Theron Hall Rice, D. D.

AFTER a heroic fight in a Baltimore Hospital, our beloved Theron Rice fell asleep August 18, 1922.

A Prince and Leader in Pi Kappa Alpha has fallen. The Fraternity owes more to him than to any other man who ever wore the Shield and Diamond save Robert A. Smythe. In 1889 Pi Kappa Alpha had been reduced to two active chapters. The mother chapter at the University of Virginia could scarcely be classed as an active chapter when Theron Rice went as an affiliate member from Theta chapter. It was he who saw that the Fraternity was doomed if something were not done immediately. It was he who called the convention together at Hampden-Sidney in December, 1889. It was he who proposed the new form of Government under which we are living today. It was he who became the first Councilor Princeps of the new Pi Kappa Alpha. It was he who poured all his soul and enthusiasm into the movement for the restoration of Pi Kappa Alpha, and the writer has always believed that old Bob Smythe

actually "caught the torch from his hands" which he has "carried on" through the years that have followed.

Thus Theron Rice became the new Father of Pi Kappa Alpha and those of us who sat with him in that little Convention at Hampden-Sidney know well that he deserves this title, and we would call the whole Fraternity today to do him honor, and October 17, the day upon which he was initiated into Pi Kappa Alpha, should be appointed as a sacred day in the Fraternity that every chapter might hold appropriate exercises in memory of him who saved our beloved Fraternity.

It is well first to record a few facts in the history of this great man and dearly beloved brother.

He was born July 8, 1867, at Wetumpka, Ala. His parents moved to Tennessee when he was a mere lad, and he always counted Memphis his home. He attended Ogden College, Bowling Green, Ky., but went later to the South-western Presbyterian University at Clarksville, Tenn., where he graduated in June, 1889.

He was initiated into Theta chapter, October 17, 1885, and became a stalwart leader in this banner chapter of Pi Kappa Alpha. During his last year at this college he was the leading orator of the college and twice represented his college in inter-state oratorical contests. In 1889 he went to the University of Virginia as a graduate student, at which time he planned the new government of his Fraternity and called the Convention of 1889.

In 1890 he came to Union Theological Seminary, then at Hampden-Sidney, Va., and became an affiliate member of Iota chapter. Here he at once attracted attention as one of the outstanding leaders in the Seminary and a most promising young preacher. It is a pleasing memory still that the college students flocked to the Seminary to hear this spirited young preacher deliver his trial sermon, and it is no small compliment to record the fact that this splendid orator and preacher held those young men spellbound as he preached from the text, "Thou art

the man," thus giving in his first year great promise as a preacher of the Word.

He graduated from the Seminary in May, 1892, and was soon called to the Presbyterian church in Alexandria, Va., here he did a wonderful work for a period of years. He was called to the Central Presbyterian Church of Atlanta, Ga., in 1897, and he threw himself into every phase of work that meant the upbuilding of this growing center of the South. He was not only a wonderful preacher, but he was the trusted friend and councilor of many of the splendid young business men that have laid the sure foundations of this great city. It was through his influence and leadership that the city of Atlanta raised a half million dollars and invited his old Alma Mater to come there and become the great Presbyterian University of the South. This great conception failed to be realized because the controlling Synods by one single vote declined the offer. Had Presbyterian leaders been as far-sighted as Theron Rice, Atlanta would today be the educational center of the South.

During his fifteen years of service in Atlanta he built up the largest Presbyterian church but one in the Southern states, and became a recognized leader in his church. He received calls to many churches in the South, to one of the leading churches in New York City, to a professorship at Princeton, but he persistently declined all these calls and ministered to a devoted people until he was utterly broken in health and his friends advised that he accept a call to a professorship in Union Theological Seminary, where it was thought the work would be less arduous than in the pastorate of such a large church. He, therefore, went to the Seminary and has labored there up to the time of his death. So great has been his suffering from asthmatic and digestional disorders during late years that the maintenance of his teaching work has been positively heroic. He literally died in the harness. His suffering during these last years developed in him

a beauty of character that lifted him into a spiritual atmosphere that was uplifting to all who came in contact with him.

Shortly after going to the Seminary he was married to Miss Bessie Sherrard of Greenwood, Va., who has been a wonderful comfort and help to him, and she has borne for him three lovely children. These and his devoted sister Lucy are left to mourn his loss, but rejoice in the testimony committed to them.

A few personal touches from a very dear friend and brother may not be out of place in our Fraternity magazine.

The writer was privileged to be Iota's delegate at that historic Convention of 1889. The memory of the first night of that Convention is enlivened by the image of Theron Rice. It would be hard to forget a man like him. He was the impersonation of love and enthusiasm. When he gave you the grip he would throw one arm around you and smile down upon you with a smile and with a look from his fine grey eyes you could never forget. Yes, "down upon you" is right. There were very few men in those days that could look up to him. He was well over six feet tall, straight and lithe as a poplar. He swept down upon you with an air that would mark a leader among men. His glowing cheeks, sparkling eyes, ruddy lips, warm and affectionate and eloquent words were but the outpouring of his soul. Oh, he was a grand fellow. You simply fell in love with him. Before that little Convention was over he had crept into the hearts of all of us, and we saw in him the incarnation of all that was beautiful in the Fraternity. It was easy for him to put over his scheme for the new government. No one could turn aside that gushing stream of enthusiasm with which he unfolded the new plans for Pi Kappa Alpha. It was just gurgling and surging with love for the old Fraternity. His plans went thru and the writer counts it one of the big honors of his life that he was permitted to sit with

Theron and two others and help draft that constitution under which we live and thrive today.

We of Iota were so much in love with this splendid fellow that we pleaded with him to leave the University and come to the Seminary and be with us in old Iota, and he came. Well, this meant great things for our chapter. His life and spirit knew no such thing as discouragement and defeat and we built up a wonderful chapter there that spring. Who can forget it? He wanted to mix with the college students that he might be helpful to them, but somehow his free, out-spoken manner, the air with which he carried himself, made the impression upon those who did not know him that he was conceited and college boys will never stand for this, and for a while he lost out with most of the boys not in the chapter, but the day of victory was ahead. It so happened at a joint celebration of the literary societies two of his frat men were on the committee of arrangements and we managed to invite him as the speaker.

The writer recalls how he begged him to do his best that day. It was a marvelous speech. Oratory since the days of Demosthenes and Cicero down to this day has not failed to win the hearts of men. To say that Theron Rice that day won a place for himself in the hearts of those college boys would be putting it lightly. It was little wonder that when he took the Bible class over in the church that they did not have seats enough for the students. His was a wonderful personality. Little wonder that he won men in his ministry.

In later years when the writer was a Professor in Agnes Scott College it is still a pleasant memory to recall the wonderful literary lectures he delivered before the literary societies in the college. His lectures on Milton and Sidney Lanier should have been published. They were literary gems of "the first water." He always let himself have full swing in his lectures. His style in the pulpit was clear, simple, earnest, void of all show and embellish-

ments, as he felt that the gospel message should not be confused by any show of words or beautiful phrases; that there should be nothing to draw the attention away from the message to the messenger. This is the explanation of the marvelous simplicity of his preaching which impressed all his hearers and brought the truth to the hearts of hundreds of sincere seekers after knowledge.

He was a man of wonderful gifts of speech. Words of charm and beauty poured from his lips as sparkling waters from a fountain of water and they were always refreshing. His beauty of language was not unlike that of Hawthorne, whom he delighted to study. A more ready speaker it has never been the lot of the writer to know. He was always ready without notice to take a place on any program. His commencement speeches were marvels. His after-dinner talks were bright and spicy and always to the point. A man of fine words, but he possessed that rare judgment that made it impossible to speak over time or tire anyone. In the days of his prime he was a great speaker.

As a student of scripture he excelled. His memory of texts was remarkable, and he was ever quick to bring the most appropriate scripture to bear on the question in hand. His personal talks rarely failed, as he carried the sword of the Spirit that gave him a power from above.

What more could I say of this hero of love and faith? Words fail me. Oh, if it were possible to call back his powers of speech! Then it would be possible to leave as a legacy to the Fraternity something of the traits of soul and heart that belonged to this noble brother in Phi Pni, Kappa Alpha.

Theron Rice, the truest friend man ever had, the purest Christian, the noblest character, the gifted scholar, the silver-tongued orator, the glorious preacher of the Word, the minister of the poor and needy, our noble-hearted, whole-souled Theron.

H. B. ARBUCKLE, *Iota*.

Dr. Theron H. Rice Dies

ICHMOND, Va., Aug. 18.—Funeral services for Dr. Theron H. Rice, professor of English Bible at Union Theological Seminary, this city, former pastor of Central Presbyterian church, Atlanta, who died yesterday at a hospital in Baltimore following three surgical operations for a stomach ailment, will be held tomorrow at 10 a. m. in Watt's chapel, at the seminary.

Dr. W. W. Moore, president of the seminary, assisted by Dr. W. T. Thompson, formerly of Mobile, and several other seminary professors, will conduct the services, it was announced today. The body probably will be buried in River View cemetery.

The direct cause of Dr. Rice's death was said to have been bronchial trouble resulting from the effects of ether given him in the three operations. Besides a widow and three children, Dr. Rice is survived by one sister, Miss Lucy Rice, of Kingsport, Tenn. He was a native of Wetumpka, Ala.

Dr. Theron Hall Rice, whose death in Baltimore Thursday brought grief to hundreds of his friends throughout Georgia and the South, was pastor of the Central Presbyterian church in Atlanta, from December, 1896, until June 1908, when he took the chair at the Union Theological Seminary at Richmond. He left behind him a record of constructive work which will long endure and be remembered in the South.

He was born in Wetumpka, Ala., July 8, 1867, and was educated at the Southwestern Presbyterian University in Tennessee, the University of Virginia, and the Union Theological Seminary at Ginter Park, near Richmond, Va. He graduated from the seminary in 1892, was or-

dained a minister of the Presbyterian church, and during the same year accepted the pastorate of the Second Presbyterian church at Alexandria, Va.

Dr. Rice came to the Central Presbyterian church of Atlanta in December, 1896, after distinguishing himself in his ministry in Virginia. In 1913 he married Miss Elizabeth Matthews Sherrard, of Crozet, Va., who survives him.

His Atlanta pastorate was marked by a number of important works, and by a spiritual influence from his pulpit which extended to all parts of Georgia and the South.

Within nine months after he took up the ministry here a debt of \$13,000 was paid in full, and he was most worthily filling the pulpit left vacant by the death of his predecessor, Dr. G. B. Strickler.

Shortly thereafter, when the Sunday school increased in membership to nearly a thousand, the Sunday school annex was built at a cost of \$30,000.

Dr. Rice originated the Presbyterian colored mission work in which the churches of Atlanta maintain two missions, one on Fraser street and one in the Pittsburgh section. His church organized the Fraser mission during his pastorate, thus launching the movement that has become city-wide and resulted in much good.

A policy of Dr. Rice which strongly survives him is that of financing a church solely by free will offerings. Following the example of Christ, Dr. Rice did not believe that a church should be a business establishment in any sense of the expression. He discouraged any means of raising money for church purposes other than the free will offering. The financial success of his church gave much evidence in support of his policy. When he resigned to accept the Stuart Robinson professorship of English Bible and pastoral theology at the Union Theological Seminary, the membership of his church had grown to 1,007.

Dr. Rice's service at the seminary has been singularly productive, and his Christian influence was indelibly stamped upon the great Presbyterian institution. He has made numberless friends in Virginia, who, like those of the states farther south, realize that in his passing a powerful leader, a most active spiritual force, and a devoted teacher has been lost.

PI KAPPA ALPHA CONCERT AND AMATEUR BURLESQUE GIVE FINE ENTERTAINMENT

PI KAPPA ALPHAS OF TECH AND EMORY GIVE RADIO CONCERT

The Georgia Tech and Emory university chapters of the Pi Kappa Alpha fraternities, national Greek letter order, will present the first program of its kind yet broadcast in the south as WSB's unusual attraction Friday night at 7 o'clock.

Under the direction of J. O'Donald Shepherd, of Alpha Delta chapter, Georgia Tech, a splendid variety concert, given by leading entertainers in the glee club and instrumental field of local collegiate activity, will be the big feature of the evening.

A male quartet, a violin quartet, xylophone solos, an orchestra and a fine array of vocal soloists will constitute the order of the concert which will be heard by P. K. A. members listening in at chapter houses at colleges all over the country.

Eddie O'Brien, assistant leader of the Georgia Tech Glee club; Boney Carr, Tech Glee club tenor; Morty Hazlehurst, Tech orchestra trumpeter; Alton O'Steen, Emory Glee club pianist; Bill Callahan, Emory violinist; H. M. Tollerson, Emory tenor; and a dozen other collegiate celebrities, will face the microphone at WSB's studio.

Greetings to chapters throughout the nation will be delivered by Robert A. Smythe, grand treasurer of the order, well-known Atlanta cotton man, who speaks specifically at the request of Alpha Gamma chapter, Louisiana State university, Baton Rouge, La., who telegraphed their request.

The Pi Kappa Alpha fraternity, represented by Alpha Delta and Beta Kappa chapters, of Georgia Tech and Emory university, was introduced in highly enjoyable fashion to the radio world Friday night at WSB's first concert of the evening.

Following this distinctly diversified and lively program, The Journal radiophone station was turned over during the nightly 10:45 broadcast to a delegation of the leading wireless amateurs of Atlanta, who put on an immensely novel and entertaining burlesque of everything and everybody connected with radio.

The P. K. A. program was given in honor of chapters of the national collegiate order throughout the nation, and was a riotous success. Some of the leading stars of the musical and dramatic organizations of Tech and Emory were on hand, mobilized by J. O'Donald Shepherd, of Alpha Delta, with Alton O'Steen, popular vocalist and pianist of the Emory Glee club, serving brilliantly as a hub for most of the activity.

A Tech-Emory quartet of P. K. A.'s, presenting Brothers Tolleson, Carr, Phipps and Branscomb; Eddie O'Brien, violinist, and Morty Hazlehurst, trumpet; John Turner, violinist; Bill Carr and Bill Callahan in their vocal duet, "Mr. Gallagher and Mr. Shean;" Mr. Carr's tenor solo, "Dream Girl of P. K. A.," followed by Eddie O'Brien's playing of the song on his eloquent violin; Morty Hazlehurst's splendid trumpet solo, "Somewhere a Voice Is Calling," and "Red" Talley's imitation of a fiddle, were only a few of the high-lights.

Robert A. Smythe, prominent Atlanta man and P. K. A. alumnus, sent greetings to other chapters listening in a brief message. Without question, the fraternity program scored heavily and developed a galaxy of new radio stars whose return will be welcomed by thousands of listeners.

Hazing and the Fraternity

THE Greek Letter world of today has come face to face with the hazing problem in a way that makes evasion of the issue extremely difficult. Hazing is a question which has long been debated pro and con, but only recently has any direct action been taken against the practice within fraternity circles. It is true that many of our national fraternities have within recent years incorporated and formulated recommendations favoring the abolition of hazing. Such actions indicate that fraternities are becoming more and more opposed to the practice. However, Beta Theta Pi at her national convention held September last has done more than go on record as opposed to hazing. She has passed a resolution abolishing all "horse-play" in initiations; and all probationary measures except those directly specified in the general ritual of the organization. This is indeed a radical step and will deal the final blow to hazing in that organization.

Undoubtedly the action taken upon the part of the Beta Theta Pi fraternity will arouse considerable comment, and in many cases the fraternity may be severely criticised for her stand. However, one thing is certain and that is such an organization would not pass the above law without first making a thorough investigation into the merits and disadvantages of hazing. Clearly, then, this group has come to the conclusion that hazing is harmful to the best interest of its organization.

Hazing more than any one thing has done most to antagonize the American public against the college fraternity. It has given us the wrong kind of publicity, and what is more, has not infrequently furnished many a choice bit of gossip for the press. There are, however,

certain forms of hazing which in themselves are not harmful, but the tendency has nearly always been to carry the thing to extremes. The result has been injury both to the individual and to the good name of the organization permitting it.

The universities of the country have been among the first to take a direct stand against hazing, and they have done so on the grounds that it is harmful to the reputation of their institutions. Moreover, they have experienced several distressing accidents and in a number of cases permanent injury has been sustained as a result of being the object of so-called practical jokes. Such schools as the Universities of Wisconsin, Chicago and Illinois, and numerous others, have either totally abolished hazing or have permitted it only in very mild forms, and then under direct supervision of faculty and student governments.

