THE SHIELD AND DIAMOND

OFFICIAL PUBLICATION OF THE PI KAPPA ALPHA FRATERNITY

Founded at the University of Virginia, March 1, 1868, by Julian Edward Wood, Littleton Waller Tazewell, James Benjamin Slater, Jr., Frederick Southgate Taylor, Robertson Howard, and William Alexander.

Address all communications to:

Robert D. Lynn, Editor
The Shield and Diamond Magazine
1294 Union Ave., Memphis 4, Tenn.

Life subscriptions are \$10.00 for members initiated before September 1, 1927. Subscription rate per year for these alumni is \$1.00, for non-members, \$2.00. All members initiated since September 1, 1927, have life subscriptions. Please promptly report changes of address—include both old and new addresses. Articles and photographs (black and white glossy prints) are cordially invited.

The magazine is printed by Democrat Printing & Litho Company, 114 East Second Street, Little Rock, Arkansas.

Volume LX, No. 1

SEPTEMBER, 1950

THE SHIELD AND DIAMOND is published four times a year at 114 East Second St., Little Rock, Ark., in September, December, March and June by the Pi Kappa Alpha Fraternity. Entered as second class matter, Oct. 14, 1937, at the Post Office at Little Rock, Ark., under Act of March 3, 1897. Acceptance for mailing at special rate of postage provided for in Section 1103, Act of Oct. 3, 1917, authorized June 16, 1918.

Chaplain's Corner

At the time of this writing, Preacher Gordon was on a tour of the British Isles.

Inverness, Scotland
July, 1950

Dear Fellows,

In a rented car your Chaplain and a friend have seen a lot of this storied land of lochs and heather the past few weeks. It is a good way to see the country and to know the people. We will see England in the same way as Scotland, the home of my ancestors and maybe some of yours as well.

We have been much impressed with one aspect of life over here—the good manners which are seemingly a definite characteristic of Briton and Scot alike. One meets with an unexpected courtesy among all classes in hotels and shops and "petrol" stations, and even with the big trucks along the highways. This in a way is surprising because in American life we have become accustomed to the disappearance of common politeness in many places. A celebrated English Dean is reported to have said that an English Bishop would greatly prefer being called "No Christian" to "No gentleman."

This all reminds me of my own chapter of IIKA a good many decades ago—a small group of men they were each year but with a strong emphasis on "good manners," "courtesy," "politeness" which none of the group ever forgot. The manners of a gentleman do not consist in remembering a particular code or rule on a certain page. It is a matter of the inner attitude, thoughtful and kindly consideration for other people which is the basis of good breeding. When we use the expression, "A gentleman and a scholar," we know very well that the terms are not necessarily synonymous. One has the feeling, however, that at least in the minds of the founding fathers "a fraternity man and a gentleman" were thought of as inseparable. The best end and the only end that justifies our existence is that a wearer of the "Shield and Diamond" should always be in bearing and manners, in heart and deportment, first and last a gentleman.

Your Chaplain,

"PREACHER"
U. S. Gordon.

Gordon Scott, Jr., SMC, and Alumnus Counselor Dr. W. S. Patterson present a gift to Brother Summey on his 97th birthday.

Beta Honors Its First Initiate

George Summey Active Member For 81 Years

By ROD HOWELL

◆ DR. GEORGE L. SUMMEY, who holds the distinctions of being the oldest living member of Pi Kappa Alpha Fraternity and the oldest living graduate of Davidson College, celebrated his 97th birthday with his Fraternity brothers at Davidson College on June 3rd. The grand old man of IKA, who was initiated into Beta Chapter at Davidson just one month after its founding in 1869, was an honor guest of the Pikas and the College at mid-century graduation exercises.

Dr. Summey, still very active despite the fact that he is 97 years old, made the trip from his home in New Orleans to Davidson by automobile. Following his arrival on the oak-covered campus of the Presbyterian college, Dr. Summey took an active part in every phase of the activities connected with the commencement which marked his 80th anniversary of graduation. In addition to honoring him

as the oldest living graduate of the college, Dr. Summey was also recognized by college officials as having been the youngest man ever to graduate from Davidson (age 17).

After attending the alumni luncheon and Class Day exercises, Dr. Summey was the honored guest at a reception given by Beta Chapter. A large group from the faculty and administration of Davidson College, including Dr. John R. Cunningham, president, and Dr. C. K. Brown, dean of the faculty, welcomed Dr. Summey and helped him celebrate his 97th birthday.

A huge four-tiered cake complete with candles (though not one for every fruitful year of Dr. Summey's life) and an inscription, "Happy Birthday, Dr. Summey," was prepared for the occasion; and after he had succeeded in blowing out the candles, the honored guest cut the first

Pi Patriarchs Plan Presence

◆ THE 82nd Anniversary National Convention at Cincinnati August 29 through September 1 is honored by the presence of three outstanding Pi Kappa Alpha leaders who loom large in the history of our Fraternity. These members personally embody a connecting link between the Founders and our newest chapter, Delta-Sigma at Bradley University.

ROBT. A. SMYTHE—Mr. Pi Kappa Alpha himself submitted a reservation blank early, indicating his desire again to

taste of the fellowship of Pi Kappa Alpha at a National Convention. We feel sure his record is unequaled in the annals of fraternity history in America. A charter member of Lambda Chapter at The Citadel, Charleston, S. C., January 24, 1889, he was one of four delegates elected to the Hampton-Sydney Convention of 1889 and is recognized as a Junior Founder of the Fraternity. Since his first year of membership he has served continuously as a national officer. He was National Secretary-Treasurer from 1889 to 1890, Grand Treasurer from 1890 to

(Continued on page 41)

piece from his cake. In addition to the cake, punch and nuts were served to the some eighty-five guests present.

Dr. Summey, an interesting conversationalist, remembers vividly his initiation into Beta Chapter in 1896. He takes great pleasure in telling about it at any gathering of Pikas, and this reception was no exception. The group of brothers who listened to Dr. Summey's story agreed that the initiation "ordeals" have not changed too much in the past 81 years.

A frequent question asked by Dr. Summey when introduced to a student was, "Are you a Pika?" This is only a slight indication of how much he is devoted to his beloved Pi Kappa Alpha.

During the reception, Gordon Scott, SMC of Beta, presented Dr. Summey with a gold cup commemorating his birthday. Engraved on the cup was: "To Dr. G. L. Summey, 97th Birthday, from Beta Chapter, Pi Kappa Alpha." Dr. Summey responded to the presentation with an eloquent impromptu speech centered around how much Pi Kappa Alpha has meant and means to him, and he expressed the deep respect and love he has

Two IKA

for the Fraternity and its members after having been a loyal brother for 81 years.

From Davidson, Dr. Summey and his traveling companion, Dr. John Blackburn, motored to Massanetta Springs, Va., to attend a meeting of the General Assembly of the Presbyterian Church.

Dr. Summey cuts the first piece of his birthday cake in the Beta Chapter lodge as SMC Scott and Dr. John Blackburn watch.

Delta-Sigma Chartered As 100th Chapter

By **BOB BURKHALTER**

◆ ON THE week end of May 5, 1950, Pi Kappa Alpha proudly installed its 100th chapter at Bradley University, Peoria, Ill. The newly installed Delta-Sigma Chapter was formerly the progressive local fraternity, Sigma Beta.

Individual initiations took place Friday afternoon at the chapter house with initiating teams from Beta-Eta, University of Illinois, and Gamma-Rho from Northwestern University performing the ritual.

A very impressive formal chapter installation and chartering was held Saturday afternoon in the Bradley University Chapel. Powell B. McHaney, National Alumni Secretary; John F. E. Hippel, National Counsel; Field Secretaries John Horton and Dave Abernethy and the initiating team from Gamma-Rho presided over the installation.

Immediately following the chartering ceremony, the new initiates and pledges entertained at an open house in the chapter house at 101 North University Ave.

Milestones

nue. Hosts and visitors alike watched with great anticipation as SMC Robert Albright unveiled the large replica of the badge of IKA which had been installed over the front porch. This elaborate metal "Shield and Diamond" with lighted lettering done in gold neon tubing was the gift of the first IKA pledge class.

Scores of telegrams and congratulatory messages were received by the new chapter from National Officers and other chapters of Pi Kappa Alpha throughout the country, as well as from other fraternities and sororities on the Bradley campus. The chapters in District 10a, assembled in convention the same week end at Beta-Phi Chapter at Purdue, supplemented their good wishes to the new chapter with a bowl of beautiful mixed cut flowers.

Saturday evening a banquet was held in the Gold Room of the Jefferson Hotel. Unique decorations by the chapter members added to the festive occasion.

Speakers were introduced by Howard C. Hartman, District President, acting as toastmaster. Stimulating talks on fraternity life and Pi Kappa Alpha were given by Robert Albright, SMC of Delta-Sigma Chapter; David Blair Owen, president of Bradley University; John F. E. Hippel,

A section of the speaker's table at the Delta-Sigma installation banquet. From left are SMC Robert Albright, Dr. David Owen, president of Bradley, National Alumni Secretary McHaney, District President Hartman, Field Secretary Horton, and National Counsel Hippel.

National Counsel; and John Horton, Field Secretary.

The installation address was given by Powell B. McHaney, National Alumni Secretary. Brother McHaney reviewed the obligations of the individual chapter members to their Alma Mater, their National organization, and their local chapter, as well as the individual's obligations to himself. He emphasized the fact that the members themselves are the only ones who can meet the critics of the Fraternity System with a real challenge.

Guests included Dr. Alexander Baird, faculty adviser; distinguished alumni,

representatives of other fraternities on Bradley campus, and Mr. Ryan, president of the Interfraternity Council. Also present were several Bradley officials and faculty members, and representatives of Beta-Iota at Beloit College. Among the out-of-town alumni present for the ceremonies were Earl G. Sieveking, BΦ, Normal, Ill., and William P. Mumford, BH, Kewanee, Ill.

In keeping pace with the expansion of Bradley University the local fraternity, Sigma Beta, was organized in the fall of 1948. Delta-Sigma is now proud to be affiliated with another outstanding, progressive organization, Pi Kappa Alpha.

John F. E. Hippel and Powell B. McHaney smile approval as SMC Albright unveils Delta-Sigma's pin.

ΠΚΑ WHO'S WHO in America

◆ LEADERS who really lead are the 174 living members of Pi Kappa Alpha listed in *Who's Who in America*. A comparative study will reveal that few fraternities can boast of more men of prominence than Pi Kappa Alpha. Educators top the list with 75, followed by clergymen with 27, government officials with 24, and the balance assigned to a variety of vocational classifications. Little Kappa Chapter at Transylvania can strut to the head of the class with ten alumni included in the list of outstanding American men. Alpha (Virginia) fol-

lows closely with nine, and Iota (Hamden-Sydney) with eight.

We are pleased to have available for publication pictures of thirty-six of these men as representatives of the group. We realize there may be errors of omission, and we trust we will be notified of the name of any man who should be included in this list.

Pi Kappa Alpha salutes these gentlemen and brothers in the bonds:

In Memoriam

PAST NATIONAL PRESIDENT

JOHN L. PACKER

1898-1949

John Packer was a man of stalwart physique and of stalwart heart, of stalwart friendship, and stalwart in the highest ideals in all that makes for a man of honesty, integrity and right living.

My first contact with John was some thirty years ago, soon after his initiation into Beta-Alpha Chapter, and I learned to admire him, and hold him in highest esteem from our meetings at the various conventions. In 1927 I appointed John District Princeps of District No. 3 which then composed four chapters in Ohio, two in Pennsylvania, and one in West Virginia.

Then began that close comradeship, that strong friendship which never wavered or changed, and which I shall always cherish and hold most dear. He was an able officer and conducted the affairs of his District so that it became one of our strongest.

We met quite often, at the installation of new chapters in his District, and every time I was with him, my admiration for him, really my affection for him, became stronger.

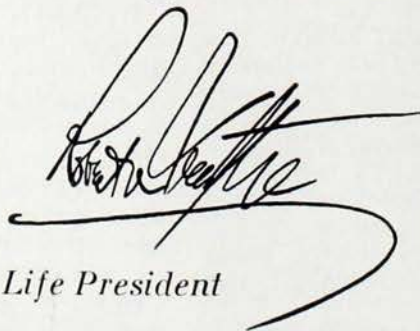

He served brilliantly and for the great advancement of IKA as its National Counsel from 1936 to 1946. He was National President from 1946 through 1948, and the success and growth of IKA in that period was largely due to his wise direction and his hard work.

His untimely death brought sorrow to the whole Fraternity and to me a personal loss as of a dear relative.

"None knew him but to love him

None named him but to praise."

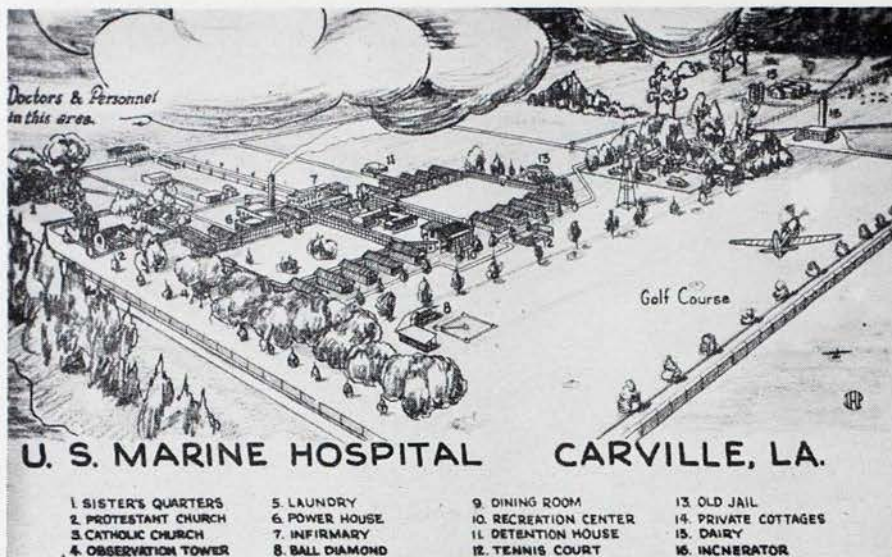

God rest his lovely soul in peace and happiness in Heaven above.

Honorary Life President

John L. Packer

U. S. Government Hospital for Hansen's Disease.

Outcasts In America

By PERRY LAND, BB

◆ Down on a Louisiana bend of the Mississippi, where the Old Man sprawls a muddy mile or so, a unique hospital nestles behind the levee. It is the National Leprosarium, owned and operated by the United States Government, and from all I have read and heard, it is the finest of its kind in the world.

The hospital at Carville, La., could be proclaimed the finest if only for the work done there on the so-called "Wonder" sulfone drugs, Promin, Diasone, et al.

Prior to the advent of these drugs, there was little hope for a patient suffering from leprosy, and, as a consequence, when a person received a positive diagnosis, it meant the end of the trail. To appreciate their discovery, one must remember that leprosy is an ancient disease dating back some several thousand years, and during all that time nothing had been found that would "crack" it. The

following from *The Star* (March, 1950), the patients' monthly magazine, shows how the picture has changed: Dr. Scheele (Surgeon General, U. S. Public Health Service) cited the fact that during 1949 sixteen per cent of the patients under treatment at Carville had been discharged as arrested cases, adding: "Only patients with Hansen's disease can fully realize what this means. Just ten years ago, before the introduction of sulfones, the release of this number of patients would have been impossible. It is almost unbelievable that after centuries of hopelessness in the face of this disease, society now possesses the medical means to restore Hansen's disease patients to normal life."

The major part of the credit for the use of these drugs in leprosy is due to the late Dr. G. H. Faget and staff who initiated the project in 1941. He was a native of New Orleans and graduated from the

Tulane Medical School in 1914. The drugs are now being purchased by leprosaria all over the world, and thus new hope and joy are being brought to thousands in many countries. Dr. Faget accomplished what medical students often dream of—that is, discovering a treatment that will alleviate world-wide suffering. The drugs in use at present are not specifics nor are the patients discharged pronounced "cured" but rather "arrested" as in tuberculosis.

I served in an administrative capacity at Carville for two years, and can readily say it was the most interesting spot I worked in during 27 years of hospital experience. Before going there, I knew there was no danger of contracting the disease if one used ordinary precautions, and so I did not have to be debunked of leprophobia.

I had never seen a case of leprosy before going to Carville, and so was agreeably surprised on my first visit to the patients' quarters. Many of them show no outward signs and are normal in every respect as far as the average person can tell. Of course, there are bad cases, but from what I have seen in other hospitals, I can truthfully say that the advanced tubercular, syphilitic and cancer cases are worse than what I saw at Carville.

The majority of the patients are ambulatory and lead an average, normal life. The Government employs a number of them, and quite a few conduct small businesses on the reservation. The place is located on about 400 acres and is modern in every respect. Practically everything is provided for the patients' well-being and, among other things, this little city boasts a first-class picture show, a good golf course, and a softball diamond equipped with floodlights.

The thing which struck me most forcibly at Carville was the cheerful, optimistic attitude of the patients—probably

Patio with the patients' quarters.

This Administration Building at Carville was built by a Confederate General on his sugar plantation.

only present since the advent of the sulfone drugs. One will often notice a depressing atmosphere around public institutions, and this is apt to reflect in the personnel, but at Carville neither the patients nor the personnel exhibit this "institutionitis." The morale of the patients is excellent, and the personnel situation is on the same plane. The top man is Dr. F. A. Johansen, a Carville veteran of 26 years and an outstanding person in many ways. Naturally, he is a humanitarian, and to me his chief assets are understanding, kindness and tolerance, and these same qualities seem to stem from him down through his subordinates, which, in my humble opinion, is one of the reasons for the institution's popularity.

The hospital was founded in 1894 by the State of Louisiana, and was opened by the Sisters of Charity from New Orleans. The United States Government took it over in 1921, and the Sisters were continued on the pay rolls. They comprise the nursing, dietetic, physiotherapy and pharmacy staffs, all of which would be a tremendous headache for Uncle Sam if staffed with civilians.

