junior law, baseball, '09 and '10; football, '08, '09, '10; member Press Congress; sheriff Law School Court; T. U. Social Club; T. U. Dramatic Club.

Hardin Field, Jr., Junior art; member T. U. Social Club. William Graddy Field, Sophomore art; member T. U. Social Club.

Harold Jesse Harris, Freshman art; social club.

Miller Clary Bronaugh, Freshman art.

Benjamin Franklin Rogers, Sophomore art; social club; baseball, '10.

Andrew Kenzie Stone, Sophomore Social Club.

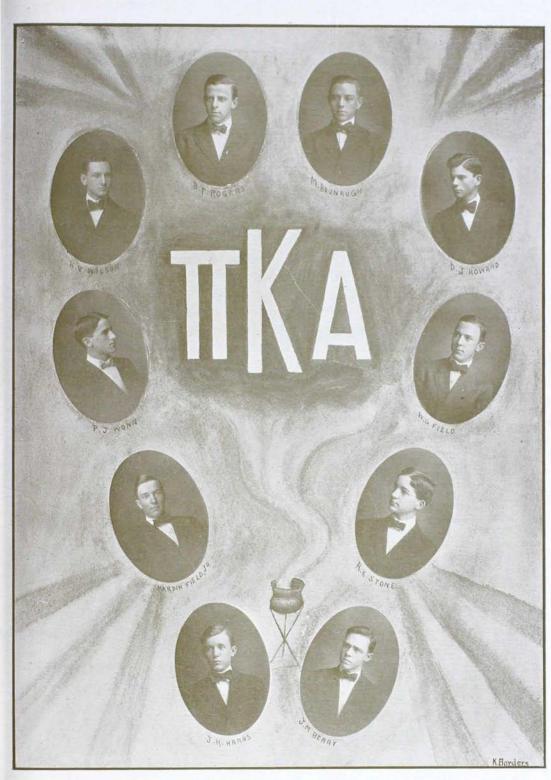

Harry Vernon Wilson, Sophomore Social Club; baseball, '09.

Charles Louis West, Freshman Social Club; baseball, '10.
Perl Jay Wonn, Senior law; president Senior Law
Class; clerk Law School Court; social club; LL. B.

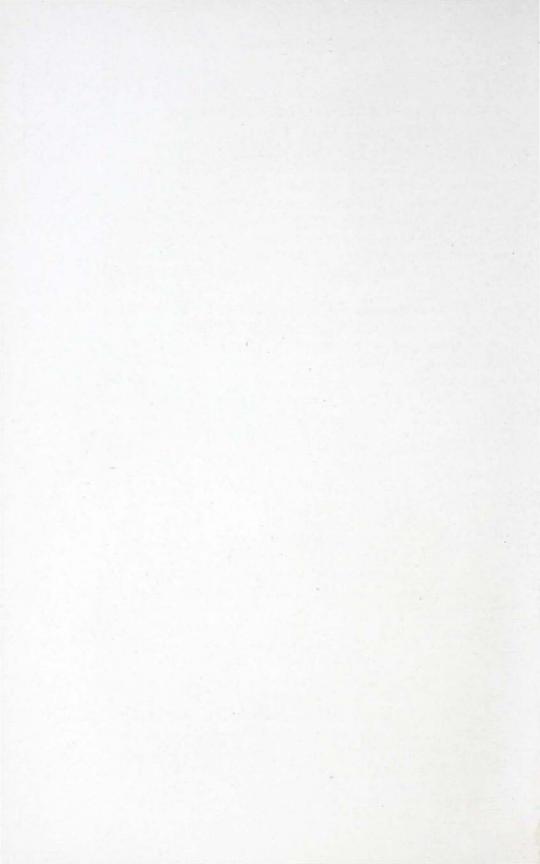

James Milford Berry, Senior law; vice president Senior Class; social club; dramatic club; baseball, '09, '10; football, '09; track team; contestant oratorical contest; member Periclea debating team; manager basket ball team, '09, '10; A. B., LL. B.

All of the men are members of Periclea Literary Society. The summer addresses of Kappa men will be as follows: D. J. Howard, Versailles, Ky.

Hardin Field, Jr., Versailles, Ky. William G. Field, Versailles, Ky.

KAPPA CHAPTER, TRANSYLVANIA.

H. J. Harris, Paris, Ky.

M. C. Bronaugh, Paris, Ky.

B. F. Rogers, West Sixth Street, Lexington, Ky.

A. K. Stone, Georgetown, Ky.

H. V. Wilson, Tullahoma, Tenn.

C. L. West, Reno, Ohio.

P. J. Wonn, Ashland, Ky.

J. M. Berry, Carlisle, Ky., R. F. D. No. 2.

Kappa loses two men by graduation this year—Brothers Berry and Wonn—but a strong bunch of good workers will be back, and great things are expected next season. Already two good men are being watched closely, who will enter T. U. next year.

Old Transylvania is in a prosperous condition, and she promises to excel all previous years in number.

Brother John U. Field, in coöperation with several of Alumnus Rho, are doing everything to secure a chapter house, and next year we hope to see Kappa have a house.

We wish all the brothers a pleasant vacation, but hope they will work hard for new men.

Respectfully,

J. M. BERRY.

OMICRON.

Richmond College.

As the college year draws to a close, the fraternity chapter naturally looks back over the year's work and asks itself the question, What has been our progress during the year? Have the standards of our fraternity been faithfully upheld, and are we stronger and better equipped for the new duties and responsibilities of next year?

Omicron began the year with eight old men back, and captured three of the most desirable "goats" in college. We lose four—Brothers Sheppard, Brock, Gill and Moffett—by graduation, so will come back next year seven strong to begin work early. Although we have not been represented on the gridiron or diamond this year, we have held our own

in other branches of athletics. Brother R. W. Taylor is captain of the track team for next year; Brother Snead won the tennis medal at our annual tournament, and the writer is manager of the tennis team for 1910-11. In literary circles, too, we have not been found wanting, Brothers Brock, Duval and Duval representing us on the Messenger staff, and Brother R. C. Duval winning the Mu Sigma Rho debaters' medal, one of the coveted honors of literary society work.

Enough of this "near-boasting," however, and a look at the future. Omicron feels that this is a most critical time in her development. "Greater Richmond College" has been the slogan for several years past, and plans are rapidly materializing for the erection of new and enlarged buildings at Westhampton Park, four miles west of the city, where the trustees have secured a tract of land containing 300 acres, situated around a beautiful lake, and recognized as one of the most desirable college sites in the Eastern States. Work will begin at once, and it is expected that the session of 1912-13 will mark the change of location. Of course, this means that every fraternity chapter at R. C. is trying to evolve some plan for the erection of a chapter house at the new college. At a meeting of our chapter on May 2, at which several of our alumni were present, ways and means were discussed and a committee appointed to consult with the college authorities with reference to securing land on which to build. Our plan is to form a corporation and sell stock among our active and alumni members and other Pi's throughout the state. We realize that such an undertaking means untold patience and work, and should appreciate any helpful suggestion from our sister chapters that have built houses

Our summer addresses follow:

- J. P. Snead, Fork Union, Va.
- J. R. Sheppard, 1614 West Grace Street, Richmond, Va.
- R. A. Brock, Jr., 517 West Marshall Street, Richmond, Va.
 - W. V. Lefew, 906 Floyd Avenue, Richmond, Va.
 - R. W. Taylor, 2717 East Grace Street, Richmond, Va.
 - S. G. Gill, 309 Franklin Street, Petersburg, Va.

D. B. Moffett, Estes, Va.

C. S. O'Neill, Crozet, Va.

R. L. T. Beale, Indian Neck, Va.

R. C. Duval, Rhoadesville, Va.

J. B. Duval, Rhoadesville, Va.

J. B. DUVAL.

PI.

Washington and Lee University.

Another successful session of Washington and Lee is fast drawing to a close. Our exams begin on June 15, and our one hundred and twenty-seventh annual commencement exercises will be held in the Lee Memorial Chapel. Our exams are dreaded, but the gay festivities of finals are looked forward to with pleasure.

We feel that this has been a very successful year for Pi. We have been represented in nearly every student activity, and have taken our share of college honors. At one time our chapter roll numbered twenty-one men, the largest in the history of the chapter.

Brother Hodges left college during the winter term to accept a position in Washington, D. C., with the United States Immigration Commission. Brother Wolfe was forced to leave in March on account of his father's health, and is now at his home in Roanoke, Va. Brother Albertson is now at his home in Jacksonville, Fla. We have missed greatly these men from the chapter, as they were all "true blue" Pi's, and took great interest in the welfare of the chapter.

Brothers Witton and Sumrall graduate from the law department this year, and will not return next fall. We regret very much to lose these two men, but feel that both will do honor to Pi Chapter and Pi Kappa Alpha in the legal world. Witten expects to practice in West Virginia, and Sumrall will locate in Seattle, Wash.

Following are the names and addresses of those who will return next year:

Frank Laird Wysor, Clifton Forge, Va. John Henry Tabb, Zanoni Postoffice, Va. Clayton Eppes Williams, Woodstock, Va. Arthur Lee Stras, Roanoke, Va. Thomas Preston Trigg, Jr., Abingdon, Va. Ernest Keener, Jr., Greenville, Miss. John Daniel Ankrom, New Martinsville, W. Va. Franklin Pierce Webster, Lexington, Va. Taylor Berry Harrison, Amherst, Va. Ernest Weber Foreman, Martinsburg, W. Va. Rufus Calvin Bowman, Salem, Va. Ira Ramson Simms, Montgomery, W. Va. Robert Lee Whitehead, Amherst, Va. Donaldson Baxter Earwood, Beckley, W. Va. Pierce B. Lantz, Blackville, W. Va. Graduates:

Laurence Claiborne Witten, Martinsville, Va. Jesse Levi Sumrall, Seattle, Wash.

On the night of March 1 we celebrated with a banquet in our halls the forty-second anniversary of the founding of Pi Kappa Alpha. A delicious six-course repast was served, after which songs were sung by the Pi quartet and appropriate speeches made by several of the brothers.

We wish to acknowledge with pleasure visits from the following brothers: Robertson, alumnus of Omicron; Lyle, alumnus of Iota and Pi; Wilson, alumnus of Iota; Shank and Fox, of Phi; Erwin, alumnus of Zeta; Kenney and Crout, of Alpha Lambda; Cowper, of Tau, and Penn, alumnus of Pi.