There are those who will contend that hazing as carried on in the fraternity is of a far different nature as compared with that in which collective student action prevails. This is very true, but have not the same results been forthcoming? Then again, there are those who will maintain that a certain amount of discipline and physically administered punishment is necessary in the education of the prospective fraternity member. The question is, however, whether hazing fills the need and whether it does tend to improve and correct the wayward or delinquent individual.

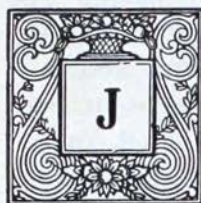

The average freshman of today is not quite as "green" as some of us might think. He needs something more than the incentive furnished through the medium of hazing to help him succeed. There are other solutions to his problem, and they have proved to be successful. The point system is one and the senior advisory plan is another; both tend to aid the underclassman, not by antagonizing him, but by giving him the friendly counsel that he needs. Such methods help to develop a far great-

er spirit of fellowship in the chapter group and the freshman can gain the confidence and will have the respect for his older associates which is necessary for the best interests of the entire chapter.

The American college fraternity was founded upon spirit of fellowship and good will, and hazing can hardly be said to come within this category. Thus the question presents itself: Is hazing necessary, and is it beneficial to the fraternity? If hazing cannot or does not fill a direct need, it should not be tolerated, for no practice deserves to exist unless it can establish its right to existence upon a basis of some service rendered.

PERRY S. CALKINS, *Beta Eta*.

James Legendre, Orleans Member of Bar , Is Dead

AMES LEGENDRE, 66 years old, one of the most prominent members of the New Orleans bar and one of the best known and respected residents of the city, died at 10 o'clock last night at his home, 5 Audubon Place.

Mr. Legendre's death came unexpectedly. Although he had been ill for a number of weeks, his health had been reported to be mending. He proved too weak, however, to survive the relapse which he suffered yesterday.

A native of New Orleans, Mr. Legendre lived his whole life in interests centered in and about the city.

He graduated in law at the University of Virginia, and entered the law offices of T. J. Semmes in New Orleans, where he remained until he was made a partner in the firm of Semmes and Legendre. During his legal career several large estates were in his care, among them the John A. Morris estate.

He was the son of Emile Legendre and Anais Armant Legendre. In 1891 he married Miss Cora Jennings of New Orleans.

At one time he accumulated large sugar interests and established a name as one of the largest planters of the state. Later, however, he disposed of these holdings and devoted his time entirely to his legal activities.

His law practice was not confined to the city itself, but spread over all the parishes of St. James, St. John and Ascension.

Mr. Legendre was a charter member of the Pi Kappa Alpha Fraternity. While at the University of Virginia he was one of the founders of the Fraternity's chapter there.

He is survived by six children, James H. Legendre, Mrs. W. Robert Phillips, Armant Legendre, Morris Legendre and Sidney Legendre, all of New Orleans, and Mrs. Henry B. Keep of Chicago. He also leaves a brother, Emile Legendre, of New Orleans.—*New Orleans Times-Picayune*, "October 22, 1922.

NOTE—While Brother Legendre was not actually one of the founders of the fraternity he was member No. 31 of the fraternity on the roll of Alpha Chapter. Brother Legendre during the Victory Convention in New Orleans in 1920, was not only Chairman of the New Orleans hosts, but was also the most delightful toastmaster of the Convention Banquet.

Standards of Fraternity Material

HAT are the standards upon which we base our judgment of fraternity material? Is there a thinking man in any chapter of any fraternity who has not considered this question? And yet, how many could, on being asked by an impartial inquisitor, answer it truthfully and completely?

Are our prospective candidates to be confined strictly to the four hundred class? Immediately the answer is, "No!". What, then, is your idea of promising material? Almost as quickly you would answer, a man who is a man in the real sense of the word, one who is loyal to his duty and to his friends; one who is intelligent; one who is generous, who is not afraid to make a sacrifice, without the expectancy of compensation, for his college, his class or his companions.

Does this answer the question? To my mind it does not, for if it did, if these qualifications were all that determined fraternity timber we would be drawing a sweeping indictment against the hundreds of men in various universities who possess them to the nth degree, and yet who are never invited to become wearers of the coveted Greek letter emblems. To indict these men as lacking the above mentioned qualities would indeed be unjust and would furnish ground for the charges of snobbery and narrowmindedness that have been brought from time to time by those who endeavor to displace the fraternity from the university.

These qualifications do determine fraternity material, as our shrewd friends of the legal profession, and our equally careful philosophers would say, to some extent; but something more is required—congeniality. In the humble opinion of the writer this last mentioned attribute is highly important, for if a body of men is to be

bound together by ties of strongest friendship, unless those men are congenial, of similar tastes, likes and dislikes, unity of purpose and feeling can not exist and the whole structure shall fall. Many a man of mediocre talent will develop into the best kind of friend and associate—the ideal fraternity man, while on the other hand, many of the most brilliant, the men whose success has caused their names to be daily on the tongues of people from one end of the country to the other, are devoid of real fraternity spirit, and are valuable to their respective bodies, only by virtue of the reflected glory of their reputations.

Naturally, in considering the available material, a man's culture, intelligence, home surroundings, etc., must be taken into consideration, because if he is different in these respects from the members of the organization, it stands to reason that he can not be a congenial member thereof. But when these have been favorably determined, then his personality and congeniality will undoubtedly indicate whether he is a man who would be an asset or a liability to the chapter.

While on this subject a few words in regard to the question of snobbishness, so often attributed to the Fraternity man, would not be amiss. From what we know of our own Fraternity, and from what we have seen and understand of others, the man who is guilty of snobbishness is not so on account of the fact that he is a Fraternity man, but in spite of it. Any Greek who lives up to the ideals, standards and principles of his Fraternity cannot act in the slightest manner unbecoming a gentleman, and the gentleman and the snob are as different as day and night.

Unfortunately, at times we find a man who has forgotten the burning words of his initiation, but as stated before, he is a discredit to, and not a representative of, Fraternity principles.

A National Sisterhood

SHOULD Pi Kappa Alpha have a definitely organized sisterhood? And, if so, who shall be eligible for this branch of the Fraternity? At present we have no official sisterhood organization, and as a result sister organizations and sister chapters of various types exist in the different sections of the country. There are, among the different forms of organizations which are in existence at the present time, two types which are more or less outstanding.

The first of these types is to be found in a number of the smaller co-ed colleges of the middle west where a large part of the student body comes from the college town itself or its immediate environs. The organization is sometimes found to be as follows: Certain sororities may have some interest in common with one of the chapters and *vice versa*. Such sororities, or girls' clubs, have a name of its own or are known as an auxiliary or sister chapter of the Fraternity. The members may or may not be related to the brothers of the Fraternity chapter. There is apparently nothing really binding about the organizations. They do, however, solve the problem of chaperons and help to put those added feminine touches to a dance, reception or other function given by the Fraternity chapter that appear so small but which mean so much toward its ultimate success. If a uniform set of regulations as to membership were to be drawn up, making provision for the mothers, sisters and wives, this might be a pattern for the national sisterhood.

The second type of sisterhood institution has been found in various sections of the South and in these instances consist mostly of the mothers, sisters and wives of the brothers in any one chapter. There is not as much

definite organization in this type as in the former by virtue of the fact that the group is necessarily scattered and cannot get together as frequently as would be desirable, and hence could not act properly as a unit to any appreciable extent. They do, or some of them at least, assist at some social functions as chaperones.

In the eastern section of the country there has been but slight interest evinced in the idea of a national sisterhood organization. One thing is certain, however, and that is that if an auxiliary or sisterhood chapter of our fraternity existed in New York City at the time of our last convention, more of the visiting brothers' and delegates' wives would have been attracted to the metropolis. A convention would be a very fitting and appropriate place for a sister institution to function and would be the means of having greater attendance at these biennial sessions of our fraternity.

There are many phases which would have to be considered in drawing up regulations and specifications for a national sisterhood, the discussion of which will not be taken up here. The proposition is merely advanced to see if anything of this nature would be desirable and advisable and meet with the approval of the Fraternity at large.

Welcome News At Last

FOR the benefit of those few members of the fraternity who may not be acquainted with them we will state that Henry North Eversole and John U. Field *were* confirmed bachelors. Hope had been given up and they were at once the envy and despair of their married brothers. But time works wonders and even a hard shelled bachelor's ideas may change with its passing. But even acknowledging the beneficial effect of years upon a fixed prejudice against a state of life, the editor was indeed surprised to learn that two of our oldest bachelors, though young in years, had at last succumbed.

We pass on the news below

"St. Louis, Mo., October 21—Henry North Eversole, Grand Chancellor of the Pi Kappa Alpha Fraternity and a prominent attorney of this city, was married to Miss Anna Glauser, daughter of Mr. and Mrs. Albert Glauser, at 5 p. m. October 20th, 1922.

"The wedding ceremony was performed by the Rev. Dr. Wm. E. Crowe, in the Westminster Presbyterian Church, at Delmar and Union avenues. Frank Eversole acted as best man."

"Mr. and Mrs. Eversole have departed on a motor trip for their honeymoon. They will make their home in St. Louis."

"Lexington, Kentucky.—Mr. and Mrs. F. W. Fletcher of Ashland have announced the engagement of their daughter, Ethel, to Mr. John U. Field of Lexington and Versailles."

"The news is of especial interest in the Blue-

grass, where Miss Fletcher has spent much time, having been a student of the University of Kentucky and a guest of her sister, Mrs. Curry Tunis of Fayette Park. Miss Fletcher is an unusually pretty and attractive young woman, a member of Chi Omega fraternity. Mr. Field is a graduate of Transylvania College and a national officer of Pi Kappa Alpha Fraternity. The wedding will take place this month, October."

We extend our heartiest congratulations to our two grand officers and our very best wishes to Mrs. Eversole and Mrs. Field, with a gloomy reflection, however, that an unmarried fraternity officer is becoming more or less a disgrace.

The Fraternity Man As An Individual

WHEN a man enters college he breaks away temporarily from what are probably the only bonds of union to which he has ever been connected, that is, his home and family, and from henceforth he must conduct himself as a single unit; and with no parental influence near at hand to help him, in all his actions he is obliged to place dependence on the soundness of his own judgment. Then when he allies himself with a Fraternity, although he still remains physically an individual, and although he is but one of maybe fifteen or more composing the chapter, yet he is, from another standpoint, the chapter itself. And at this stage in his career not only does he not have anyone to act for him, as was mentioned in the beginning, but now he is in a position where he must act for others. For this reason, therefore, it becomes all the more important that he exercise care in the regulation of his conduct. For after he is a member of a fraternity, whatever he is and whatever he does has a direct reflection on the Fraternity to which he belongs. This does not mean to imply, however, that a man would not live properly anyway, but it does mean that the result of any of his acts, either of an advantageous nature or otherwise, affects not simply one organic whole, but two—himself as an individual and himself as the Fraternity.

A chapter of a Fraternity gains its standing and influence mainly by the part played by its members in the various activities of college life. Suppose that when football season opened a certain Fraternity failed to have a single representative in the squad. Immediately it would be classed as dead, from an athletic standpoint. This is one instance where our failure to participate would throw a bad reflection on our chapter, although it

might not bring any serious evils upon our individual selves. Certainly, then, whether we wanted to play or not, it would be our duty to our chapter, to harness up with the team, thus placing the welfare of the Fraternity above our own individual desire.

Take, again, a man who holds a position on the staff of one of the college publications. If he performs faithfully the duties assigned him, and goes even a little further than doing merely his allotted part—maybe helping another with his share—wouldn't it provide greater incentive—in the next staff elections—to choose a new officer or two from among his fraternity mates, than if he assumed an indifferent attitude, carrying out his duties only half way. Then, too, there is always possibility of promotion, and the higher position a man holds the greater credit does his Fraternity receive. Thus in every phase of college life we will find the same conditions prevailing; and that whenever we create a good name for ourselves we are adding just that much more to the strength of our chapter and *vice versa*.

There is one occasion above all others when a man must be his Fraternity, and that is, if he happens to be residing in a town where he is the only representative of his Fraternity. In that case he is the only means whereby the public may size up the order of which he is a member. In their eyes he is the entire Fraternity, for very probably they may have never become acquainted with other members. Therefore, the opinion which they form of the man in their midst, and that which they gain of his Fraternity or his particular chapter, are identical. Consequently we must not think that as soon as we become separated from a chapter our influence becomes dead, for out in the greater world the things which we do will oftentimes trace back and find a direct bearing on the chapter of the Fraternity of which we were a member while in college.

The Chapter House on the Campus

WHEN large sums are being expended in the building of Fraternity homes it is regrettable that more effort is not made to procure sites on the campus. Whether from lack of initiative, inability to get consideration from those in control or from other causes, the fact is that very few institutions have Greek letter houses actually built on their campuses.

The very nature of the national Fraternity chapter house gives it an inherent permanency in the life and affairs of the college that should be sufficient to demand its presence on the campus. They are usually of a size and character of construction that makes them undesirable in private residential districts, but on the contrary renders them an asset to any campus. Since they play one of the most important parts in the development of the college man or woman, they should take their places in a spirit of co-operation with the school itself, which can be accomplished most satisfactorily in unity of grouping.

Not only does a university derive real benefit thru a policy of encouraging its Greek letter organizations to erect their permanent homes within its real boundaries, but the organization itself will profit by the arrangement. There can be no doubt that in the rivalry that exists between Fraternities in every school, some spirit of exclusiveness, if not of downright intolerance, frequently creeps in. This deplorable condition has been recognized and combated in various ways throughout the country, but in getting down to the underlying causes, the lack of thorough acquaintance and understanding seems to have been the prime cause of it all. It really is difficult to conceive of fraternity men remaining strangers to each

other if they live next door. The idea of true fraternalism ought to extend beyond the confines of the front door, but isn't it hard to mix easily and freely with the gang who live three blocks down the street?

The sooner it is brought home to the men about to build a chapter house and to the powers that be that the interests of both are one, the sooner we shall see rows of beautiful homes bordering our college campuses. Let the leases be granted to run for long periods of time and regulations be laid down concerning the type and magnitude of the investment that shall be equitable. It is then but a step to the foundations of state or co-operative building loan associations to assist in the realization of many a fine campus.

GUY M. TUDOR, *Beta Beta.*

“Kidding”

AS a general rule the man that comes into the Fraternity house for the first time is a stranger in the strictest sense of the word. He knows not what to expect, nor what to do, nor what the boys might think of him. Down deep he is just a little afraid, for he knows nothing of Fraternity life, the life he has often heard people talk of. And that talk is not always the best in the world; lots of people think Fraternities are terrible things.

But he comes into the Fraternity house just the same to live with the boys that he has chosen as his mates for his entire college career. He likes those boys better than any others in school. He wants them to know it and he wants to show to the utmost that he is their friend. Anything they say is just what he is going to do, for he wants to please and make the bunch like him.

The first thing this boy knows the boys have pulled a trick on him, or are running him to death doing their little odds and ends. He is perfectly willing, of course, to do these things, but he feels they are imposing to some extent. Perhaps they have found out something on him that he wouldn't like for everybody to know and they are guying him continually about it. This, too, is alright, but he wishes that they would let up some time about it.

He is being “kidded” by the boys. They are doing these things because they like him. They know he will soon fall in line and be ready for the next new one that comes in to live with them. They don't want him to go about with a serious look on his face at all times as though he is afraid to smile; they want him to be in with the bunch and learn to take things in a less serious light.

They soon teach him to stand up for himself and not be imposed on by others.

And being "kidded" is one of the best things that ever happened to that boy, for now he goes about, talking, laughing, joking and "kidding" with the rest. He has learned to get away from that too sensitive state of mind, and now he can stand some rather rough bumps before he even gets mad. He needs just this in the world that he will face in future years. If people would just chance to think about this, they would realize that such is part of the college education and that one's education is not complete without it. The Fraternity house is the place to be "kidded," for there they know how to go about it.

In Memoriam

JAMES LEGENDRE

Alpha.

WHEREAS, it has been the will of the Almighty, who knoweth and doeth all things well, to take from our midst our beloved brother, James Legendre; and,

Whereas, in the death of Brother Legendre, Pi Kappa Alpha has lost a true, loyal and distinguished member, and one who has brought honor to his fraternity and country; and,

Whereas, we the members of Alpha Chapter do deeply mourn the loss of our brother; now, therefore, be it

Resolved, That we, the members of Alpha Chapter of Pi Kappa Alpha, extend to the family of our Brother Legendre our deepest sympathy; and, be it further

Resolved, that a copy of these resolutions be sent to the family of Brother Legendre, that they be recorded on the minutes of Alpha Chapter; and that they be published in The Shield and Diamond.