One cannot commend the Sisters at Carville too highly. Their presence lends a religious atmosphere which is of inestimable value, and their calm and efficient way of conducting their duties eliminates the petty bickering too often found in public institutions. They were a real incentive to help in the work down there, and their efficiency and cooperation left nothing to be desired. Non-Catholics, like myself, may wonder sometimes about women becoming nuns, but when you work with them and know them firsthand, your wonder may turn to admiration. At least mine did. It was an inspiring, Christian experience which I shall always cherish.

Probably the first thing a person thinks of, when leprosy is mentioned, is the danger of contracting it. Much erroneous information has been passed down on this subject during several thousand years. Naturally, it is difficult to combat this build-up, but authorities on the subject are all in accord regarding its contagiousness. They state that it is not as contagious as tuberculosis and that it is only contracted through long and personal contact. Authorities term it a "family disease"; that is, one passed on through family relationship. The *Encyclopaedia Britannica* states: "Forty per cent of traced infections are due to living in the same house and 30 per cent more to sleeping in the same bed. Children and young adults are most susceptible."

One of the greatest stumbling blocks regarding the disease is that the mode of transmission is not known. Once this is

learned, the authorities feel it will be as simple to wipe out as was malaria when the mosquito was found to be the culprit.

One fallacious belief sometimes encountered is that if one touches a person suffering from leprosy, the disease may be contracted. Such a statement is preposterous, but easily understandable when one seeks information. I consulted an encyclopaedia of fairly recent date and found on this subject: "If anyone touches a leper, he is almost sure to take the hideous disease." When misinformation like that can get into print, one can readily realize the truth of the statement, "do not believe everything you hear or read." As a matter of record, the Carville hospital has been in operation for 55 years, and during that time not one doctor, nurse or dentist has contracted the disease, and they, of course, touch the patients daily.

The patients at Carville have an educational program regarding the disease, the motive being to correct the erroneous beliefs which do exist. One point in the program is to call it Hansen's disease instead of leprosy, after Dr. Hansen who discovered the bacillus in 1874. Another one is the elimination of the word "leper" which to the average mind represents a repellent pariah. The patients point out that this word spells "repel" when spelled backwards.

The main cog in the program is their monthly magazine, *The Star*, which is sent all over the world at the rate of \$1.00 per year. Its editor, Stanley Stein, is doing an outstanding job in spreading the light on Hansen's disease under a terrific handicap. Stanley has been a patient there for 20 years, and during the past 13 he has been blind. He is a college graduate and a veteran of World War I. Despite the handicaps and centuries of precedents, Stanley and his colleagues are probably doing more for the cause than anyone else ever has. Philanthropic organizations are helping them in their campaign, and as time goes on, it is to be hoped that the stigma of this ancient disease may be entirely eliminated.

A. B. Dick Company, Chicago, manufacturer of A. B. Dick mimeograph products, has announced the appointment of H. C. Anderson Mimeograph Corporation, 100 Sixth Avenue, New York, as its authorized distributor for the New York area. The new corporation is headed by Harry C. Anderson, AΣ (Cincinnati). In November, 1949, he was elected president of Office Equipment Manufacturers Institute, a trade association for the business machines and metal furniture industry.

PERRY LAND

Perry Land's Pen Still Helping Others

◆ PERRY LAND, BB (Washington), author of *Outcasts in America*, served for two years in an administrative capacity at the National Leprosarium in Carville, La. Though he had been in hospital work for nearly 27 years, the nature of this work no doubt proved to be one of the most interesting experiences of his life. Here, Brother Land saw patients of an entirely different type—for these people fought for more than their physical recovery.

In addition to the general administrative work of the hospital, Perry Land carried on a constant campaign of education with the hope that the general public might better understand the nature of Hansen's disease.

Brother Land was initiated by Beta-Beta Chapter in 1921. In meeting various assignments throughout the country, he tried to maintain a contact with Pi Kappa Alpha wherever possible. While living in Detroit, he served as president of the Detroit Alumnus Chapter.

After many years of constant service, Brother Land has retired from active work, and is living with his family at their home in Long Beach, Calif.

Powell B. McHaney, AN (Missouri), executive vice president and general counsel of the General American Life Insurance Company of St. Louis, has been named chairman of Mayor Joseph M. Darst's new 10-man Citizen's Bond Issue Supervisory Committee in St. Louis, Mo.

Monte Carlo Party Alpha-Nu Highlight

By STEVE STROM

◆ THE men of Alpha-Nu hung up their tuxedos, their hammers, and their singing voices and finally settled down to attending the University of Missouri full time for the last month of the school year. The second semester had proved to be a busy season for actives and pledges alike. It was a pleasure to rest for a while, but it was a greater pleasure to look over the record of Alpha-Nu for the past few months and see the fine record they had achieved.

Immediately after school resumed in February, preparation began for the annual "Savitar Frolics," a group of skits put on by the fraternities and sororities. Alpha-Nu's skit, which gave a humorous picture of life at the University, reached the finals with seven other groups. The chapter rehearsed for weeks and took third place in the final judging. Everyone was disappointed at not winning the first place cup, but all had a wonderful time and considered the hours well spent.

Almost before the grease paint was washed off and the props were returned, preparations for Alpha-Nu's annual Monte Carlo Dance began. The house was turned into a replica of the famous night spot in Europe including a roulette wheel and dice tables. Fifteen hundred dollars in stage money were given to each couple, and most of the chapter stepped away from the game rooms flat broke. However, one couple won \$64,000 and was presented with a pair of miniature loving cups as an award for being the best gamblers. Everyone had a wonderful time, and the Monte Carlo Dance remained on top of the list of the very, very successful dances.

The decorations were hardly down before visions of winning the Interfraternity Sing swam in everyone's mind. The glee club practiced day in and day out, and their efforts were rewarded when IKA was chosen as a finalist for the Sing. The men sang well and won third place out of the 27 fraternities on campus.

Rest? No, not yet! The boys grabbed their hammers and spent many hours in the basement working on the new "Rathskellar." The Dream Girl Formal was drawing near, and everybody wanted to see the redecorating finished by then. Several walls were torn down to make room for the new addition. Then the remaining walls were panelled in knotty pine, and eight booths, each accommodating four couples, were installed. The booths were fitted with an individual light, and the tables were hinged to facili-

tate cleaning. When the stain brushes and saws were finally put away, Pi Kappa Alpha sported the best Rathskellar on campus. The men will never regret the blisters and aching backs acquired during the job.

Time to rest? Nope! The Dream Girl Formal was just around the corner. A terrific band was imported from Kansas City, and a swanky restaurant was rented for the feast before the dance. Radio Station KFRU broadcast the dance over its network, including the coronation ceremony. As the highlight of the evening, the SMC, Phil Goodman, crowned Miss Kay Boll, Gamma Phi Beta, the "Dream Girl of IKA" and presented her with a huge loving cup filled with roses.

Miss Kay Boll, ΓΦΒ, is the Dream Girl of 1950 at Alpha-Nu Chapter.

Sandwiched in between the many other functions came High School Week End. The occasion was a new innovation for Alpha-Nu, but proved to be a very profitable and successful one for the chapter. A total of 33 high school boys from all over the state spent a week end at the house and enjoyed ball games, parties, and just plain talking. The atmosphere was great for rushing, and many boys were convinced of the wonders of Pi Kappa Alpha.

Alpha-Nu again finished the year near the top of the sports standings. Although they won no major sports, they carried home the bowling trophy for the third year in a row and the handball championship for the second.

No, 1950 was not a lazy year for Alpha-Nu. Although the chapter lost 30 men through graduation, the younger blood of Pi Kappa Alpha promises to make next year even more prosperous than the last.

Beta-Kappa Believes In Fellowship

By THOMAS M. STRITCH

◆ SOCIAL functions and fellowship have brought fame to Beta-Kappa Pikes. The reputation of IKA on the Emory campus has taken a decided turn for the better as a result of last year's enactment of a fellowship program. Believing that once a spirit of fellowship is achieved and members can look forward to a good time on week ends, the scholarship and extra-curricular activity standing of the chapter will take care of itself, the Beta-Kappas planned a series of social functions which were elaborate and unique.

Hay rides, camping parties, costume balls, house dances and formals were part of the program. Each event witnessed a well organized period of entertainment supplied by members, faculty, and guests. The direct result of the program was to give the Pikes social fame and make their functions campus-wide attractions.

The real results were more far reaching and rewarding. The Emory Pikes moved from twelfth to fifth in scholarship (out of sixteen fraternities), and from sixth to second in athletics. In campus activities the Beta-Kappas won honor after honor. The Dream Girl of Beta-Kappa was elected "Campus Queen." Our house decorations and costumes made us the only fraternity to place in both areas of the Dooley's Frolics competition.

This year the president of the Interfraternity Council, president of the senior class, Religious News editor, vice president of the Emory Christian Association, business manager of the Emory concert band, and the president of the Pre-Ministerial Association were all IKA's. One of our brothers was given the highest honor this campus can bestow—D.V.S., secret senior honor society. The Beta-Kappa Pikes were also represented in Phi Beta Kappa, national scholarship fraternity.

The most notable and rewarding result of the program was not in these honors, but in the brothers themselves. A remarkable spirit of fellowship and brotherhood is now quite noticeable at Beta-Kappa.

Now the cry at Beta-Kappa is, "Let's have a party," for a good week-end party means more study and work during the week.

— I K A —

Dick Shahan, BII (Pennsylvania), is now associated with the Research and Promotion Department of the Philadelphia Evening Bulletin.

Fraternity Traditions Live At Upsilon

By C. HARRY KNOWLES

◆ THIS is Upsilon. This is a story of how we live—the things we pride, the things that we like to do, and the things that make Auburn's foremost fraternity click so smoothly.

First of all, there's our house. Within these walls is housed the best in living equipment. Easily accommodating 42 men and serving over 60, Upsilon's ivy-clad lodge stands as a model of modern fraternity living. The recently renovated kitchen is the envy of every housemother in Auburn. The April inauguration of the new game room added 700 square feet to Upsilon's already commodious entertainment space. The "Jungle," Upsilon's famous private wooded lawn, provides the Pikes a unique setting for summer dinner parties.

The one thing that Upsilon men regard above all others is rush activity. Realizing that selective rushing is one of the reasons that Upsilon has been a great chapter for over 50 years, the Pikes carefully screen rushees before offering the prospective pledges the white shield. After rushing, Upsilon pledges go through extensive pledge training. Pledges are taught to respect Pi Kappa Alpha and its hallowed traditions; they learn the value of fraternity living by experience. Cleaning the well-frequented fishpond is a chore that all Upsilon men can easily remember.

Later in an Upsilon man's life comes his initiation into the bonds, followed by the traditional banquet—an impressive affair to be long remembered.

Then there are sadder days within our home. Those days come every quarter when graduation seniors give themselves another banquet. Many a tear has been

Upsilon's ivy-clad lodge is a model of modern fraternity living at Auburn.

held back while reminiscing at one of these senior banquets. Thoughts of breaking constant comradeships come hard to men as closely knit as Upsilon's.

Parties? Yes, we have plenty. Some of our social activities are the talk of the campus. For instance, in the fall we have our Bohemian Brawl, which is the most unique in fraternity parties hereabouts. A masquerade of all masquerades, every Upsilon man looks forward to letting his imagination run wild in decoration of the house and costuming himself.

In the winter we have our formal Dream Girl Ball, which usually opens the winter social season, as it did this year. The IKA dance is always conceded to be one of the top-notch formals of each year. Upsilon's single story lodge leads to most enjoyable and convenient house parties during the week end of each formal.

The spring is the big season of the year at Auburn for parties—wiener roasts, hay rides, sorority parties, and trips to nearby Lake Chewacla.

In the spring also comes the important spring elections and campaigns. Each spring the Pikes are found right in the middle of politics. Recently one of the campus BMOC's said of the approaching elections, "Let's go over to the IKA house and find out what they will let us have." Although jesting, this man epitomized the general consensus of opinion around Auburn regarding the IKA's and politics. The ranks of Blue Key and Omicron Delta Kappa are well filled with aspiring Pike politicians. The fourth estate is the Pike specialty on the Auburn campus. Out of eight candidates running for the four major publication posts at A.P.I., Pi Kappa Alpha claims four. The Pikes are running for office in nearly every branch of student life.

Pi Kappa Alpha is also known on the campus for its congeniality. A great deal of credit for this goes to our SMC, Roger Abbott, to our housemother, Mrs. Lounette Steed, and to our IMC, Crawford Nevins. Yes, truly Upsilon at Auburn is holding up the finest traditions of Pi Kappa Alpha.

A punch bowl of ice is a tradition at Upsilon.

Scene at annual banquet for seniors.

Dream Girl of Beta-Beta, Miss Marilyn Dillon, receives a lovely trophy as one of her attendants, Miss Montie Smith, Alpha Phi, looks on.

Beta-Beta Chooses Dream Girl

By AL GELBY

◆ HIGHLIGHT of the annual Beta-Beta Dream Girl Formal held May 12 in the Olympic Bowl at the Olympic Hotel in Seattle, was the announcement of Miss Marilyn Dillon, Kappa Kappa Gamma, as Dream Girl of 1950. Marilyn was chosen from over forty candidates representing the various sororities and housing units on Washington campus.

The chapter selected five girls from this group, at a reception held at the beautiful home of Albert La Pierre, and the final selection was left to Royal Brougham, sports editor of the Seattle P-I. The five finalists were: Dream Girl Marilyn Dillon, Kappa Kappa Gamma; Donna Copeland, Kappa Delta; Margie Cooper, Alpha Gamma Delta; Montie Smith, Alpha Phi; and Kathy Wallace, Leary Hall.

— Π Κ Α —

Alpha-Phi Honors Seniors With Banquet

By PAUL BISHOP

◆ SOCIAL life for the year at Alpha-Phi culminated in the April 29 Dream Girl formal, held at the Sheldon-Munn hotel in Ames following a banquet

at the chapter house. Miss Joy Moore, of Kappa Delta sorority and Kirkwood, Mo., won the coveted honor of being chosen by the chapter as the 1950 Dream Girl, and was presented to the assemblage by SMC Bud Bevins.

Just before the grind of spring quarter finals, the most enjoyed event of the year took place—the annual spring stag picnic. The revival of this old institution has done much to improve the spirit of actives and pledges alike as they battle on the softball field.

Alpha-Phi's eleven graduating seniors were honored by the chapter at the annual senior banquet, held this year in Des Moines' Tropical Lounge. Guest speakers were Doctors Jones and Herrick of the faculty; Herbert Miller, head of the house corporation; R. Tompkins, and Alumnus Counselor Dean Gunderson.

Summer activities include, in addition to new furniture and paint for the living room, the erection of a stone fireplace and flagstone walk in the planted Alpha-Phi "South Forty."

SMC Bud Bevins presents gifts to Miss Joy Moore, KΔ, Alpha-Phi Dream Girl of 1950.

Zeta Selects Gardenia Girls

◆ TWO years ago Zeta chapter faced a very pleasant problem, and the solution applied has proved an even more pleasant experience. The pleasant problem faced was that of meeting our co-ed leaders on the campus; that is, those co-eds whom we felt were especially friendly, social-minded, and of standard scholastic timbre. Following a footprint left in the sand at the University of Miami, Zeta decided to

inaugurate their idea of having a Gardenia Girl. Since the basis of our idea was to instill the word "friendliness" upon the minds of those we chose, we decided to make all eligible, not necessarily those having sorority affiliation.

The method of selecting our Gardenia Girl is by chapter nomination and subsequent vote, narrowing down the three highest vote-getters to a finalist who is then declared our Gardenia Girl. A date is arranged with the selected girl so that she will be at the fraternity house one day that week for lunch. Before the chapter is seated for lunch on that particular day, the announcement is made, having been kept a strict secret to that time, and a large Puritan Gardenia is presented to the co-ed of our choice. With a short round of applause from the chapter, we are seated, and another Gardenia Girl is added to the growing list of names of those Gardenia Girl lovelies who have honored and pleased Zeta chapter. To keep it a cherished honor this presentation is made but once every two weeks.

Editor's Note: Good, good idea for some of the other chapters. Let us know what you do.

— Π Κ Α —

Paul Chapman, AN (Missouri), associate dean of the College of Agriculture, University of Georgia, was elected president of the Southern Association of Science and Industry.

— Π Κ Α —

Miss Catherine Fletcher is Dream Girl of Gamma-Chi Chapter at Oklahoma A. & M. College.

Alpha-Sigma Dream Girl Chosen On Television

◆ AFTER choosing eight finalists from more than forty of the University of California's most beautiful girls, the brothers of Alpha-Sigma faced a problem in naming the Dream Girl of IKA for 1950. So they asked the entire San Francisco Bay area to help them make their selection.

The finalists paraded before the cameras of television station KRON-TV, and then each was interviewed by Brother Mike Abramson and disc-jockey Jimmy Lyons. The popular Lyons, who was recently honored as top man in his profession by *Metronome* magazine, asked his audience to cast their vote by telephone for the Dream Girl. The house phones jangled incessantly until a 12-hour time limit was up. When the telephone ballots were totaled, lovely, blonde Marian Leichtfuss of Stratford Hall was the new Dream Girl. Robin Hazeltine (Gamma Phi Beta) and Sharla Shank (Alpha Gamma Delta) were close behind in total votes and were named as Marian's attendants.

Saturday evening, May 13, the brothers and their dates gathered at the fashionable Villa De La Paix restaurant in Oakland for the Dream Girl Banquet. Mother Camper, beloved 88-year-old housemother of Alpha-Sigma, was present, as were many alumni.

Following the banquet, the celebrating Pi Kaps drove to the spacious clubhouse of the Claremont Country Club. The beautifully appointed country club, located high in the Berkeley Hills overlooking San Francisco Bay and the Golden Gate, was the perfect setting for the annual Dream Girl Formal Dance.