We have just closed one of the most successful baseball seasons in the history of this institution. The team, under the leadership of Brother Stras, was one of the fastest ever produced at Washington and Lee. It was considered one of the fastest college teams in the South, and has the distinction of having met more representative college teams than any other aggregation of ball tossers. Brother Stras played fine ball on first base, and led the team in batting. He had the misfortune to break his foot in the first Georgia game, on May 16, which will keep him on crutches for several weeks.

This, however, only kept him out of one game, as the season closed with the Georgia games.

The track team this year was one of the best in the history of the university, but on account of having several meets canceled did not make as good a showing as it should. Brother Simms represented us handsomely on it, as he did last fall on the football team. In the spring election Brother Earwood was elected to the responsible position of business manager of the Calyx. He was also on the football team last fall.

In musical activities, Brother Bowman was leader of the glee club; Brothers Foreman, Lantz and Bowman represented us in the mandolin club and band. Socially, we are represented in almost every club and ribbon society in college. In Pi Alpha Nu and Cotillion Club we have one man each. In S. B. C. society we have four.

At the Virginia Military Institute are Brothers White, alumnus of Gamma, and Karst, alumnus of Eta. We see them both often, and are glad to say that they are two staunch Pi's. White is second captain, and finishes this year.

We wish every Pi a pleasant summer vacation on behalf of Pi Chapter.

CLAYTON E. WILLIAMS.

TAU.

University of North Carolina.

The close of this year finds Tau about to lose three of its members. Brothers John Boushall and Marvin Snider are members of the graduating class, and Brother George Meares expects to become a lawyer after his attendance upon the summer law school. Brother Joe Boushall has found it necessary to leave a little before the end of the session, owing to an attack of appendicitis.

During the year various honors have come to the members of this chapter. Brother Snider served on the banquet

committee of the Senior Class and was an important factor in the Senior extravaganza which was presented during Junior week. Brother Meares, too, has been an arranger of banquets, his activities being in the interest of the second annual banquet of the law class. The position of solicitor in the moot court has felt the inspiration of Brother Meares' eloquence and ability. Brother Joe Boushall has been chosen as one of the assistant managers of the football team for next year, and, strange to say, he was prevented from serving his full term on the Sophomore banquet committee by an unexpected sickness. Brother Cowper has won his honors on the baseball field, twice bringing the laurels to Carolina while he was officiating in the pitcher's box. Brother Vann, who left us soon after the spring term opened, was president of the law class. Brother John Boushall, during the session, has been manager of the Senior Class football team, speaker at the Senior Class banquet, and has been chosen one of the four orators from the Senior Class for the commencement day exercises.

The university, as a whole, is in very good condition. The campus is being improved, and small repairs are being made which greatly improve the general appearance of things. During the summer the buildings will be renovated and put in good condition.

The graduating class is unusually large, there being eighty-four candidates for the Bachelor of Arts degree, five for the degree of Bachelor of Laws, thirteen for the degree of Doctor of Medicine, four for the degree of Graduate in Pharmacy. The commencement exercises began on Saturday, May 28, and ended on Tuesday, May 31. The commencement dances began on the afternoon of the graduating day, Tuesday, when the Freshman Class gave the opening hop. Then in quick succession followed the Senior ball, Tuesday night; the morning german and afternoon hop on Wednesday, with the final ball Wednesday night.

It has been the pleasure of the members of this chapter to meet several visiting brothers on teams of the different colleges. We take this opportunity of saying that we greatly enjoyed seeing them, and hope to again have the good fortune of meeting them, whether on the field of an athletic contest or in the life after college days are over.

The following are the names and home addresses of the present members of this chapter:

William Marvin Snider, Salisbury, N. C. George Folger Meares, Wilmington, N. C. John Heck Boushall, Raleigh, N. C. Robert Lee Hunter, Afton, N. C. William White Falkener, Warrenton, N. C. Joseph Dozier Boushall, Jr., Raleigh, N. C. Bryan Grimes Cowper, Jr., Raleigh, N. C. Thomas Sampson Royster, Townsville, N. C. James Dickson Phillips, Meredith, Fla.

Tau Chapter wishes a pleasant summer vacation and much success at the reopening of school to all her sister chapters.

JOHN H. BOUSHALL.

UPSILON.

Alabama Polytechnic Institute.

As the college year is near an end, we are occupied now principally with preparations for the commencement. But we recall two visits to our chapter during the last few months. The first was from Brother C. D. Walker, who came with the baseball team of the University of Georgia. A few weeks later we were visited by Brother Craig, an alumnus of Iota Chapter, while here to fill the pulpit of the Presbyterian Church for one Sunday.

Recently, in the regiment of cadets, two vacancies among the captains having occurred, they were filled by Brothers Yonge and E. L. Davis, who were previously first lieutenants. Yonge has Company A and Davis Company E. The crack companies for competitive drill and regimental parade have all been picked, and great interest is shown in the drills.

In athletics on the track team which went to Birmingham were Brothers J. E. Davis and Beatty. The latter, however, who was to have run the five-mile race, was prevented from entering on account of an injury. But, as is his habit, he made himself known by his general services and enthusiasm. Davis took part in the mile relay race and in the pole vault, breaking the Southern intercollegiate record, which he still holds, by going eleven feet, two inches.

In the election of manager for next year's athletic teams, Parker was chosen as manager for the basket ball team.

The Pan-Hellenic Council, which interests all fraternities here just at present, has been elected for next year. This year the greater part of its time has been taken up in organization. For next year several changes in fraternity affairs are up for consideration.

The addresses of our members during the summer will be as follows:

Edwin Sholl Allen, 1323 Tuscaloosa Avenue, Birmingham, Ala.

Preston Stoddard Avery, 27 East Gregory Street, Pensacola, Fla.

Walker Anderson, 16 West La Rue Street, Pensacola, Fla. Douglas Thomas Beatty, 1316 Huntsville Avenue, Birmingham, Ala.

James Thornton Bidgood, 850 Dauphin Street, Mobile, Ala.

Edward Lane Davis, Oak Grove, Ala.

John Eayres Davis, Oak Grove, Ala.

Walter Carrol Ellis, Griffin, Ga.

Henry Wiley Grady, Stroud, Ala.

Hugh Carey Hanlin, Stearns, Ky.

Joseph Proctor Huger, 1901 Wilmer Avenue, Anniston, Ala.

Frank Pollard Jones, 2231 Arlington Avenue, Birmingham, Ala.

Frank Floyd Kincey, 16 Water Street, Selma, Ala.

Earle Alexander Major, 1200 N. Twenty-fifth Street, Birmingham, Ala.

William Carter Oliver, 1118 San Jacinto Street, Houston, Texas.

Thomas Francis Parker, 1128 North Twenty-ninth Street, Birmingham, Ala.

John Aduston Rogers, Gainsville, Ala.

Mac Trotter Robertson, 6 Thorn Avenue, Dalton, Ga.

William George Shirling, 11 Seventh Avenue, Birmingham, Ala.

Young Shackelford, 28 Virginia Avenue, Montgomery, Ala.

William Heber Thames, Hattiesburg, Miss.

Willis Venable, 900 South Eighteenth Street, Birmingham, Ala.

Chandler Cox Yonge, 316 Guillemarde Street, Pensacola, Fla.

Among the graduating class, some, we hope, may secure positions for which they have applied, which will cause a change of address. Yonge has received a scholarship to Columbia University. The members of the Senior Class are: E. L. Davis, Jones, Oliver, Shackelford, Venable and Yonge.

F. P. Jones.

CHI.

University of the South.

Final exams will soon be here, and then comes commencement.

Chi's roll at present is:

Francis Joseph Howells Coffin, Chicago, Ill.

George Oscar Watts, Manitowoc, Wis.

Bonner Nichols McCraven, Jr., Houston, Tex.

Henry Jones Whitfield, Columbus, Miss.

Of these, Brothers McCraven and Whitfield expect to graduate. The former expects to sail this summer for Germany, where he will spend several years in study. The latter is undecided as to what he will do.

Sewanee's baseball season has been fairly successful. Up to the present writing only one series has been lost—that to Mississippi. The series with Vanderbilt is yet to be played, and we are hoping to defeat them again this year.

One of the most pleasant features for Sewanee this spring was the dramatic club trip. The club presented a comic opera written by a member of the Senior Class, which was enthusiastically received in every town where it was played. Brother Coffin took one of the leading parts, in addition to assisting materially in the orchestration of the music.

With best wishes to all the brothers for a pleasant vacation.

HENRY J. WHITFIELD.

North Georgia Agricultural College.

It is with a feeling of sadness that Psi's scribe takes up his quill to pen the farewell letter for the session of '09-'10, which is so rapidly drawing to a close. But mingled with sadness and longing there is, at the same time, something—call it what you may—that makes one feel that sadness should not reign alone supreme, for during the past session the goddess of fortune has, indeed, graciously smiled upon this band of brothers.

Since our last chapter letter Psi has had only one initiation, and takes this opportunity to introduce to the fraternity at large Herman Grady Huie, Riverdale, Ga. He is very popular among the students, and has shown good athletic possibilities. He is playing star ball in left field on the 'varsity.

Psi expects to return nine men next fall. We only graduate two men this year, Julian Ellison, of Waynesboro, Ga., and Cecil Neal, of Gainesville, Ga. The chapter will necessarily be weakened, and they will be sorely missed, but with the spirit that has pervaded things during the past nine months we look to the future with confidence and the determination to make Psi keep pace with the general fraternity in her stride onward.

All the students are looking forward with great anxiety to the closing of college on June 1, but hate to have to pass through that last week of examinations that separate them from their three months of lazy life—vacation. Psi bids all members of the Pi Kappa Alpha a short farewell, and hopes to see on the "list of students returned" next September all of her men, and to add to this list some new members.

Julian Ellison, Waynesboro, Ga.

L. B. Mathews, Hawkinsville, Ga.

Cecil Neal, Gainesville, Ga.

R. W. Harris, Dalton, Ga.

J. D. Pilcher, 937 Green Street, Augusta, Ga.

B. F. Barnes, Bullochville, Ga.

M. E. DeLay, Rome, Ga.

H. H. Young, Youngstown, Fla.

F. E. Miller, Hinesville, Ga.

H. G. Huie, Riverdale, Ga.

B. L. Hancock, Riverdale, Ga.

May the holidays result profitably to all Pi's, is the wish of Psi.

B. L. HANCOCK.

OMEGA.

Kentucky University.

Initiate—Thomas Harris Burruss, Madison, Ga., whom we beg to introduce to the fraternity at large.

Through an accident Omega was not represented in the last issue, and we now take this opportunity in welcoming into our midst the Missouri chapter. We were indeed pleased very highly with the Shield and Diamond number also.