EDITORIAL

It is with deep regret that we chronicle the passing of Theron Rice and James Legendre. Both were closely connected with the early days of Pi Kappa Alpha and both played a mighty part in its development.

Two more links connecting us with the past have been severed. For no matter how vivid our written records there is nothing so attention compelling as the spoken reminiscence of bygone days. In a sense, there is added dignity to the institution whose founders have long since died. Age brings an often deceptive appearance of permanent values. In a greater sense, however, no matter how living its traditions and how noble its ideals, there is danger that time may bring a spirit of forgetfulness, even disloyalty, to the high principles actuating its founders.

It is our hope and fervent prayer that those few still remaining to us from the days of our fraternity's youth may long be spared so that they may continue to spread among us the light and inspiration of the early days of Pi Kappa Alpha.

The topics selected for special consideration at the coming Interfraternity Conference in New York City, December first and second, are significant as illustrating the problems confronting the interfraternity world. They are "The Movement for Economy in Education," which President Thomas of Pennsylvania State College has been invited to discuss; "How Fraternities Can Further Assist the Colleges," which Dr. William H. P. Faunce, President of Brown University and founder of the Interfraternity Conference, and Dean Herbert C. Bell of Bow-

doin College have been asked to discuss; "Scholarship," which Jess T. Caldwell has been asked to discuss; "The Chapter's Relations with the Parents of Its Members," which Howard Bement has been asked to discuss; and "Consider the Freshman," which Dean Arthur Ray Warrnock of Pennsylvania State College has been asked to discuss.

All of these subjects have been discussed more or less fully in various articles contributed to this magazine. Indeed, "Consider the Freshman" has been a potent inspiration to an endless succession of chapter scribes.

We suggest that the chapters of Pi Kappa Alpha might find profit as well as interest in devoting part of their meeting time to a discussion of these as well as of other timely subjects.

Elsewhere in this issue will be found very interesting reprints from the *Atlanta Journal* of October thirteenth and fourteenth concerning a Pi K A program given by the Georgia Tech and Emory Chapters and our Grand Treasurer over WSB, the *Journal's* broadcasting station. We believe this is a novel development in the art of Fraternity communication, though we are sure, in view of the general invitation to everyone to listen in, that nothing in the nature of even mild reproof was administered by our genial General Office to the most delinquent of chapter correspondents. Seriously, the enterprising spirit of these two chapters should find imitation in our other chapter halls. Even the large eastern stations might be induced to broadcast Pi K. A. programs. Such a mode of chapter intercourse would be at once significant of the age and a most powerful means of strengthening fraternal bonds.

CHAPTER LETTERS

Chapter Letters must be mailed to **General Office** by 1st of October, February, April and 10th of June. (Section 29, National By-Laws.) Chapters are advised to Register these Letters, preventing loss in mail.

ALPHA

University of Virginia.

The beginning of the Session 1922-23, on the fifteenth of September, found us with very few men. Seven men graduated last June and three other brothers do not expect to return.

At present we have the following men with us:

C. M. Catlett, Staunton, Va.
I. C. Hanger, Staunton, Va.
J. B. Jones, Jr., Petersburg, Va.
S. M. Scott, Lynchburg, Va.
C. L. Reese, Jr., Wilmington, Del.
B. E. Bradley, Charlottesville, Va.
W. D. Carver, Morrison, Tenn.
H. D. Darby, Jacksonville, Fla.
F. W. Caterall, Galveston, Tex.
C. Bedell, Jacksonville, Fla.
G. Winchester, Wilmington, Del.

We take pleasure in presenting the following transfers:

A. D. Mitchell, Omicron, Richmond, Va.
G. Kilmon, Iota, Onancock, Va.
A. M. Belden, Beta-Sigma, Northampton, Mass.

Although we were somewhat handicapped by the small number, the chapter has been successful in acquiring seven men who have pledged themselves to II. K. A.

Right now the outlook for Football is more promising than it was last year. The material this fall is hardly greater than the 1921 season; however Coach Campbell and his assistants have been working very hard.

Thus far we have had the pleasure of seeing but one alumnus return to College. Jere Willis, a promising young lawyer, was the one to confer that honor upon us. Jere was a tremendous help during the rushing season.

We hope that all our sister chapters may have an excellent year—one that we all shall remember with pleasant thoughts.

GEORGE WINCHESTER.

BETA

Davidson College

With nineteen old men on the Chapter roll Beta is looking forward to a most successful year. The business of the Chapter is progressing without a hitch in spite of the fact that we feel the loss of the five men who did not return this year; Knox and Knight graduating last spring and McCrary, Williamson and Bethea finding it impossible to return. We are glad to welcome E. M. Regen, from Sigma, who has affiliated with us this year.

Davidson opened on the fourteenth of September with the enrollment of five hundred and forty; previously unsurpassed in the history of the college. The campus, which was improved during the summer, is in beautiful shape, and with two new dormitories the college is making rapid strides in its program of expansion.

Every member of the Chapter means to work this year as never before. Hunt and Covington have made the first trip with the varsity football squad, while Hodgkin and Ballard are showing up well on the scrubs. Smith is managing the team this year and Hillhouse is helping him as assistant manager. Those brothers who are not interested in athletics are getting started in some campus activity.

The chairman of the rushing committee has evolved some elaborate plans and with the prospects as bright as they are we hope to make this a great year for Beta Chapter. The Alumni have aided us very much in sending in recommendations for men in the incoming class early. Several have paid us short visits and we were very glad to see them as we have found our Alumni only too willing to assist us in any way possible.

The following men are on the Chapter roll this year:

E. M. Hines, Rowland, N. C.
J. M. Bostick, Savannah, Ga.
H. O. Covington, Jr., Laurinburg, N. C.
R. L. McLeod, Maxton, N. C.
H. F. Northrop, St. Pauls, N. C.
H. H. Smith, Easley, S. C.
R. U. Woods, Charlottesville, Va.
A. M. Hilhouse, Waynesboro, Ga.
C. E. Hodgkin, Greensboro, N. C.
R. R. Jones, Jr., El Paso, Tex.
E. M. McKellar, Rowland, N. C.
E. M. Regen, Franklin, Tenn.
R. H. Smith, Easley, S. C.
John Ballard, Greensboro, N. C.
T. B. Brown, Greensboro, N. C.
J. M. C. Covington, Laurinburg, N. C.
J. C. Hunt, Lexington, N. C.

R. H. Littlejohn, Charlotte, N. C.

R. E. Wharton, Greensboro, N. C.

Beta wishes her sister Chapters a most successful year.

RANDOLPH JONES, JR., M. S.

GAMMA

William and Mary College.

Gamma, at the opening of the two-hundred and twenty-ninth year of old William and Mary, sends its greetings. The college is filled to overflowing and on all sides there is a marked and rampant spirit of progression and expansion. We are glad to say that Gamma has kept in step with the feeling. With fifteen old men re-assembled after vacation, we have the nucleus of what promises to be our strongest Chapter. The outlook for the coming session is very bright and it is with great pleasure and anticipation that we look forward to the arrival of the year's more serious activities.

The list of returned men is as follows:

R. G. Anderson, Wildwood, N. J.
 A. L. Baker, Newport News, Va.
 A. B. Belanger, Morgan City, La.
 E. W. Brauer, Richmond, Va.
 J. Campbell, Jr., Philadelphia, Pa.
 F. F. Chandler, Montross, Va.
 E. C. W. Dietz, Cincinnati, O.
 H. W. Hastings, Norfolk, Va.
 W. T. Henley, Tappahannock, Va.
 C. W. Hubbard, Whitestone, Va.
 M. R. Piland, Newport News, Va.
 O. S. Lowe, Norfolk, Va.
 A. E. S. Stephens, Wicomico Church, Va.
 J. B. Todd, Newport News, Va.

Already Gamma is establishing her place on the campus. When the football squad departed for the opening game with Penn State, five Gamma men, Lowe, Chandler, Todd, Dietz, and Hastings, were included on the trip; all of them holding down Varsity positions.

A great number of our men left us this year to enter business. Sorg is in business with his father and Aaron has been more recently elected secretary-treasurer of the Richmond Real Estate Association. Allan Gray is preparing to enter the Consular Service. Schenck has entered the law school at Washington and Lee, and Shields the Medical College in Richmond. Bennett is with the Ault & Wiborg Co. of Cincinnati.

Our rushing season promises to be extremely interesting. Rushing rules prohibit any pledging before the Sunday following Thanksgiving Day, a practice which is in vogue a second year. In the meantime, however, we are using an "eagle eye," and expect that by the time the gong rings, that we will be able to present a very promising set of new men.

At the first meeting of the year, the following officers were elected and appointed: O. S. Lowe, S. M. C.; A. E. S. Stephens, I. M. C.; F. F. Chandler, Th. C.; W. T. Henley, S. C.; E. C. W. Dietz, M. S.; J. B. Todd, M. C.

Gamma extends to her sister Chapters her best wishes for a highly successful year

ERNEST C. W. DIETZ.

ZETA

University of Tennessee.

The beginning of college found eighteen members returning. These members were:

Bishop, L. V., Knoxville, Tenn.
Cobble, J. M., Madisonville, Tenn.
Eads, V. C., Knoxville, Tenn.
Gallagher, Hugh M., Knoxville, Tenn.
Harkness, Wm. S., Jellico, Tenn.
Hood, Frank L., Knoxville, Tenn.
Jones, Phillip E., Knoxville, Tenn.
McBath, B. R., Knoxville, Tenn.
Mitchell, John A., Livingston, Tenn.
Nolan, J. Kenneth, Memphis, Tenn.
Powell, Don H., Memphis, Tenn.
Powell, Douglass, Memphis, Tenn.
Robertson, Victor H., Tullahoma, Tenn.
Tipps, Maynard, Tullahoma, Tenn.
Torreyson, Chas. H., Memphis, Tenn.
Turner, Ed., Centerville, Tenn.
Watson, R. B., Knoxville, Tenn.

Besides these men we have an affiliated brother from Beta Alpha. Crauthers, Henry L. Philadelphia, Pa.

After a successful rushing season Zeta takes pleasure in announcing the following pledges:

Creed Clifton Arnold, Livingston, Tenn.
Edward Bailey, Memphis, Tenn.
Robert E. Rochelle, Lynchburg, Tenn.
Harry Morgan Mofield, Livingston, Tenn.
Halmond Clark, Knoxville, Tenn.
George Burkle, Memphis, Tenn.
Jefferson Hannah, Halls, Tenn.

The work begun on the house last spring was completed during the summer and we are justly proud of the result. Not only is the increased space of great benefit, but the work has greatly improved the looks of the house.

This year Tennessee is putting out a freshman football team. Brother Jones and Pledge Rochelle are working hard to secure a berth on this organization.

Nearly all of the brothers are working in some school activity and all signs point toward a great year for Zeta.

We sincerely hope that Sister Chapters will enjoy a successful year.

R. B. WATSON.

ETA.

Tulane University

The following men have returned to Tulane University:

James Elizardi, 2222 Dublin street, New Orleans, La.
 Lynn Colomb, 1206 Webster street, New Orleans, La.
 Walter J. Barnes, 1721 Robert street, New Orleans, La.
 W. Rappleye Lawes, 918 Broadway New Orleans, La.
 Charles H. Campbell, 6041 Perrier street, New Orleans, La.
 George P. Robbins, Jr., Garyville, La.
 A. Morgan Brian, 3607 Chestnut street, New Orleans, La.
 Urban D. Mooney, Jr., 1925 General Pershing street, New Orleans, La.
 Dewey M. Long, Lowell, Ark.
 Douglas V. Freret, 2542 Peniston street, New Orleans, La.
 Charles H. Morton, Bernice, La.

Affiliate:

Kenneth N. Rayer, Beta Iota, 794 South Main street. Kankakee, Ill.

Pledges:

Garry D. Long, Neosha, Mo.

Joseph N. Edwards, 1928 Calhoun street, New Orleans, La.

Initiate:

Thomas Richard Rhea, Bonham, Tex.

Rushing season is well under way, and the crop of prospects seems above the average. While Eta feels confident of the outcome, we will wait until the pledging has been consummated before telling of our success.

Coach Shaughnessy, who handled the football team for 1915 to 1920 inclusive, during which period he raised the standing of Tulane from a state of mediocrity to that of a ranking Southern eleven, is back; and although Tulane is handicapped by the new rules enacted last year, due to the large proportion of its students registered in the graduate departments, we are confident that the

team, under the tutelage of the former Minnesota star will justify our hopes.

We feel sure that the Fraternity throughout, inspired by the addition of our recently chartered Sister Chapters, will work toward the completion of a most successful and prosperous year. Each and every member of Eta extends heartiest wishes to all the Chapters.

CHARLES H. MORTON.

THETA

Southwestern Presbyterian University.

Southwestern opened her doors on the 14th of September, with a much larger enrollment than last year. The freshman class is one of the largest in the history of the school. All of the students cannot be accommodated in the halls. A large number are rooming in town. A majority of the old men have returned. From the looks of things now Southwestern promises to have a most successful year.

Theta is looking forward to a banner year. Of the thirteen men on the roll last year, the following brothers have returned:

Mark B. Ryan, Hattiesburg, Miss.
Louis S. Scruggs, Minden, La.
C. Currien Smith, Sumner, Miss.
T. Barton West, Durant, Miss.
James S. Reynolds, Franklin, Tenn.
Chas. E. Mount, Franklin, Tenn.
Chas. R. Gilliam, Greenville, Miss.

Roberts, Walker. Bowen, Speight and G. C. Smith will be greatly missed by the Chapter. Person will also be missed for the first semester, then he will return and help Theta along her way. All of the brothers report a very pleasant summer.

Athletics are in full swing at Southwestern. Football is drawing all of the attention at present. Theta has one old man and two pledges out working for a place on the team.

Turning from athletics to another phase of student life, Theta is proud of the fact that she furnishes the editor of the Sou'wester. This position is held by Mark Ryan, Theta is also well represented on the University Quartette by Smith and Mount.

The brothers have had their eyes open during the rushing season. Theta wishes to introduce to the fraternity at large the following pledges:

David McKowen Pipes, Jackson, Ala.
Forrest Harvey Lavender, Greensboro, Ala.
Roy Edward Watts, Pontotoc, Miss.

Brady Harvey Belcher, Centreville, Ala.
 Goodwin Turner Myrick, Columbus, Miss.
 Charles Maurice Anderson, Gloster, Miss.

The opening of the fall term found the following brothers returned to college:

R. B. Cralle, Farmville, Va.
 C. P. Gillespie, Tazewell, Va.
 T. E. Gilmer, Draper, Va.
 J. F. White, Richlands, Va.
 B. S. Morgan, Jr., Charleston, W. Va.
 R. R. Roberts, Richmond, Va.

 J. N. Turner, Campbellsville, Ky.
 L. H. Richardson, Farmville, Va.
 J. M. White, Richlands, Va.

The Thursday of the first week of college Iota gave her annual rushing feed. The affair was in every way a success. The presence of three of Iota's alumni added very much to the occasion. The visiting alumni were brothers Jake Spessard, George Turner and Bob Bugg.

In the recent announcement of inter-fraternity averages (scholastic) for last year Iota came second in the list.

Iota is well represented this year both in athletics and in campus activities. Blankenship and Tyson have practically made regular places on this year's varsity eleven. J. F. White is assistant manager of football. On the college periodicals Iota is rep-

resented by R. B. Cralle. C. P. Gillespie, H. J. Dudley and B. S. Morgan, Jr. Cralle is business manager of the year book, The Kaleidoscope, and Morgan is Editor-in-chief of the "Tiger," the weekly publication.

Hampden Sidney this year is especially proud of her new Science Building. It is completely equipped and when completed will rank second to but few in the State. This year's enrollment is the largest in the history of the college and prospects look good for a most successful year.

Iota takes pleasure in announcing to the fraternity at large the following new initiates:

Fontaine Scott, Lynchburg, Va.
B. F. Tyson, Richmond, Va.
Joe Sloan, Huntington, W. Va.
S. T. Robertson, Wytheville, Va.
C. H. Liesfield, Richmond, Va.
M. R. Atkinson, Champe, Va.