A fanfare at midnight called the dancers to attention. Then, before a giant replica of the Shield, Alpha-Sigma's new Dream Girl and her attendants were formally presented. Sigma Kappa Diane Van der Zee, gracious and popular Dream Girl of 1949, crowned her successor with a regal wreath and presented Marian with the perpetual Dream Girl loving cup which will be retained by her living group for a year. SMC Roy Grimm then presented Marian with a succession of gifts donated by Berkeley merchants and a combination radio-phonograph on behalf of the chapter. There were gifts for the attendants and personal loving cups for Marian and Diane too. More dancing concluded Alpha-Sigma's social highlight of the year.

As usual, another annual event attracted great local attention. It was Mother Camper's birthday party. Mother Camp-

Marian Leichtfuss (second from left), Alpha-Sigma's Dream Girl for 1950, poses with former Dream Girl Diane Van der Zee (left) and her attendants, Sharla Shank and Robin Hazeltine, respectively.

er is more than a housemother to the men of Alpha-Sigma. She is the driving personality behind the chapter and a woman who has devoted much of her long and eventful life to Pi Kappa Alpha. She has been housemother for Alpha-Sigma since the chapter was chartered in 1912 and now, at 88, she has watched over more than 550 of her sons on their way through life. Annually, local newspapers never miss covering her birthday party, for Mother Camper's remarkable devotion to Pi Kappa Alpha is widely known in the University community.

The brothers remembered their parents with both a Mothers' Day dinner and a Dads' night this semester. The Mothers' Club card party was attended by more than 150 people and numerous house parties and exchanges dotted the semester's social calendar.

Gamma-Chi Negotiates For New House

By ROY W. ROUSH

◆ AMBITIONS for a new Gamma-Chi chapter house at Oklahoma A. & M. College, may be realized in the near future as the negotiations to purchase a lot have already been made. Also, \$1,000 has been put into a building fund this year. Blueprints have not yet been drawn, but it is expected that preliminary sketches will be started next year. The new house will be larger than the

present house, which holds about 40 men, and will be of the latest design.

The chapter has maintained a strong position in intramural sports, participating in football, basketball, baseball, volleyball, and wrestling. Also, a track team is being formed to compete in the coming intramural track meet.

As second place winners on the campus in a nation-wide football score-guessing contest sponsored by a major cigarette company, the chapter was presented with a radio-console set. The console was publicly presented during half-time ceremonies at a basketball game in the Fieldhouse.

Highlighting the year's social activities, Miss Catherine Fletcher, Zeta Tau Alpha, from Oklahoma City, was crowned "Dream Girl of IKA," December 16 at the pre-Christmas dinner dance formal. Former "Dream Girl," Wanda Stockton, Chi Omega from Tulsa, was present to congratulate her successor.

The first large scale social event on the A. & M. campus was the IKA Shipwreck Ball, which was held in the old gym. Decorations which created the striking realistic atmosphere of a desert isle, the varied costumes, and music by the top campus dance band helped make the affair one of the most outstanding events of the year on the campus.

— I K A —

An honorary degree was conferred upon the Rev. John Barclay, K (Transylvania), at the commencement exercises of Transylvania College, Lexington, Ky.

Beta-Pi Enjoys Gala Festivities

◆ THE exclusive Manufacturer's Country Club was the scene of the annual IKA Dream Girl Dance held Friday evening, April 28 by Beta-Pi Chapter at the University of Pennsylvania. Miss Bette Anne Irvin of Philadelphia was selected as the Beta-Pi Dream Girl for 1950 at what was considered the most successful house dance since before the war. Bette Anne, a graduate of Ogontz Junior College, was chosen by a group of judges from the Philadelphia alumnus chapter—Doc Garrett, Bill Benz, and Bud Donaghey. Announcement of the selection of the Dream Girl was made by SMC Joe Scott, and the presentation of a beautifully engraved compact and a bouquet of flowers was made by the 1949 Dream Girl, Miss Mary Schrandt.

Saturday, many of the brothers and their dates attended the famed Penn Relay Carnival and the week-end's festivities were completed with a gala house party that evening. Gil Cella was chairman of this very successful affair and received congratulations and a vote of thanks from the entire chapter.

Over 150 parents and guests attended the Mothers' Day tea held Sunday, May 14. Music was provided by a harpist, several violinists, and a quartet from the church choir of the houseman, George Yuille. An undergraduate quartet, composed of Nick Alexis, Jack Cox, Jack Acetta and Rogers Schembs also entertained the guests with several songs. Mrs. David Dickerson, mother of the tea chairman, Dave Dickerson, acted as hostess for the affair.

A number of house improvements were made under the supervision of the house manager, Joe Hess, during the past school year. A new stove and sink were purchased for the kitchen, living room furniture repaired and recovered, second and third floor hallways painted, new dining room chairs and tables were obtained, in addition to many of the rooms being painted by their occupants. The game room was further improved by the construction of paneling and leatherette upholstered on the doors in the cellar hallway.

Bob McKersie, a member of the Undergraduate Council by virtue of his presidency of the Christian Association, is the new treasurer. He was also elected to the Sphinx Senior Society.

Terry Proch was elected president of the Franklin Society, an honorary organization for men active in publications on the Penn campus. Dale Doll was initi-

Everybody is all smiles as Miss Bette Anne Irvin, Beta-Pi's 1950 Dream Girl, receives a lovely gift and bouquet of flowers from Miss Mary Schrandt, former Dream Girl.

ated into Pi Gamma Mu, national honorary social science fraternity. Bob Fuller was elected secretary of Alpha Phi Omega, national service fraternity. Al Miller was invited to join the Hexagon Society, an honorary engineering society.

TO CHARLES A. CLAAR, ΔI (Marshall College), and Mrs. Claar, a daughter, Deborah Monica Claar, April 24, 1950, at Huntington, W. Va.

TO DICK SHERIDAN, BII (Univ. of Pa.), and Mrs. Sheridan, a daughter, Carolyn, June 9, 1950.

Permanently Pinned

RICHARD DANGERS, BN (Oregon State College), to Margaret Wieman, March 18, 1950, in Portland, Ore.

RODERICK J. RAY, BN (Oregon State College), to Junia Beals, January 1, 1950, in The Dalles, Ore.

FRANK GRUBBS, BA (Univ. of New Mexico), to Judy Rogers, AXΩ, at Albuquerque, N. M.

WILLIS CADY, AK (Missouri School of Mines), to Ruth Sartorius, February 18, 1950, in St. Louis, Mo. They are living in St. Louis where Brother Cady is employed by American Brake Shoe Company.

GERALD CHRYSLER SWEATT, Θ (Southwestern at Memphis), to Elizabeth Cage, AOΠ, December 31, 1949, at West Memphis Catholic Church, Memphis, Tenn. At home, 2612 McAdoo, Memphis.

FREDERICK CHARLES PRITCHARD, Θ (Southwestern at Memphis), to Mary Louise Barton, ΔΔΔ, June 26, 1950, at the Second Presbyterian Church, Memphis, Tenn. At home, 38 Bingham, Memphis.

WILLIAM E. BRENNAN, Θ (Southwestern at Memphis), to Marjorie Leake, ZTA, February 24, 1950, at Lamar, Miss. At home, 719 University, Memphis, Tenn.

CONAN E. DAVIS, JR., ΔZ (Memphis State), to Betty Raye Davis, ΦM, on April 12, 1950, at St. John's Methodist Church, Memphis, Tenn. At home, Memphis.

HARRY WOOSLEY, BA (Univ. of New Mexico), to Margaret Ann Geben on April 8, 1950, at the First Methodist Church, Lake Charles, La.

LT. COL. TOM R. TAYLOR, Ω (Kentucky), to Betty M. Carlson at Christ Methodist Church, Arlington, Va., on June 17, 1950. At home, Park Lake Apartments, 62D Wilklow Ave., Hempstead, L. I.

SAM KRUMM, AP (Ohio State), to Patricia Lee Anderson, KKI, on March 4, 1950.

JOHN CALVERT BURKE, Z (Tennessee), to Roberta Lovell Bradford, on June 24, 1950, at Fresno, Calif.

FRANK ROSEBROOK TOMLINSON, ITT (Rensselaer Polytechnic Institute), to Lucille Gordon, June 10, 1950, at Union, N. J.

FRANK F. HASH, AN (Missouri), to Norma Holland, June 21, 1950, at the Knox Memorial Chapel of the First Methodist Church, Thomson, Ga.

CHARLES W. AKERS, B (Davidson), to Mary Ethel Coons, June 10, 1950, at the historic First Presbyterian Church in Charlotte, N. C. Calvin Scott Akers, IKA and brother of the bridegroom, served as best man. Other IKA members of the bridal party were John M. Akers and Dr. Rufus K. Allison.

JOHN NELIGAN, JR., ΔE (Univ. of Chattanooga), to Marjorie Ann McCormick, IIBΦ, on February 18, 1950, at Our Lady of Perpetual Help Church, Chattanooga, Tenn.

ALAN D. WADE, BΞ (Univ. of Wisconsin), to Donna Dott of Milwaukee, Wis., at Kingsley Methodist Church, Milwaukee, on June 17, 1950. At home in Madison, Wis.

JIM CONWAY, BII (Univ. of Pa.), to Grace Rosemon on May 29, 1950, in Philadelphia, Pa.

DICK JOHNSON, BII (Univ. of Pa.), to Sue Frantz on June 24, 1950, at Clearfield, Pa.

ED LAQUER, BII (Univ. of Pa.), to Alice Thorn, on July 1, 1950, in Philadelphia, Pa.

Omega Holds Ball At Governor's Mansion

◆ OMEGA Chapter in many ways is enjoying its best year. In November when the University standings for the previous semester were made public, it was announced that Omega chapter had attained the highest fraternity standing on the campus.

One of the highlights on the campus during the fall semester was the first annual "Pi Week." Conceived by SMC Jim Barlow for the purpose of promoting better understanding between all groups on the campus, the idea met with great success and the dance culminating the week was generally regarded as the best on the campus during the semester. During the week the Fraternity entertained the presidents and rush chairmen of all fraternities and sororities on the campus at an after-dinner coffee.

The annual Dream Girl dance given by Omega chapter was one of the greatest in history. It was held in the Governor's mansion in Frankfort on May 20. Governor Earle C. Clements is an alumnus of Omega chapter. Extensive plans made it an event few will soon forget.

— Π Κ Α —

Gamma Has Busy Year

By DOUGLAS RYDER

◆ GAMMA's second year in their new lodge at William and Mary has been one marked by achievement in many fields.

The social life of the Fraternity began with a tremendous float in the "homecoming" parade. A dozen or so Pikas adorned the float, clad in raincoats, rubber boots, and carrying umbrellas, underneath which a huge sign read: "We Thought It Was Going to Rain."

A "Rush" dance, held in the Great Hall of the college for the pledge class, was enjoyed by both brothers and pledges.

The Founders' Day banquet and the dance, held at the Williamsburg Lodge, were perhaps the biggest social events of the year. Park Rouse, associate editor of the *Richmond Times Dispatch*, was the main speaker. His topic was, "What's Wrong With Fraternities." An introductory speech was made by Dr. Pomphret, president of the college.

A "Shipwreck" dance was given April 14, which was successful enough to warrant its becoming an annual affair.

The Fraternity was blessed with a beautiful spring day for its annual picnic

This attractive display of the Delta-Kappa candidates for Dream Girl appeared in the window of Abbott's Jewelry Store in San Diego. From these beauties, Miss Barbara Terry, ΠΒΦ, was chosen (second row, far left).

at historic Yorktown. Soft drinks and sandwiches provided welcome refreshment for the Pikas and their dates, after swimming, softball, hiking, and horse-shoes.

Gamma placed third in the heated intramural race, winning second place in football, tennis, volleyball, swimming and horseshoes; third place in basketball and softball, and first in bowling and track.

Vic Janega was voted all-league guard in the basketball tournament. Bowlers Carter, Martin, Stevens, Dulaney and Johnson all maintained an average of over 100 points a game. Tom Burke set two swimming records for dash events, and Harry Taylor won a first in the breast stroke. Bill Allison took firsts in the 100 and 440-yard dashes; Irv Rascob won the broad jump.

The chapter is well represented in varsity sports, with Tom Burke and John

Kirk, varsity football stars; Captain Jake Stevens, his brother, Tom, and Vic Janega of the varsity swimming team; Bob "Bullet" Lawson, varsity track star, competes with another Fraternity brother, "Bones" Garrison; Doug Weiland and Ward Donohue are members of the varsity golf team (Doug captains the team and holds the course record of 66.)

The academic prestige of the Fraternity was boosted by Al Fitzgerald's five "A"'s. The chapter average is above the school average.

Outstanding men, both in the chapter and on the campus, include: Chris Moe, chairman of the Men's Honor Council and ODK member (honorary fraternity for outstanding men students). Another ODK member, Hugh Haynie, is vice president of the student body and cartoonist for the *Richmond Times Dispatch*.

That's the story of Gamma at William and Mary. Look in every field of college endeavor and—you'll find a ΠΚΑ.

Delegates to the Florida District Convention are shown with District President Graham (standing 6th from left) and Blan Taylor, host (standing 4th from right) at Stetson University.

Benefit Dance Given By Gamma-Upsilon

◆ TULSA Pikes added another fine year to their record during the 1949-50 season. Gamma-Upsilon pledges started things in motion early in the year during the all-school walkout by swiping all the food from the chapter house for their own little picnic.

The *Tulsa PIKAP*, a semi-monthly slick-paper campus info sheet, continued in popularity as in previous years. The *PIKAP* pays for itself, through advertising. It is staffed by Tom Tripp, Jr., editor; Pete Theus and Tom McCaslin, associate editors; and Pete Fultz as feature writer. The business staff is composed of Fred Stites, Murl Nance, Bob Klinzing, Jim Lloyd and Rod McWilliams. Pledges working on the *PIKAP* are given "consideration" when it comes to other pledge duties.

Bill Bloom, "Shaky" stellar ex-guard for four seasons with TU's Golden Hurricane, was named assistant freshman football coach. Another footballer, Pike Jimmy Graham, center, was chosen as captain for the '50 varsity football squad.

For the eighth straight year, TU Pikes sponsored their Benefit dance. Admission to the traditional affair is a dollar's worth of non-perishable food, presented at the door. The "take" is then turned over to the Salvation Army for distribution to Tulsa's needy.

Athletic accomplishments came Pike-ward when second semester pledge president Fred Pennington, sparkling varsity footballer, punched his way to the Oklahoma Golden Gloves heavyweight crown.

At the December 9 Fall Formal, Delta Gamma Clevanne McGhee was named "Dream Girl of IKA." She was escorted by Don Kirberger, IMC. Other title contestants were Betty Jo Hall, Chi Omega; Carolyn Carmen, Delta Delta Delta; Charlene Crenshaw, Phi Mu; Marilyn Meadows, Kappa Delta; Betty Jo Ingram, Kappa Kappa Gamma; and Anna Mas-sad, Independent.

Tom McCaslin turned up with his own program over Tulsa Station KWGS. Tom is the boy who all of the localities are expecting to go "big time" soon with his "tops-em-all" singing voice.

The spring would never be the same around TU if Pikes cancelled their annual Bluebeard Dance. This shaggy-faced affair is one of the Pikes' best publicity stunts here. The chapter begins growing beards at least two weeks before the dance date, usually the first week end in March.

Traditional during the evening are the crowning of "King Bluebeard"—he with the heaviest growth—and "Baby Bluebeard"—the unfortunate with the "least." The walls are decorated with large, generally derogatory, cartoons of all members and pledges. Dress for the affair is pseudo-western. Music ranges from the square dance variety to 5-piece "bop" combos.

Honors coming to the Fraternity included Jack Francis' election as president of Phi Eta Sigma, freshman honorary fraternity. Jack served as vice president of the society his first year of membership. John Ward was also elected into the society, with a 3.7 grade average. Pete Theur was named editor-in-chief of the *Kendallabrum*, TU yearbook, for 1951.

Omicron Leads At Richmond

By DICK FITZ

◆ OMICRON Chapter and all its achievements shone brightly with success during the school year 1949-50. Whether socially, scholastically, politically or athletically, the IKA's at the University of Richmond could be found leading the crowded field. Skillful and intelligent leadership by Virgil Strader, Sam Flannagan, Bill Pierce, Al Pittman, and Bob Heflin made this year one of the chapter's best on the campus since its establishment in 1891.

Brothers who received outstanding honors during the year were Donald Baxter and Bill Rowe who were elected to Phi Beta Kappa and James Sease and Bob Lane who were tapped into Omicron Delta Kappa. Sease had served as president of the Richmond College Student Government, and Lane was elected president of the senior class in the school of business administration. Brother Sease was further honored when the *University Messenger*, the undergraduate college magazine, judged him the Man of the Year. Baxter, who had the highest average in Richmond College, was mentioned also for his outstanding scholarship.

Already new leaders have risen, both within the chapter and on the campus. In the campus elections last spring Brother Pittman was elected secretary of the senior class, and Sid Phillips was elected secretary of the sophomore class. Pittman will also serve as business manager of the *University Messenger*, and Brother Fitz will be Richmond College editor of the same publication. Brother Charlie Wiltshire will be a member of the sports staff on *The Collegian*, the college magazine, on the editorial staff of the *University Messenger*, and will also serve on the Sophomore Rat Council. "Buster" Bynum is chairman of the Student Party, one of the two political organizations on the campus. Coach Dick Esleeck is looking to Jim Clark for an outstanding performance on the gridiron, and the chapter as a whole has resolved to go into intramural athletics this year with a spirit and will-to-win that was somewhat absent in the past seasons.

All in all, '50-'51 promises to be a banner year for Pi Kappa Alpha on the Richmond campus.

— I K A —

Joseph H. Crowley, BE (Western Reserve), Cleveland, Ohio's chief counsel, was honored recently by the Citizens' League as the year's outstanding public servant.