We feel indeed happy that the fraternity has established another chapter, namely, in the University of Cincinnati. Several of the local brothers went down to the installation, and reports are very glowing from that quarter. They were highly entertained while there, and from all accounts Pi Kappa Alpha has upheld her high standard in adding this chapter. Many more men would have gone, but, due to our

examinations, only a few from Omega were able to make the trip.

Since our last letter we are sorry to announce the death of Brother Cain's father. After a lingering illness he was carried away, necessitating Brother Cain's absence from college, but we are glad to say that he has returned.

Baseball is the topic of the campus now, and State is meeting with fair success. All the college teams in Kentucky are much stronger than in former years, but State expects to win the championship, which will be decided this week. Engle, a Michigan man, was our coach, and made many friends during his stay here. He will be with us next year. Brother Hillenmeyer is Omega's representative on the team. He has been pitching and playing third base.

The annual gym tournament took place last month, and Brother Hodge, who is captain of the team, covered himself with glory. He won the medal for the best gymnast, and his work brought forth favorable comment from the press.

Track athletics are not at all dull. State has the best team in the state. Brother Collins is a member, and holds the Kentucky intercollegiate record for the mile.

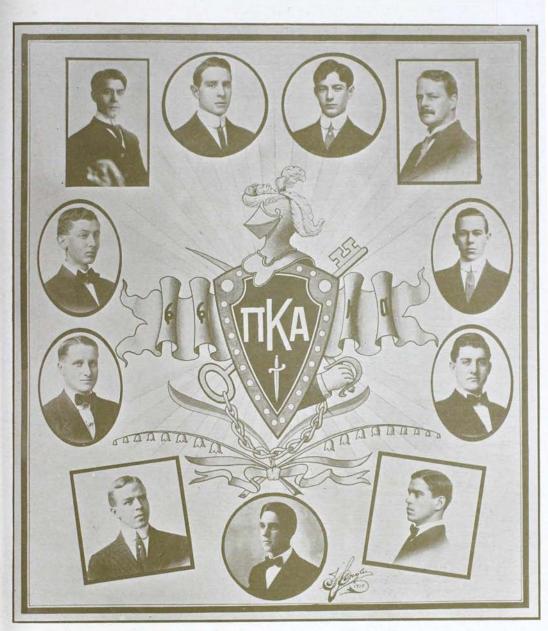

This week marked the appearance of our college annual, The Kentuckian, and it is a very creditable volume.

At the last joint meeting of Kappa and Omega, committees were appointed to secure a chapter house for next year. From all prospects Omega will have a large chapter next year, as we expect several new men that we are sure to get.

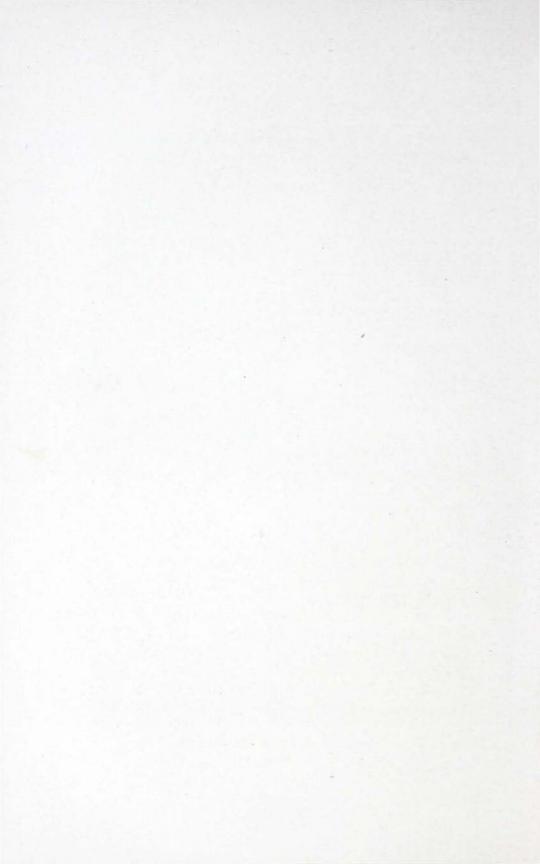

Kappa and Omega have planned an outing to take place at one of Kentucky's health resorts this summer. We expect to have about thirty or more men to pitch camp with us in August, when the event is scheduled to come off.

There have been many college dances during the last two months. Hardly a Friday night passes that there is not some social affair taking place. Each class gave their dance, all the frats, and several of the college societies. These have all proved very enjoyable, and next week, being commencement week, will close the college gayeties.

The glee club has had a very successful year. Brother Hedges is president, and a very enthusiastic worker. The

OMEGA CHAPTER, KENTUCKY UNIVERSITY.

glee club is comparatively a new organization, but everywhere it has appeared before large audiences.

Omega begs also to report the following honors taken: The Keys, a Sophomore society, took two of our men into their ranks, namely, Brothers Lane and Cain. The Mystic Thirteen, which takes the thirteen most popular Sophs to become active in their Junior year, picked from our number Brothers Collins and Goodwin. The Lamp and Cross, that becomes active in Senior year, elected Brother Hedges as one of its ten men. Lamp and Cross is elevated greatly above the other societies, and is perhaps the greatest social and honorary achievement that befalls a man during his collegiate year. Brother Hillenmeyer is an active member this year. Brothers Collins, Walker and Hillenmeyer are officers in the Agricultural Society. Brother Cain is a member of the Brooks Civil Engineering Society, while Brother Kelley, who graduates this year, is an officer in the Henry Clay Law Society. Omega has been well represented in every student activity this year.

We have recently had the pleasure of a visit from various members of Alpha Lambda Chapter—Brother John U. Fields, Brother Hervey Letton, of Jackson, Brother Cord, of Mount Sterling, and Brother Harry Letton, of Carlisle.

The summer addresses of Omegas are:

W. W. Hillenmeyer, Box 386, Lexington, Ky.

William Collins, North Middletown, Ky.

H. M. Walker, Rectorville, Ky.

F. D. Cain, Madisonville, Ky.

C. F. Kelly, Crafton, Pa.

John Wilhoit, Versailles, Ky.

H. B. Hedges, 118 Barr Street, Lexington, Ky.

William Lane, Fayette National Bank, Lexington, Ky.

J. A. Goodwin, 32 South Broadway, Lexington, Ky.

T. H. Burruss, Jr., Madison, Ga.

There are eight fraternities in the university at present—Kappa Alpha, Sigma Chi, Phi Delta Theta, Sigma Alpha Epsilon, Sigma Nu, Kappa Sigma, Alpha Tau Omega, and last, but not least, our own dear Pi Kappa Alpha.

Omega extends to each and every Pi a most hearty wish for the pleasantest of vacations, and here's a-hopin' that we shall meet in person soon.

With best wishes,

J. A. GOODWIN.

ALPHA-ALPHA.

Trinity College.

Since our last letter nothing of very much importance has happened in fraternity circles. The baseball season at Trinity has just closed with two games with the strong Washington and Lee team. We were very glad to see something of Brother Stras, a member of the team. Brother Pi's who have visited Trinity with their college teams are Brother Painter, of Hampden-Sidney, and Brother Hillenmeyer, of Kentucky University. We are always glad to see visitors of this kind.

Recently Dr. Kilgo, president of Trinity, was elected bishop, and everybody is wanting to know who our next president will be. One prominent North Carolinian who is mentioned for the place is the brother of an Alpha-Alpha Pike.

At present there is very little life on the campus, as everybody is "boning" for examinations. We have only one man who will graduate this year, and he is thinking of returning next year. The chances are that we will not lose more than one or two men next year, and will have two old men to return. Therefore, we have great hopes of having the strongest chapter in our history.

The addresses of the chapter members for the summer will be:

W. S. Stewart, Box 213, Charlotte, N. C.

R. M. Gantt, Belwood, N. C.

S. J. Gantt, Shelby, N. C.

G. D. Gantt, Shelby, N. C.

J. H. Dillard, Box 62, Spartanburg, S. C.

J. M. Howard, Newbern, N. C.

L. B. Hurley, Newbern, N. C.

J. A. Lee, Monroe, N. C.

G. S. Lee, Jr., Monroe, N. C.

Wishing every Pi a pleasant summer,

GEO. S. LEE, JR.

Louisiana State University.

Owing to a series of unforeseen misfortunes and disappointments, the completion of the chapter house has been unavoidably delayed, and is yet lacking the finishing touches of completion. This, however, is a matter of but a few days.

We regret very much the delay in the completion of the chapter house, as it not only deprives us of the pleasure of chronicling its completion in this issue, but also prevented the fulfillment of our plans regarding the "opening up" during commencement week.

Our prospects for the coming session are good, though through graduation we lose several of our strongest men. We hope to refill their places with our prospective initiates.

The following are the summer addresses of the members of Alpha Gamma:

Thomas B. Beale, Baton Rouge, La.

J. T. Laycock, Baton Rouge, La.

Henry V. Mosely, care L. S. V., Baton Rouge, La.

W. A. Brian, Baton Rouge, La.

Thos. B. Gilbert, Baton Rouge, La.

Henry Walker, Homer, La.

Lamont Seals, Homer, La.

Preston J. Miller, Carencrow, La.

Felix H. Hemler, Rayville, La.

Ernest A. Lambremont, Convent, La.

S. E. Mory, Brusly, La.

Enos C. McClendon, Homer, La.

Thos. M. Wade, Jr., Newellton, La.

Ernest Viquerie, Franklin, La.

Wishing our brother Pi's a pleasant vacation and assuring them of a cordial greeting should they chance our way, we close.

HENRY V. MOSELY.

Georgia School of Technology.

Our baseball season has just closed, and, although we lost our most desired series, we come out not losers, by any means. Alpha Delta was not represented on the team, but on many occasions she had the pleasure of extending hearty welcomes to players from sister chapters.

Speaking mildly, Alpha Delta's annual dance of May 20 was a most enjoyable occasion. This was the last of a series of dances by the fraternities here.

Brother Tommins, alumnus of Alpha Delta, since leaving the employ of the Southern Bell Telephone and Telegraph Company on account of illness, has spent his time at the house. Brother W. I. Adams has just returned to his home at Pavo, Ga., after having spent a most delightful week at the chapter house.

Recitation and shop work closed yesterday to give place to the "finale" examinations, which do so much toward marring a very pleasant year for many of us. However, these cannot last always, and so on June 7 the annual "prom" promises to be a very pleasant event. Following this, commencement day, which was changed from June 16, will be in full sway, shortening the pleasant intermingling with our brothers here and bringing to a close a year full of events costly to Alpha Delta, but nevertheless as pleasant as she wishes the ensuing vacation of her sisters to be.