Iota extends greetings to all Sister Chapters with best wishes for a most prosperous and successful year.

KAPPA

Transylvania College

When college opened in September. Kappa found that there were thirteen men beginning the new year. Kappa is sure to have her share of men in the school activities judging from the way the men have gone out for the various lines. In football Halbert is back at his old place of end, Carter is showing up well in the line and Borders is back again this year as full back. Mather and Adams are making their first appearances in the uniform of the Pioneers.

In other lines Roach has been elected to the position of Editor of the Crimson Rambler, the college weekly. This post has been held by Pi Kappa Alpha every year with the exception of two years since the paper made its appearance in 1914. Bower has been named as a candidate for assistant manager of the football team. In the Glee Club Van Winkle holds to his position as soloist. Roach has been added to the list of voices, and Smith is attached to the club as reader and director of the play.

Of those who left Kappa last year, Barclay, B. D. '22, is at Union Theological Seminary and will receive his M. A. in May; Dutt, A. B. '21, is still in Lexington in the contracting business; Eastwood, B. D. '22, has joined the ranks of married II's and is

located in Lexington; Henderson, A. B. '21, also married and is coaching athletics in the Shelbyville, Ky., High School; Fortune, A. B. '21, has gone to Michigan University to continue his work in medicine.

The men returned are:

H. S. SMITH.

MU

Presbyterian College of South Carolina.

College opened September 5th with the largest Freshman class that has ever enrolled registering. Seventy per cent of last year's Chapter are back.

The following brothers have returned:

V. K. Bland, Mouth of Seneca, W. Va.
 J. C. Young, Hodges, S. C.
 F. W. LaMotte, Columbia, S. C.
 E. G. Beckman, McClellansville, S. C.
 L. E. Brown, Black Mountain, N. C.
 R. B. Moore, Ridge Crest, N. C.
 J. G. Miller, Atlanta, Ga.
 J. L. Nickles, Hodges, S. C.
 M. B. Nickles, Donalds, S. C.
 V. P. Weldon, Sumter, S. C.
 W. J. Cherry, Rock Hill, S. C.
 H. B. Smith, Kingstree, S. C.
 W. D. Hudson Savannah, Ga.

In the latter part of May we pledged R. M. Lynn. We wish to announce that he has been initiated and is now a full fledged brother.

Mu is going to try to have one or more brothers in every

organization on the campus this year. We have made a good beginning in this as we have three men who seem destined for a berth on the varsity football team. Miller played center last year, while Brown is playing his first year as guard, and Moore as full-back. Brown was elected President of his class at a meeting held recently. Cherry was elected Vice President of the Junior Class. Bland was selected assistant to the professor of biology.

P. C. was completely filled this year. We have more students now than ever before in the history of the college. It is believed that if we had another dormitory it could easily have been filled. We have a promise of twenty-five thousand dollars for a new dormitory on the conditions that fifty thousand dollars more be raised. More Freshmen means better Fraternity material and with such a large Freshman class to pick from, we are going to strive to make this a banner year.

J. G. MILLER, M. S.

OMICRON

University of Richmond

With the opening of the nineteenth year of the University of Richmond, Omicron Chapter sends greetings.

Despite the increased enrollment over any previous year in the history of the university, only six II's returned. Instead of a disadvantage this has proven helpful, since the members are more closely drawn together and are determined to make the age-old prophecy for a "bigger and better year" come true.

To do this everyone is actively at work. By methods of elimination the best material is being selected in preparation for rushing season, which begins October 12. Already we have assurance of some splendid men.

Football holds the center of interest at present and two II's are on the scrimmage line, Marsh McCall and William Carver. Sixteen letter men are back and a favorable year is forecast, although we lost to Lafayette in the first game of the season.

Besides being represented on the gridiron, Omicron has members on the college publications. Carver is editor-in-chief of "The Web," the annual, and McCall is assistant editor. Minor positions on the other periodicals are held also by members, together with other college activities.

While the Chapter has always been fortunate in having a loyal Alumni Chapter, this is particularly true this year. Already

many have returned for visits and more have promised to come out to meetings.

Plans for a Fraternity room, to be built in the main dormitory, and to remain in II possession until a house is built, are well under way. A color scheme of orange and gold will be employed and every possible means to make the room thoroughly habitable and pleasant will be used.

Those who have returned this year are:

William Owen Carver, Jr., 1445 South First street. Louisville, Ky.

James Stuart Durham, Howertons, Va.

Junius Weisiger Ellett, Pocahontas, Va.

Marsh Howard McCall, Tazewell, Va.

John Mark Lutz, 513 West Franklin street, Richmond, Va.

Joseph Warren Handley, Richmond, Va.

In addition, we have brother H. E. Hayden, Jr., of the Science Department, who is taking an interest in the affairs of the Chapter.

At the first meeting of the Chapter officers chosen and appointed, were: J. W. Hundley, Jr., S. M. C.; W. O. Carver, Jr., Th. C.; M. H. McCall, I. M. C.; J. W. Ellett, S. C.; J. M. Lutz, M. S.; J. S. Durham, M. C.

Omicron takes pleasure in announcing the pledging of George Howell, Richmond, Va, of the Law School.

Best wishes to her Sister Chapters for a most successful year are sent by Omicron.

J. MARK LUTZ.

PI

Washington and Lee University.

Pi Chapter opened the year with the following old men returning:

M. T. Allen, Georgetown, Miss.

C. E. Crockett, Oxley, W. Va.

G. S. Earp, Norfolk, Va.

W. G. Hall, Memphis, Tenn.

C. M. Lewis, Magnolia, Ark.

W. P. McTaggart, Beckley, W. Va.

C. W. Meadows, Beckley, W. Va.

L. G. Norvelle, Newbern, Tenn.

H. L. Shuey, Fordwick, Va.

In addition to these we have transfer W. C. Schanck of Norfolk, Va.

We take pleasure in announcing to the Fraternity at large our

first two pledges of the season, William Homeir of Richmond, Va., and George Wolfe of Shreveport, La.

Washington and Lee opened its one hundred and seventy-fourth session with seven hundred and fifty men enrolled. Quite naturally our thoughts at present are principally centered around football. Our schedule for this year is of particular interest since it includes a game with the University of Virginia for the first time in over ten years. The team while composed mostly of green material, due to the failure of many last year's stars to return to college, is rapidly rounding into shape under the efficient coaching of Jimmie DeHeartt. DeHeartt is an ex-Pitt star and this is his first year with the Blue and White.

All the other college activities are also well under way. Shuey is Business Manager of our annual "The Calyx" for 1923, and is also on the editorial staff of the Ring-tum Phi our semi-weekly newspaper, as well as a member of the Student Publication Board. Earp is on the editorial staff of our humorous monthly "The Mink" and is working hard for a berth on the "Calyx" and "Ring-tum Phi" staffs. Meadows is again taking a leading part in a musical comedy produced by our dramatic club "The Troubadors." Allen was elected Secretary and Treasurer of the Senior Academic Class. McTaggart is Class Historian of the Senior Engineers. Crockett is on the Varsity football squad.

Election of officers for the first seamester resulted as follows: M. T. Allen, S. M. C.; L. G. Norvelle, I. M. C.; C. M. Lewis, Th. C. The S. M. C. appointed the following: W. P. McTaggart, S. C.; H. L. Shuey, M. S.; W. G. Hall, M. C.

H.L.SHUEY.

SIGMA

Vanderbilt University.

Sigma has returned the following men:

James Comfort, Knoxville, Tenn.
Milton Davenport, Woodbury, Tenn.
Frank Davenport, Woodbury, Tenn.
Wilko G. Scanlon, 509 Holloway street, Durham, N. C.
Charles R. Wharton, 224 North street, Jackson, Miss.
John A. Martin, Cullman, Ala.
Frank Hunt, Madisonville, Tenn.
J. L. Cooke, Jr., Franklin, Tenn.
John C. Drennon, 1521 McGavock, Nashville, Tenn.
David M. Clay, Athens, Ala.
Russel Cornette, Walnut and Central, Hopkinsville, Ky.
Maurice Speck, Monterey, Tenn.

Rucker Patterson, Gallatin, Tenn.
Erskine M. Chenault, Albany, Ala.

A few have not yet arrived. John Kinzer, Willard Farmer and Walter Smith are expected. We have several men from other chapters with us this year, and are expecting them to affiliate: Walter Wadlington, Zeta; William H. Tandy and Richard B. Bridgeman, Alpha-Nu; John Harris, Alpha-Iota. Charles Martin, Kappa, is expected to arrive soon.

We have had a very successful rushing season, and have pledged the following freshmen:

James McGill, Madisonville, Tenn.
James Rogers, Covington, Ky.
Ralph Ledder, 1812 Greenup, Covington, Ky.
Fowler Hollabaugh, Vanderbilt Place, Nashville, Tenn.
Troy Bagwell, Madisonville, Tenn.
Wentworth P. Cunningham, Stone Court Apartments, Nashville, Tenn.
John H. Smith, Campbellsville, Ky.
Nichol Britt, Franklin, Tenn.
Jack Anderson, Franklin, Tenn.

The new stadium, the first to be built by a Southern school, is receiving the finishing touches. The first game to be played in the stadium is that with Michigan on October 14th. Vanderbilt has a great football squad, and we anticipate some exciting games. Beginning this year freshmen are ineligible for varsity, so we have a freshman team. Competition for the fresh team is almost as great as that for the varsity. Rogers, Britt and Bagwell are going out for it, and stand a good chance of making it.

The Surgeon General, in a letter to the Dean of Medicine, has said that Vandy's unit, the only one in the South, was the most efficient in the country at the Medical R. O. T. C. camp during the past summer. Sigma was well represented.

Kenneth McCrary, Beta, and Kent Jamerson, Beta Omicron, have visited us.

We have a new house this year. Our address is now 1920 Broad street.

Sigma wishes her Sister Chapters a most successful year, and invites any II who may be in Nashville to visit the Chapter.

ERSKINE M. CHENAULT.

UPSILON

Alabama Polytechnic Institute.

Auburn opened its doors on September 5 with the largest enrollment in the history of the college. Over half of the II's were

here about three days early to fix up the house and to begin rushing season, and in this we were very successful. We extended twelve bids and got twelve good men. Upsilon takes pleasure in announcing the pledging of the following men:

W. R. Kent, Birmingham, Ala.
W. J. Esdale, Birmingham, Ala.

Auburn's prospects on the gridiron this season are exceedingly bright, having about sixteen letter men and practically all of last year's freshmen team returned. Upsilon is well represented on both the varsity and freshman teams. On the varsity squad Ollinger and Crane are sure of their letters, while on the freshman team Rox, McNeil and Yates are having everything their way. J. H. Psi takes this opportunity to wish her Sister Chapters a very successful year.

HOWELL T. HOLLIS (M. S.)

OMEGA**University of Kentucky.**

The fifty-sixth year of the University of Kentucky has begun and from present indications it is going to be a banner year.

Ferguson, our football star of last year, has returned, and promises to play another stellar role on the gridiron.

ALPHA-ALPHA

Trinity College

Our college year opened September 20, 1922, with the largest enrollment in the history of the institution. There being approximately one thousand students enrolled.

Only eight II's answered the first roll call. They are as follows:

Thomas Benton Ashby, Mount Airy, N. C.
Henry Archer Crute, Winston-Salem, N. C.
Fred Folger, Mount Airy, N. C.
John Balle Harris, Albemarle, N. C.

Clarence Henry Lee, Monroe, N. C.
Thomas Gill Neal, Laurinburg, N. C.
John Raymond Shute, Jr., Monroe, N. C.
James Robert Simpson, Winston-Salem, N. C.

The fall of 1922 marks Trinity's third season in intercollegiate football since 1895, and finds the campus filled with enthusiasm as the football squad returned from Lake Junaluska, in the mountains of North Carolina, where a camp for preliminary training was held. Pi Kappa Alpha will be represented on the team by Simpson at center, Crute at full back, and Neal, who is captain of the team, at end, with Shute making a good bid for a position in the line.

Trinity Park School, a "prep" school, which has for years been conducted in connection with the college, and on the campus, was abolished and all of its dormitories and equipment turned over to the college in order to accommodate the large enrollment.

On September 30th, it was announced that Mr. James B. Duke had again opened up his heart and donated to the college \$1,000,000 additional endowment, \$50,000 towards a \$100,000 Law building, \$50,000 towards a \$100,000 building for Religious Education, and \$25,000 for our new Gym., which is now being constructed as a memorial to the Trinity men who gave their lives in the world war.

In recent elections Alpha-Alpha has been fortunate in having several men fill the various offices. Ashby and Harris are on the Student Council, and Neal and Shute are Vice Presidents of their respective classes.

Since the opening of college we have greatly appreciated visits from several of the brothers, among them being Martin and Ferrell of Winston-Salem, and L. D. Hepinstall of Alpha-Chi, who is now a traveling salesman.

Alpha-Alpha wishes all the Sister Chapters the best year in the history of their existence.

T. G. NEAL.

ALPHA GAMMA

Louisiana State University.

Alpha Gamma Chapter began the college year under very favorable conditions. A new home having been leased during the summer, the members of the Chapter came to Baton Rouge in time to secure furniture for the individual rooms in the Chapter House. Splendid fixtures were provided by the Chapter for the living room, dining room and kitchen. Under the very able management of Clyde Brown, servants were engaged and the serving

of meals began on September 21. The members of the Chapter readily fell into the routine of the new home and prospects for a fine college year seem good.

Eleven members of the Fraternity returned to L. S. U. for the session 1922-1923. Of this number one will graduate at the end of the current session.

Clyde R. Brown is at the head of the Chapter this year. He is a member of the Senior Law Class. All of the labor of managing the Chapter House is performed by him to the satisfaction of all his brothers, as well as the buying of the furniture and fixtures.

Names and addresses of members of Chapter returned:

University of Florida.

On September 12th the University of Florida again opened her doors and with the largest enrollment of her history. Alpha-Eta returned strong, nineteen old men returning. All old men re-

turned three days ahead of time, as is the custom, in order to prepare for rushing season. Rushing this year was, as usual, most successful, although there was much cross-rushing. Alpha-Eta is proud to announce to the Fraternity at large the following pledges:

Edwin Trevor, Key West, Fla.
Clyde Long, Madison, Fla.
Louis Howell, New Smyrna, Fla.
Barco Bishop, Gainesville, Fla.

Florida's football team, the 'Gators, is out doing its daily work now and looks like a winner. We have something new on the campus this year, a freshman football team. There are now seven complete freshman teams on the field competing for positions. The varsity will have quite a job defeating them and the freshmen from other universities will have their hands full when the Junior 'Gators meet them. Case and Pomeroy look as if their place in the varsity backfield is assured and Pledges Randall, Bishop and Todd are giving their opponents a merry battle on the freshman field.

The following are the returned old men and their addresses:

Claude Anderson, Orlando, Fla.
Maurice Frank Bunnell, Orlando, Fla. ,
Franklin D. Hardaway, Orlando, Fla.
David Alva Rambo, Orlando, Fla.

ALPHA-IOTA

Millsaps College

The members of Alpha-Iota Chapter back at Millsaps for the 1922-23 session are:

T. M. Davenport, Jackson, Miss.
N. B. Gillis, Fayette, Miss.
L. J. Griffis, Beaumont, Miss.
H. H. Knobloch, Jackson, Miss.
W. W. Lester, Jackson, Miss.
J. D. Mullen, Jackson, Miss.
R. E. Sylverstein, Tylertown, Miss.
Leigh Watkins, Jr., Jackson, Miss.
G. B. Watts, Ruleville, Miss.
R. L. Williams, McComb, Miss.

Interest in the various college activities is keen, and numerous honors are coming to the wearers of the shield and diamond. On Millsaps' rapidly developing football team we are represented by Davenport, who is recognized as a power at tackle. The **Purple and White** is becoming an outstanding college paper in the South; Watkins is Associate Editor and Davenport, Athletic Editor; while Watts is Business Manager, with Mullen as his assistant. Williams is Circulation Manager, and Knobloch is on the staff as reporter. Our annual, the **Bobashela**, is to be prepared under the editor-in-chiefship of Watkins, while Mullen is Art Editor. Watkins and Knobloch won places in the Kit Kat Club, the local Chapter of Sigma Upsilon Literary Fraternity. The Honor Council of the college is under Watts as chairman. And there are still other places of honor and responsibility yet to be awarded.