Gamma-Mu Honors Retiring Counselor

◆ ON SATURDAY, May 17, 1950, Gamma-Mu Chapter held a banquet honoring retiring Alumnus Counselor George Thomas who has served the chapter extremely well for many years. Increasing administrative duties and responsibilities at the University have made it necessary for him to relinquish this post. The chapter members and others present joined in welcoming Professor George E. Reynolds as Brother Thomas' successor.

National Treasurer David C. Powers and National Counsel John F. E. Hippel represented the Supreme Council at the occasion. To the surprise and delight of all concerned, it developed that Dave Powers and George Thomas had attended Camp Sequoyah in western North Carolina together for several summers during their college days. They had a grand time reminiscing.

The strength and accomplishments of a chapter in large measure reflect the guiding hand of capable Alumnus Counselors. Professor Thomas has rendered a real service to Gamma-Mu and to Pi Kappa Alpha.

— PI K A —

Not One, But Two Houses For Alpha-Rho

◆ WINTER QUARTER was the occasion for the first Acacia-ΠΚΑ Beau Arts Ball which turned out to be quite a success. Fred Williams won first prize for a suit of armor costume and the large replica of the badge he carried for a shield. A few weeks later a cry of "Hi ya dolly, vote for Rolly" was heard about the campus as the brothers began their campaign for the election of Rolly Fischer, transfer from Alpha-Xi, as "Gold Digger's King."

Hardly had the shouting and tumult died down when the Alpha-Rho House Corporation announced that two—not one, but two—houses had been purchased for the chapter that were in the finest location possible.

The announcement of the purchase came in time to notify the alumni before Founders' Day on March 4. A large crowd was on hand for the celebration. Karl Pauly, alumnus and editor of the *Ohio State Journal*, explained the plans for the new houses, and displayed his auctioneering talents by raising some \$900 on the spot for remodeling purposes. As plans stand now, the houses will be ready for occupation by the beginning of fall quarter for approximately 40 men.

Capitol Records To Release

ΠΚΑ "Honeymoon" Song

◆ PI KAPPA ALPHA is pleased to announce that arrangements have been made with Capitol Records, Inc., to produce a record featuring Kay Starr singing the ΠΚΑ version of "Honeymoon." A popular song will be recorded on the other side.

Kay Starr is listed as one of the top vocalists for Capitol Records. Some of her most popular recordings are "Bonaparte's Retreat," "Mississippi," "I'm the Lonesome Gal in Town," and "Hoop Dee Doo."

She made her debut in the film world in the Columbia feature attraction *Make Believe Ballroom*, released in 1949. In this production she introduced to music lovers the song, "I'm the Lonesome Gal

in Town" which has been a hit tune ever since.

Miss Starr has visited several of our chapters on the west coast. She was quite impressed with our "Honeymoon," and arranged with Capitol Records to produce it. Dick Taylor, SMC of Gamma-Eta chapter, represented the Fraternity in the early planning.

There is a possibility that Miss Starr may be present in person during the National Convention to sing for the delegates.

This recording has already been made, and is scheduled for release in September. Orders for this record will be handled through the National Office at 1294 Union Avenue, Memphis, Tenn.

Dick Taylor is Starr-y eyed after hearing Kay Starr record ΠΚΑ "Honeymoon" for Capitol Records.

Ralston Thompson Selected As Guest Instructor At Cincinnati Art Academy

♦ FROM leather goods manufacturing to interpretive painting has been the road traveled—fast and successfully—by Ralston Thompson, an alumnus of Gamma-Zeta Chapter (Wittenberg). Upon completing his college work in 1925, he became the owner and operator of a successful leather goods manufacturing firm in Springfield, Ohio—but he couldn't wash the painting oils out of his mind. He turned back to art schools for advance work, earned his master's degree at Ohio State, then continued his training in Europe. After teaching at Ohio State for several years, he returned to Wittenburg as director of the Department of Fine Arts.

Thompson's oils and water colors have brought him twelve grand prizes in major exhibitions since 1945. His works have been shown in thirteen national exhibitions throughout the country from Los Angeles to the Corcoran Gallery in Washington. He attributes this increasing recognition to his deliberate transition from the photographic to the interpretive style of painting. Philip R. Adams, director of the Cincinnati Art Museum, said:

In his spare time while teaching at Wittenberg, Artist Ralston Thompson dons old pants and sweat shirt, picks up his pie-tin palette and makes his home his studio. Below, he adds a touch of black to a mural he is painting on the stairway wall of the Thompson home.

"Lyric observation combined with formal construction is a theoretically ideal blend. In Ralston Thompson's paintings and drawings the theory proves itself." His listing in *Who's Who in American Art* and *Who's Who in America* testify to the outstanding quality of his work.

— H K A —

A Leader In His Town

♦ SELECTED to guide the Kansas City Chamber of Commerce during the 1950 Centennial Celebration is Albert R. Waters, president of the Carter-Waters Corporation and director of the Marsh Steel Corporation and Mid-Continent Paint Co. A thriving metropolis has grown out of the pioneer spirit of the settlers in this mid-western city now celebrating its 100th year. This same pioneering spirit is typified by Bert Waters, the engineer and builder.

Brother Waters attended the University of Missouri where he was a member of Alpha-Nu Chapter. He was the recipient of numerous campus honors including Tau Beta Pi, national honorary engineering fraternity, and QEBH which for over 50 years has been selecting the ten most outstanding campus leaders of each senior class. Recently, he and E. E. Howard, president of the American Society of Civil Engineers, were made honorary knights of St. Patrick at the annual engi-

ALBERT R. WATERS

neers' celebration at the University of Missouri.

He began his career as an Army engineer in Kansas City. The following January found him on his way to Panama as a design engineer for the Isthmian Canal Commission. In two years he returned to Kansas City as a design engineer for the Kansas City Bridge Co. He later became a salesman and district manager for the Truscon Steel Co. The Carter-Waters Corporation was founded in 1921, and for the past 28 years has been manufacturing and distributing construction materials.

The outstanding career of Bert Waters was recently the subject of a feature story in the "Leaders in Our Town" series of the *Kansas City Star*.

— H K A —

George Metzger Is New President Of Cincinnati Bar Ass'n

♦ GEORGE METZGER, AÆ (Cincinnati), 2935 Ravogli Avenue, Westwood, Cincinnati, Ohio, has been elected president of the Cincinnati Bar Association. He is also a member and a past president of the Cincinnati Lawyers Club. He has been very active in professional organizations, Community Chest, and civic affairs.

Brother Metzger was a campus leader during his undergraduate days and served his chapter as SMC. He continued his active interest in the Fraternity through the Cincinnati alumnus chapter. His nephew, Edward Metzger, is past SMC and current house manager at Alpha-Xi Chapter.

Olswanger Celebrates 20 Years On Radio

◆ IN APRIL, 1950, Berl Olswanger, ΔZ (Memphis State), celebrated his twentieth anniversary in radio on his House Party Program, a regular television show over WMCT, Memphis, Tenn. Both radio and Berl have come a long way since the 12-year-old wizard of the ivories climbed on the piano bench for his first broadcast in 1930.

At fourteen, Berl was regular pianist in a dance band; at eighteen he was staff pianist for one of Memphis' leading radio stations. Sand got in his shoes, so he signed up with George Olsen's famous band as vocal arranger. Uncle Sam firmly beckoned to him in 1941 and through some marvelous chain of events he ended up in a job tailor-made for him—Admiral Halsey's entertainment officer.

Just before entering the service, he had sandwiched in enough college work to secure his degree at Memphis State. As a talented man-about-campus, he produced several of the highly successful Varsity shows on the campus. The chapter kept him busy composing and arranging songs—one of which appears in the 1950 edition of *The Pi Kappa Alpha Songbook*.

After doffing the bell-bottomed trousers, he decided to take off his shoes and "set a spell." But shoes or no shoes, he's still a busy man. He opened a music store in Memphis, wooed and wed Edna May Long in 1947, and now gives concerts to sell-out crowds, teaches music to 350 students (that's right, 350), produces, directs and plays for a weekly television show. During his spare time (!), he plays for private parties, benefits, or maybe builds sandboxes for Berl, Jr., age two.

Mothers' Club Organized At Delta-Gamma

By EARL BORRADAILE

◆ DELTA-GAMMA Chapter at Miami University climaxed a year of activities with a big week end for its mothers in observance of Mothers' Day.

With the entire campus planning many events for that special lady, the Pi Kaps welcomed their mothers to the house that has now been home for one year. The mothers met Saturday afternoon to lay plans for a Mothers' Club. Mrs. J. C. Whitney of Parma Heights, Ohio, was elected president of the newly organized group.

Berl Olswanger, ΔZ, the Memphis Maestro of Swing, is seated at the piano surrounded by his Olswingers (left to right): Fred Willis, Catherine (Cackie) O'Hearne Meredith, ΔΠΠ, Billie Jane Bennett, and Nell Murphy Sharp, ΦM, during their regular television broadcast.

The mothers' first action was to vote a gift of \$115 to the chapter to purchase a public address system. After their meeting, the mothers accompanied their sons to the Interfraternity Sing, in which the Pi Kaps participated. The sons also entertained the mothers with a dinner at the Colonial Kitchen.

Saturday night activities drew to a close with an open house in the evening and a serenade. Sunday morning the mothers staying at the house had breakfast with their sons and attended services at the churches of their choice for special Mothers' Day services.

The Dream Girl Dance was held May 20, 1950, at the Brant Room in Oxford College. The Pi Kaps chose Miss Edith Henson, Sigma Kappa, as the "Dream Girl of 1950" and presented her with a bouquet of roses and a loving cup.

Al Kriedler again this year became the "Ugliest Man" on Miami's campus. Entering the Alpha Phi Omega, service honorary, sponsored contest as "Scarface," Al carried off top honors for the second consecutive year, permitting the chapter to retain the plaque awarded the group backing the winner. The contest is sponsored in an effort to raise money for the proposed Student Union building.

Richard Williams was elected to Phi Beta Kappa, national scholastic honor society, this spring, as the only Pi Kappa Alpha to be accorded recognition this year. Dick has consistently maintained a high scholastic average. He was a

transfer from Bowling Green State University, and was not eligible for the honor until his senior year.

After a spirited campaign, the New Miami party, to which Pi Kappa Alpha belongs on Miami's campus, came through the fracas with great success. The party's full slate of class officers for the junior and senior classes was elected with Pi Kap Robert Harrington, former SMC, getting the nod as Senior class secretary-treasurer. Clark Daugherty and Ray O'Connor were elected to membership on the Student-Faculty council. Clark was also elected chairman of the New Miami party at its last business meeting of the year.

Using the title, "Fraud in Advertising," Ray O'Connor won first place in the Fisk Oratorical contest last February. Ray received a prize of \$30 for his placing. The previous year he placed second in the same event.

The sports-minded members competed in the intramural activities sponsored by the physical education department. One team participated in the intramural softball league and won first place. The pledge team won a gold cup in the pledge softball division. Adding to the trophies on the mantel, the chapter won another cup in the billiards tournament sponsored by an Oxford businessman.

Thomas G. Saunders, BM (Texas), is president of the San Antonio Teachers' Council, San Antonio, Texas.

Pledge Discovers "Doorway To Friendship"

By JOHN L. KURTS, JR., ☉

◆ "THE best way to express why I want to become a member of Pi Kappa Alpha is to rewrite the preamble of Pi Kappa Alpha. On my arrival at Southwestern I received advice and help from members of ΠΚΑ. This was proof of their ideals, *i. e.*, brotherly love, kind feeling, and a firm and lasting friendship. I would consider it an honor to be a member of ΠΚΑ."

The quotation above was taken from the pledge test of a recent initiate of Theta Chapter. It has perhaps been duplicated many times by pledges from all chapters, but we consider it a special compliment, because it came from the heart of a foreign-born student who has been in the United States only a few months.

He is Alfredo Luigi Brigola. Fred, as he is known to us, was born in Shanghai, China, on November 23, 1923. Although born in China, Fred's nationality is Italian. His parents moved to China soon after World War I. His father was a merchant and represented the Italian communities in Shantung, China.

Fred was educated in British schools in Shanghai. He spent his senior year in high school at the North China American High School in Peking where he was graduated in 1941. Immediately following his graduation, he enrolled in the Kienta University in Changchun, the capital of Manchuria. On completion of two years of study there, he received the honor of being the only foreigner to be awarded a diploma for successfully completing a study of the Chinese written and spoken language.

In consideration of the above, he was asked by the Italian government to serve as interpreter and secretary for the Italian Embassy in Manchuria. After serving in this office for a year, he resigned and went into business. When the war ended in 1945, he was in Chefoo, which until V-J Day was occupied by the Japanese. As the Japs evacuated the city on V-J Day, the Chinese Communists took advantage and "liberated" Chefoo. As a result of this "so-called" liberation, Fred spent two unforgettable years in a Communist concentration camp. While in the camp, Fred says they were called "guests," and the Commies found it desirable to "indoctrinate" them with Communism.

By hook and crook he managed to leave that port with the help of an Amer-

ican captain of an UNRRA ship. By staying two skips and a jump ahead of the Communists as they successively entered unconquered cities, Fred managed to keep away from them. During this time he worked in different exporting and importing businesses in Tientsin, Shanghai, and finally Hong Kong.

It had been Fred's intention to enter college immediately after his high school graduation, but he was prevented from doing this by the war and by being blocked by the Communists. He chose Southwestern on the advice of Mr. Arthur Churchill, a former Memphian and also his former principal at the American High School in Peking.

Today Fred is 27 years old and is majoring in business administration at Southwestern. He is a proficient linguist in English, Italian, Chinese, and French. He also has an understanding knowledge of German. Fred has been in almost every city of China and Manchuria, and has traveled in Japan, Hawaii, Italy, and the Portuguese colony of Macau. After he landed in the United States in January, he drove from San Francisco to New Orleans and then to Memphis to school. He hopes to return to China if it is freed from the Communists. If not, he will go to Europe.

One of his favorite stories nowadays is about an incident which happened to him on a recent trip to New York. He drove from Memphis to New York when Southwestern concluded its regular session in June, stopping in Paris, Tenn., and swapping cars because of car trouble. While driving around New York, trying to find his way out, he entered a one-way street in the wrong direction and was stopped by a policeman. The policeman began to question him. Fred told him that he was an Italian, that he was from China, and he bought the car, which bore a Michigan license plate, in Paris. He then showed the policeman his driver's license. However, the only driver's license he had was one from Portugal which he had obtained while in Macau. In addition, Fred gave him a card with his name written in Chinese. All of these answers were true, but were very confusing. The officer was so outdone and confused that he let Fred go without any further questioning. On top of all of this, it took Fred four hours to find his way out of New York.

Alpha-Mu Claims Campus Queen

◆ For the first time since the war, Alpha-Mu has a Campus Beauty Queen! Miss Anne Brooker, freshman, who hails from Tampa, Fla., was named winner over ten other candidates in the recent Pandora Beauty Revue.

Miss Brooker, a 5-foot 6-inch brown-eyed lass, is 19 years old and expects to do some fashion designing in the not too distant future.

Following the outstanding success that Alpha-Mu had with the beauty election, the annual Dream Girl Ball was held March 31. Miss Millie Matthews, 20-year-old junior from Asheville, N. C., was unanimously chosen by the brothers as Dream Girl for 1950. Millie is president of Pi Beta Phi sorority, holds numerous campus honorary positions, and is a member of the College Board of *Mademoiselle* magazine.

New brothers tapped for Gridiron, national honorary society, include Bob Argo, past SMC, and Harold Walraven, past IMC.

Alpha-Mu has a strong representation in the local chapter of Pi Alpha Lambda, national landscape architecture fraternity. Among the members are Bob Harmon and Wallace Wilkins.

In the coming spring during campus-wide elections, Brother Bobby Morris of Corpus Christi, Texas, will represent the chapter by running for secretary-treasurer of the junior class. Bobby holds the position of right half on the varsity football squad. Brother Bob Argo is chairman of the elections committee for the Interfraternity Council this year, while Brother Rex Edmondson serves as publicity chairman on the same committee for the council.

The chapter has two full cadet colonels in the military department, Brother Harold Walraven, Jr., colonel of infantry and the regiment, and Brother Pondelee Leotis, colonel of air corps. Brother Lewis "Buddy" Lee, Alma, Ga., was recently voted the Most Valuable Man in the chapter by the brothers, and was presented with a plaque at the banquet preceding the Dream Girl Ball.

— Π Κ Α —

Theta Chapter (Southwestern at Memphis) recently initiated Professor Raymond S. Hill, head of the Speech Department at Southwestern. Professor Hill received his B.F.A. and M.F.A. at the State University of Iowa. Theta is the first fraternity on the campus to initiate a member of the faculty into a social fraternity.

"These Keep the Face"

College fraternities came into existence to meet a need in the American system of higher education. Approximately a century of operation has proved the merits of the system, and a large number of national fraternities have developed into big businesses.

Pi Kappa Alpha's proposed memorial building designed by Architect George Mahon of this building on the two-acre tract of Trustees of Sigma Chi

Phi Delta Theta National Headquarters, Oxford, Ohio

Lambda Chi Alpha National Headquarters

and national headquarters building as
Plans are under way for the erection
and given to the Fraternity by the Board
Western-at-Memphis.

Sigma Alpha Epsilon leaders caught a vision of more efficient business operations through a planned national headquarters, but of primary concern, they desired it as a memorial which would serve to perpetuate its fraternity heritage and ideals. Toward this end the beautiful Levere Memorial Temple was erected in 1928 in Evanston, Illinois. Phi Kappa Tau in Oxford, Ohio, Lambda Chi Alpha in Indianapolis, Indiana, and Phi Kappa Sigma in Philadelphia followed suit. In 1948 Phi Delta Theta constructed its beautiful headquarters in Oxford, Ohio, and in 1950 Sigma-Chi purchased an impressive estate in Evanston, Illinois.

For several years the leaders in Pi Kappa Alpha have been planning for that great day when it too will have a suitable national home. The Pi Kappa Alpha Memorial Foundation has been established and its trustees have had architectural drawings prepared. Georgian architecture will be used and the building will be erected on our property adjacent to Southwestern-at-Memphis in Memphis, Tennessee. George Mahoney, A, is the architect and Hubert Owens, AM, will supervise the landscape gardening.

arters, Indianapolis, Ind.