B. Bruce Adams.

ALPHA EPSILON.

North Carolina College of A. and M. Arts.

At our last writing we were making preparations for our annual dance complimentary to the other fraternities of the college, which was given Easter Monday night. The occasion was greatly enjoyed by the large crowd present, and proved to be one of the most brilliant social events of the year. The other fraternities of the college will give two dances on the nights of May 31 and June 1, which also promise to be very brilliant events.

Our baseball team, under the management of Brother Springs, has just closed one of the most successful seasons in the history of our college, losing only one college game during the entire season. Brother Springs has made one of the most efficient managers the team has ever had, and every member of the team speaks highly of the management this year.

Our commencement exercises begin May 29, and, while the exercises this year will not consume quite so much time as last year, the program is quite elaborate, and we are looking forward to it with pleasure. We lose by graduation this year Springs, Bruner and Jordan, but all the other members expect to return next year. The members returning for next year are all splendid men, and they will put forth their best efforts for the interest of the fraternity.

The college year just closing has been a very successful one for Alpha Epsilon, the following honors being taken by its members:

Manager baseball team, editor college magazine, editor college annual, major of battalion, second lieutenant Company B, sergeant Company C, corporal Company D; nine men in German Club, and membership in Textile, Biological and Literary Societies.

The following is our chapter roll and the summer addresses of each member:

- J. L. Springs, Georgetown, S. C.
- T. K. Bruner, Raleigh, N. C.
- C. R. Jordan, Gulf, N. C.

R. W. Dent, Allentown, Pa.

C. A. Steadman, Greensboro, N. C.

R. E. Bencini, High Point, N. C.

J. E. Beaman, Wilmington, N. C.

W. A. Holding, Raleigh, N. C.

W. E. Blair, Buffalo, N. Y.

N. S. Lachicotte, Georgetown, S. C.

W. E. Winslow, Goldsboro, N. C.

H. B. Briggs, Raleigh, N. C.

H. B. Norris, Raleigh, N. C.

J. W. Bradfield, Charlotte, N. C.

Best wishes to all for a pleasant vacation and a most successful year to follow.

C. R. JORDAN.

ALPHA ZETA.

University of Arkansas.

For the last time this year Alpha Zeta wishes to send her most sincere greetings to the sister chapters. As we look back over this closing year our thoughts are mingled with regret and pride; regret that we might have done more for our fraternity, and pride that some good results have been accomplished. Our chapter has been well represented in all lines of university life. Although the fraternity student is restricted from holding certain high honors, yet we are pleased to give the following honors held by the Seniors and Juniors:

Pat Bailey, second lieutenant in cadet battalion; Ivor Gough, member of Senior committee, T. N. E., and glee club; Roy Goodwin, first lieutenant in cadet battery; Chambers Boles, president Society of Electrical Engineers; Erwin Shinn, Cardinal staff, '10, sergeant major in cadet battalion, member Sphinx Senior Society; Norman Coyle, member of baseball team, '09, '10; Pruett Nelson, second lieutenant cadet battalion, business manager of "Weekly," member of Student Council, associate editor of '10 Cardinal, and member of

Y. M. C. A. cabinet; Hendrick Alphin, president of the Dormitories, assistant business manager of '10 Cardinal, second sergeant in cadet battalion; Henry Yocum, president of University League, second sergeant of cadet battalion; Earl Shipley, first sergeant in cadet battalion; William Rye, color sergeant; Lynne Goodwin, first sergeant in band.

The chapter came out second in the University League. Out of seven games, only two were lost, they being taken by Gray Hall by a score of 2 to 1 and 1 to 0. The third game was 1 to 0 in our favor. Next year we have strong hopes of winning the pennant, as the league will be strictly a Pan-Hellenic league.

The Cardinal was a glorious success financially, as well as a source of pleasure. This Cardinal is the only one that has allowed the fraternities to be represented among its pages. Two of our men, as shown above, were on the staff.

No new men have been initiated since our last letter. At the end of the final exams there will be some good material that will be eligible. At present our chapter roll contains the following, whose summer addresses are:

Ivor Gough, McCurtain, Okla. Roy Chandler Goodwin, El Dorado, Ark. Chambers B. Boles, Fayetteville, Ark. Erwin Henry Shinn, Russellville, Ark. Norman Coyle, Coal Hill, Ark. Pat W. Bailey, Warren, Ark. Robert Earle Shipley, Booneville, Ark, William Lynne Goodwin, El Dorado, Ark. John Pruett Nelson, Muskogee, Okla. Henry Scott Yocum, El Dorado, Ark. Emmet Gaughan, Camden, Ark. Julius Hendrick Alphin, El Dorado, Ark. William Gordon Rye, Russellville, Ark. Walter Corrigan Miles, El Dorado, Ark. Walter Ray Purcell, Warren, Ark. Ralph Eugene Adams, Malvern, Ark. Frank Warrick Files, Oak Ridge, La. Wilsey Hunter, 915 Water Street, Little Rock, Ark. Peter Earl Garrison, Warren, Ark.

The first six names are Seniors. It is with deep regret that we see these men leave us, as the steady growth of the fraternity has been due to their constant services during the past years. May the friendship and love that has kept us close together not end with our college life, but continue to exist in after life.

The university baseball team has sustained its past record, winning fourteen games out of the twenty-one. Among the defeated teams were Missouri University, Washington University (St. Louis), Texas Southwestern University, Notre Dame, Kansas Agies, and Chicago University. There yet remains a series of three games with Kansas University to be played commencement week.

Brother Barnett, of Eureka Springs, who holds a position in the civil engineering department of the Missouri and North Arkansas Railroad, paid Alpha Zeta a few days' visit. Brother Barnett is always a welcome visitor, with his congenial smile and hearty good fellowship.

W. LYNNE GOODWIN.

ALPHA IOTA.

Millsaps College.

We take pleasure in introducing to the fraternity at large Brother Paul Desire Beraud, of Lafayette, La. Brother Beraud is a member of the Freshman Class, and will be back with us next session.

Dr. W. B. Murrah, Delta, was recently elected bishop of the Methodist Episcopal Church, South, by the General Conference at Asheville, N. C. This gives us great pleasure, as well as sincere regrets. It means that Dr. Murrah has been elected to the highest office in the church, and we are duly proud of the honor that has been bestowed upon him. It also means that Millsaps College will have a new president. Several good men have been mentioned for the place, but as yet no one has been definitely decided upon. We shall all watch the actions of the Board of Trustees with much

concern, for we sincerely believe that the future of the college rests upon the caliber of the man who succeeds Dr. Murrah.

We are now in the midst of our final examinations. At the end of about two weeks commencement will be over, and we will all be at our respective homes. That another year's work is so near over delights us very much, yet it is a source of great sadness to know that our graduates, those whom we have learned to love and whose friendship we have learned to cherish, will go away, and that we will never be actively and intimately associated with them again. The largest Senior Class in the history of the college goes out from its walls this year. This, added to the fact that Dr. Murrah will preside at the exercises for the last time, makes us expect to have quite an interesting commencement.

Notwithstanding the fact that five of the present members of Alpha Iota are Seniors, and will not be with us next year, we have a prosperous outlook for next session. We shall have nine men back to begin work, and I take pleasure in saying they are nine representative men.

Alpha Iota has been well represented in every field of college activities. On the annual field day she took double her share of honors. Indeed, it is not too much to say that she had that day almost to herself. Brothers Williams, Colmer, Lewis, J. B. Kirkland and L. C. Kirkland represented That night, before the largest crowd that has ever gathered in the college auditorium, Brother L. C. Kirkland was awarded a large silver cup as a prize for being the best all-round athlete in college. And well did "Big Kirk" deserve this great and coveted distinction. He is the undisputed champion in football and basket ball, is the equal of any in baseball, being the heaviest hitter in college, and on the track team he was the ruling factor. His points for the year were nearly double those of any rival, with the single exception of those of his brother, J. B. Kirkland, who pushed him for the championship. On this same night Miss Hattie Wooten Harmon, a most loval Pi sister, was awarded by the track team a beautiful bouquet in honor of her being the most beautiful and popular girl in Jackson. Brothers J. B. Kirkland and Colmer, manager and assistant manager, respectively, of the track team, are to be congratulated on the excellent manner in which they did their work.

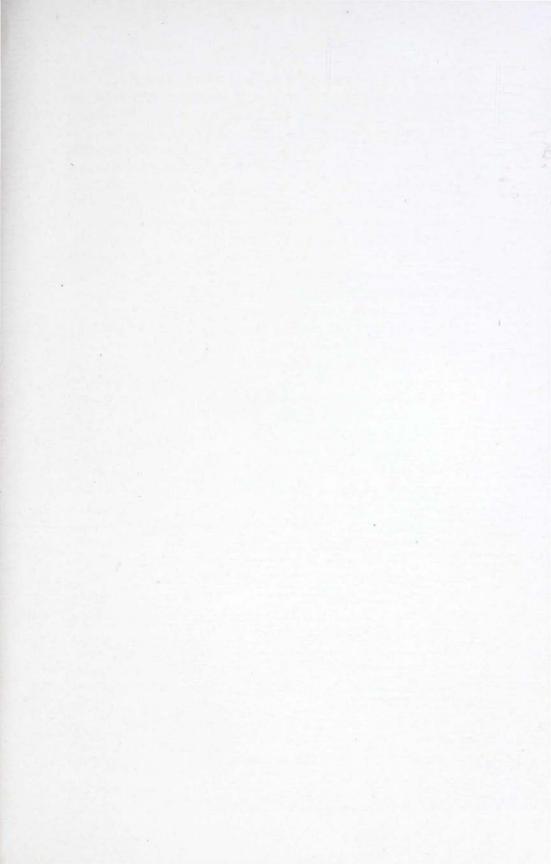

In the field of oratory, also, Alpha Iota has had her share of honors. On Patriots' Day Brother Kelly, from the Senior Class, and Brother Colmer, from the Freshman Class, made speeches which did honor to all concerned. Brother Crisler was anniversarian for the Lamar Society, and on anniversary night he delivered what was generally conceded to be one of the best speeches that has ever been heard in the college chapel. Crisler was also our representative to the Mississippi Intercollegiate Oratorical Contest, and, although he did not win the medal, he has the distinction of having had bestowed upon him the highest honor that the faculty of Millsapps College can confer upon any student. During commencement we will be represented by Crisler for the Senior medal, Colmer and Scott for the Freshman medal.