The Chapter recently enjoyed a visit from Henry B. Collins, Jr., a 1922 graduate. During the summer Brother Collins was at Chaco Canon, New Mexico, working at archaeological research. His stop in Jackson was while on his way to Washington, D. C., where he has a position in the National Museum.

Alpha-Iota has given up her old Chapter house and has taken a new bungalow at 1249 North West Street. The new house is on a main thoroughfare of the city at two blocks' distance from the college, and is more convenient in every respect. At that address any II K. A's. who may be in Jackson will be welcomed as co-workers in our great brotherhood.

HERMES H. KNOBLOCK.

ALPHA-KAPPA

Missouri School of Mines.

We are very fortunate this year in having fourteen old men back. This furnishes an excellent foundation upon which to expect to build a Chapter. Also, it might be well to state that we are in the same house for this ensuing year. It is an ideal one, in all respects, and comes as near as possible to fulfilling the requirements of a home. For this reason Alpha-Kappa is bending all efforts towards buying it and in the near future we expect to be its proud owners.

In addition to the old men returning we take pleasure in reporting the affiliation of L. A. Fisher from Alpha-Nu.

The following members, with their respective home addresses, returned to college this semester:

- E. H. Cathcart, 919 Broadway, Kansas City, Mo.
- W. M. Keeling, Falls City, Neb.
- H. S. Pence, Falls City, Neb.
- V. L. Whitworth, Rolla, Mo.
- M. P. Weigel, 2013 13th street, Tuscaloosa, Ala.
- W. E. H. Knight, 1906 Jackson avenue, Joplin, Mo.
- Bourke Samples, Booneville, Ind.
- W. S. Wright, 902 S. Massachusetts avenue, Sedalia, Mo.
- C. F. Schaefer, Jr., 430 Maple Ave., Edgewood, Pittsburgh, Pa.
- K. A. Ellison, 124 N. Linden, Sapulpa, Okla.
- D. N. Griffin, 417 West A. street, Joplin, Mo.
- P. A. Smith, 1500 Walnut street, Collinsville, Okla.
- J. D. Thomas, Rolla, Mo.

Affiliate:

- L. A. Fisher, 25 N. Fountain street, Cape Girardeau, Mo.

We also announce the pledging of the following men:

- M. B. Mills, 1924 Jackson avenue, Joplin, Mo.
- W. M. Gilbert, 117 S. Poplar street, Sapulpa, Okla.
- B. F. Morgan, Falls City, Neb.
- H. A. Herder, Edwardsville, Ill.
- T. B. Kent, Malden, Mo.
- O. L. Koch, Treloan, Mo.
- A. W. Crocker, 213 Beech street, Clarendon, Va.

When it comes to college activities Alpha-Kappa is holding her own. We have an officer in one of each of the four classes. Samples is pledged to Sigma-Gamma-Epsilon, the professional mining and geology fraternity, and also to Quo Vadis; Thomas and Fisher to the Satyrs, the honorary sophomore organization; Whitworth, Knight, Griffin, Pence and Thomas to Sigma Lambda;

Griffin to Pipe and Bowl, and Ellison has been elected Circulation Manager of the Miner, the college weekly.

Pi Kappa Alpha came through the strain of exams last semester bearing her colors at the head of all fraternities. We wish to emphasize the importance of our scholarship standing; for this together with our "good will" constitutes our greatest asset, and the magnet which draws to us many neophytes. The homelike atmosphere of our Chapter house, the cheerful fire in the open fireplace and the congeniality of the men always impresses those same neophytes.

The Missouri School of Mines football team is being coached by S. McCollum, who was a star last year on the Penn State team. With our first game but a little over a week away our hopes are running high. We have Fisher and Mills trying for a berth on the team.

Our officers for the coming year are: Pence, S. M. C.; Cathcart, I. M. C.; Keeling, Th. C.; Schaefer, M. S.; Wright, S. C., and Griffin, M. C.

Whitworth is Editor of the Alpha Kappa Kapers and we feel sure that no one is better fitted for the job than he. Weigel is the freshman Mentor.

Alpha Kappa expresses felicitations to her Sister Chapters.

C. F. SCHAEFER, JR.

T. R. CLOUD.

ALPHA XI.

University of Cincinnati.

Alpha-Xi begins the new college year with all the confidence and energy that makes a successful season, though somewhat handicapped with a small active chapter to begin the year with, having graduated a larger number of men than any other fraternity last June. The following brothers are in college this September:

Thomas Denham, Cincinnati, Ohio.
John Eilers, Cincinnati, Ohio.
Percy Fitzgerald, Fitchburg, Mass.
Maxwell Fuller, Lincoln, Ill.
William Havelaar, Paterson, N. J.
Howard Hebble, Cincinnati, Ohio.
John Jarman, Kasson, Minn.
Edwin Koch, Cincinnati, Ohio.
Kirby McCord, Cincinnati, Ohio.
George Palmer, Montgomery City, Mo.
Fred Schierloh, Lockland, Ohio.
Clifford Thomas, Cincinnati, Ohio.

Besides these brothers we have six pledges from last year returning to college. Preparations for their initiation are now being made, as we have the sophomore initiation rule. The pledges returned to college are:

Don Crossett, Cincinnati, Ohio.
George Hughes, Washington, D. C.
David Hopkins, Cincinnati, Ohio.
Howard Imboden, Dayton, Ohio.
Elliott Lounsberry, Chicago, Ill.
Carl Runge, Cincinnati, Ohio.

Our rushing season started off with its usual success, beginning with a stag banquet at the fraternity house on September 26th. Besides the usual number of high school guests our alumni were much in evidence. The professional entertainment and local talent added much to the success and enjoyment of the dinner. Short and interesting speeches by both alumni and active men were enjoyed by all.

This affair was followed by a house dance on September 23rd, which was a peppy event.

We have thus far succeeded in pledging one new sophomore and six good freshmen. At the time of writing out-of-town men are not eligible to be pledged, and we also have one more college registration to draw from.

Introducing the new pledges:

Ben DeBieux, Louisiana.
Gordon J. Buchanan, Cincinnati, Ohio.
C. Mayo Hoffman, Cincinnati, Ohio.
Carl T. Kirchmaier, Cincinnati, Ohio.
Warren E. Lammers, Cincinnati, Ohio.
James West, Cincinnati, Ohio.
Kenneth McKee, Cincinnati, Ohio.

All indications show that the University will have the biggest registration in its history. Many important events will soon be in full progress, building of new dormitories and the stadium drive.

Alpha-Xi is well represented on the campus this year with Mike Palmer, all state half, as captain of the football team. Fred Schierloh, President of the Co-op. Club. Howard Hebble is out for assistant football manager. Carl Runge is first assistant cheer leader.

We have selected the following brothers to guide us through the year:

William C. Havelaar, S. M. C.; Fred Schierloh, I. M. C.; Edwin Koch, Th. C.; Clifford Thomas, S. C.; Percy Fitzgerald, M. S.; Maxwell Fuller, M. C.

With best wishes to our sister chapters for the coming year.

MAXWELL FULLER, M. C.

ALPHA OMICRON.

Southwestern University.

September the 27th marked the opening of Southwestern with, from the optimist's viewpoint, one of the most promising years it has ever had. The friends, faculty and students of Southwestern are planning a "land mark" session, with the assistance of our new president. W. P. Horn. This is the "Golden Anniversary" of Southwestern. There is much desirable material among the incoming "Frosh" class and we are fortunate in getting first served on many of the newcomers.

Alpha Omicron opened with ten old men and Pledge George W. Davis, Jr., transfer from Beta Zeta. W. F. Foster will captain the Varsity eleven and from all prospects will lead them through a successful season.

We have purchased a new electric victrola which adds to the beauty and comfort of our home.

Alpha Omicron takes great pleasure in announcing that she leads all fraternities in Southwestern, last term in scholarship average.

The men returning this year are:

T. W. Boggess, Kemp, Texas.
T. L. Comer, Liberty Hill, Tex.
A. C. Douthitt, Henrietta, Texas.
D. W. Forrester, Belton, Texas.
W. F. Foster, China Springs, Texas.
W. V. Holloway, Waco, Texas.
E. G. Horger, Georgetown, Texas.
J. R. McDaniel, Floresville, Texas.
P. M. Steveson, Groveton, Texas.
W. R. Tull, Waco, Texas.

Pledge G. W. Davis, Jr., Houston, Texas.

The most successful of rushing seasons and the fullest of years is the word we wish to extend to our sister chapters.

T. W. BOGGESE, M. S.

ALPHA-PI.

Howard College.

Howard opened her doors on the 13th of September. With an increased enrollment over last year, with an abundance of Freshman material, and with the return of a majority of last year's chapter, prospects seem bright indeed for our fraternity this session.

The following old men have returned:

C. R. Bennett, Louisville, Ala.
O. A. Alford, Birmingham, Ala.
C. H. Stevens, Jackson, Tenn.
F. A. Mullins, Clanton, Ala.
A. L. Head, Walnut Grove, Ala.
R. A. Nunnelley, Birmingham, Ala.
H. E. Watlington, Birmingham, Ala.
H. E. Whitehead, Ensley, Ala.
W. L. Lenderman, Ensley, Ala.
H. A. Casey, Birmingham, Ala.
C. W. Algood, Birmingham, Ala.
R. W. Webb, Birmingham, Ala.
Jack Gregory, Birmingham, Ala.
R. E. Owens, Enterprise, Ala.

On account of the ruling of the Pan-Hellenic Council our annual Fall Banquet for the purpose of pledging Freshmen has not

yet been held. This affair takes place on the night of October 17th. Alpha-Pi is very busy looking over the prospective material.

Of the old men who returned six are members of the Senior Class, one Junior, six Sophomores.

On the football field we are well represented by Alford, Owens, Stevens, Whitehead and Head.

Our first game resulted in a 12 to 0 victory over the State Normal. The Alpha-Pi members were instrumental in bringing about this victory.

Alpha-Pi extends greetings and best wishes to her sister chapters.
R. A. NUNELLEY.

ALPHA-SIGMA.

University of California.

We are very pleased to introduce our six new brothers, who were initiated on September 21, 1922:

Charles W. West, 1726 Walnut St., Berkeley, Cal.

Fay D. Loomis, 2324 Piedmont Ave., Berkeley, Cal.

Thomas K. Wilson, 1638 West 49th St., Los Angeles, Cal.

Roy C. Ploss, 1809 Delaware St., Berkeley, Cal.

Harold Ross, 2324 Piedmont Ave., Berkeley, Cal.

George A. Jacquemart, 2826 Webster St., Berkeley, Cal.,
and Reginald Clotfelter, Dinuba, Cal., who was pledged after initiation.

We feel fortunate in having a Freshman class which will uphold Alpha-Sigma's athletic and scholastic record. Charles West is now playing on the Freshmen football squad. Ploss is working hard for Freshmen crew, and Rosa shows up promisingly as a track man.

One of the annual interfraternity athletic contests here is baseball. We recently won our first game in the schedule by a big margin, and have high hopes of going through all our remaining games with the same honors.

In the interfraternity track meet held recently Alpha-Sigma won third place from a field of some forty-five fraternities.

Missing from our ranks this year are Clare Small, Walter Stile and Ed Redman, who are playing their trades elsewhere, but promise to be back again next semester.

One of the saddest experiences that Alpha-Sigma has passed through in years occurred this summer when "Doc" Morgan, of this year's senior class, was instantly killed in a tragic automobile accident.

When Joe Shaw returned from his summer vacation he had decided to take up the study of dentistry, which takes him to the Affiliated Colleges across the bay, and he felt that he had to resign the presidency. Louis Price was elected in his place.

The following are the names and addresses of the members returned:

Taylor L. Douthit, 224 Athol Ave., Oakland, Cal.
 Louis B. Price, 2324 Piedmont Ave., Berkeley, Cal.
 William J. Shaw, 2324 Piedmont Ave., Berkeley, Cal.
 John C. Robb, 2324 Piedmont Ave., Berkeley, Cal.
 Michell N. Abramson, 611 Baker St., San Francisco, Cal.
 Harold G. Huovinen, 41 Echo St., Oakland, Cal.
 Evan Robert Pusey, R. R. C., Box 146, Fresno, Cal.
 Thomas B. Burness, 1021 T St., Fresno, Cal.
 Joseph Shaw, 3770 Telegraph Ave., Oakland, Cal.
 Lynn B. Cayot, La Jolla, Cal.
 William E. Haney, 2324 Piedmont Ave., Berkeley, Cal.
 Richard B. Eggleston, 5345 Manila Ave., Oakland, Cal.
 Albert J. Smith, 2324 Piedmont Ave., Berkeley, Cal.
 Jesse A. Gooch, 4191 Emerald St., Oakland, Cal.
 Joseph C. Burr, 2015 M St., Sacramento, Cal.
 Eugene C. Brown, Bin 12, Bakerfield, Cal.
 James K. Young, 2722 M St., Sacramento, Cal.
 Roy H. Barr, Dinuba, Cal.
 Robert G. Stanton, 317 Lime St., Los Angeles, Cal.
 Willard Brobst, 1427 Magnolia St., Oakland, Cal.

ROY H. BARR.

ALPHA TAU.

University of Utah.

The college term at Utah opened late this fall but the men have become active and already are well along with plans for the pledging of new members from the now eligible Sophomore class. The late members are still coming into the fold and the flock is almost complete at present.

There are nineteen men back at college this year and with this foundation the chapter looks forward to a most successful year. Following are the names and home addresses of the men who have returned:

Linden B. Alder, 455 1st Ave., Salt Lake City, Utah.
 Thomas C. Browning, 160 S. 13th East, Salt Lake City, Utah.
 Wilder Brinton, 160 S. 13th East, Salt Lake City, Utah.
 James Bradford, 160 S. 13th East, Salt Lake City, Utah.
 Clinton M. Dinwoodey, 160 S. 13th St., Salt Lake City, Utah.
 Melvin Freebairn, 2536 S. 7th East, Salt Lake City, Utah.

Phillip L. Jeppson, 341 Bryan Ave., Salt Lake City, Utah.
Clifton A. Jacobson, 174 K St., Salt Lake City, Utah.
Emil C. Jorgensen, 160 S. 13th East, Salt Lake City, Utah.
A. Van Lindsay, St. Mark's Hospital, Salt Lake City, Utah.
Wm. Rees Merrill, 160 S. 13th East, Salt Lake City, Utah.
David Howe Moffat, Murray, Utah.
George S. Nelson, 687 2nd Ave., Salt Lake City, Utah.
Sidney N. Parkinson, Canyon Road, Salt Lake City, Utah.
Walter Sheets, 1120 East 1st So., Salt Lake City, Utah.
Elliot Snow, 1393 East So. Tem., Salt Lake City, Utah.
Joseph Worthen, 256 West 7th So., Salt Lake City, Utah.
Glen W. Watkins, 246 So. 10th East, Salt Lake City, Utah.
Harold G. Wood, 160 S. 13th East, Salt Lake City, Utah.

Alpha Tau will be strong in activities on the Utah campus this year in both athletic and scholastic branches. A good representation on the football team is assured with Watkins, halfback; Jeppson, end; Hurren, guard, and Jorgensen, tackle, practically assured of positions. Howe Moffat is in line for a line berth on the Varsity and should make his letter this year.

Joe Worthen will guide the destinies of the Student Body this year. Worthen has gone into the work with a will and already has established himself as a success, by virtue of new and practical steps taken in student rule.

There is plenty of good material available at the school this year among the Sophomores, Freshmen having been ruled ineligible for fraternities.

On account of the vacancy caused by the graduation of Brothers Hurren and Watkins, former I. M. C., was elected S. M. C., and Browning was elected as I. M. C.

The chapter house bought last year by the fraternity is in process of cleansing by the younger members. The place has been taken care of during the summer by members appointed by the alumni chapter and the house and grounds show the effects of good hard work.

The outlook for the present is very cheerful, though graduation cost the chapter heavily in good men. The Grads are not losing their connections with the chapter, however, and already most of them have been around to renew old bonds of brotherhood.

CLINTON DINWOODY, M. S.

ALPHA-PHI

Iowa State College.

The college year opened at Iowa State on September 27th, with most of the Pi Kaps back to make this a banner year for

Alphi-Phi. Lawler, Potter, Buck, Wright, Noble, Fisher and Moravets will be missed at the roll call, but we hope to carry on their good work and uphold the standards of Pi Kappa Alpha as they have done so faithfully.