Memorial Building To Include Fraternity Library

An artist's conception of the Pi Kappa Alpha Memorial Library.

◆ THIS beautiful drawing is the architect's conception of the Memorial Library which will be contained in the Pi Kappa Alpha headquarters building. The Memorial Foundation trustees directed the architect to provide for this lovely library and an adjacent Founders' Room which will display paintings of the Founders, old badges, pictures and papers of historical interest, and general Fraternity memorabilia. The library will contain books, periodicals, and other publications of Pi Kappa Alpha and interfraternity interest. Complete files will be maintained on *Baird's Manual of American College Fraternities*, *Banta's Greek Exchange*, *The Fraternity Month*, and *The National Interfraternity Conference Yearbook*. This material will be available to the public for its use.

A major portion of the library will be books written by members of the Fraternity. This will include a wide variety of subjects and styles and will range from theological and scientific treatises to novels and poetry. All will represent the creative work of our members.

The Memorial Foundation trustees have requested the National Office staff immediately to begin the solicitation and accumulation of books for the library. We are desirous of having the authors contribute copies autographed to THE PI KAPPA ALPHA MEMORIAL FOUNDATION. These should be mailed to the Fraternity office at 1294 Union Avenue, Memphis 4, Tenn. We trust our readers will urge our authors to send their books so that a sizable library

will be on hand when the Memorial Building is completed.

Dr. Clovis Chappell, AI (Millsaps), prominent Methodist minister and author, and Dr. Thornwell Jacobs, M (Presbyterian), outstanding educator, lead off the parade in a very impressive manner. As the accompanying pictures illustrate, it would take only a few authors as prolific as they are to fill a sizable library.

Dr. Chappell is renowned throughout the South as a speaker and lecturer at educational institutions, summer conferences, and before religious organizations. His books are "best sellers" among these groups. His son, Clovis Chappell, Jr., is an alumnus of Theta Chapter (Southwestern). Dr. Chappell retired in 1949 and is now living at Waverly, Tenn.

The titles of his books in this picture are: *The Village Tragedy And Other Sermons*, *Sermons From The Miracles*, *The Road To Certainty*, *Values That Last*, *Sermons From The Psalms*, *Sermons From The Parables*, *Chappell's Special Day Sermons*, *Living Zestfully*, *Sermons Revelation*, *Faces About The Cross*, *If I Were Young*, *Feminine Faces*, *Sermons On The Lord's Prayer*, *The Sermon On The Mount*, *Ten Rules For Living*, *Questions Jesus Asked*, *When The Church Was Young*, and *And The Prophets*. These books are published by the Abingdon-Cokesbury Press, and may be obtained from the Methodist Publishing House, 810 Broadway, Nashville 2, Tenn.

Dr. Thornwell Jacobs and his brother, Dr. William States Jacobs, a Presbyterian

minister in Houston, Texas, are both listed in *Who's Who in America*. They have both received their Golden Membership certificates for more than fifty years of membership in the Fraternity. Another brother, Dr. Dillard Jacobs, also received a Golden Membership certificate, but he has since died. They were initiated during the early days of Mu Chapter at Presbyterian College which was founded by their father. "Dr. Thornwell" was educated there and at Princeton University. After serving in the ministry for several years, he founded Oglethorpe University, Atlanta, Ga., in 1915 and served as president until his retirement in 1944. His present address is Station C, P. O. Box 142, Atlanta, Ga.

Throughout his career, Dr. Jacobs has produced many literary works in both prose and poetry. A partial list is as follows: *Sinful Saddy*, 1907; *The Law of the White Circle* (novel), 1908; *Midnight Mummer* (poems), 1911; *The Oglethorpe Story*, 1916; *Life of William Plumer Jacobs*, 1918; *The New Science and the Old Religion*, 1927; *Islands of the Blest* (poems), 1928; *Oglethorpe Book of Georgia Verse* (poems), 1930; editor, *The Diary of William Plumer Jacobs*, 1937; *William Plumer Jacobs Memorabilia*, 1942; *Red Lanterns on St. Michael's* (historical novel), 1940; *Story of Christmas*, 1941; *Drums of Doomsday* (novel), 1942; *Step Down*, Dr. Jacobs, 1945; and *When For the Truth* (novel), 1950. *Red Lanterns on St. Michael's*, published by Dutton Company, is a historical novel of the War Between the States with Charleston,

S. C., as its locale. It has often been compared with *Gone With the Wind*. *When For the Truth* is also a historical novel and is receiving excellent reviews.

Other recent additions to the library are *The Business Of Home Building*, edited by B. Kenneth Johnston, BΘ (Illinois), and Charles E. Joern, BΘ (Illinois); *My Panama Canal Theatre Adventure* by Subert Turbyfill, BΘ (Oklahoma); *Brick-er of Ohio—The Man and His Record* by Karl B. Pauly, AP (Ohio State); and *The History of Virginia's Navy of The Revolution* by the late Robert Armistead Stewart, A (Virginia).

— Π Κ Α —

The International Mark Twain Society has announced that the award of Honorary Life Membership for the first quarter of 1950 has been awarded to Subert Turbyfill, Esq., BΘ (Oklahoma), author of *My Panama Canal Theatre Adventure*.

Hoskins Library Dedicated **Tennessee Honors President Emeritus**

By DAVID ABERNETHY

◆ THE outstanding keynote of the 1950 Commencement Exercises at the University of Tennessee was the dedication of the James D. Hoskins Library in honor of President Emeritus Dr. James D. Hoskins, Z (Tennessee). Dr. C. E. Brehm, president of the university, officially naming the library, reviewed the distinguished career of Dr. Hoskins, who has been associated with the university during the past 63 years.

In his dedicatory address President Brehm said: "The Board of Trustees and faculty felt it fitting to name the library after Dr. Hoskins because the library serves the entire community, students, and faculty. He has rendered many years of distinguished service, and has made great contributions toward the growth of the school during its years of most rapid expansion." To these remarks the veteran white-haired educator, smiling but visibly moved, replied: "Of all the buildings on the campus I have seen go up, I would rather have the library named after me than any other."

The University of Tennessee Alumni Association further honored Dr. Hoskins at a dinner held in his honor by presenting his portrait to the university to be hung in the library.

Actual construction of the Hoskins Library, which was planned for construction on the unit basis, began twenty years ago. Three additional units will complete the structure as originally planned and will be built as the university grows. Today all University of Tennessee libraries have a total of more than 310,000 catalogued volumes and nearly 89,000 pamphlets, manuscripts, and booklets.

Dr. Hoskins entered the university as

a freshman in 1887, and was awarded the bachelor of science and master of science degrees. He began his teaching career as an instructor in mathematics at the University of Tennessee in 1891. Leaving there in 1894 he held teaching positions in a rural Louisiana school, and during the ensuing years taught in private and public schools in Knoxville. During this time he studied law at the university, and obtained his law degree in 1897. In 1900 he returned to the university.

Successively, Dr. Hoskins was promoted to professor of history and economics in 1907, dean of the college of liberal arts in 1910, acting president of the university for six months following the death of Dr. Brown Ayres in 1919,

"Jimmy D." Hoskins in 1887 as a freshman at U. T.

and in the same year dean of the university. Although in the latter position it was not necessary for him to continue classroom instruction, he did so of his own accord to assure more direct and closer contact with the students. In 1934 he became president and remained in that capacity until his retirement in 1946 at which time he was given the permanent position of President Emeritus.

Dr. Hoskins has distinguished himself as a leader and a scholar from his student days forward. As an instructor, dean, and later as president he brought to these respective positions the value of rich experiences and a thorough understanding of the functions of a state university. A key to his philosophy is found in his report when he was elevated to the position of presidency. He said: "The strength of a great university lies not in splendid buildings and fine equipment, essential though these may be when appropriately designed and carefully selected. Nor does it lie in the fine skills and the information which are imparted in the college halls, as is often supposed.

"A great university's strength comes from those great spirits in the faculty who are able to translate facts into living principles and instill a burning zeal for scholarship and abundant living. These are like blood, infusing vitality throughout the institution and transforming cold intellectual endeavor into vision and freedom."

Dear to the hearts of many thousands of former students and friends, Dr. Hoskins personifies wisdom, lofty ideals, and a sincere devotion to mankind. With the naming of the university's main library building in his honor, the lessons he has been teaching throughout the years will be perpetuated to inspire youth to loftier ideals and more noble purposes in the years ahead.

Beta-Eta Wins Scholarship Improvement Award

By HOWARD A. BAKER

◆ BETA-ETA Chapter was crowned the 12-inch softball champions of the University of Illinois after three seasons of near misses. Bob "Freck" Wylie, who pitched his teams into league playoffs in two consecutive years, finally reached the finals this year and went on to win the all-university championship. With the valuable I-M points garnered from softball and other I-M sports, Pi Kappa Alpha ranked fifteenth out of 56 fraternities in the final I-M point standings. Riley McGirk added a great deal to our rebuilt athletic program this year, and he was presented with the outstanding intramural athletic trophy of Beta-Eta Chapter. Plans of further advancement in intramurals are already under way for next year's competition.

Another outstanding success for Beta-Eta Chapter this year was winning the University Scholarship Improvement Trophy. This huge traveling trophy is presented annually at the Interfraternity Ball to the fraternity which has shown the greatest improvement in scholarship during the fall semester.

Chapter social events gave much needed breaks during the long spring semester. The annual Hobo Brawl was revived with a great deal of success. A slide into the basement, a maze of tunnels which led to the first floor, bales of hay, hobo outfits, mulligan stew, and a three-piece combo with a limited repertoire combined to make a real Hobo Brawl.

Spring Carnival again provided the biggest distraction to the routine of class work. Pi Kappa Alpha teamed up with Zeta Tau Alpha sorority to present an epic of the Kentucky hills entitled "Moonshines." A revenooer, the hill-billies, and a sextet of mountain music makers highlighted a show which everyone enjoyed.

The annual Dream Girl Formal provided the last fling before final exams began. Miss Maureen Comstock was chosen "Dream Girl of IKA," and was crowned with all the ceremonies befitting a queen.

— I K A —

The Pike horse, under the sponsorship of Delta-Lambda Chapter, was invited to participate in the 47th annual Florida-Georgia Horse Show in Atlanta. The horse, winner of the St. Marks Equestrian Parade, and twice runner-up in local horse shows in Tallahassee, is under the training of Bill McNeir and pledge Charles Davis.

Beta-Eta SMC Michael Sullivan (left) proudly receives the Scholarship Improvement Trophy given annually by Sigma Chi at the University of Illinois Interfraternity Ball. Holding the cup are pledges J. Garonski (center) and D. Rexroad.

Beta-Gamma Entertains Governor At Dream Girl Festivities

◆ THE highlight of the spring's activities at Beta-Gamma was our gala and very beautiful Dream Girl Dance. The evening started with a formal dinner honoring Kansas' Governor and his wife, Governor and Mrs. Frank Carlson. Governor Carlson gave an informal talk to the members and their dates at the dinner. Immediately following the dinner at the Eldridge Hotel, the party moved to the Lawrence Country Club for the dance.

At the intermission of the dance, Governor Carlson presented the 1950 Dream Girl of Pi Kappa Alpha, Miss Phyliss Gray of Emporia, Kan. Phyliss is a member of Alpha Chi Omega, and is a freshman in fine arts at the University.

The two attendants to the Dream Girl were Miss Dorothy Glanman and Miss Carol Squire. Dorothy, a member of Sigma Kappa, is a senior at the University and hails from Wellington, Kan. Carol, a junior, is a member of Alpha Phi, and is from Coffeyville, Kan.

The Dream Girl was presented with a large traveling trophy that Beta-Gamma gives each year to their Dream Girl and a large bouquet of American Beauty roses. All three of the girls received orchids and gift certificates to one of the exclusive dress shops in Kansas City.

The lovely evening came to a close to the strains of "The Dream Girl of IKA," and plans were already in the offing for an even bigger and prettier dance next year.

— I K A —

Beta-Phi Mothers Were Queens For A Day

◆ QUEENS for a day! Yes, the mothers were treated in a royal manner on May 14, Mothers' Day of 1950.

The celebration began with open house on Saturday. Most of Saturday was spent in preparation for the participation in the University Sing, a fraternity and sorority group singing contest. That night a buffet dinner was served, and the rest of the evening found the mothers making new acquaintances.

The house was emptied of men at 1:00 a. m. as the mothers took over for the night. The chapter returned a few minutes later, however, and serenaded the new occupants. Not to be outdone, the mothers retaliated with their version of "If I Knew You Were Comin', I'd Baked a Cake," with ukelele accompaniment.

The mothers were treated to a taste of real fraternity life, and seemed to enjoy every minute of it. We consider our new plan to be one of promising success and are looking forward to a similar celebration next year.

Captain Irving T. Duke, O (Univ. of Richmond), is now in command of the battleship Missouri.

Dream Girl Tradition Inaugurated At Oregon

By JAMES H. McALEAR

◆ THE formally decked revellers who thronged the Gamma-Pi Chapter house December 1 became breathlessly hushed as Oregon's first Dream Girl of IKA, Miss Joanne Gary, KKT, stepped through the opening of the satin-covered black and gold badge.

Miss Gary was selected by Movie Actor Alan Ladd by request of the chapter which felt that after choosing five of the most beautiful girls on the campus, from sixty, they could go no further. The last and final decision went therefore to a reputed authority. The sealed telegram from Alan Ladd announcing his choice was read by honorary Dream Girl Joan Amorte, 1948 "Miss Oregon" and sister of pledge Tom Amorte.

Miss Gary was presented with a personal trophy, a full-page portrait in the *Oregana*, a rotating cup for her house presented by the Gamma-Pi alumni, and a wrist watch set with 14 sparkling diamonds. SMC James Hart presented to each of the four remaining finalists a small golden trophy engraved with their name and the words, "Dream Girl Finalist." Everyone regretted that there could not be five Dream Girls, for Beverly Krueger, 1949 Miss Oregon; Wilma Hamilton, IIBF; Molly Muntzel, KAΘ; and Dolly Withington, Carson Hall, were all quite worthy.

The announcement of the names of the finalist on the radio, the splendid publicity in the newspapers, the vast crowd of outsiders who jammed the house out to the sidewalk while the Dream Girl was being announced, and the constant ringing of both telephones for over a half hour after the announcement, all evidenced the success of the contest in many ways.

Members of Beta-Xi and their dates are pictured here at the annual Dream Girl Formal.

SMC James Hart, III, presents Miss Joanne Gary, KKT, Dream Girl of 1950, with a trophy.

Yes, there is little doubt that the Dream Girl tradition has earned a fine welcome at Oregon and will continue for years to come.

— I K A —

Beta-Xi Purchasing House For Fall

By WALTER SCHOR, JR.

◆ HOLDING its regular meetings and rush parties in the Memorial Union and having its parties anywhere that would guarantee a firmly fastened roof, the "homeless waifs of Beta-Xi" carried out a successful program for 1949-50. In spite of the difficulty of getting together for organized practices, our intramural teams were much improved, finishing well up in the standings. Our rush parties, held in the Union, under the able handling of Ray Boltz and Jack Pelisek, brought us many fine pledges, including

one addition to Beta-Xi's group, the "Arkansas Travelers."

Our spring semester officers led the chapter's drive for a house. The active chapter has contributed about \$2,000 in house bonds. With our alumni in Milwaukee and Madison putting on a drive of their own, we hope to have our housewarming next September, if for no other reason than to assure John Horton a place to stay when he comes to see us!

A great variety of social events made this year a memorable one. Outstanding were the "Gay Nineties" party which produced a formidable crop of long black mustaches, and the "Futuramic" party staged by our pledges. The theme for the latter was "dress as you think you will 20 years from now," and the results were a hilarious mixture of "flappers," business men complete with cigars, and one mechanical man, with headlight and electrified tail.

Our alumni picnic ran into some opposition from the weather, and only the timely intervention of Brother and Mrs. Ross Renner, who kindly offered the use of their house, saved the picnic from death by drowning. We were especially glad to see all the brothers from other cities. We hope they will make their coming an annual event and that next year the weather will be a little more cooperative.

Our official social season wound up with our Dream Girl Formal held at the Capitol Hotel. Judges "Spike" Carlson and city Chief of Police Bruce Weatherly picked Miss Shirley Hempelman as Dream Girl. Her court included Annette Koss, Joyce Geddes, Virginia Nickerson, and Carol Swanson. A formal crowning of the Dream Girl highlighted the evening as Pat MacDonald, Dream Girl of '49, placed the crown of roses on Shirley's head, officially proclaiming her Dream Girl of 1950.

— I K A —

The Delta-Delta Crimson Chariot continues to make news. The chapter received a call from the advertising manager of Publix Markets, Inc., recently. It seems that in the past this particular retail grocery chain had had trouble with fires in their local stores. After a little planning, arrangements were made, and when the new Publix Super Market was opened in Lakeland, the ancient fire engine was on hand—parked right in front of the main entrance. The sign read: "Just in Case!"

— I K A —

Charles Benjamin Park, a recent initiate of Alpha-Epsilon (North Carolina State), is the ninth member of his family to become a member of Pi Kappa Alpha. His father, five uncles, and two cousins were all initiated by Alpha-Epsilon Chapter.

Alpha-Epsilon Frolics In Bowery Ball

By JOHN THOMPSON

◆ THE second annual Bowery Ball, recently staged by the IKA's at North Carolina State College, proved to be a roaring success. The brothers at Alpha-Epsilon for the past two years have given these parties in honor of the new pledges. The day preceding the party, the game room was secretly decorated by the brothers. When the night of the ball rolled around, pledges and brothers alike were surprised at the originality and humor of the decorations. The notorious Bowery Street of New York City was relived with both the boys and their dates dressed in fitting clothes for the occasion. Of course, a couple of comic characters showed up, too; namely, the Wolf Gal and Lil' Abner!