While we have been busy preparing for examinations and the various commencement duties, we have by no means neglected our social duties. Since we last wrote we have had two social functions in our halls. On Saturday night, May 21, we had an informal reception, which was quite a success. Our halls were decorated according to the artistic taste of Miss Mary Moore, a most loyal sister. We are now looking forward to our annual commencement reception, which has been set for June 1. A great many of our alumni have written us that they will be here. There is no happier event to us than a visit from any of our sister alumni, and we welcome any occasion which brings them back to us.

Through this, the last letter of the session, we wish to extend our greetings to all Pi's. We hope that you will have a pleasant and profitable summer.

The following will be the summer addresses of the members of Alpha Iota, and if any of you, in your wanderings, have occasion to pass through any of these cities, just drop us a card and we shall be delighted to meet you:

Frank Starr Williams, Jackson, Miss. Martin Luther Neill, Jackson, Miss. Augustus Foster Kelly, Laurel, Miss.

ALPHA IOTA CHAPTER, MILLSAPS.

Thomas Wiley Lewis, Columbus, Miss.
John Wesley Crisler, Jackson, Miss.
Richard Baxter Alexander, Montrose, Miss.
William Moody Dorman, Lexington, Miss.
John Burruss Kirkland, Ellisville, Miss.
Lionel Clayton Kirkland, Ellisville, Miss.
William Meyers Colmer, Gulfport, Miss.
Benjamin Clarence Rush, Mississippi City, Miss.
Frank Tomkeys Scott, Hattiesburg, Miss.
Paul Desire Beraud, Lafayette, La.
Samuel Ernest Williamson, Collins, Miss.

Hoping to clasp the hand of many loyal Pi's during the summer, I am, yours in the bonds,

FRANK T. SCOTT.

ALPHA KAPPA.

Missouri School of Mines.

As is probably the case in all schools at the present time, the final examinations are now at hand, and as a result most of us are hard at work preparing for them. May our fellow Pi's have as good luck in passing them as we expect to have.

Our track team recently defeated C. B. C. by the score of 59 to 38. Brother Knickerbocker won his letter in the half-mile.

The baseball season was not so prosperous, though the team's real worth was displayed in games with Drury and Shurtleff. There are many reasons why the games with our first opponents should not be taken as a criterion of the team's real ability. This trip afforded a visit to Alpha Zeta for two of our brothers. This visit was indeed a pleasure, the only regret being that it could not have been longer.

Brothers Minor and Smith are graduates this year. The former will enter active mining circles, while the latter will probably be back with us again next year to do some finishing work.

The probabilities are that this summer will find our

members scattered in all parts of the country, but they can all be reached through the addresses given below:

- H. E. Minor, 611 Macon Avenue, Canon City, Col.
- H. T. Mann, Box No. 3, Rolla, Mo.
- E. H. Broughton, Bisbee, Ariz., care C. & A. Mining Company.
 - R. G. Knickerbocker, Clymers, Ind.
- J. P. Tiernan, 3525 Broadway Avenue, Kansas City, Mo.
 - J. F. Donaldson, 3725 Baltimore Ave., Kansas City, Mo.
 - A. G. Pudewa, 1230 South Ashland Avenue, Chicago, Ill.
 - H. E. Smith, Rolla, Mo.
- A. S. Bilderback, 2003 East Seventh Street, Kansas City, Mo.
- H. D. McKibben, 2847 East Seventh Street, Kansas City, Mo.
 - E. R. Needles, 1021 Askew Avenue, Kansas City, Mo.
 - O. A. Randolph, 1412 Euclid Avenue, Kansas City, Mo.
 - J. K. Beach, Rolla, Mo.
 - D. R. Radcliffe, Rolla, Mo.
 - H. S. Owen, 4248 Flora Boulevard, St. Louis, Mo.

ENOCH R. NEEDLES.

ALPHA LAMBDA.

Georgetown College.

Since our last letter Alpha Lambda has been favored with visits from Brother Fields, district chief, and Brother Hillenmeyer, of Omega, who was here with the K. S. U. baseball team, of which he is the first twirler. "Hilly" held our boys to four hits, and won, 3 to 2.

We had our annual banquet on the night of April 11, and, as usual, had a most enjoyable time. After the cigars had been passed, both the active and alumni members responded more or less eloquently to toasts.

We were sorry that more of our old men could not be here, but the long distance at which most of them now live prevented their attendance. The following out-of-town fellows were with us: A. L. Crawley, Louisville, Ky.; J. Ruel Spragens, Lebanon, Ky.; William Wirt Dawson, Frankfort, Ky.

The baseball season has been a disappointment this year. With the material at hand we should have won the championship in a walk, but some of our best men have had a bad year, and the team work was ragged, therefore our record has been only mediocre. Brothers Crout and Kenney represented us at second and third, respectively. Kenney has been picked as All-Kentucky third baseman.

We are all dreading the final exams, which come next week.

This week we have the first of the graduation festivities with the Junior reception and a reception to the Seniors by Dr. Yager, the president.

One of the big events of commencement week will be the faculty-Senior baseball game on Monday of that week.

We graduate one man this year—Harold Howard, Mount Vernon, Ill. The other men on our roll to date are:

William Grant Bradford, Brooksville, Ky.

Bronston S. Kenney, Frankfort, Ky.

Owen M. Moreland, Georgetown, Ky.

Claude B. Robinson, Georgetown, Ky.

Otis D. Crout, Butler, Ky.

Calvert C. Early, Maysville, Ky.

We cannot say at present how many will return next year.

Alpha Lambda extends her heartiest welcome to the new baby chapter at Cincinnati University. Only a couple of years ago Alpha Lambda was the baby, but now we have several husky, splendid younger chapters. May the good work continue.

HAROLD J. HOWARD.

ALPHA MU.

University of Georgia.

We can hardly realize that the year is so near a close here at Alpha Mu. There has been so much doing to engage our attention and keep us busy that the inroads of time have gone unnoticed, until now it is almost time to say farewell for another summer.

We have been far from dormant since last heard from. Brother Callaway has been developing his talents as an orator, and has won no less a distinction than Sophomore declaimer, while "Skinny" Walker has broken up more than one good baseball game during the year by his timely hitting.

A word about that baseball team. We had trouble at the beginning of the season getting a good coach, but after we finally landed Coach Anderson, an alumnus, we had everything our way. It was astonishing to see with what regularity the games were recorded on the right side of the column, and, as above stated, no little part of such credit should go to Brother Walker, who hits like-well, let me tell you what a local fan said at the beginning of the season, the first time he had seen Walker come to the bat, when someone had just told him who Walker was: "Well, thank the Lord, if he ever does hit it, it's gone." We have lost only two series during the year, out of thirty-one games played, and during the last week of play blasted the hopes of two teams for the championship of the South, and, while we can't tell for certain, feel confident that when the dope is figured out Georgia will have the coveted championship. We also have three representatives on the All-Southern squad.

We were very glad to have the privilege of meeting our brother Pi's on visiting ball teams, and it would take a long time to find better ball players or more congenial fellows than McEnery, of Auburn, and Stras, of Washington and Lee, to the latter of whom we would tender our sympathy for the unfortunate accident whereby he broke a bone in his foot while playing on our diamond.

The one great victory of the year, which outshines all the others put together, was that over Tech, our time-honored rivals, in which we won two out of three, and the last game went for fourteen innings without either team scoring or even getting a look-in. Time and again, with men on third and the spectators on the verge of nervous prostration, the pitchers would settle down and pull out of the holes. This game has been pronounced by the papers the greatest game of baseball ever pulled off on a Southern diamond. Our chapel bell has had a cracked sound ever since this series.

We wish to congratulate Alpha Delta upon the magnificent dance which they gave in Atlanta on the 20th, and assure them that all the brothers from Alpha Mu who attended enjoyed themselves to the utmost capacity. It was the privilege of some of us to meet our brothers from Tech for the first time, so the occasion was doubly enjoyable. Brother Smythe also extended his acquaintance somewhat, much to our delight.

As this will be the last issue of the Shield and Diamond this year, we wish to extend to all Pi's our best wishes for a pleasant and prosperous summer, and may they return refreshed to their work in the fall; and to those who graduate this year, all possible success in their respective undertakings.

Yours fraternally, G. S. Peck.

ALPHA NU.

University of Missouri.

Walter James Haddaway, St. Louis, Mo. William Ralph Knappenberger, Brunswick, Mo. Lewis Edwin Joel Brown, Lewistown, Mo.

The second semester is just drawing to a close as we "go to press," to quote the country editor, and everyone is studying his best in preparation for the finals, and, as Alpha Nu not only expects every man to do his duty, but demands that everyone stick to his guns, we have no expectation that anyone will be compelled to join the "K. A. N. D." fraternity.

Since our last letter we have gone through the strenuous excitement of High School Day and captured first honors by walking away with the only two men who looked good to us. Our dance was rather a disappointment, owing to the fact that it rained in torrents the whole day and all night. However, we came back a week later with an "all-sorority" dance, which was quite a success.

Our agitation for a new house for next year has not materialized very satisfactorily as yet, but we hope to be able to get into a new one by next Christmas, or thereabouts. In the meantime, we have our present house leased, and will not be caught "holding the sack," as some of the other fraternities are likely to be. We have decided to go slow for a while, until we get our "second wind," and then, when we do get a house, we will have the best one in town.

Our rosiest expectations in the baseball line were fully realized, and once again the Tiger stands first, Missouri finishing eased up, with only two games lost and seven in the "won" column. The "dope" says that the Missouri track team will land the Missouri Valley track championship, also, this year, and if we do it will mean a straight string of laurels in football, baseball and track.

We are very much pleased at the granting of the charters for the new chapters at Pennsylvania and the University of Cincinnati. Let the good work go on.

In closing, let me extend to each and every brother throughout the land our heartiest greetings and a cordial invitation to "drop in on us" here in Missouri. We will "show you."

HARRY D. HYNDS.

ALUMNI NEWS

Editor-in-Chief-W. R. McMurran, Pi, Box 372, Wilmington, N. C. Assistant Editor-R. R. Taylor, Gatesville, N. C.

In order to make this department complete and interesting, each member is earnestly requested to forward promptly to the Editor or Assistant Editor any item of news concerning an alumnus which may come under his notice.

L. C. Yeardly, Alpha Theta, is a student at Epworth University, in Oklahoma City, Okla. Brother Yeardley is an enthusiastic Pi, and is working hard to advance the interest of the Garnet and Gold in his adopted state.

The editor of this department acknowledges with thanks the receipt of the following invitation to the wedding of Brother William S. Patterson, Beta, '03, and the fraternity extends to Brother Patterson their congratulations and their best wishes to him and his bride.