Among the members back this year, we have:

W. O. Fullerton, Audubon, Ia.
Emil Lage, Harlan, Ia.
C. L. Johnson, Audubon, Ia.
Edwin Werentin, Davenport, Ia.
Wm. Wright, Audubon, Ia.
A. E. Wolters, Ames, Ia.
J. E. Brorby, Madison, S. Dak.
Wm. George, Dubuque, Ia.
Carl Bartels, Dubuque, Ia.
Ray Wilhelm, Davenport, Ia.
Jordy Haney, Minneapolis, Minn.
Earl Drewelow, Dubuque, Ia.
Fred E. Powers, Charles City, Ia.
Chas. B. Silletto, Des Moines, Ia.

Alpha Phi wishes to announce the following new pledges:

Carl Helming, Waukon, Ia.
Malcolm E. Harding, Carleton, Minn.
A. N. Christiansen, Audubon, Ia.
Walter A. Lawrence.

Lawrence was with us last year and has returned to continue his studies in electrical engineering. Pledges Rae and Hersema have forsaken Iowa State, the former going to Minnesota, while Rae has returned to Madison, Wis.

Alpha-Phi started her social activities for the year on Saturday evening, October 7, with a dance at the Chapter house for all the dancers to get in "trim" for the week-ends to recuperate from the burden of books and studies.

"Deac" Wolters is our big man again this year, being captain of the football team, besides President of the Inter-Fraternity Council and holding offices in several other campus activities, and will lead Pi Kap to the front again on the campus. Brorby is another football man and will make a good bid for a berth on the team if injuries do not handicap him. In literary circles, Drewelow is representing us on the staff of the Iowa Engineer, being Assistant Editor for this school year.

Football this year looks brighter than ever before and under the tutorship of the new coach, Willaman, Iowa State will be well up in the Valley Conference. Although the line will be practically new, it will be heavier than before, and with the backfield in shape to be replaced entirely with three sets, the team is bound to make a showing and befeared throughout the Valley.

Alpha-Phi is glad to have Brother Jordan Haney, of Beta Chi with her this year. He is finishing his course at Iowa State in chemical engineering.

With best wishes to all Sister Chapters for the best year in the history of Pi Kappa Alpha.

CHAS. B. SILLETTO.

ALPHA CHI

Syracuse University.

The summer vacation has come and gone and the advent of the new scholastic year finds all Alpha Chi back with the same old enthusiasm. Two weeks of college activity finds us with thirteen excellent pledges, due to the efficient work of the rushing committee led by Lester Angwin.

The one drawback to mar the perfect start of the year before us was the disappointment that came when it was found that the improvements that were to have been put in during the summer months had not been completed. The interior of the four-room addition, erected last year, was to have been completed. The entire roof of the house has been re-shingled, however, and the exterior presents a good appearance.

Edgar S. Williams and William M. Taylor are to be found among the list of brothers entering the matrimonial world. Announcement was recently received of the birth of William Howard to Dr. and Mrs. W. J. Gabel on September 28.

Syracuse has gotten away again to a flying start on the grid-iron, having won its first two games by wide margins. Lynn Waldorf is holding down the varsity berth as right tackle. He has made excellent showings in these initial contests. Johnny Keffer is to be seen among the staff of cheer leaders.

Among the freshman luminaries that we have been fortunate in pledging are Kenneth Vosberry, on the fresh eleven; Neil Reeves, who starred on the cinder path in Sherrill High School of Sherrill, N. Y.; Warren Hueber, a four-letter man from Lockport High of Lockport, N. Y., and Warren Bruce, a musician of no mean ability and leader of the freshman orchestra.

Alpha Chi takes pleasure in introducing to the brothers at large the following pledges:

Morton S. Johnson, Richfield Springs, N. Y.

William H. Berrell, 229 Glenwood avenue, Syracuse, N. Y.

Lowell M. Berrell, 229 Glenwood avenue, Syracuse, N. Y.

Paul Wright, 218 Oak street. Binghamton, N. Y.

Warren Bruce, 3165 North Main street, Bridgeport, Conn.

Harold G. Becketl, 629 Warren street, Bridgeport, Conn.

Alpha Chi extends best wishes for a success year to all the Sister Chapters.

J. W. BENFIELD.

ALPHA-PSI

Rutgers College.

Alpha-Psi opened the tenth year of her existence with a small but efficient nucleus. Six men who were expected to return were unable to do so. But with three men returning unexpectedly, we opened with twelve men.

Gilbert Schade, ex-'23, decided to give up his wandering up and down the high seas and return to tell the brethren wonderful tales of the Orient, and to imbibe a little more from the fount of

knowledge on the side. William Brubaker, ex-'22, ex-'23, has come back to smite the infidel professor hip and thigh and to return to his native uplands with a sheepskin held securely in his right hand. At least, that's what he says. Donahue also came back to the fold after a year's absence.

We have at the date of this writing pledged six fine upstanding members of the class of '26. And we have several more under consideration.

We have had the pleasure of entertaining many of our loyal Alumni already this year and would like to see more of them before the end of the football season. We can promise unusually good football this fall and we hope many will take advantage of this to come down and see us.

The following are the names of the men who returned this year:

Leon G. Pancoast, Delanco, N. J.
Lawrence C. Swenson, Montclair, N. J.
Richard H. Cundy, Newton, N. J.
Orin E. Carpenter, Grantwood, N. J.
Jules F. DeDan, Atlantic City, N. J.
Kenneth M. Eden, East Orange, N. J.
H. Wilson Lloyd, Woodcliff, N. J.
Alfred W. Platt, Delanco, N. J.
Walter H. Donohue, Franklin Furnace, N. J.
William O. Allen, Berhardsville, N. J.
William Brubaker, Jr., Mountinview, N. J.
Gilbert H. Schade, Twin Falls, Idaho.

WILLIAM O. ALLEN, M. S.

ALPHA-OMEGA

Kansas State Agricultural College.

The opening of college by the K. S. A. C. was marked by an increased enrollment over last year. All indications point toward a great year for the Aggies. The stadium is well under construction and it is estimated that by the time of the K. U.-Aggie game, 3,000 seats will be finished. Several other building projects are under way on the campus.

Alpha-Omega experienced a very successful rush week. Our pledges are men who possess athletic, scholastic and executive abilities in such a combination that we feel justified in expecting great things from them. We take pleasure in announcing their names:

John Mildrexter, Norton, Kans.
Earl Coe, Fayetteville, Ark.

Leonard Root, Independence, Kans.

BETA-ALPHA

The Pennsylvania State College.

Greetings, brother II's. The Chapter this summer secured an option on the town hospital for \$1,000 and we are to have pos-

session of the house on January 1 of the coming year for the price of \$25,000. The building is at present unfit for occupation, but we expect to spend about 320,000 for enlarging and remodeling the present structure. Brother Elder, a professor of mathematics in the college, has spent considerable time working out the plans for financing this undertaking, and arrangements are being made to incorporate. The Pittsburgh Alumni Chapter is backing us strongly in our campaign as well as other alumni of Beta-Alpha.

In social activities Beta-Alpha has also been busy. We have held numerous smokers for the freshman and ended the first week of rushing season with a dance for the new pledges on Saturday night, September 23. Beta-Alpha has had a very successful rushing season and the active members as well as the older II's who sent in names of desirable men, are to be congratulated on the quality of our pledges.

The college has started its drive for \$2,000,000 to be used in the erection of new buildings. The first week of the faculty drive showed 100 per cent subscription and exceeded the amount they had hoped to raise. The student body is also going over the top for 100 per cent. The drive has started among the alumni of the college and there is no doubt that the \$2,000,000 quota will be raised and perhaps surpassed. Ground has already been broken for the Hospital, which is to be the first of a group of buildings constructed.

Harral, captain of the varsity Soccer Team, and Headley and Hagenbuch, have started practice for the coming soccer season. Heckel, who earned his "S" in track work last year, has begun training for the coming year and hopes to excel his former record in the high jump. Pledge Stanley Elder is still occupying his place in the college band. Pledges Adams and Lawrence are trying hard for a berth on the freshman football team. Pledge Richards is doing well in the Freshman tennis tournament and is trying hard for a position on his class team. Pledge Eisenhuth is also showing up well in soccer.

The following brothers have returned to college this year:

Chas. H. Ross, 622 Second avenue, Tarentum, Pa.
Chas. P. Day, Millersburg, Pa.

BETA GAMMA

University of Kansas.

Twenty loyal Pi Kaps returned to open the new year for Beta Gamma. With a fine spirit of co-operation, these men, under the captaincy of Walters, entered into a rushing campaign which was marked by unusually keen competition. The Chapter takes much pleasure in introducing the results of its good work:

Ellis Beaver, Sedan, Kans.
Richard Becker, Cherryvale.
Melford Bosserman, Denver, Colo.
Frank Farnsworth, Douglas, Kans.
Auril Jenkins, Lawrence, Kans.
Robert Hill, Pittsburgh, Kans.
Donald Huddleston, Oskaloosa, Kans.
Doyle Whitman, Salina, Kans.

Beta Gamma began her social activities with the usual rush party Monday night, September 11. On September 30 our freshmen were hosts at a reception given for the freshmen of other sororities and fraternities. The idea was something of an innovation among fraternities here, but it turned out to be even more successful than we had expected.

Kansas began her football schedule with the first intersectional game of her career, with the Army at West Point, October 7. The Crimson and Blue eleven was defeated—not beaten—by a score of 13-0. Miller, this year's cheer leader, and Dennis accompanied the team on the trip.

Saturday, October 7, was Campus Day. In the morning all the men donned their working clothes and reported on the hill for work. Members of the college sodded a plot of ground at the north end of the new stadium while men from other schools worked on the campus proper. At noon the girls from each sorority served luncheon. Then the workers went to Robinson gymnasium and watched an electric-sign duplication of the Army game play by play.

Professor W. W. Davis, a Pi Kap and member of the faculty, was recently appointed a member of the Missouri Valley Athletic Board. He, with Chancellor Lindley, has also been made an honorary member of the "K" Club. Pledges Jenkins and Hill are members of the Sphinx Club this year. Landson and Grogger are our representatives in Black Helmet. Herndon and Austin have been successful in the tryouts for the Glee Club, while Pledge Bosserman is now playing with the orchestra. Crenshaw went to Boulder, Col., as a delegate to the Sigma Tau Engineering Fraternity's national convention held there.

Jim Austin is back with us after a year's absence and has left journalism for law. Ralph Jenkins of Alpha-Omega and Webster Hallett of Alpha Nu have entered college here and are soon to be affiliated. The following men returned from last year:

James Austin, Cottonwood Falls, Kans.
Fay Bennett, 416 Woodlawn avenue, Topeka, Kans.
Francis H. Brown, 3232 Garfield, Kansas City, Mo.
Marion Collins, Osawatomie.

Bransford Crenshaw, 141 N Brighton avenue, Kansas City, Mo.

Cleon Creel, Parsons.

Paul Cornelius, Kansas City Club, Kansas City, Mo.

Gerald Keesee, 411 Greenwood, Topeka, Kans.

Henry Lansdon, 600 E. Iron avenue, Salina.

Donald McCauley, Robinson.

Virgil Miller, Lawrence.

Walter Salisbury, 1041 Pacific avenue, Osawatomie.

Homer Smith, 819 W. Iron avenue, Salina.

William Sproul, Sedan.

Harold Walters, 1513 Tauromee avenue, Kansas City, Kans.

Henry Widmer, 1405 Appleton avenue, Parsons.

Ralph Brady, 516 S. 4th street, Independence.

Thomas Grogger, 3320 Euclid, Kansas City, Mo.

Harold Herndon, 314 E. 4th street, Kansas City, Mo.

Howard Jenks, 902 Main street. Ottawa.

Beta Gamma extends to her Sister Chapters her best wishes for a successful year.

HOMER SMITH.

BETA-DELTA

University of New Mexico.

The following actives have returned:

Walter W. Ward, Albuquerque, N. M.

Vernon B. Wilfley, Mexia, Tex.

George B. Martin, Gallup, N. M.

William Roy, Albuquerque, N. M.

Dale H. Snyder, Albuquerque, N. M.

William M. Hale, Roswell, N. M.

Lawrence E. Lovitt, Albuquerque, N. M.

W. L. Dow. Colmor, N. M.

Walter E. Bowman, St. Johnsbury, Vt.

Ogle S. Jones, Roswell, N. M.

Robert M. Elder, Albuquerque, N. M.

Roy D. Hickman, Chattanooga, Tenn.

Dudley W. Snyder, Albuquerque, N. M.

Richard F. Coffman, Dayton, O.

George P. Owen, Las Lunas, N. M.

The first regular meeting was held at the Chapter meeting house, the Estufa, at which time the following officers were elected and appointed: George B. Martin, S. M. C.; Dale H. Snyder, I. M. C.; Walter W. Ward, T. H. C.; George P. Owen, S. C.; Roy D. Hickman, M. S.; Ogle S. Jones, M. C.

Beta-Delta is proud to introduce to the fraternity at large the following pledges:

H. Bernard Scarborough, Santa Fe, N. M.

Alfred Bunn, Albuquerque, N. M.
George Stevens, Albuquerque, N. M.
George Smithers, Albuquerque, N. M.
Linn Hammond, Albuquerque, N. M.
Charles Barber, Albuquerque, N. M.
P. D. Miller, San Ysidro, N. M.
John Howden, Albuquerque, N. M.
Dave Burton, Grove City, Pa.

Pledges Scarborough and Hammond are both basket ball men, Hammond being the captain of the All-State High School Basket Ball team, while Scarborough wins the distance events at the State High School tract meet of 1922. Pledge Barber has secured a position on the U. N. M. Weekly staff and is doing well. Pledge P. D. Miller was elected President of the freshman class. Pledge Stevens has his eye on the position of manager for the Mirage and is working hard towards that end.

Since the recent elections a number of the actives are filling class and student body offices. Owen was elected to represent the sophomore class on the Student Council. Dale Snyder was elected President of the Junior Class. George Martin was chosen President of the Lowell Literary Society.

As Editor-in-Chief of the Mirage, U. N. M. Year Book, Walter Bowman has moulded his organization, and considerable headway has already been made. Bowman is also President of the Pipe and Pen Club, an exclusive literary organization of the university. Roy D. Hickman is already at work on the Mirage as Business Manager, and from all prospects, we have a chance to have the best year book in the history of the school.

Pugh, elected Editor-in-Chief of the U. N. M. Weekly for 1922-23, was unable to fill his position because of illness recurring during the summer months.

Cliff Bernhardt is unable to attend college this year. His absence is keenly felt as he has always been a valuable and tireless worker, having served in various offices. in addition to playing football for a number of years.

Football prospects are the best in the history of the university, ten letter men returning, besides a number of football players from other schools from all indications will make the old players fight to keep their old positions.

Ogle Jones, star quarter-back of '21 and All-Southwestern half-back, is in fine form and is expected to excell in performances of last year. Dow and Lovitt report daily for practice, and it is probable that they will land a first string position.

Pledges Scarborough and Hammond oppose the varsity squad as members of the freshman reserves. Both men have starred

as high school players and likely to show real form before the season ends.

Beta-Delta extends her best wishes to all her Sister Chapters for a wonderful year.

ROY D. HICKMAN, M. S.

BETA-EPSILON

Western Reserve University.

Summer vacation has just ended here and thirteen active men have returned to college. Following is a list of those men and their home addresses:

Max D. Gustin, Hillsboro. O.
Edward S. Jones, Warrensville, O.
Omer T. Worley, 1816 Roxford Road, East Cleveland, O.
Henry A. Zwolinski, 1102 East 79th street, Cleveland, O.

Nelson E. Abrahamsen, 3186 Scranton Road, Cleveland, O.
Oliver J. Deex, 4364 Riverside Drive, West Park, O.
Kurt B. Weidenthal, 1577 Robinhood avenue, Lakewood, O.

Our new house is located at 2093 Adelbert Road, practically on the campus. It is a large eleven-room house and will comfortably accommodate sixteen men. Max Gustin is the house manager.

Because of the Reserve Pan-Hellenic rules we are not able to announce any pledges as yet, although we have done considerable rushing. The freshman class contains an exceptional number of prospective men, and on Pledge Day we hope to be able to announce the names of our new men.

Football prospects are better here this year. An entirely new athletic staff has been secured and the members of it have promised to again put Reserve in the running in the Ohio conference. Abrahamsen has gone out for a line position on the squad. Cross-country, a comparatively new sport for Reserve, has attracted four of our men.