In the intramural sports activities, the IKA's are leading all of the other fraternities on campus. With the boxing championship under our belt and a runner-up award for basketball, we're gunning for softball and track and that cherished Intramural Trophy.

The forty-second IKA Ball, held this year in Frank Thompson Gymnasium, climaxed three days of festivities here at State College. Each year at Easter, alumni flock back to Alpha-Epsilon to attend some portion of the week end. The highlights of this year's IKA Ball included a banquet on Saturday, a picnic on Sunday afternoon, and the big ball on Monday night. Sonny Dunham and his orchestra played for the dance. Pledges, active brothers and alumni entered into the activities of the week end wholeheartedly and thoroughly enjoyed the festivities.

— I K A —

Gamma-Delta Goes To Barbary Coast

By DAVE EVANS

◆ THE biggest social event of the second semester for Gamma-Delta was our annual Barbary Coast dance. Held at the chapter house in late March, the party was a roaring success. Members and guests were dressed as characters of the "'49er" era of old San Francisco. Gamblers, prospectors, cowboys, sailors, dance hall hostesses, and chorus girls were all in attendance. A gambling casino, dance floor, bar, and card room provided fun for everyone.

Athletically the chapter has done very well this year. Leo Johnson and Ken Troutt have represented us on Arizona's nationally acclaimed basketball team. In

The Pi Kappa Alpha colony at Arizona State College, Tempe, crowned Miss Louise Dunlap their first Dream Girl at a dinner dance given by the Phoenix alumni at the Arizona Country Club. Front row (l. to r.) are Vern Fetterman, president of the colony; Evan Mecham, president of Phoenix alumni; Miss Dunlap, Paul V. Trovillo, Dean of Men, and John Horton, Field Secretary. Back row (l. to r.), Larry Rundle, Advisor; John P. Van Denburg, and James O. Showers, alumni officers.

intramurals we finished sixth among 24 teams. We have placed high in most sports and for the second straight year almost won the volleyball cup, only to lose the deciding game to the Phi Gams.

An annual pie-eating contest with Pi Kappa Phi was initiated this spring. The pies were baked by the girls of Pi Beta Phi, who supervised the orgy. Our boys, looking rather "pie-eyed" after losing a heartbreaker, promised to "eat 'em up" next year.

The pledge class of 12 men has been full of life. They're still chuckling over their successful walkout, when they stranded the actives without a bite of chow on April Fools' Day and had a fine party on the desert with their dates.

Dick Haga and John Calley were recently elected to Sophos, sophomore men's honorary. Chain Gang, junior men's honorary, claimed Dick Towne and promptly elected him secretary. Dave Evans has been admitted to Blue Key, upperclassmen's honorary, and has been elected president of a new campus organization of 100 men which will be in charge of all traditions, rallies, and cheerleaders next year.

Under the fine leadership of SMC Don Holt, Gamma-Delta has had a good year on the Arizona campus, and looks forward to an even better one next year.

Delta-Eta Has New House

◆ THIS YEAR has been a momentous one for Delta-Eta. When the school year opened in September, the urgent need for a house was just as pressing as in the previous years. Prospects seemed grim as ever; however, in December the university made a house available to us. Ten days before rushing began we were able to move in. We scraped walls, painted, waxed floors in these few days, and one hour before our first smoker, the furniture arrived. What a relief! Rushing was most successful as 20 men now wear the familiar pledge pin.

Brothers Ward and Sala were elected to Tau Beta Pi, honorary engineering fraternity. On March 1, 1950, we held our annual Founders' Day banquet. K. D. Pulcifer, former national editor of *The Shield and Diamond*, served as toastmaster and William Penrose, dean of education at the University of Delaware, was the main speaker. After the banquet everyone adjourned to the house for an evening of "batting the breeze." The annual spring formal was held at the Newark Country Club April 21.

We wish to extend an invitation to our brothers throughout the country to visit our new house at 247 W. Main Street. If you're ever in Newark, the welcome mat is always out.

Smokey Figured There Was More

Top Club President Killen and his family are seen in their attractive ranch house in San Antonio. The children's names are Kyle and Kandace.

◆ ONLY a neophyte Texas life insurance salesman would have the brass to tell his manager that he would sell the largest amount of insurance for New York Life during the coming year—after only eighteen months of experience. C. H. "Smokey" Killen did just that—he talked, then acted. Sure, there are lots of millionaires in Texas, but there are lots of insurance salesmen, too! Smokey figured there was more room at the top,

so with a little headwork and a lot of footwork he set out to write \$3,000,000 worth of insurance. When the home office tabulated the year's records, lo, Smokey's name led all the rest. Three hundred thirty-five applications were paid for and totaled \$3,084,472, an average of more than \$10,000 each working day.

We are certainly glad Smokey was on "our side" during the rush weeks at the

University of Texas since he is such a super salesman. He arrived at the university and was pledged by Beta-Mu just in time to help win the fraternity basketball championship in 1937. With his glad hand and ready smile, it was only logical that he should be Social Chairman his senior year. The Pikes ran with several sororities, including the Theta's. Smokey's attention soon concentrated on one

Henry C. Jones Enters Literary Field Of Fiction

◆ HENRY C. JONES, BΨ (Mercer), who writes fiction under the name of Henry Carlton Jones, has entered the international literary field with the sale of a short story to *The Weekly Star*, Toronto, Canada. Jones has previously had fiction in *The Saturday Evening Post* and has contributed numerous articles to magazines.

A reprint of one of his articles, "What's Wrong With Work?" was condensed in the October, 1949, issue of *The Reader's*

Digest. It was published originally in *Printers' Ink* this past December and has been widely reprinted and quoted.

Brother Jones, a native of Illinois, received his A.B. from Mercer University in 1927 and has lived in the Southwest since. He has been editor of three daily newspapers, advertising manager of one, manager of another and has held several top advertising jobs in Oklahoma and Texas. He now lives in Oklahoma City where he owns and operates The Jones & Jones Advertising Agency. He is a past president of the Oklahoma City Advertising Club and a past director of the Houston Advertising Club. He married

an Oklahoma girl, Lucille Minton, in 1931 and they have two children, Donna, 13, and Dennis, 3.

This hard-working ΠΚΑ has also recently completed a novel which is now in the hands of a New York publisher, and is currently busy on his next novel.

James Spaulding, ΔΝ (Wayne), placed fourth in a division of the national speech tournament held in Madison, Wis. Sponsored by Delta Sigma Rho, national speech honor society, the competition was comprised of representatives from 17 schools.

oom At The Top!

of the Theta queens, Mary Margaret Alexander from Beaumont. Despite a "tour of duty" selling automobiles in El Paso, participation in World War II as a captain in the Marine Corps, and a few other incidental delays, he got back to Beaumont and made her "Mrs. Smokey" before some other salesman could beat his time. They now have two little smoke rings—a three-year-old daughter and an eighteen-month-old son.

Smokey is president of the Top Club Council of New York Life Insurance Company because his record was the best of 5,600 agents in all forty-eight states, Canada, Alaska, and Hawaii. At 33, he is the third youngest man to become president since the club was originated 51 years ago. In eighteen months, his office at 326 Milam Building, San Antonio, Texas, has become something of a "capital" of life insurance underwriting.

To prove that there is no secret formula, Smokey will tell anyone how it can be done. He explains his selling methods in these words, "I try to call on prospects whom I have reason to believe are able to pay for insurance if I can interest them. I introduce myself and show my credentials, including my diploma from the Institute of Insurance Marketing, and Million Dollar Round Table membership card. Next, I try to qualify my prospect by seeing how much money he can afford to put aside for insurance, then showing him its most effective use to meet his insurance needs. If I have found the right prospect, there really is little that he should have to 'think over.' He has already told me he can pay for it,

Right: September, 1949, cover of the NYLIC Review.

and I have shown him that he needs it. So about all he has to think over is—does he love his family and can he pass the examination?" Smokey closes the deal then, not manana!

Brother Killen has to believe wholeheartedly in the value of life insurance in order to be such a successful salesman. "I know that I am helping people to do the things that they have been trying to do all their lives. I also know that twenty or thirty years from now, when their policies start maturing, I am going to have a lot of grateful friends. In fact, there will be a lot of happy people wherever I live because I am going to see that they get plenty of New York Life insurance and that they hold on to it in order to fulfill their needs and aspirations."

Henry Harrison Weir

Rho (Cumberland)

◆ HENRY HARRISON WEIR was born at Lebanon, Tennessee. His father, E. E. Weir, was a professor at Cumberland University, and also one of the founders of the Lebanon College for Young Ladies—a private school for girls. Brother Weir, after being tutored privately by his father, attended Cumberland University and graduated with a degree in law. From this point in life his career became quite versatile and interesting.

He taught a few years at the Lebanon College for Young Ladies. In 1906 he entered the newspaper business at Watertown, Tenn. He accepted a position with the Taylor-Trotwood Magazine in Nashville in 1907 doing special write-up work. In 1908 he became associated with the *Meridian Star*, Meridian, Miss. He became the first president of the Mississippi State Federation of Labor, a position he held approximately eight years.

From 1916 until the outbreak of World War I, he was engaged in the creamery business. During this time he was appointed federal director of the Employment Service for the State of Mississippi. He later became associated with the Acme Building Supply Company of Meridian, and at the present time is in charge of the house building department of this organization.

In the latter 20's, Weir became interested in church work beyond his local church. He has served on the Committee on National Missions for the last 25 years for the Presbytery of Mississippi. He attended the General Assembly of the Presbyterian Church U. S. A. at Denver, Colo., in 1932. In 1944 he was appointed, along with 50 other laymen of the church, to develop the laymen's work of the church. This resulted in the organization of the National Council of Presbyterian Men. He was instrumental in forming a federation between a U. S. and a U. S. A. church which has successfully operated since formation 17 years ago.

Parish Hall Dedicated In St. Croix, Virgin Islands

By PASTOR LEO LA FONTAINE, FZ

◆ SUNDAY, November 27, 1949, hopes of a parish hall for the Lutheran Church Christiansted, St. Croix, cherished ever since the transfer to the United Lutheran Church in America, were realized. This hall was badly needed by the parish as a former parish hall was lost in the treaty of transfer by the Danish government.

The present building, situated on the wharf, or square, of Christiansted, is one of the oldest buildings in town. It dates from the arrival of the Danes in 1733, and probably was built on the ruins of an older French building. It was known in 1750 as the English Tavern, and it is

thought that pirates may have frequented it. The building came to the church in 1942 through a legacy from the late Hans Bishop, native of St. Croix, and a member of the Christiansted Church. Mr. Bishop, who once visited the king of Denmark, had risen from a poor boy to a man of circumstances. Through love for his church he left this valuable property to it.

The entire interior of the building has been remodeled. The beautifully finished parish hall occupies the second floor, and is complete with a well equipped stage. The entire remodeling was made possible by a generous loan from the pastor's fund, given to the Board of American Missions contributed to over the years by Virgin Island Lutherans. The cost of remodeling was approximately \$10,600. The new hall will help develop the Sunday school and the social and educational needs of the parish.

A Week of Dedication was held beginning Sunday, November 27, with Dr. R. H. Gerberding, executive secretary of the Board of American Missions, as the guest speaker. The Act of Dedication was read by Pastor Leo La Fontaine. Greetings and a tribute to the late donor of the building were given by the Rev. W. G. Arbaugh, divisional secretary of Latin America. The youth of the church presented an original operetta. The week's program was closed with the showing of the film "Like a Mighty Army."

Mississippi County (Ark.)

Plans Rush Party

By JAMES M. GARDNER

◆ THE Mississippi County (Ark.) Alumnus Club met June 28, 1950, at The Hut in Osceola, Arkansas, for its quarterly meeting. Twenty-five alumni and wives were present for the dinner and informal program which followed.

Plans were made for staging a rush party within the county in the middle of August and inviting all boys from the county who are going to college this fall to schools where I I K A has chapters. Bill Stovall was made general chairman in charge of arrangements.

Newcomers to the club include J. P. Middleton, AZ, who is now associated with Delta Products Company, Wilson, Arkansas, and Denver Wilson, AZ, field man for General Motors Acceptance Corporation.

After a brief business session, the members and their wives joined in singing Fraternity songs.

Paul H. Millichap, BII, Marine Corps Officer, is now attending Harvard Business School.

Beta-Mu Has Year of Progress

◆ **ACHIEVEMENT** and progress were the key words of Beta-Mu's record for the 1949-50 school year. The results were leaders in every type of activity at the University of Texas.

Widespread recognition came to the chapter as a result of its social activities. Several open houses for sororities were given. The Founders' Day Banquet featured a Beta-Mu alumnus, Senator John J. Bell, as the principal speaker. During Round-Up, the University's homecoming, the chapter entertained the University Sweetheart and the Sweethearts of other Southwest Conference schools with a luncheon. "April Showers" was the theme of Beta-Mu's thirtieth anniversary ball. A week-end houseparty for members and dates was held at the Heart O' the Hills Ranch at Hunt, Texas. The Mothers' Day Tea, an annual affair, closed out the social season with many distinguished university, city, and social leaders present. The chapter's beloved housemother, Mrs. J. T. "Granny" Rountree, was singled out for a distinct honor when she was elected president of the University House Mothers' Association.

For Varsity Carnival, the annual all-Greek fund raising festival, the chapter presented a black-face satire on Shakespeare's "Othello."

"Time Staggers On," the annual satire on college life, presented by Theta Sigma Phi, honorary journalism group, was co-authored by Bob Milstead. Pic Wagner wrote the music and lyrics for some of the songs featured in the production.

Gamma-Tau First In Scholarship

By **DON WADE**

◆ **GAMMA-TAU** has had notable success this past fall when it pledged 20 freshmen and four sophomores. These men seem to have the same diversity of interests that has made such good fraternal spirit in the past. The remarkable thing about the pledging was the fact that we complied with the new I.F.C. rushing rules which eliminate the practice of "lead-piping."

Now for an explanation of this diversity of interests. In the past year Gamma-Tau has taken all the trophies the school had to offer for scholarship, but aside from this one unified effort, its members are in a majority of the organizations for extracurricular activities on the campus. Examples are John Kufel, co-captain of the '49 football team and member of the varsity lacrosse squad; Jack Meili and Stu Munson, present and past presidents of LCR, honorary electrical engineering society; Cliff Ostergaard and Dick Peters, holding down the top posts of the Rensselaer Outing Club; and many more representatives in institute radio, publications, and athletics. The most prominent position held down by a Pike, however, is grand marshal. Gerry Ellsworth has done a good job in the past year as this top political figure on the campus.

Now to look at the new pledge class. Rick Van Wooten is a disc jockey on WRPI besides being an apprentice manager. Bill Shoop will have numerals from frosh football, basketball, and lacrosse to show. Jon Crawford, the merman, and Jim Mowry, designer of better cellars for Gamma-Tau, round out a pledge class which should fill the gaps left by this June's graduation.

Beta-Pi Emphasizes Alumni Activities

By **HARRY C. SCHAUB**

◆ **BETA-PI's** alumni program for the spring semester got off to a fine start with the annual Founders' Day banquet held at the Penn Sheraton Hotel in Philadelphia. Since the hotel is only one block from the chapter house, the usual pre-dinner party festivities were held at the fraternity house rather than at the hotel. This provided an unusual opportunity for the active chapter to show off their physical accomplishments in the house remodeling program—the completely refurbished game room being the chief showpiece. The party was a huge success, and its enthusiastic recep-

Gene Nicoli, B.B., is the Regional Informational Officer for Bureau of Mines, Rocky Mountain Region.

tion by the alumni insures its continuance as an annual function.

During the banquet speeches, Brother Scott, SMC, delivered a short resume of Beta-Pi's activities on campus and introduced the 24 new men especially chosen to carry on the fine traditions of ΠΚΑ here at Pennsylvania. Following the banquet, a stag party was held at the fraternity house, and the alumni were entertained with Pike songs and the fascinating scintillations of the ΠΚΑ revue.

The chapter has also sponsored a career forum with a prominent alumnus speaker giving a half hour description of his business at one of the regular chapter meetings. Speakers for last semester included Bill Bentz, Doc Garrit, Johnny Hippel, and our alumnus counsellor, Doc Allen. Johnny Hippel was also on hand to deliver the alumnus charge at formal initiation, and both Doc Allen and Johnny Hippel gave speeches on the values of ΠΚΑ to the pledges during their pledge training.

At the present time, plans are being formulated for a married ΠΚΑ club with our four married brothers as a nucleus for the club. The Mother's Day tea committee is hard at work planning the entertainment, floral displays, and reception of the many visitors the house will entertain.

Jack C. Curtice, K (Transylvania), who last fall led Texas Western's Miners to top place in the nation among football ground gainers, has been named head football coach and athletic director of the University of Utah.

Dr. Carl Grote (standing in front) installed the new officers of the Huntsville (Ala.) alumnus chapter at their annual dinner dance. The new president is Joe Payne (standing, third from right).

Dean Biddle Honored

By EDWARD EWING

◆ GAMMA-SIGMA opened its new kitchen on February 13. At an interfraternity meeting held in January, a testimonial dinner was proposed for Dean of Men T. W. Biddle, to mark his 20th year with the University of Pittsburgh. Since Dean Biddle was a charter member of Gamma-Sigma, SMC Morton proposed that the dinner be held at the ΠΚΑ house. Plans for the kitchen were still in the initial stage, but Brother Morton was confident that it would be ready by February 16, the proposed date for the dinner. During "work week," a new refrigerator and sink were installed, and the old stove was given a good steel wool job. A steam table was acquired from a nearby restaurant which had just remodeled their kitchen. Its condition was poor, but a little steel wool and a lot of "pledge muscle" made it shine.

Chuck Jennings, who had some previous restaurant experience, was appointed steward. The meals have been excellent, and the brothers think Chuck is making bookkeeping errors as he claims he's operating at a profit.