> Mrs. Sarah Lenora Withers requests the pleasure of your company at the marriage of her daughter Sarah Rosa

to
Reverend William Sanford Patterson
Wednesday evening, June the eighth
nineteen hundred and ten
at half after six o'clock
Presbyterian Church
Davidson, North Carolina

At Home after June the twentieth Berkley, West Virginia.

An old alumnus of Theta, the chapter with such a great history, writes that the following brothers were members of that chapter while he was actively associated with it in college:

Dr. Theron H. Rice, who is now a professor in Union Theological Seminary, Richmond, Va.

Dr. Wallace T. Palmer, formerly pastor of the First Presbyterian Church, of New Orleans, now pastor of Westminster Presbyterian Church, at Lynchburg, Va.

Dr. J. S. Foster, who is pastor of the First Presbyterian Church at Birmingham, Ala. Dr. D. A. Blackburn, formerly pastor of the Church of Strangers, New York City, but recently deceased.

Dr. Richard O'Flinn, pastor of the North Avenue Presbyterian Church, Atlanta, Ga.

Dr. John M. Wells, pastor of the First Presbyterian Church, at Wilmington, N. C., and considered the closest Bible student in that state.

Also Yale and Marshall Hicks, who are now prominent lawyers in Texas, the latter being ex-mayor of San Antonio.

The fraternity is justifiably proud of Theta Chapter and her alumni.

Pi Kappa Alpha's first bishop is Dr. William Belton Murrah, a charter member of first Delta, president of Millsaps College. He was elected to this highest office in the gift of his church on May 19, at the General Conference of the Methodist Episcopal Church, South, which convened at Asheville, N. C. His election came as no surprise, as he has for years been a leader in the councils of the Methodist Church.

All Pi's will read with interest the following deservedly complimentary notice, which appeared in the Atlanta Journal of May 2, and which refers to a brother who has served the fraternity so faithfully.

DR. ARBUCKLE ON "PASTEUR."

On Tuesday evening, May 3, in the lecture room of the Carnegie Library, Dr. H. B. Arbuckle, who holds the chair of chemistry at Agnes Scott College, will lecture under the auspices of the college alumnae on "Pasteur." The subject is one of intense interest both to those who know something of the great scientist and to the uninitiated whose curiosity will be aroused by the suggestion of antihydrophobia treatment carried by the name "Pasteur." Dr. Arbuckle is a man whom no audience could help enjoying, and of course this is especially the case when he speaks on one of his own special topics.

The lecture, which is one of the series of public lectures at the Carnegie, will take place Tuesday. The public is cordially invited.

G. P. Lessly, Alpha Gamma, is teaching at Carencro, La.

Brothers W. A. Heard and "Jack" Golson, both of Alpha Gamma, are located at Baton Rouge, La.

The general office acknowledges with thanks the receipt of the following invitation, and extends the best wishes of the fraternity to our brother of Omicron Chapter and his bride:

> Reverend and Mrs. William Carson Taylor invite you to be present at the marriage of their daughter Ruth

Mr. Harvey Strachan Gill
on Tuesday evening, April the twenty-sixth
nineteen hundred and ten
at nine o'clock
First Baptist Church
Petersburg, Virginia

W. H. Thompson, Alpha Gamma, is practicing law at Harrisonburg, La.

W. L. Fleming, Upsilon, has charge of the department of history at Louisiana State University.

The fraternity will read with interest the following announcement, which concerns our brother of Kappa Chapter:

Mr. and Mrs. Jacob Franklin Hirt announce the marriage of their daughter Hazel Walker Thornton

Mr. George Carter Montgomery on Tuesday, the twenty-sixth day of April nineteen hunrded and ten Saint Louis

At Home after the fifth of May Hugo, Oklahoma.

An interesting letter from D. W. A. Neville, Mu, who is superintendent of Hickory Grove High School, Hickory Grove, S. C., contains a paragraph which tells the whereabouts of some Mu men, and reads as follows:

"Out of Mu, '08 and '09, D. B. Smith and Geo. W. Taylor have returned to college. Smith will graduate in June of this year. Of class '09, W. S. Bean is teaching in the Yorkville Graded School and C. D. Harrell taught at Satter's Station until Christmas. He has just returned from a pleas-

ure trip through the North. And Geo. C. McDonald is at his home in Sumter, Ga."

Brother G. A. Dalton, Alpha Gamma, has charge of the educational interests at Ebenezer, La.

Robert Tillory, Alpha Gamma, is assistant chemist at the Louisiana Experiment Station.

One of the five lawyers whom Governor Mann, of Virginia, has appointed on the State Board of Examiners, by whom all applicants to practice law in Virginia will, in the future, be examined, is Brother Robert M. Hughes, Gamma This is another honor which this distinguished and Alpha. brother has attained in his profession. For a number of years Brother Hughes lectured on admiralty in Washington and Lee University, and later in George Washington University. The firm of Hughes & Little, at Norfolk, Va., of which Brother Hughes is the senior member, has one of the largest admiralty practices in the East, and, in addition, this Brother Hughes is a law writer of note, being the author of "Hughes on Admiralty" and "Hughes on Federal Procedure," the first book, particularly, being recognized as authority in all the courts of this country.

He has always been an interested and enthusiastic Pi, and for a number of years served as supreme councilor of the fraternity.

- A. F. Smith, of Alpha Gamma, is teaching at Newellton, La.
- P. L. Ferguson, also of Alpha Gamma, is practicing law at Leesville, La.

Lloyd R. Byrne, Alpha Zeta, author of the "Manual of Pi Kappa Alpha," and inspector of District No. 6, is now located at Dermott, Ark., where he is the assistant cashier of the Dermott Bank, a progressive financial institution of that section. No brother has the interest and good of Pi Kappa Alpha more at heart than he.

The following newspaper clipping refers to the convening of the Albermarle Presbytery, at Washington, N. C., April 12, when our brother of Beta was elected moderator:

Immediately after the close of the devotional exercises, the roll call of the presbytery was made and a large delegation found to be in attendance. The presbytery then went into the election of a moderator and Rev. R. C. Deal, of Kingston, was unanimously elected to this important office. After the election the body adjourned for the evening and will begin its business session tomorrow morning at 10 o'clock. The presbytery will hold a three days' session, devoting the day session to business and the night session to devotional exercises and popular meetings. One of the principal features of this session's work will be that of home and foreign missions, and a strong effort will be made to induce popular interest in this important work.

Albemarle Presbytery is one of the most influential religious bodies in North Carolina, and is composed of some of the brightest

and ablest divines in the state.

The highest honor in the gift of the Presbyterian and Reformed churches in America has been bestowed upon our brother, Rev. J. R. Howerton, D. D., late moderator of the General Assembly of the Southern Presbyterian Church. The Louisville Courier-Journal of March 16 says, under the head of "Officers Chosen:"

A nominating committee appointed by the president brought in nominations for officers as follows: President, the Rev. J. R. Howerton, D. D., professor of philosophy at Washington and Lee University, Lexington, Va.; vice president, the Hon. Robert N. Wilson, of Philadelphia; stated clerk, the Rev. William H. Roberts, D. D., of Philadelphia; treasurer, the Rev. D. F. McGill, of Pittsburg, Pa.

The secretary was empowered to cast one ballot for the above officers and they were declared unanimously elected. The president-elect, Dr. Howerton, made a brief address, in which he thanked the members of the council for the honor given him and requested their

support in discharging the duties of the position.

Brother Howerton is a member of Theta Chapter and an enthusiastic Pi, having served as grand chaplain of the Supreme Council. He is very prominent in educational work, holding the chair of moral philosophy at Washington and Lee University. He is well known in Presbyterian circles, and has been a delegate to the council for three years, and is just finishing a term as chairman of the committee on work among the colored people.

The general office acknowledges with thanks the receipt of the following invitation:

Eta Chapter of Pi-Kappa-Alpha Tulane University, Refectory Friday evening, April the eighth nineteen hundred ten

R. S. V. P.

Dancing

The following Pi's have recently settled in the neighborhood of Los Angeles:

James R. Jolly, Kappa, whose address is No. 802 E Street, San Bernardino, Cal.

H. Clifford Kirk, whose address is 927 Security Building, Los Angeles, Ca.

Henry P. Watkins, Sigma, whose address is 263 New High Street, Los Angeles, Ca.

All Pi's interested in college athletics should read the following clipping, which refers to the record of this year's baseball team of the A. & M. College of North Carolina, of which team Brother St. J. L. Springs, of Georgetown, S. C., was manager:

Their percentage of games won is .938, possibly the highest average made by any team that played as many games.

The record of the team is as follows:

The record of the team is as follows.			
Trinity Park	0	A. & M.	7
Amherst	8	"	7
La Fayette	2	"	4
Wake Forest College	2	16	8
Delaware College	0	"	2
University of South Carolina	4	"	8
Davidson College	0	"	8
Richmond College	0	4.6	6
Guilford College	1	"	1*
Hampden-Sidney	0	"	4
Wake Forest College	1		4
Davidson College	1	44	6
University of Kentucky	3		5
V. P. I.	6	"	7
Naval Academy	1	6.	1**
Georgetown	2	"	11
U. S. S. Franklin	2		15
Eastern College	0	"	1
Washington and Lee	0	"	0**
*13 innings.			-10 -100
**—15 innings.			

This record speaks for itself: Fifteen games won, three tied, one lost.

C. Hawthorne Elson, Omicron, is an electrical engineer in the employ of the Westinghouse Electric and Manufacturing Company, with headquarters at Bluefield, W. Va.

The following clipping relative to Brother J. M. Wells, Theta, taken from the Raleigh (N. C.) News and Observer of May 26, will prove of interest:

Wilmington, May 26.—Rev. Dr. John M. Wells, for a number of years the beloved pastor of the First Presbyterian Church of this city, announced at the regular weekly prayer meeting at his church last night that after prayerful and thoughtful consideration he had decided to decline the very flattering call received some weeks ago to become pastor of a prominent Dallas, Texas, Presbyterian church, and will continue as pastor of the Wilmington church. Dr. Wells has been voted a three months' leave of absence by his congregation and left today, accompanied by his young son, Mr. John Wells, Jr., for Philadelphia, whence they will sail Saturday for an extended tour of the old country, stopping first at Queenstown, Ireland, and then going to Edinburgh, Scotland, where Dr. Wells will attend the world's convention of the missionary movement as a delegate from the Southern Presbyterian Church, being elected at the meeting of the Synod in Savannah, Ga., last year. After the meeting he and his son will tour several of the old countries and return home about September 1.