Oscar Kiraly has been elected to the Pharmacy School Student Council and has also been elected Treasurer of the Pharmacy Junior Class. Alfred Hartman is a member of the University Student Council, which consists of one representative from each of the four principal schools in the university. Oliver Deex is on the Reserve Weekly staff.

Work has started on the new two million dollar Medical School. It is the gift of Samuel Mather to the university. The present plans call for its being completed within the next two years.

Beta-Epsilon wishes the best success for her Sister Chapters during the coming season.

KURT B. WEIDENTHAL, M. S.

Allen Rowson, Dallas, Tex.
G. E. Huff, Lawton, Okla.
James C. Magness, Honey Grove, Tex.
Jesse Becker, Dallas, Tex.

II K. A. is well represented on the gridiron this fall. Huff,

Rowson, Whitehead and Shuttles are on the varsity, while Magness and Huff are assured positions on the freshman squad.

With Hilburn as president of the Student Association and Means as treasurer of the Student Relief Fund, II K. A. looms up as a leader in student activities. Pledges Hunter, Linebaugh and McGregor will represent us on the University Glee Club, and we are also well represented in debates and other forms of student activities.

Beta Zeta has moved to a house at 202 Haynie avenue, which is larger and more desirable than the one she has occupied in the past.

Brother Marvin West from Beta Omicron has entered S. M. U. and is staying in our Chapter house.

The rushing party of September 16, was a delightful affair, and served wonderfully toward getting us in touch with the new members and pledges. Beta Zeta sends best wishes to her Sister Chapters.

Beta-Eta wishes to introduce to her Sister Chapters the following pledges:

We feel that we have closed a very successful rushing season as our new freshman class has taken a hold of things in a very creditable manner and is already getting out into activities. Pledge Chambers is now holding down the position of right guard on the freshman varsity eleven, while Pledge Dissel is playing right end. The freshmen gave the varsity a surprise by holding the latter to the score of 21 to 19 in a recent practice game. Three of our other freshmen—Harrison, Bate and Blackburn—are out for publications, while Wiley is trying his hand at golf. Pledge Bate is also out for track. Meyer has a good possibility of playing in the university band, while Pledge Helsing is out for freshman basket-ball.

The active Chapter is endeavoring to hold its own on the campus. Brother Saunders is Business Manager of the Illinois Magazine, and Brother Cushman Bissel is a Senior Councilman. Brother Werno is out for football managership, being one of the sophomore managers this year. Brother Rial Rolfe, who was runner-up in the Big Ten Conference Golf Tournament this past summer, has a berth on the Varsity Golf Team again this year. Brother Steeley is playing first clarinet in the university band.

The Chapter holds its first house-dance on the 13th of October and we are all looking forward to an enjoyable time. It will be our first dance of the year and is to be a very informal affair. During the summer we made a few improvements upon the Chapter house, having had the house re-decorated and partially refurbished. As this will be our first social function, with the completed changes the committee is endeavoring to put the dance across as big as possible.

Russell Burns, 2653 Clark street, Chicago, Ill.
Millford Watkins, Varneveld, Wis.
Wallace Hastings, Burlington, Wis.
George Fenwick, Beaver Dam, Wis.

Although seven men graduated in the spring, their places are rapidly being taken by new men, and we feel that we have some of the best men on the campus.

The football season opened on September 30, with Beloit in the field against DeKalb Normal. Beloit defeated the opponents 34-0 with Rowbotham playing a slashing game at left tackle. On October 7th, Beloit held Northwestern University to 17 points, the score being 17-0 in favor of Northwestern. This was more than was expected of Beloit, considering the fact that she was up against a university in the Big Ten Conference. In this game, Rowbotham repeated his performance of a week earlier. Brandrup accompanied the team to Evanston, where the game was played, as manager. Glenn Downing, pledge, is also on the squad.

The Round Table, a paper published bi-weekly and which is the second oldest school paper in the United States, printed its first edition of the year on October 30. Miller and Jewett are trying for positions on the staff.

Although Glee Club try-outs have not been held yet, Wilmot Pierce has been elected as the club's manager.

Claire Pierce was elected President of the Sophomore Council, an organization which handles the disciplining of refractory frosh,

and Winkenwerder is the new President of the Associated Students, or student body.

Beta-Iota already has its men in practically every activity on the campus, and every man in the house is either in some activity or is trying out for one.

Beta-Iota gave an informal victrola dance before classes started this year, which was a pronounced success. Other functions have already been arranged for.

All of the brothers have been working diligently, getting the new house ready for occupancy and adding new improvements. We have now acquired a much needed new piano and a period model Edison, through the efforts of Brother Jenkins, graduate senior and ex-president of the Chapter.

Beta-Iota sends greetings and best wishes for a very successful year to all of her Sister Chapters.

HARVEY JEWETT, M. S.

BETA KAPPA

Emory University.

Emory opened September 29th with a record-breaking attendance in all departments of the university, particularly in the freshman class, which outnumbers any freshman class in the 90 years' history of the university, there being over three hundred "new boys" within our sanction.

We were very fortunate indeed this year in having so many old men back with us, all brimful of pep and enthusiasm. We lost only seven men and six of these on account of graduation, these being Hamlett, Kilpatrick, Barnett, Calhoun, Warner, Foster, and Mars, who will be back with us for the winter term.

Beta Kappa also extends the warm hand of welcome to the II's who have come to us from other colleges; brothers Shepard, of Alpha Eta; Knight, of Beta, and Davison, of Delta. We feel confident that they will endeavor to uphold the good name of the Chapter, together with the enviable reputation which she enjoys on the campus today.

We have had a very successful rushing season and take great pleasure in introducing our new pledges, as follows:

N. M. Watson, Bristol, Tenn.
J. B. George, Gainesville, Ga.
V. L. Bruner, Knoxville, Tenn.
J. B. George, Gainesville, Ga.
W. L. Fuller, Gainesville, Ga.
D. A. Weems, Songdo, Korea.

Dean Rogers, Lawrenceville, Ga.
George Lowman, Atlanta, Ga.
Frank Kennet, Atlanta, Ga.
C. A. Whittle, Atlanta, Ga.
Clements, Savannah, Ga.

Beta Kappa is well represented on the campus this year, Deterly being captain of Company B, a charter member of Pi Delta Epsilon National Honorary Journalistic Fraternity; D. V. S. Senior Honorary Society (of which Talley is also a member); Editor-in-Chief of the college publication, the Emory Wheel, which, incidentally, is the best paper of its kind in the South, having been awarded first prizes for general make-up, editorials, etc., at the last meeting of the S. I. N. A. Deterly experienced the signal honor of being elected President of the above organization for the current year. Other members of our Chapter who secured berths on the Wheel staff are: C. L. Talley, Art Editor; H. B. Scott, Assistant Managing Editor; W. Clyde Tippins, Athletics; and W. S. Hardin, Assistant Business Manager.

O'Steen is president of the junior class and an honor roll man for the past two years, and is also a member of Pi Psi Music and Dramatic Fraternity.

John Turner made Chi Beta Phi Scientific Fraternity and is also an honor roll man of the junior class of 1922; John is one of the best shots on the R. O. T. C. rifle team, having made his "E" for three years in succession, he being, at present First Lieutenant of Company B.

We also have a number of good men out for football and track this year, Deterly, Callahan, Tilley, Hardin, Frenshman Fuller and Clements constituting the men who are trying for their respective class teams.

Our annual informal opening reception held at the Chapter house on Monday afternoon, October 16th, immediately following the opening football game of the season, proved quite a success and many enjoyed the hospitality afforded under our roof.

Hardin is interne at the University Infirmary and right well does he see to the physical needs of the fellows.

The following men have returned to the university and are taking active parts in all college activities:

C. L. Talley, Panama City, Fla.
 C. H. Deterly, Baton Rouge, La.
 E. F. Tilley, Atlanta, Ga.
 T. I. Willingham, Atlanta, Ga.

Ritchie is working for a place on the cross-country squad, with which Coach McLean hopes to win the annual cross-country conference meet during the Thanksgiving holidays.

Beta-Mu extends greetings and best wishes to her Sister Chapters for the college year.

Brothers Holtgrew of Beta-Lambda and Altdoerfer of Alpha-Rho attended summer school at Wisconsin and lived with those of us who stayed for summer school during a very pleasant six weeks.

Herbert Parkinson, Lancashire, England.

The first month of college finds the II K. A's. well represented in various activities. Enos Jones is manager of the cross-country team. Gerald Wade is looked to by Coach Burke to be in the mainstay of Enos' team. Ralph Spetz, premier dash man of the Big Ten conference, has the enviable distinction of being captain of the track team. Don Jones, Leslie McClure, Foster Newell, and Irving Wade are pillars of strength on Ralph's team. Donald Bell is assistant advertising manager of the Daily Cardinal. Milo Smith is assistant business manager of the Octopus, the Wisconsin humorous publication. Wayne Morse, our S. M. C., was the

upper class representative on the speaking program at the varsity welcome, a huge pageant of all classes at which the incoming freshmen are welcomed to Wisconsin. He is to represent Hesperia in the annual joint debate, by tradition the greatest forensic event of the year at Wisconsin. Wayne is also assistant chairman of Homecoming, the biggest day of the year for Wisconsin students and alumni. Lyman Arnold has been appointed a major in the R. O. T. C.

With our large number of track men, we hope to repeat our performance of the last two years by winning the inter-fraternity indoor track meet, to be held early in the winter.

Altogether Beta Xi looks forward with eager anticipation to a year of activity.

HAROLD A. CRANEFIELD, M. S.

BETA-OMICRON

University of Oklahoma.

It is perhaps a little too much the custom at the beginning of a New year to play up insignificant trifles unduly—to make unwarranted prophecies about the Chapter's future. However, Beta-Omicron has several things of which she is proud, and which seem indicative of a brilliant third year of existence.

First, we have a new house, all our own from cellar to garret, furnished like home and already beginning to seem that indeed, in spite of its newness; and in the same breath, we have a hostess this year of whom we are peculiarly and pardonably proud, Mrs. James E. Pershing, of Oklahoma City. She has a wide acquaintance throughout the State, and is "mothering" us in the most welcome fashion, wisely directing where direction is needed, and making us profit by her presence.

Next we have a splendid crop of pledges—pledges already making strides in the athletic, artistic and social activities of the campus. Pledge Garrett has just been elected freshman yell leader; Pledges Wilcox, Harrison and Garrett are out for freshman football; Pledges Standley and Glenn Carson have been appointed to the Sooner (the year book) staff; Pledge Carson is also an artist on the staff of the Whirlwind, Oklahoma's humorous magazine; Pledges Van Zant and Camp have become Cadet Lieutenant-Colonel and Cadet Captain, respectively, in the R. O. T. C.; Pledges Clare Carson, Bell, Snodgrass, Mercer and Redfield made the Glee Club; Pledge George Armor won our house scholarship cup for last semester; Bell blows a tuba in the R. O. T. C. band.

New activities of the brothers include: Pickard has been pledged to Alpha Kappa Kappa; Nelson and Snell are pledged to the Jazz Hounds, rooting organization, and LaMar to the rival organization, the Ruf Neks; Benton will teach voice again this year and direct the Glee Club; Joe headed an organization, also of singers, from Oklahoma in Chautauqua this summer, touring the States of the Middle West; Brown is vice-president of the freshmen lawyers; Mills and Brown are on the staff of the Sooner; Atherton has become Cadet Major in the R. O. T. C.; Stevens and Mills have been pledged by Majestic Keys, honorary sophomore organization; Thompson, Wilkinson, Riggs and Stevens made the Glee Club.

Finally, with the moving into more spacious quarters, the old spirit of fellowship has miraculously been widened and deepened; harmony and hard work have been uppermost in the Chapter.

Old members returned:

Ray Atherton, Beggs.
Wm. Armor, Canton.
Charles Bush, Prague.
Joe Benton, Norman.
John Pickard, Guthrie.
John Nelson, Bartlesville.
Sidney Mills, Chickasha.
John Wilkinson, Miami.

R. WYNN RIGGS.

BETA-PI

University of Pennsylvania.

Just how well Beta-Pi will fare this coming year is still a matter of conjecture at this early writing. We were hard hit by graduation last June, losing seven men in this way. On top of this, several of the brothers fell by the wayside and did not return to college this year. We are, therefore, starting off with a comparatively small Chapter. But what we lack in numbers we make up for it in spirit, for the brothers who have returned are fairly bubbling over in their enthusiasm to make this the greatest year in Beta-Pi's young history.

Three of the men who graduated could not bear to leave the old campus and they will be found hovering around the house again. They are Jameson and Weller, who will take up post-graduate work, and Odgers, who will hold forth as an instructor in the Latin Department.

Marlin is hard at work in his new position as Associate Editor of the *Pennsylvanian*, the university daily paper. At the end of last term McClary was elected Secretary of the Debate Council.

We are all sorry to lose Brother Evans, who has gone to Ohio State. Alpha-Rho has gained a fine man by this transfer.

The following are the names and addresses of the members of the active Chapter who have returned to date:

Leighton R. Beale, Haddonfield, N. J.
 Eugene C. Bonniwell, 3311 Baring street, Philadelphia, Pa.
 J. Leo Buckley, Elmira, N. Y.
 Theodore Button, 4716 Leiper street, Philadelphia, Pa.

Alfred B. Caldwell, 4814 Chester avenue. Philadelphia, Pa.
 DeHaven Develin, 2317 N Park avenue, Philadelphia, Pa.
 William M. Disharoon, 1249 S. 53rd street, Philadelphia, Pa.
 John F. Endicott, 432 N 27th street, Philadelphia, Pa.
 Rolland R. Glover, 216 N. Wall street, Joplin, Mo.
 Richard F. Herr, 37 Curtain street, Bellefonte, Pa.
 John F. E. Hippel, 4627 Oakland street. Philadelphia, Pa.
 Clifford M. Irvin, 321 W. Rio Grande St., El Paso, Tex.
 Harland McM. Irvin, 321 W. Rio Grande street, El Paso, Tex.

Beta-Pi extends best wishes for a prosperous year to all our
 Sister Chapters. DeHAVEN DEVELIN.

Clifford Fritchley, Colorado Springs, Colo.
Edwin Daily, Colorado Springs, Colo.
James Hancock, Manitou, Colo.
Harry Bryden, Trinidad, Colo.
Glen Grout, Trinidad, Colo.

This year we have the Inter-Fraternity scholarship cup on our mantel. This cup is presented each fall by President C. A. Duniway to the fraternity having the highest scholastic average for the preceding year. The fraternity winning it three consecutive years keeps it permanently. We led by over one per cent last year, and we are going to work to get the other two legs on that cup.

Colorado College walloped Wyoming University to the tune of 20 to 0 in the first football game of the season. We are proud that Zickefoose and Mathews helped to win the victory. Pledge Pierce is representing us at center on the freshman team. Miller and Young are on the Tiger staff this year. Marshall, Leisy, T. H. and J. G. Winans are playing in the band. Young is out for Pearsons Dramatic Club.

Bea-Rho is located at 1339 N. Nevada avenue this year. Our new house will accommodate a large number of men, and we will be able to hold functions here, a thing we were not able to do before.

J. R. Miller was operated on for appendicitis last week and is doing nicely. We are glad he will be able to be with us again next semester. Likewise Sando and Pledge Dixon will come back next semester.

Brother Mann paid us a visit last week. He is attending art school in Denver, Colo. Brother McNerny was in the city this week end for the C. C.-Wyoming football game. We are glad to have Millard Murane of Beta-Beta with us this year.

The following men have been elected to fill vacancies left by Taylor, Sanford, Owens and Wallis failing to return to college: Marion M. Zickefoose, I. M. C.; Kenneth Gordon, Th. C.; R. W. Leisy and Simeon Wilbur, Pan-Hellenic Council.

Beta-Rho sends her greetings and best wishes to all Sister Chapters.

A. WARREN LEISY.

BETA-SIGMA

Carnegie Institute of Technology.

With the opening of the college year Beta-Sigma finds itself minus several of the brothers who are unable to return to school

until next year. Due to the very stringent rushing rules at the Institute we are unable to announce our pledges until a later date. Our rushing season closes October 14th and at that time we hope to pledge several of the best of the incoming class. We have been fortunate this year in having with us Brother Beeler from Alpha-Eta, who is coach of the freshman football squad and also the cross-country team and we are getting all the co-operation from him that could be expected.