Other great strides beside the opening of the kitchen have been made in the last few months. Gamma-Sigma is still piling up points in the interfraternity All-Point Trophy race. The bowling team won the interfraternity championship by winning 28 straight games without a loss. Volley ball is in its third week with ΠΚΑ leading the race with an undefeated slate. The ping-pong

team has suffered one defeat but is still well in the running for first place.

Interfraternity debate is just getting under way, but Gamma-Sigma has made a very encouraging start by winning both of its one affirmative and one negative debate. Especially encouraging is the fact that one of the victories was over the interfraternity debate champions of last year.

Spring rushing ended on March 11. Showing no signs of being superstitious, Gamma-Sigma pledged 13 new men. One of the outstanding events of the rushing program was Parents' Night. Chet Burford put the parents and rushees in stitches with a black-face number, while the quartet of George Hitchens, Bill Deterline, Cliff Fair, and Bruce King had them swooning to the tune of "I Had a Dream, Dear." Cake, ice cream and coffee put the finishing touches on a very successful event.

So we see, as the school year draws to a close, Gamma-Sigma accelerates the past tradition of ΠΚΑ by its outstanding display in sports, campus activities, and social functions. We look forward to next year when we hope to reach even greater heights.

— Π Κ Α —

An honorary degree of doctor of divinity was recently conferred on The Reverend Roy Edward Watts, Θ (Southwestern at Memphis), pastor of the First Presbyterian Church at Clarksdale, Miss.

Alpha-Omicron Boasts Prexy Of Student Body

By JAMES A. BERTHOLDI

◆ IN OUR small school, it is very seldom that a fraternity man is elected to the office of president of the entire student body—unless he's really got something on the ball. Our chapter is proud to announce that in our midst, we have such a person. His name is Albert Gore. Albert is to be our student body president for the session starting September, 1950.

On May 6, we held our annual spring Dream Girl formal at the Georgetown Country Club. We all had a great deal of fun, and our Dream Girl for 1950, Miss Beth Worth of Delta Zeta, was presented.

Pi Kappa Alpha is well represented in Pi Gamma Mu, national undergraduate honor society in the social sciences. Charlie Bass and John Dalton Priest are among the new members; Jerry Matthews is president of the organization, and Ray Arbuckle Jr. is vice president.

Jimmy Snoga, Ken Bass, and John Walton are members of Blue Key, national leadership fraternity. John is also president of the Ministerial Association.

Now for a quick rundown on sports for the past school year. As far as football is concerned, we won the intramural championship, and completed our third undefeated football season in a row. We came out last in basketball. We tied for the intramural championship in softball, and won the intrafraternity championship. We also won the intrafraternity sports trophy for the second year. The highlight of the sports year for our chapter was winning the annual Georgetown City softball tournament.

Mull Elected President of Calif. State Bar

◆ A. M. MULL, JR., Alpha-Sigma (Calif.), prominent lawyer of Sacramento, Calif., has been recently elected president of the State Bar Association of California. The membership, composed of every lawyer in the state, is now approximately 14,500.

Mr. Mull received his A.B. degree and LL.B. degree from the University of California where he was a member of Alpha-Sigma chapter. He began his practice in the offices of Thomas A. Farrell and Clifford A. Russell in Sacramento. In 1937 he formed his own practice under the firm name of A. M. Mull, Jr., in which capacity he continued until his present partnership with Frederick R. Pierce was formed under the firm name of Mull & Pierce in August, 1945. He was admitted to practice before the Supreme Court of the United States, Washington, D. C., in 1945. He is a member of the State Bar of California, American Bar Association, Sacramento County Bar Association, and the American Judicature Society.

Pike Pep Rally Staged by Alpha-Eta

By VERNON LOWELL

◆ P. T. BARNUM the Great, and Cecil B. DeMille the Colossal couldn't have put on a bigger show—or provided more fun!

Everything short of a tight-rope act across Florida's gigantic gymnasium characterized the big pep rally staged by the "Pike Pep Club" of Alpha-Eta one afternoon in November! It all came about as the AH Pikes reached the semifinals in campus intramural basketball . . . and feeling was running high. So high, in fact, that simply mass attendance at the game wasn't deemed enough. Something else had to be done.

Believe you me, it was!

Two days before the big game against the Phi Deltas, the "Pike Pep Club" was organized. It was one of those happy brainstormings that happen when a few people get together. More ideas were thrown in, and little by little a master plan developed that would bring attention to the enthusiastic chapter rooters at the game, give added impetus to the team, and promise one big time. It did!

The "Pike Pep Club" rounded up help, notified each brother and pledge, pro-

A. M. MULL, JR.

President of the State Bar Association of California.

vided transportation to the gymnasium for the fracas, extended invitations to wives and dates, and the stage was set for a brand-new, grand-new type of entrance.

The campus community was stunned and surprised that afternoon as a police-escorted motorcade left the ivy-covered Pike manse and made its way happily toward the gym. Each car was decorated from top to tire-tread and the procession was led by a somewhat bewildered Gainesville police officer, followed by a thoroughly-instructed pledge drum and bugle corps. Amid noise of life and drum and bugle, and yells by the assembled brotherhood in the autos, the gym was reached.

Once there, the rally-group assembled on the steps of the huge building and then—the cheerleaders appeared, passing out pennants and song-and-yell sheets.

As each rooter was ready with pennant, noise-maker and enthusiasm, the crew entered and headed for the courts. A more grand entrance was never seen in the Florida gym.

The Phi Delta Thetas, in the opposite stands, wilted!

Not so with the Pikes! With cheers, yells, the hot dog vendor coming through the stands frequently, the "mum" salesman providing wives and dates with the big flowers, the cheerleaders leading everyone in a frenzied-'n-fun experience, the band playing, and topping it off at half-time . . . a card section in action! . . . it was quite a day . . . one that'll be long-remembered.

The Phi Deltas wilted again as the final score came to light, as the Pikes walked away with a decisive victory.

Say . . . know where any wild animal acts can be booked for next year?

Larry Resen, BY, is president of the Student Body at the University of Colorado.

Beta-Theta Wins All-Sports Trophy

By WM. C. CUMMINGS, JR., BΘ

♦ JUST four days before the start of final exams Beta-Theta ended the intramural season in a blaze of glory, simultaneously winning the university softball championship and clinching the All-Sports Trophy.

This final victory climaxed a year filled with athletic activity. With 56 fraternities and usually an equal number of independent teams organized, the intramural program here, under the direction of swimming coach Scotty Little, is one of the most extensive in the country. In addition to our championship football and softball teams we were well represented in the bowling, basketball, volleyball, and badminton tournaments and in the track, cross-country, and swimming meets. Jim Meeker took second place in the individual's bowling tournament in a field of 53.

The final event scheduled this year was the softball tournament. There were 56 fraternity teams and 55 independent teams entered, making 111 in all. Beta-Theta won its five league games, amassing 54 runs while holding the opponents to a total of 15. In the first game of the playoffs Beta-Theta downed the local chapter of Sigma Nu, 6-3. This was a significant win, because Sigma Nu up to that time was still very much in the running for the All-Sports Trophy. In the quarter and semi-finals the boys disposed

of two independent teams, 6-2 and 5-3, in two more good games.

The day of the finals approached. We were to play Pi Kappa Phi, a team whose pitcher had allowed only 12 runs all season. The day of the game our athletic chairman went to the Intramural Office to confirm our position. As he entered, Scotty Little pointed to the two remaining trophies and said, "There they are—all or nothing!" That was it! We had to win this final game, obviously, to win the softball championship. But we also had to win to claim the All-Sports Trophy. As it was, before the game Chi Psi had 28 points, Pi Kappa Alpha had 27. We would get three more points if we won—and that would be enough.

At game time there was tension in the air—on each side! Crowds lined both baselines—and waited. Our team batted first. The first man got a hit. The next man struck out. The third man doubled and drove in the first run. The following man singled, driving in the second run, and later scored on an error. In our half of the first we got three runs. But Pi Kappa Phi came back with two runs in their half of the inning. However, in the second inning our boys got to their pitcher for five hits and five runs, and from then on the game was ours. Final score: 16-4. The championship trophy and individual medals were presented on the field; the All-Sports Trophy was presented at a dinner three days later.

Pi Kappa Alpha thus became the fourth fraternity ever to win the All-Sports Trophy more than once, and one of the very few houses ever to win it with a double championship. The last time our house won the trophy was in 1930-31.

The bulk of the credit goes, of course, to the team for the hours of practice and the ultimate bringing home of the bacon. Without the consistently fine work of our pitcher, Jim Meeker, the story might indeed have been a different one. (Incidentally, he has pitched every inning of our intramural softball in his four years here.)

But this part of the story is the same during football, softball or any season. The spirit was the thing that caused us the win. Without it, there would not have been the organization there was, the support of the house, nor the will to win. But it was there, and so was the rest!

Even with a few seniors graduating we still anticipate another and still bigger year next year. We have found what it takes; now we can keep it.

— Π Κ Α —

C. L. Talley, BK (Emory), was elected vice president of The Coca-Cola Company, and will head the company's manufacturing operations.

Beta-Delta Leads At New Mexico

♦ THE annual Dream Girl of IKA formal was given at the Albuquerque Country Club on December 10. Our Dream Girl, Mrs. Norma Safely, wife of Brother Jim Safely, was presented by SMC Frank Grubbs. Attendants were Thelma Hoit, Ann Richardson and Marilyn Watkins. The dance was acclaimed a great success by all in attendance.

Second semester rush week was unusually successful in that Beta-Delta, through their hard-working rush committee, was able to persuade 18 men to don a pledge pin. This was the largest group pledged by any fraternity on the hill. IMC George McFadden was in charge of the many and enjoyable rush parties given during the week.

During the annual Track and Field Meet held by the university intramurals, the Pikes ran away with top honors. It was the third consecutive year that we had been able to cop top honors. Brothers Jim Evans and Joe McMinn were the individual high point men, winning first in the 440-yard dash, 220-yard dash, 880-yard run and the mile.

In the annual Stunt Night in which all campus organizations put on skits to be presented to a large audience of students, faculty and friends, Pi Kappa Alpha managed to place second with their hilarious comedy based on a "Hellzapoppin'" theme. Don Sisk took the credit for writing and putting the show across.

Paul W. Czamanske, Jr., ΔN (Wayne), was the recipient of the Howard A. Donnelly Award which is given to the man in each graduating class that is most outstanding in service and scholarship.

Cotton Ball Highlights Millsaps Social Season

By HARMON L. SMITH, JR.

◆ HIGHLIGHTING the year's social activities on the Millsaps College campus was the brilliant IKA Cotton Ball. This year's ball is said to have been the greatest in Alpha-Iota's series of traditionally outstanding dances.

Members and their guests enjoyed five continuous hours of dancing to the music of two name bands. Climaxing the evening's entertainment was the crowning of the Cotton Queen by William R. Jones, SMC. The Queen, Miss Betty Jo Davis, Chi-Omega, was selected by John Robert Powers, creator of the world-famous "Powers' Model." Beauties chosen by the chapter to serve as maids in the queen's court were Frankie Trest, independent; Mary Sue Enochs, Kappa Delta; Ann Alexander, Phi Mu; and Alice Mae Rowland, Beta Sigma Omicron. The dance was acclaimed by National Office Manager Pat Clendinning as "the biggest and best Cotton Ball that Alpha-Iota ever had. . . . I hope when we're all 106 years old, we'll still be going to the Alpha-Iota Cotton Ball."

The chapter has gone all-out in a face-lifting operation for the house. Painting, sanding, varnishing, and waxing have been the keynotes of current work details. The Mothers' Club has assisted in this project by furnishing the chapter house with new curtains and raising funds for new rugs.

In between work details the chapter still found time to cop intramural and scholarship awards. For the fourth consecutive year Alpha-Iota's volley ball team remained undefeated in intramural competition. After a rather slow start in basketball the Pike hoopsters moved up from last to third place. At the present time, the intramural softball team is preparing to meet some stiff competition in the race for diamond honors.

Alpha-Iota is proud of its scholastic record this year. Climbing from an ignoble last place, the chapter resumed its customary position at the top of the scholastic ladder.

In other phases of campus activities Pikes were again prominent. John Jabour, captain of the 1949 football team, was recently elected Mastor Major, an honor which is annually awarded the most popular male student on the campus. Our student publication, *The Purple and White*, is directed by Sam Newell, editor, and Richard Berry, business manager. Bob Walton is managing *The Bobashela*, campus yearbook.

Queen of the annual Cotton Ball at Alpha-Iota (Millsaps) is Miss Betty Jo Davis, ΧΩ. She is being crowned by Miss Ann Fridge.

John Jabour, Sam Newell, and Bob Walton were chosen for *Who's Who in American Colleges and Universities*. O.D.K., national leadership honorary for men, selected Bob Walton, Sam Newell, Earl Lewis, and Gene Russell for membership.

This has been a good year for Alpha-Iota, but we feel that the best is yet to come.

— I K A —

Dream Girl Dance Held At Gamma-Omicron

By TONY SVET, JR., ΓΟ

◆ THE annual Dream Girl dance was held April 29 in the ballroom of the Berry Hotel in Athens, Ohio. Susan Morrison, last year's Dream Girl, was dethroned by Catharine Brown.

The dance decorations were designed with a spring theme. Rex Mullenex, so-

cial chairman, filled the ballroom with white trees covered with red crepe paper cut to simulate rose petals. The center of attraction, however, proved to be the ingenious fountain set up by subcommittee head Bill Cigoy and his assistants.

This year Gamma-Omicron devised a new method of making the award to the Dream Girl. In the past she was presented with roses and a pin. This year, however, the chapter purchased two cups to present to the girl elected. One cup is small and is to be kept by the winner; the other is huge in comparison and is to be used as a roving trophy, passing from one Dream Girl to another at each annual dance. The dance was attended by more than 100 couples, IKA's and guests.

Rod V. Hood, BX (Minnesota), vice president of Liscomb-Hood Agency, Duluth, Minn., is the new president of the Duluth Chamber of Commerce.

Delta-Beta Celebrates Pi Week

(Upper left) After-hour pledge activities keep actives on alert.

(Lower left) Delta-Beta's homecoming decorations.

(Upper middle) Rick Kleinbeck presents Delta-Beta's Dream Girl, Miss Anne Huston, $\Delta\Xi\Delta$, a loving cup.

(Lower middle) "Little Nell" chorus entertains at Pi celebration.

(Upper right) Contestants compete in annual pie-eating contest.

(Lower right) Delta-Beta's touch football team.

◆ THE most important event of the year for Delta-Beta is its annual Pi Week, celebrated during the week of Founders' Day with seven days of varied activities. After seven years the occasion is becoming one of the most highly recognized on campus, and this year was no exception.

Beginning with a faculty tea, and followed by an all-campus serenade, the schedule included presentation of huge cherry pies to the competing coaches at the final home basketball game of the season, the Founders' Day banquet, the now infamous pie eating contest, and a closed party for the members. Climaxing the schedule was the presentation of the freshman Dream Girl of 1950, Miss Anne Huston, Alpha Xi Delta sorority, at the all-campus semi-formal Dream Girl Dance.

This year inaugurated the awarding of silver engraved pie plates to the fraternity and sorority displaying the most novel presentation of its pie eating candidate at the contest, which draws a large and enthusiastic crowd annually. The results were very hilarious.

The Pi Week custom began in 1943, and has been gaining each year in popularity with the student body and faculty. The $\Pi\kappa\alpha$ s at Delta-Beta would

like to suggest that possibly other Pi $\kappa\alpha$ chapters might be interested in an annual affair of this type. Full details of the program are available and inquiries from other chapters for further information would be most welcome.

— $\Pi\kappa\alpha$ —

Beta-Nu Is Active

◆ BETA-NU Chapter at Oregon State College has just completed one of the most successful years since its reactivation. Men of the chapter were active in campus politics, intramural athletics, and social endeavor. The chapter had excellent representation in many social and scholastic organizations.

During the year the debts incurred for house furnishings and equipment were entirely paid off, as were all other debts. The entire first floor of the house was redecorated, and work was begun on the second floor. The outside of the house is scheduled for painting this summer.

Fall term was started with a very successful pledge dinner and house costume dance. SMC Augustine Amato led the chapter in its many activities. He was awarded a plaque for his work by the Portland alumni.

Frank Shafer was recently elected pres-

ident of the Geography Club. Frank has done a wonderful job as rush chairman, and as chairman of Mothers' Week End. Dick Parmeter and Roger Robertson were tapped by Phi Kappa Phi, national scholastic honorary society, during their junior year in school. The chapter adviser, Dr. H. R. Laslett, has been president of Phi Kappa Phi for the past year. Clay Castleberry represented the school of engineering in the Student Senate, and was also active in other campus political organizations.

The chapter softball team, led by George Weber, won the league championship. In the all-school playoffs, the team advanced to the quarter-finals before being beaten, suffering its first loss.

The chapter closed spring term with a "Garnet and Gold Rush Dance." The front of the house was decorated to resemble a mountain with a shaft entering it, and the basement was decorated to resemble a saloon. This dance was the most successful ever given by the house.

— $\Pi\kappa\alpha$ —

John Harvey Glominski, M (Presbyterian College), and James Albert Glominski, Ξ (South Carolina), recently received their masters' degrees in English from the University of South Carolina.

Pi Kappa Alpha Does "Care"

◆ THE undergraduates of Pi Kappa Alpha have demonstrated a most unselfish interest in students overseas by contributing several hundred dollars to the CARE Book Fund. CARE, Inc., at the request of the United Nations organization and our State Department, has undertaken a program to replenish European and Asiatic university libraries, many of which were completely destroyed during World War II.

Dr. John Fincher, National Educational Advisor, has selected the University of London, London, W. C. 1, England, as the recipient of our Fraternity's donation. This university lost a greater proportion of its books during the recent war than most universities on the Continent. The ratio of books to students on the Continent is 100 to 1 whereas the ratio at the University of London is now only 10 books per student. Our money will be used to purchase new textbooks at publishers' rates. Each book will contain a Pi Kappa Alpha nameplate as donor.