J. Ford Johnston, Alpha Lambda, one of our staunchest supporters in the new State of Oklahoma, was married during the winter just past. Owing to the natural timidity of Brother Johnston, we have been so far unable to secure the young lady's name. Brother Johnston is a practicing physician in McAlester, Okla., and on the side is doing great work for Pi Kappa Alpha in his chosen home. Alpha Lambda has every cause to be proud of him, and District No. 6 is profiting by his good work.

The following clipping was sent in by Brother C. A. Cook, Sigma, who is located in Muskogee, Okla. It concerns Brother Frank S. Boddie, Alpha-Alpha, who, it seems, has followed in the footsteps of Brother Johnston in the matrimonial line. We extend thanks to Brother Cook for his thoughtfulness in sending us the clipping, and only hope that more of the brothers will follow his example:

BODDIE-FERGUSON WEDDING.

The marriage last Wednesday of Frank Sherrod Broddie and Miss Edna Ferguson was the culmination of a happy acquaintanceship and courtship of many days. Miss Ferguson was in New York visiting her stepfather, Mr. Ford Shannon, and her friends believed that she would remain there all winter, but the callings and the lure of love and the longings for the good, healthful, happy air of the young state brought her back to her loved one and when last Wednesday she stepped from the Katy Flyer she was met by her husband-to-be, taken to the parsonage of the St. Paul's Methodist Church, where the twain

were united by Rev. Lee Rippey, the pastor.

The bride is one of the loved and lovable ladies of Muskogee. She has numbers of friends who are delighted with her good fortune and who were surprised to hear of the matrimonial alliance. She is a niece of our esteemed fellow townsman, Mr. Ed Alley, and has for some time made the Alley residence her home previous to her departure for New York. The groom is one of the active, energetic young men of this city. He has been for some time employed with the Patterson Mercantile Company as bookkeeper, and in that position he has gained the confidence and trust of one of the first firms in the state. His integrity and his application to business has made for him a place in the business realms of this city and will keep him in the forefront.

Mr. and Mrs. Boddie will make their permanent residence here

and will at an early date move to their new home.

W. O. Matthews, Psi, '05, is employed by the Eufaula Oil Company, at Eufaula, Ala., and has sent us the following clipping relative to Brother J. D. Gartatowsky, Psi, '04:

GARTATOWSKI LEAVES FOR BIRMINGHAM NEWS.

Popular Newspaper Man Resigns City Editorship of Atlanta Georgian.

J. D. Gartatowski, city editor of the Atlanta Georgian, has resigned his position on that paper and left last night for Birmingham, where he has accepted the position of city editor of the Birmingham News.

Mr. Gartatowski's home is in Albany, and he began his newspaper career as a reporter on the Constitution about five years ago. For the past four he has been connected with the Georgian in the capacity of city hall reporter until he was appointed city editor several months ago.

Mr. Gartatowski is one of the brightest and most popular young newspaper men in Atlanta. He has made himself extremely popular both in and out of the newspaper profession, and his host of friends

in this city wish him unbounded success in his new location.

The members of the fraternity will be glad to know that another honor has fallen upon one of its most distinguished members, Brother Oscar W. Underwood, Alpha, congressman from the Birmingham district of Alabama. At the Democratic caucus of the House of Representatives, held on March 24, Brother Underwood was chosen, with practically no opposition, as one of the four Democrats to be on the new Rules Committee, which is one of the most important committees in the House. This committee was the bone of contention in the Cannon-insurgent fight, which has been occupying the attention of the country for months. The headline over the Associated Press story of the election of the four Democratic members was "Democratic Big Four Chosen in Caucus," and it evidences the general opinion of the strength and standing of those gentlemen.

The following editorial from the Richmond Virginian of March 15 concerns our brother, who is an alumnus of Omicron Chapter:

It is announced that Mr. Clinton A. Boyce will become publisher and editor of the Douisa Enterprise. Mr. Boyce was connected with the Richmond Times-Dispatch for years and made his name known far and wide as a political writer. He is one of the best informed newspaper men in the state, especially on politics, and will make the Louisa Enterprise an entertaining publication. The Virginian offers its best wishes and congratulations. It also congratulates the people of Louisa.

The following clipping from the Central Presbyterian refers to our brother of Iota:

The Holston Presbytery has declined to sever the relations of Rev. Asa D. Watkins to Windsor Avenue Church, Bristol, which he has served as pastor for several years. He had resigned to go to Raleigh, N. C., but his congregation here protested. Mr. Watkins and D. M. Coile were named as delegates to the General Assembly, which meets in Lewisburg, Va., on May 19.

Because all Pi's are interested in the movements of our beloved ex-grand chaplain, the following extract from a recent issue of the Central Presbyterian is noted:

Rev. Dr. J. Gray McAllister, formerly president of Hampden-Sidney College, has been engaged for another year at the Kentucky Theological Seminary, Louisville. He will spend his summer at Winchester, Va., reaching various engagements from that place.

Brother McAllister is an alumnus of Iota.

The Christian Observer of May 25 contained the following reference to our brother of Theta Chapter, which will prove of interest, and which shows the great hold he has on the congregation which he has served nine years:

FIRST PRESBYTERIAN CHURCH, NASHVILLE.

On Sunday, May 15, at the morning service, Rev. Dr. W. M. Anderson read his letter of resignation as pastor of this church that he may accept the call to the First Church, Dallas, Texas. Nine years ago Dr. Anderson came from this same Dallas church to the First Church, Nashville, and during these years the church has grown to be the largest in the Southern church. And it has also prospered and strengthened in every way. Dr. Anderson, in his letter, gave as one reason for giving up this great church his recent serious illness, the results of which lead him to believe that a change of field and climate will help to a conservation of his strength. With profound regret the congregation united with Dr. Anderson in his request to presbytery for a dissolution of the pastorate, yielding to his request only because of his conviction of duty under divine guidance. Resolutions were adopted by the congregation assuring him of their respect and affection, and recording their "unqualified testimony to the efficient and eminently successful service he has rendered during the nine eventful years of his pastorate " The opening sentence of the resolutions best expresses the feeling of the church: "It is rarely the case that a church, a community, and a city are called upon to make so great a sacrifice; to consent, without strenuous remonstrance, to a privation so serious; to approve, with smiling lips but with sorrowful heart, a measure so little in accordance with their wishes, their hopes, and their expectations, as that with which this congregation is confronted in the request submitted to us by our beloved pastor, Rev. William M. Anderson, D. D.'' Dr. Anderson expects to move to his new field the first of June.

The following from the Raleigh News and Observer of May 29 is interesting news concerning Trinity's and Alpha-Alpha's great pitcher:

Pitcher Bob Gantt, of Trinity, yesterday received from Manager Dunn, of Baltimore, his contract for a try-out this season with the Orioles.

Gantt, however, will hardly go to Baltimore this summer. He has about decided to remain in Durham, study law, play with the Durham Y. M. C. A., qualify for his fourth year on the Trinity team and finish his course. He will then be very young. He received the offer to go to Baltimore largely upon his work against the Philadelphia Nationals, in the three games that he pitched against them, being bumped for a total of only twelve hits. That was National league ball itself. In one of these games, Gantt held the Nationals to a single run and a pair of mighty little hits.

Baltimore is in the American-National League class, the only

Baltimore is in the American-National League class, the only difference being the power of the two major leagues to draft from the Eastern to which the Orioles belonged. A try-out there means as much as it does anywhere. In deciding to remain here Gantt will

turn down a good salary, for youngsters draw stipends that make the wages of state editors look like thirty Lincoln pennies.

Gantt has won his reputation largely upon the almost hitless ball that he pitched the last two seasons that he was in the game. In the 1908 season he pitched three of these, one of them against the Raleigh professionals. He has been much sought after by the minor leagues.

We give the addresses of some of Iota's '09 men who are teaching:

Graham Gilmer is principal of the high school at Long Hollow, Va.

W. W. Martin is assistant principal of the high school at Smithfield, Va.

W. Hodges Mann, Jr., is an assistant professor at William and Mary College.

Frank C. Brown is head master of Potomac Academy. at Romney, W. Va.

On Wednesday evening, April 27, Rev. J. W. Carpenter, Mu, was installed as pastor of the Kanawha Salines Church, at Molder, W. Va.

Chas, S. Flagler, Tau, is located at 3718 Locust Street, Philadelphia, Pa., where he will be glad to welcome any wandering Pi's.

Stuart G. Noble, also an alumnus of Tau, is located at Jackson, Miss.

Theo B. Harris, Alpha-Alpha, is employed by the White-Morrison-Flowe Company, at Kannapolis, N. C.

Carl S. Pugh, Alpha-Alpha, is in business with S. C. Pugh & Co., at Wanchese, N. C.

Warren G. Ferguson, Alpha Epsilon, is located in Schenectady, N. Y., where his address is 511 Smith Street. O. E. Buckholz, Beta, is pastor of the First Presbyterian Church at Atlanta, Ga.

Another of Beta's alumni, Everard A. Wilcox, is located at 921 Greene Street, Augusta, Ga.

Brother Frank Dudley Jones, Beta, is pastor of the Westminster Presbyterian Church at Charlotte, N. C., and we understand that Brother Jones is making quite a name for himself in that city.

John W. Todd, Jr., Beta, is with the People's Loan and Exchange Bank, at Laurens, S. C.

Another of Beta's alumni, and also a member of Alumnus Upsilon, is Brother R. H. Lafferty, who is registrar of the North Carolina Medical College, at Charlotte, N. C.

T. J. Barnett, Alpha Zeta, is located at Eureka Springs, Ark., where he is employed by the Missouri and North Arkansas Railroad as assistant engineer.

Joe Cooper, Alpha Zeta, is at home at Malvern, Ark., where he is associated with his cousin in the gentlemen's furnishing business.

W. P. Kent, Gamma, who was recently nominated by President Taft to be consul at St. Johns, N. B., at a salary of \$3,000.00 per annum, has, since our last issue, been nominated by the president to be consul at Newchwang, China, a more important post, with a remuneration of \$4,500.00.

John V. Denson, Upsilon, '05, who has been practicing law at Opelika, Ala., was a recent candidate for the legisla-

ture of Alabama from Lee County. This primary was held May 2, but this office has received no further advices as to Brother Denson's fortune, but take it for granted that he was successful.

W. G. Cammack, Delta and Upsilon, is now a member of the firm of Kyser & Cammack, druggists, at Selma, Ala.

W. A. Fite, who is an alumnus of Kappa at Transylvania University, at Lexington, Ky., created for himself a name as one of the strong Christian ministers of Missouri, and for several years was pastor of the First Christian Church, of Fulton, Mo. Last October he was elected pastor of the First Christian Church at Paducah, Ky., which position he is holding at the present time.