Our rushing program consists chiefly of informal smokers during the week, with a dance each week-end. It is impossible to keep the freshmen from their studies during the week due to the immense amount of work required from them.

Pledge Wayne seems to be making good on the freshman football squad. Brother Fire has been working very hard for a place on the cross country and team and we believe he has a fighting chance as several of the letter men of last year have graduated.

Finlay has returned to school to take his place in the president's chair of the Graphica, the livest student club on the campus. Thayer has been working very hard for one of the cheerleader's jobs and has shown lots of life and pep on the football field. He also is treasurer of the Avc Club, which rivals the Graphica for honors as the best known club at school. Brook has been honored with one of the three scholarships given by the Sine Nomine Association for activities and scholastic standing.

The following brothers have returned to college this year:

Barton Rank Biever, 621 Greenwood avenue, Pottsville, Pa.
Willard Walter Eastman, Seneca Falls, N. Y.

Joseph Harry Delo, 7739 Susquehanna street, Pittsburgh, Pa.
David Seorggs McKinney, 1019 1-2 Hallam street, Pittsburgh, Pa.

Nelson Martin Allen, 8 Bronson street, Oswego, N. Y.

Ray Edward Glover, Clyde, N. Y.

Warren Perry Thayer, 305 S. Fifth street, Ponca City, Okla.

Kenneth William Finley, 270 Blue Hills avenue, Hartford, Conn.

Frank Brooks, 127 W. Tenth avenue, Huntington, W. Va.

Howard Ashmore Bullard, 297 W. Anderson street, Hackensack, N. J.

Charles William Fire, 404 Jackson street, Pittsburgh, Pa.

Harry Farnsworth Hayden, Housatonic, Mass.

Walstein Dering Smith, Box 1061, Juneau, Alaska.

The active Chapter has been honored with an invitation to attend the annual alumni banquet Thanksgiving Eve and are looking forward to a very enjoyable time.

NELSON M. ALLEN, M. S.

BETA-TAU

University of Michigan.

As yet no new men have been pledged, but strenuous efforts are being made in this regard to obtain the proper type of fellows for our Chapter.

Beta-Tau is more than proud in being able to announce that we headed the fraternity list in scholastic standing during the past year. Our average as compiled was 78.09.

The "Beta Tau Splinter" containing a collection of letters from the men of the Chapter, was compiled and sent out in mimeographed form under the direction of A. Ross Fox. They were sure mighty interesting, too.

It is reported that G. J. O'Mara has joined the benedicts.

ROBT. B. NEWCOMBE.

BETA-UPSILON

University of Colorado

With the opening of college on the twenty-fifth of September the dawn of a year filled with great promise broke over us. We lost but few men through graduation. and nearly all of the others returned.

Our first concern, of course, was rush week. Entering upon it with the assured faith of the backing of a great organization, and with all the zeal and fiery spirit necessary to success, we were able to secure pledges whom we believe will prove an honor and an asset to our fraternity. The men pledged thus far are:

Marlyn Edwards, Blairstown, Iowa.
 Francis Loudon, Denver, Colo.
 Clifford Brandon, Westcliffe, Colo.
 Clarence Custer, Boulder, Colo.
 John Peatman, Boulder, Colo.

In the affairs of the college we are again actively interested. Three of our men are on the football squad, and stand a good chance of being amongst the chosen few who will make up the varsity team. Two of our pledges are also on the Freshman team. The management of the college paper, the Silver and Gold, and of the Colorado Dodo, our humorous publication rests with the Pi Kaps.

The names of the old members who returned this fall are:

Clarence C. Bellinger, Ouray, Colo.
 Logan Boyd, Boulder, Colo.
 Fred L. Craise, Boulder, Colo.
 F. A. Chandler, Denver, Colo.

BETA-CHI

University of Minnesota

Beta-Chi Chapter, in its first letter to the "Shield and Diamond," wishes to announce first of all its new house. The Chapter took possession September 15th, and everything was settled and ready for the opening of college September 27th.

Our new home is situated four blocks from the University campus in the heart of the fraternity and sorority district. In the same block with us is the Kappa Sigma fraternity and the Alpha Xi Delta sorority. Two fraternities are across the street, two in

the next block, and just across from our side door is the home of the University President, the home of the President Emeritus, and the home of the City Superintendent of Schools.

Situated on a big lot, Beta-Chi's Chapter house has the best setting and lawn on the campus. The house itself is larger than the old one and built along colonial lines. Study rooms take up the second floor with a huge dormitory on the third floor.

ALUMNI DEPARTMENT

Address all communications for this department to the **General Office, 328,331 Trust Co., of Ga., Bldg., Atlanta, Ga.,** not later the 1st of October, February, April and 10th of June.

Section 45, National By-Laws, requires the M. S. of each active Chapter to write Alumni Notes as well as the Chapter letters for each issue.

TO ALUMNUS CHAPTER SECRETARIES.

I have just written to Grand Treasurer Smythe. and what I told him is this: "I was astonished at the number of items I had accumulated since the last issue (no, the latest issue) of the Shield and Diamond, about even the few members of the fraternity here, in Charlotte, by just having a place to lay clippings and memoranda about the brothers until the time comes to "knock 'em off" on the old typewriter for the S. and D."

And you don't know, if you haven't made a habit of it, what pleasure it is to record the progress of the boys you love,—to let all the other boys of the big brotherhood know that James Jones has built him a fine new home, and that Samuel Smith has a first-born, and that Sue Sweet has at last married William Brown. And it is a duty, though sad, to relate the misfortunes of other members, so that those nearby who are doing well may lend the helping hand. Do you realize, Boys, and Men, that the meaning of $\Phi\Phi\kappa\alpha$ may be lost by disuse of the functions among ourselves, that the letters stand for;

Alumnus Chapter Secretaries, especially, owe it to the members in general, to let them have, through the magazine, the news that these secretaries are continually gathering and storing under their hats. And in fact all the Greek world should know who your men are, and where, and what, because they are a band of gentlemen, upstanding, and unafraid.

EXCHANGES

Here are a few thoughts for the brothers whose duty it is to write chapter letters for each issue of Shield and Diamond. If you, reader, are not one of that group, bear with us and read them anyway; some day they may come in handy. If you are a senior and think you'll never get such a job, hesitate; you're going into an alumnus chapter, and more and more of these groups of the older men are being represented in the chapter letter department.

Needless to say, these suggestions are not offered in criticism, but with the idea that they may prove helpful. Homer L. Roberts, a Sigma Phi Epsilon from Oregon Agricultural College, has summed up a lot of information in the following article, "How to Put Pep Into Chapter News Articles," published in the **Journal** of his fraternity. He is editor of his college newspaper and has been an instructor in journalism and city editor of a town newspaper. As another newspaper man the present writer begs leave to second Mr. Roberts' views. The article:

Do you, Mr. Chapter Historian, feel a little shaky when you begin to compose your chapter news article? Certainly. Most of us do. The average historian starts work under a handicap—knowing little about what to write to the Journal, or how to write it. For these men I have compiled a few suggestions. If they may serve to help the beginning historian to produce a more newsy article by applying the principles of news writing, this article may be of some help to the editor. So now that you understand why I'm writing it, let's go!

In the beginning, if you start out to prepare an article and find it difficult to make the items "tell" anything, don't get discouraged. Keep plugging away, supply yourself with a notebook, and whenever you run across an item in the house, jot it down. Don't find yourself without that notebook. Carry it to meals, house meetings, and talk-fests. Remember that every item, ordinarily, answers the questions:

Who? What? When? Where? Why? How?

Keep these questions in mind when you ask about an item from the brothers. Do not refer in your article to "Brother So-and-So." Just give his name as he writes it himself. If he signs his name "Gorge" instead of "George", or signs his checks

G. Huntington Jones, write it so in your article. Leave out nicknames entirely. Refer to a married couple as Mr. and Mrs. F. J. Brown instead of F. J. Brown and wife.

Now, here is a little tip which, if followed by every historian, will result in putting a "kick" into every item of his whole article. It isn't original, by any means. Ask any newspaper reporter. It is: Pick out the most important **fact** in your item, and put it **first**.

Of course, we can readily see here why we should not begin an item with "next month" or "On September 28," because the time or date is rarely the most important fact. The articles a, an or the, are usually to be avoided in starting an article. An examination of a large number of good items in chapter articles reveals the fact that the feature most often placed first is the result, cause or motive, as

Cause: Because Frank Rossman had his ear badly messed up in a wrestling match, he did not win a place on the varsity team this year. Rossman wrestles at 145 pounds.

Result: As a result of making the highest scholastic average, both on the O. A. C. campus and in Sigma Phi Epsilon, silver loving cups now adorn the mantle of Oregon Alpha.

Cause: Tossed into a blazing pool of gasoline when two touring cars collided and the gas tank of one exploded, Edward Kinball and E. V. Abbott narrowly escaped fatal injuries September 18.

Frequently the name of the individual can be used as a feature: Gordon Ross, assistant manager of the Sun Dodger, campus comic monthly, has aided two other of the brothers to make good on the publication.

Our old grammar friend, the infinitive, may be used to emphasize a certain feature, as: To commercialize his new invention, a toothbrush sterilizer, Charles Paine has had a corps of students selling the apparatus for him during the summer, and will start manufacturing them at once.

It may be seen from the foregoing that brevity is one of the outstanding features of a good item. This, and the twist that brings the point of interest first, is the secret of any news story.

In a recent communication your editor told you that, ordinarily speaking, the name of an organization is not news. "Mask and Dagger" may be a dramatic society, "Hammer and Coffin" an organization for writers—and if so, indicate it clearly. Explain what every honorary fraternity is, even though it is a well-known national, as Alpha Zeta, honorary fraternity in ag-

riculture; Alpha Kappa Psi, honorary commercial fraternity, etc. If the honorary is purely local, explain that, too.

Here is another point that applies to most of the writers of Chapter letters: Opinions and criticisms are not news and may well be left out. This applies to all kinds of opinions, and all articles should be written with a view of leaving out all comment entirely. If some member of your Chapter does a particularly good thing, you may say a few nice words about it, but lavish use of such complimentary items, particularly as applied to the Chapter, is boresome. Let's watch out for such expressions as:

"With the rushing season over, the choicest freshmen of the college pledged, Oregon Alpha faces the most successful year in her history."

All this comes under the head of "opinions." If you must refer to the Chapter, use its name and not "we" or "us." Say Virginia Alpha, Iowa Beta, etc. Now for a few general remarks on the actual composition of Chapter articles:

Every letter should be written by typewriter. If you cannot use a machine, get a brother who can to copy your items. If this is impossible, and it should not be, use a good fountain pen, with black or blue-black ink. Number the pages 1, 2, 3 and so on. Always write on one side of the paper. The chances are a hundred to one that if you use both sides, one will be overlooked. If you want to change something you have written, don't write over it. Mark it out, and write anew. Rather use a few more sheets of paper than to cause the man who reads your article to lose a lot of time trying to decipher your writing.

Never take for granted that your readers in other Chapters already know part of your story. Tell the whole story. Always write with an unknown brother in another Chapter in mind, as if you were writing for his benefit alone. If you write about something you referred to in an earlier article, repeat enough of the story so that persons who failed to read what you wrote before will get sense out of it. If you think of an original way of telling a thing, use it, but do not overwork originality. Watch the changes in your article when it is printed. This will aid you in getting up a better one next time. Use only such commas as may be necessary to make the meaning clear. Short sentences and few commas should be the rule:

And when you have your article done, don't fold it up and send it in without giving it a good going-over. Correcting misspelled words and grammar in one article may not be so bad, but when you have to do it to every one in the domain of Sigma Phi Epsilon the job bulks large. Make your own corrections, give it to the

best "English shark" in the house to look over, and then fire it in. If this could be done by every historian for the next issue, the Journal would knock the American Magazine for a row of African asparagus bowls.

All of which is equally applicable to letters from Pi Kappa Alpha Chapters to Shield and Diamond. One point occurs to be added: A famous and successful newspaper proprietor had on the walls of his "shop" this sign: "ACCURACY—TERSENESS—ACCURACY."

By contrast, a fraternity magazine prints this "parody of that time-honored bromide, the Chapter letter, which some young scamp of a Fiji has had the nerve to write":

"Lots of our men attend their classes, and there are certified records to show that some of them have studied. We hope the public will believe us when we attest that A B Γ has distinguished itself a good many times. It is not content with vegetating along on the colorless level of mediocrity. It effulges, by gosh. Did not we have the eyes of the whole campus on us the other day when brother so and so attended class shirtless? We did. Did not the professors stand aghast when brother this and that told the president of the university he was a weasel? They did. And we could with all modesty recount instance upon instance to prove the loftiness and assertiveness of our character.

We hope it may not be misconstrued as ostentation when we say we have few or no faults. We trust we will not be denied the attributes of modesty when we say we are better than any other Chapter in school. We are great athletes. Why, half the Chapter attends the football games, and many expect to support the basketball team, while only the other day one of our men fell in the swimming-tank as a close race ensued with the varsity swimming team.

While on the subject of parodies and the like, suppose we read "A Much Advertised Eleven—Walter Cramp's All-American," quoted by The Palm of Alpha Tau Omega from an exchange:

Walter Cramp's All-American football team has been selected by that great authority of the gridiron. Its personnel is as follows:

- L. E.—Tube of Colgate.
- L. T.—Stick of Williams.
- L. G.—Church of Notre Dame.

- C.—Gang of Tufts.
- R. G.—Graves of Washington and Jefferson.
- R. T.—Bust of Lafayette.
- R. E.—Eyes of Brown.
- Q. B.—Tomb of George Washington.
- L. H.—Hart of Maryland.
- R. H.—Purchase of Louisiana.
- F. B.—District of Columbia .

Substitutes: Hills of Kentucky, Locke of Yale, Auditor of State, Off of Centre, Battle of Princeton, Banks of Wabash, Works of Carlisle, Poets of Indiana.

Coach—Hale, Columbia.

THOUGHTS IN PASSING.

The Committee on Expansion of the Interfraternity Conference is planning to publish a monthly list of colleges from which local fraternities have sought information concerning nationalizing, Banta's Greek Exchange reports. Further, the committee plans a conference of locals which might care to band into a new national. This situation is brought about by the difficulty of getting a national charter for locals in a number of colleges having numerous nationals already, and the importance of the committee's move is not to be underestimated.

There is still considerable talk in the fraternity press concerning the need for expansion of existing nationals—and, in smaller volume, the views of those who oppose this. Apparently the majority of fraternities favor wise, careful expansion. Most commentators express doubt as to just what the solution is.

"Every June the fraternity men at the University of Chicago stage a function termed 'the interfraternity sing,' which is one of the most pleasing Pan-Hellenic affairs to be produced," relates *The Quarterly of Sigma Chi*.

The same publication records the installation of Sigma Chi's first Chapter outside the United States—Beta Omega, at the University of Toronto.

One hazards the opinion that the fraternities are coming more and more to foster the interest of their alumni, and that this attention is being reciprocated.

Kappa Alpha's *Journal* is still lamenting the existence of co-educational colleges, but the other magazines of the Greek world don't seem to rally to this challenge from the fraternity whose motto is "Dieu et les Dames." It is reported that Northwestern

University notes that the presence of women in large numbers in its classrooms is reducing its success on the athletic fields.

The Palm of Alpha Tau Omega reprints from the Atlantic Monthly an article by Dean Thomas Arkle Clark, "The Passing of the Chaperon," in which the A T Ω leader tells how things aren't like they used to be in some respects.

Delta Upsilon has a summer camp at Lake George, New York, where many Delta U's stay in summer amid "sky-blue waters and pine-clad islets."

New Fall Numbers in fraternity jewelry and novelties are ready

Unusual Creations for Gift and Favor Purposes

Look for this mark.

IT appears on the back of every true Burr, Patterson badge and is put there for your protection. It means: First, that you are obtaining the official Pi Kappa Alpha badge as approved by the fraternity. Second, that the badge must prove absolutely satisfactory to you before it is satisfactory to us.

FOR example, there is a solid gold genuine seal ring made up with the IKA coat of arms and packed complete with a box of wax and tapers for\$20

BEAUTIFUL new mesh bags especially designed for mounting with the crest, are unusual numbers at \$7 and up.

A UNIQUE little perfume bottle with a silver stopper on which to mount the crest is a striking favor number at \$3, with special discount on favor lots.

Send for "A Book for Modern Greeks."