Beta-Theta Chapter at Cornell, Gamma-Nu Chapter at the University of Iowa, and Beta Chapter at Davidson College respectively were the largest donors.

A check will be presented to officials of CARE, Inc., during our 82nd Anniversary National Convention, Cincinnati, Ohio, August 29-September 1, 1950.

— P K A —

Samuel C. Hill, Jr., AΘ (West Virginia Univ.), received the Air Force Aviation Citation and medal as the outstanding Air Force Cadet for the year at West Virginia University. Major William F. Hopper, AΘ, made the presentation.

The members of Beta-Theta Chapter at Cornell pictured above made the largest chapter contribution to the CARE Book Program.

RECOMMENDATION BLANK

If there is someone you would like to recommend who is entering a school where there is a chapter of Pi Kappa Alpha, please fill in this blank and mail to the National Office, 1294 Union Avenue, Memphis, Tenn. It will then be forwarded to the rush chairman of the proper chapter.

Members of the Fraternity Secretaries' Association are pictured at Taunton Inn, Taunton, Mass., at their annual meeting. Judge Luther Z. Rosser, XΦ, president of the group, is seated eighth from left, front row. Pi Kappa Alpha was represented by Executive Secretary Lynn, fourth from right, second row; Field Secretary Horton, eighth from right, third row; Field Secretary Abernethy, fourth from right, third row; and Office Manager Clendinning, sixth from right, second row.

Chapter Eternal

TED BEAIRD
Former National Vice President

◆ **TED BEAIRD, BØ** (Oklahoma), Executive Secretary of the University of Oklahoma Alumni Association and past National Vice-President of the Fraternity, died on April 15, 1950, at the Will Rogers Hospital, Oklahoma City, Okla., at the age of 52.

Hard-driving and restless, Ted Beaird for a quarter century was always engrossed in projects to help young people or to build "a greater University of Oklahoma." The story of his achievements in building and strengthening the Alumni Association in the fourteen years since 1936 is well known. His work for the Oklahoma Memorial Union is also known to all alumni. The visible evidence can be seen in the tower on top of the Union and in the large additions to the building now under construction which he planned and promoted.

Ted was born at Warren, Okla. He graduated from Blair high school and University of Oklahoma where he received his B.A. degree in 1921. He served as superintendent of schools at Kiefer and Heavener after which he returned to the University of Oklahoma to join the University Extension Division. He served as Director of General Educational Service. In the last half of 1935, he took leave of absence from the University to serve as director of personnel for the Works Progress Administration in Oklahoma. In October, 1936, he was appointed executive secretary of the University of Oklahoma Alumni Association and manager of the Oklahoma Memorial Union.

He held many offices in Pi Kappa Alpha, including the district presidency, membership in the Supreme Council, and

two years as national vice president. He was active in the Masonic Lodge, the American Legion, and the Rotary Club. For five years he represented the national headquarters of the American Legion as field representative and lecturer.

A great believer in the importance of speech education to success in life, he served as chairman of the Public Speaking Committee of the National University Extension Association for seven years, and as executive secretary of the Association of College and University Broadcasting Stations for five years. He represented special speech and radio interests in centers throughout the United States for the Carnegie Foundation, the Payne Fund, the National Education Association, and the National Committee on Education by Radio. In 1928 Ted personally promoted the first interstate championship debate in the United States.

Always eager to be in the middle of the fight for the most important cause at hand, Ted took leave of absence from his campus responsibilities in 1942 to accept a commission as Captain in the Air Corps. He received several citations from commanding officers during his army service.

Dr. George L. Cross, president of the University of Oklahoma, said: "The University can never expect to fill the position of executive secretary of the Alumni Association and the manager of the Union with another man with the same extraordinary combination of leadership, energy, versatility and enthusiasm."

In recognition of his many years of faithful service to Pi Kappa Alpha and to the ideals upon which our Fraternity is founded, Beta-Omicron Chapter at the University of Oklahoma has established the Ted Beaird Scholarship—truly a fitting tribute to one who lived to help others.

C. FREDERICK BONAWITZ

◆ **DR. C. FREDERICK BONAWITZ, AA** (Georgetown College), who retired in December as director of music at Georgetown College, died in May, 1950, at his home in Reading, Pa. He was head of the department of music at Georgetown College for twenty-eight years and was made director emeritus in 1947.

Dr. Bonawitz began his career as a dentist, but turned to a musical career that brought him fame as a singer in Europe before he returned to this country at the end of World War I. A native of Read-

ing, he was graduated from the Dental School of the University of Pennsylvania, but never practiced. He went to Europe and studied voice in schools at Vienna, Hanover, Paris, and Rome. In the years before World War I, he sang in opera houses in several European countries and became the premier baritone of the Teatro Adriano in Rome. He joined the Italian Army when war broke out and served throughout the war. For his service in the rehabilitation of convalescent soldiers after the war, the King of Italy awarded him the decoration of Knight of the Crown of Italy. When the war ended Dr. Bonawitz returned to the United States. He taught singing at Brenau College, Gainesville, Ga.; Peoria Music College, Peoria, Ill.; and the Atlanta Conservatory of Music. He came to Georgetown in 1920. Georgetown College made him a doctor of music in 1948.

He was a member of the Chicago and National Associations of Teachers of Singing, The National Association of Opera, and had been an officer in the Kentucky State Federation of Music Clubs.

GAY PRATT MARKHAM
REAGAN EDWIN BOWMAN

◆ **TRAGEDY** struck Alpha-Zeta on Sunday afternoon, May 14, 1950, when an airplane crash and fire at Greenland, five miles south of Fayetteville, Ark., claimed the lives of two Alpha-Zeta members only a few minutes after they left a Mothers' Day dinner at the chapter house.

The pilot, Gay Pratt Markham, 22, of Fayetteville, died in the crash and explosion of the two-seated Taylorcraft in an open field at Greenland. Reagan Edwin Bowman, a passenger, 22, of Elmhurst, Ill., who managed to crawl clear of the wreckage, died of burns suffered when the plane caught fire. The crash occurred only seconds after the plane had taken off from Municipal airport. Witnesses estimated the height at between 200 and 300 feet. The plane is said to have stalled and crashed into the field.

The men had just left the chapter house where a dinner in honor of the mothers had been held. Mrs. Joy Pratt Markham had been a guest at the dinner.

The Taylorcraft was owned jointly by four members of Alpha-Zeta who made up a flying club called "The Flying Pikes." Besides Markham, the other owners were Paul Bollinger of Hanover, Pa.; J. M. Park, Cabot, Ark.; and Jack Powhatan, Muskogee, Okla.

Markham is survived by his mother, Mrs. Joy Pratt Markham; his grandmother, Mrs. C. L. Pratt of Fayetteville; an aunt and four uncles. He was a sophomore in the College of Business Administration. Bowman was a junior in the College of Engineering, and was a member of Theta Tau, engineering fraternity. He was a talented amateur magician who performed in last year's varsity show and at many private gatherings. Surviving are his parents, Mr. and Mrs. C. E. Bowman of Elmhurst, Ill.; a sister, Miss Betty Faye Bowman; the paternal grandparents, Mr. and Mrs. W. A. Bowman of Newport, Ark.; and the maternal grandmother, Mrs. Addie Reynolds of Waukegan, Ill.

Memorial services were held on Monday night at the chapter house with Robert E. Wardlow, SMC, officiating. Joint funeral services were conducted Tuesday, May 16, 1950, at the Nelson Funeral Home by Louie Walters, first reader of the Christian Science Church. Markham was buried at Fairview Cemetery at Fayetteville, Ark., and Bowman's body was returned to Elmhurst, Ill., for burial at Chapel Hills Gardens.

ALBERT M. CLARK

♦ ALBERT M. CLARK, Σ (Vanderbilt), Justice of the Supreme Court of Missouri, died June 9, 1950, at his home in Jefferson City, Mo. Judge Clark was 71 years old. He was born and reared in Ray County, Mo. He graduated from law school at Vanderbilt University where he was a member of Sigma Chapter. In 1900 Judge Clark began a law practice at Richmond, Mo. He was twice elected prosecuting attorney of Ray County, serving from 1913 to 1916. He began to develop a reputation as a man whose observations were worth noting, as an exhaustive researcher of problems placed before him.

A Democrat, Judge Clark was elected representative in the Legislature in 1917, and served in this capacity until 1920. From 1931 to 1938 he served in the Senate in which body he was majority floor leader. He was chosen president pro tem in the 1937 session, and was elected judge of Division No. 1 of the Supreme Court in November, 1938. When the term expired in 1948, he was retained by the voters under the nonpartisan court plan which had gone into effect.

While a state senator, Judge Clark sparked the passage of the sales tax and liquor laws and whipped the measures into shape when snarls developed. In the Legislature Brother Clark was respected for his knowledge of the structure of state government and was credited with the formulation of much important legislation.

Governor Smith of Missouri said in

tribute to his long-time friend, "He was a great Missourian who loved Missouri. I regarded him as one of the greatest jurists that ever sat on the State Supreme Court bench. He was a practical man, full of good, old-fashioned horse sense."

Judge Clark was listed in *Who's Who in America*, and was recently honored in *The Shield and Diamond* as a Golden Chapter member. Surviving are his wife, Mrs. Bessie Clark, and three daughters, Mrs. Powell B. McHaney, Mrs. David Harrison, and Mrs. R. B. Galbreath.

THOMAS J. DOWDELL, SR.

THOMAS J. DOWDELL, SR.

♦ THOMAS J. DOWDELL, SR., T (Auburn), prominent attorney and lawyer, died December 24, 1949, at his home in Coral Gables, Fla.

Brother Dowdell attended Alabama Polytechnic Institute where he served as SMC of Upsilon Chapter in his senior year. Upon graduation he attended law school at George Washington University where he received his degree. He returned to his birthplace in Montgomery, Ala., where he practiced law until 1924 at which time he accepted a position as attorney for the Florida East Coast Railroad. In 1925 he resigned to resume private practice. Brother Dowdell was the first attorney in Dade County to receive an appointment as Master in Chancery in the Federal Court. He also served as special master in numerous cases for the Circuit Court Judges. He was instrumental in organizing the alumnus chapter of Pi Kappa Alpha at Miami, Fla., and was president for many years. He was a sponsor for Gamma-Omega Chapter. His name is included in the Golden Member Chapter of the Fraternity.

ALEXANDER S. TEMPLETON

♦ ALEXANDER S. TEMPLETON, BZ (Southern Methodist Univ.), native of Dallas, Texas, died May 18, 1950, in Miami, Fla., at the age of 46. Brother Templeton was vice president of the Midland Construction Co. of Chicago, Ill.

He attended Dallas public schools and Southern Methodist University. He received his degree in electrical engineering from the University of Texas. He also attended Trinity University. He was a member of the American Society of Engineers, City Temple Presbyterian Church, and a Mason.

PI PATRIARCHS

(Continued from page 2)

1933, and has been honorary life president since. He founded *The Shield and Diamond* in 1890 and edited it for many years.

DR. GEORGE SUMMEY—Lambda Chapter lived for only one year, but it gave to the Fraternity Bob Smythe. Beta Chapter lived only a few months during its first period of operation and yet it gave to the Fraternity the incomparable Dr. George Summey. The first initiate of the second chapter of the Fraternity has been a member for 81 of the 82 years of the Fraternity's existence. He has served the Fraternity as National Chaplain and as Honorary National Chaplain for many years. His love for the Fraternity is clearly demonstrated by his faithfulness in convention attendance and his continued service as an outstanding Founders' Day speaker. No man more completely lives the ideals of our Fraternity.

WILLIAM N. BRISCOE—Beloved "Uncle Billy" Briscoe was initiated into Pi Chapter in 1892 as number 7 on its chapter roll. Ever since that time he has been one of the most ardent of all Pi Kappa Alphas. He received his Golden Membership Certificate for 50 years of membership in 1942 and has taken great pleasure in participating in the presentation of these certificates to many of his close friends and Fraternity brothers since that date. For many years he has resided near Zeta Chapter in Knoxville, Tenn. Pi Chapter and Pi Kappa Alpha have no more faithful son than Uncle Billy Briscoe. No convention is complete without his presence.

Kid stuff! The 1950 National Convention is not for youngsters alone. The most recent initiates cannot exceed in enthusiasm such stalwarts as these three who represent exactly 200 years of membership in Pi Kappa Alpha.

Initiations Cleared From April 1 Through June 30, 1950

Winston-Salem Alumni Organize Alumnus Chapter

◆ JAMES W. GORMAN, BO (Oklahoma), and Sumter Bowen, T (North Carolina), contacted alumni in Winston-Salem area and arranged for several meetings this spring.

Luther Ferrell, AA (Duke), was host to 23 members of the Fraternity at the Forsyth Country Club April 21. Former District President Zeb V. Long, Jr., B (Davidson), was present and participated in the discussion of plans for reorganizing the alumnus chapter. Benjamin A. Wilson, B (Davidson), was elected president of the temporary organization.

— II K A —

All alumni of Beta-Theta Chapter (Cornell) are invited to attend Homecoming Week End beginning November 18, 1950.

DIRECTORY OF NATIONAL OFFICERS

SUPREME COUNCIL

National President—Andrew H. Knight, AII, 1542 Brown-Marx Bldg., Birmingham, Ala.

National Vice President—L. A. McCall, Jr., M, 146 W. Cheves Street, Florence, S. C.

National Secretary—J. J. Fink, FN, First California Co., 225 Bank of America Bldg., San Diego 1, Cal.

National Treasurer—David C. Powers, Z, 22 William St., New York 15, N. Y.

National Alumni Secretary—Powell B. McHaney, AN, 1501 Locust St., St. Louis, Mo.

National Counsel—John F. E. Hippel, BII, 1418 Packard Bldg., Philadelphia 2, Pa.

NATIONAL OFFICE

1294 Union Avenue
Memphis 4, Tennessee (Tel. 36-8209)

Executive Secretary—Robert D. Lynn, M.

Field Secretary—John R. Horton, B and AP

Field Secretary—Dave Abernethy, FA

Office Manager—Pat Clendinning, AI

NATIONAL EDITOR

Robert D. Lynn, M,
1294 Union Avenue,
Memphis, Tenn.

OTHER NATIONAL OFFICERS

Honorary Life President—Robert A. Smythe, A, 410 Commercial Exchange Bldg., Atlanta, Ga.

Honorary National Chaplain—Dr. George Summey, B, 3002 DeSoto St., New Orleans, La.

National Historian—Dr. Freeman H. Hart, I, Box 383, Gainesville, Fla.

National Chaplain—Dr. U. S. Gordon, O, First Presbyterian Church, Gainesville, Fla.

National Pledge Training Director—James V. LeLaurin, Box 446, Meridian, Miss.

National Educational Advisor—Dr. John Fincher, AI, Howard College, Birmingham 6, Ala.

COMMISSIONS

Pi Kappa Alpha Memorial Foundation Trustees—
Albert E. Paxton, BH, McGraw-Hill Publishing Co., Inc., 520 North Michigan Ave., Chicago 11, Ill.
Fletcher D. Richards, AP, 10 Rockefeller Plaza, New York 20, N. Y.
Powell B. McHaney, AN, 1501 Locust St., St. Louis, Mo.

C. Robert Yeager, O, L. G. Balfour Co., Attleboro, Mass.
Charles M. Crump, O, 163 Tucka-hoe Lane, Memphis, Tenn.

Shield and Diamond Endowment Fund Trustees—
D. C. Powers, Z, 22 William St., New York 15, N. Y., Chairman and Treasurer.
L. Brooks Ragen, BN, Secretary, 12737 S. W. Iron Mountain Blvd., Portland, Ore.
Herbert F. Koch, AZ, Cincinnati Club, Garfield Place, Cincinnati 2, Ohio.

Chapter House Commission—P. D. Christian, Jr., BK, 664 Spring St., N. W., Atlanta, Ga.
Herbert Miller, AF, Pittsburgh-Des Moines Steel Co., 1015 Tuttle St., Des Moines 8, Ia.
Ward Kief, BB, Securities Mortgage Co., Securities Bldg., Seattle, Wash.

STANDING COMMITTEES

Nominating—K. D. Pulcifer, BH, Chairman, 511 Shortridge Drive, Wynnewood, Pa.;
J. Grant Iverson, AT, 627 Continental Bank Bldg., Salt Lake City, Utah; Roy D. Hickman, BA, Alabama Engraving Co., Birmingham, Ala.

District President System—Robert M. McFarland, AD, Chairman, 1422 Emory Road, N. E., Atlanta, Ga.; Guy A. Borkey, O, Virginia Electric and Power Company, Richmond, Va.; Ralph Yeager, AZ, University of Cincinnati Evening College, Cincinnati, Ohio.

DISTRICT PRESIDENTS

No. 1—Dr. William K. Widger, Jr., FM, 5 Woodland Place, Ithaca, N. Y.

No. 2—Graham Sale, Jr., II, Room 807, Union Bank Bldg., 306 Fourth Avenue, Pittsburgh, Pa.

No. 3—Ralph F. Yeager, AZ, University of Cincinnati Evening College, Cincinnati, Ohio.

No. 4—George D. Cary, AII and BII, 3500—14th St., N. W., Apt. 718, Washington 10, D. C.

No. 5—John S. Battle, I, Court Square Bldg., Charlottesville, Va.

No. 6—Edwin L. Miller, Jr., AK, P. O. Box 5606, Raleigh, N. C.

No. 7—Fred Wilkins, Y, 3615 Devereaux Road, Columbia, S. C.

No. 8—Inlee Johnson, AM, 501 Connally Bldg., Atlanta, Ga.

No. 9—L. William Graham, AH, Box 123, Gainesville, Fla.

No. 10a—Prof. Dudley Newton, BT, College of Engineering, Wayne University, Detroit, Mich.

No. 10b—Howard C. Hartman, BH, 2977 North Summit, Milwaukee 11, Wisconsin.

No. 11—Charles R. Burton, O, 262 Kalmia Ave., Lexington, Ky.

No. 12—Daniel H. Nunnally, FA, 905 N. 52 Way, Birmingham, Ala.