H. T. Mann, Alpha Kappa, is instructor of metallurgy and ore dressing at the Missouri School of Mines, at Rolla, Mo.

EXCHANGE DEPARTMENT

P. TULANE ATKINSON .

Editor.

Hampden-Sidney, Va.

Address all communications for this department to its editor.

Exchanges Please Note.—Exchanges are requested to send one copy to each of the following addresses: Walter G. Riddick, editor-in-chief, 914-915 Southern Trust Building, Little Rock, Ark.; H. B. Arbuckle, Decatur, Ga.; P. Tulane Atkinson, exchange editor, Hampden-Sidney, Va. In return, three copies of the Shield and Diamond will be sent to any addresses desired by our exchanges.

Since our last issue we acknowledge with pleasure the following exchanges:

March—Alpha Tau Omega Palm, The Record of Sigma Alpha Epsilon, and the Phi Gamma Delta.

April—The Phi Chi Fraternity Quarterly, The Shield of Phi Kappa Psi, The Kappa Alpha Journal, the Phi Gamma Delta.

May—The Scroll of Phi Delta Theta, Alpha Phi Quarterly, The Delta Upsilon Quarterly, The Sigma Chi Quarterly, Kappa Alpha Theta, Themia of Zeta Tau Alpha, The Angelos of Kappa Delta.

Zet Tau Alpha installed her Nu chapter at the University of Alabama on April 11, and seven days later her Xi Chapter was established at the University of California.

Sigma Nu announces the establishment of her Delta Iota Chapter, No. 78, at Washington State University. The new chapter, with an enrollment of twenty-one, is reported to have begun its career most auspiciously.

Delta Upsilon has captured the interfraternity bowling championship of Illinois. This is the third consecutive victory won by that chapter. So far as we have been able to learn, the State Female Normal School at Farmville, Va., holds a unique position in the sorority world. With an enrollment of some nine hundred and odd students, it is the birthplace of four sororities, viz.: Zeta Tau Alpha, Sigma-Sigma-Sigma, Kappa Delta, and Alpha Sigma Alpha. The last three named still have their chapters there, and no other sorority is represented in this school save those founded within its walls.

The Greek world certainly seems to have its eye on the Northwest. Beta Theta Pi entered the University of Oregon on December 4 last, and A. T. O. joined her there on February 25. S. A. E. entered Oklahoma on October 24, and last June Kappa Alpha Theta Sorority granted charters to Oregon, Montana and Oklahoma State universities.

The chapter of Pi Kappa Alpha at the University of Missouri is taking steps to procure a chapter house. To this end its active members are soliciting from their alumni loans of \$100.00 each to bear interest at 4 per cent, the loan to be secured by a deed of trust on the property. The funds are to be handled by a board of trustees composed of four local alumni.

The condition of all the fraternities here is very good. They all stand high and the rivalry between them is most friendly. The anti-fraternity spirit is gradually dying.—University of Arkansas, Correspondent for S. A. E.

The Phi Chi Medical Fraternity has for two years been at work on a directory of its members. At its recent convention at Chicago, the committee reported considerable progress, and when completed the publication will contain a sketch of every member of the organization.

An interesting event in the college world is the recent affiliation of Vanderbilt University and the Peabody Normal College. Both are large institutions, well known throughout the South and much is hoped from their joining forces. * * * Thus the trustees express their hopes and desires for the new example of intellectual coöpera-

tion: "We venture to affirm that as the plans outlined are carried out the two institutions thus brought into coöperation will serve as a basis upon which to build a great university; that an institution will at last be planted in the South soon to rank with the very noblest in the North, * * * the apex and crown of its (the South's) whole educational system."—Kappa Alpha Theta.

The writer wonders how many chapters of Pi Kappa Alpha can boast the scholastic record held by the chapter of Phi Kappa Psi at Allegheny College. That is among the oldest chapters of an old fraternity, and so must have a long membership roll, yet of all their members, eighty per cent are graduates.

Commenting on this state of affairs, a recent writer in The Shield shows clearly the responsibility on the individual chapters to do all in their power to select as members those men who are likely to remain in college through graduation. Such a choice must redound to the greatest good of the chapter as well as to the individual.

On April 1, at a meeting of the student body, the honor system as regards conducting examinations was adopted in Marietta College by an almost unanimous vote. Delta U took the initial step in this move, having had an honor system in her chapter for some years.—Delta U. Correspondent.

In the May issue of the Sigma Chi Quarterly we find an interesting article, entitled "Chapter Houses," from the pen of Mr. George Ade, a grand officer of that fraternity. The writer first compares the present status of affairs with the conditions existing when he was an active member. He shows forcibly that it is the stuff of which a fellow is made and not the emblem on his coat that makes the man. And that it is the worth of the individual members, not the illustrious history of any order, that makes its chapters superior today to those of a rival fraternity. The changed conditions in the institutions of learning throughout our land makes, in his mind, the chapter house a necessity. Thus he thinks the chapter house has come to stay, and must be so managed as to demand the respect of the faculty, to exercise a guardian-

ship over the Freshmen, and at the same time to provide for all its inmates the atmosphere of a home of refinement.

He concludes as follows:

Those not in favor of the chapter house system can only put forward the criticisms which are sometimes urged against the fraternity system in general, as for instance, that it is undemocratic and tends to promote a spirit of snobbishness. I insist that a college man may live on terms of democratic equality with all of his fellow-students and still be a member of a small and compact organization bearing the same relations to the university that a family does to the community at large. He cannot find coöperation and healthfulness and close friendship by any rambling association with two thousand men. The chance affiliations of a boarding house have no permanency.

The college fraternity has endured because it answers a demand of undergraduate life. The mystery and secrecy under which it is supposd to operate have very little to do with its real mission. It will continue to endure if it proves a helpful influence to its members

and is on good terms with the powers that be.

The thing for every Greek letter chapter to do is to build a comfortable home, stock it with high grade men and play fair with

the faculty.

Alabama Alpha is the first of the nine fraternities at the University of Alabama to occupy a house of its own. We are, of course, proud of this, but are more elated over the fact that we have a home at last and one which would do credit to any chapter.—The Scroll.

At Syracuse University the faculty has proposed the Sophomore pledge day. The matter was submitted to the fraternities, who called an interfraternity meeting and unanimously opposed the scheme, adopting resolutions to that effect. No decision has been reached by the faculty, so the matter is still undecided.

The rushing, as it has been conducted heretofore, has been without system, has been hard upon the men of the different fraternities, and has, in a way, been unfair to the men entering the university. The senior societies have been working upon a new set of rules to govern rushing next fall which will, it is hoped, do away with some of the old difficulties. The main changes are: Forbidding all fraternities to make dates with a Freshman previous to his registration in the university; limiting the time and the number of dates and setting a tap day, two weeks from the day that the rushing commences, no fraternity being allowed to extend invitations before that time. The first provision is to keep fraternities from bothering Freshmen during the period of entrance examinations and to prevent any one fraternity from gaining an advantage over the others by making engagements during the summer. The second provision is to keep dates from interfering with the work of both the Freshmen and the fraternity men, and to keep any one fraternity from monopolizing a man; and the third is to give the Freshman time to look the differ-

ent fraternities over as well as to give the fraternities time to judge the men more carefully, a mutual advantage which neither side had under the old grab system. Theoretically the rules seem to be very good. A section which provides for the publication of the name of any fraternity which violates a rule will tend to make the rules more binding.—Cornell Correspondent in Sigma Chi Quarterly.

From recent information, the song book of Sigma Nu is fast assuming form. The grand chapter of that fraternity, at its last convention, appropriated \$800.00 to the enterprise. It is thought that the publication will come from the press some time this summer.

What report has our committee to make about the Pi Kappa Alpha song book?

I am afraid that some of us think that we are good fraternity members if we go through the initiation, wear the pin and are loyal to our own special chapter. It is possible for us to be ever so loyal, and yet lack a proper knowledge of our own or of other fraternities.

* * The world is too full of failures who are failures because they have not sufficient knowledge of the work which they have gone into. Fraternity life is no exception. The girl we turn to and on whom we depend is the girl who knows most concerning her own fraternity at least.

A knowledge of other fraternities, and their work, gives us a

A knowledge of other fraternities, and their work, gives us a breadth of outlook and a clearer understanding of our needs and possibilities. It is impossible for us to merely exist when we realize the work done by other fraternities, and the room which is always at the

top.-Themis of Zeta Tau Alpha.

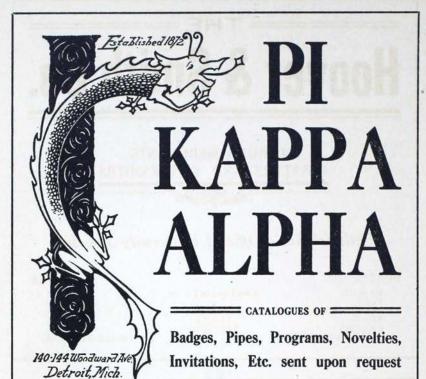

Aside from the duty of the chapter to keep in communication with its alumni in the interest of the chapter and order it is self-evident that chapters that do employ means to keep in touch with them are the ones that can successfully maintain chapter houses and accomplish other things worth while and permanence. As well put by Frater Fullilove this matter is just as much incumbent upon the chapter as looking after the active membership. The editor has never had any patience with chapters claiming that alumni are cold. It is a chapter's indifference and selfishness that allow such conditions to exist and the writer has noticed that complaints of the kind mentioned generally come from those chapters which are behind in organization, fraternal spirit and business and enterprise and have never made any serious or intelligent effort to look after alumni interests.—Kappa Alpha Journal.

It is to be hoped that every chapter of Pi Kappa Alpha will take this suggestion to itself.

The following clipping from an editorial of the Delta U. Quarterly is interesting, and at the same time affords an example of the right sort of thoughtfulness:

Some weeks ago a brief note was received by the editor of the Quarterly from Mr. L. L. Cheney, editor of the Shield of Phi Kappa Psi, enclosing a number of newspaper clippings about Delta Upsilon men, and suggesting their usefulness for the Quarterly. Mr. Cheney's action is but the most recent of many showing the admirable spirit of accord existing among fraternity editors, and their willingness to go out of the way to assist each other. The loaning of cuts of college views is a quite common practice, all of which goes to show the upgrowing of the real spirit of Pan-Hellenism, earnestly to be desired.
