WHAT'S HAPPENING AT THE CHAPTER?

R. B. Johnson
National Vice President
Alumni Affairs

A QUESTION frequently asked by alumni members—usually followed by an account of past involvement with and enjoyment of a IIKA fraternity experience.

THE CHAPTERS are typically doing their thing more effectively than ever before. We note an increasing emphasis on personal development, a greater awareness by undergraduates of campus and community affairs, and more involvement and participation. The chapter typically reflects our society's movement toward a more open and, perhaps, less formal approach to the arrangement of inter-personal relationships both within the chapter and in the campus community as a whole.

Chapter programs, while not radical departures from tradition, tend to give more attention to individual interests of the members and rather less time and resources to the production of big homecoming floats and lawn displays. A greater amount of time and effort is being devoted to the scholastic enterprise. A critical review of our 'hotel, restaurant and cabaret' operations appears to be in progress.

The thing that binds the chapter together continues to be that mutual regard and kind feeling that flows from congeniality based upon character—long cherished by Pikes of old.

ALUMNI ACTIVISM

AT every level of IIKA activity alumni support is required to produce acceptable results.

We have many devoted and interested alumni members now giving this kind of support. Alumnus Counselors, District Presidents, Trustees, Commissioners, National Officers, Local House Corporation Officers, and Alumni Association members, all making significant contributions to the fraternity. Generous contributions of material resources to the Memorial Foundation and other fraternity enterprises by great numbers of IIKA's have made our program a success.

We have a continuing need for leadership in these various capacities. Let me encourage all Pikes—alumnus and undergraduate — to take an active and vigorous role in this work. The rich rewards in personal satisfaction are immeasurable. If you want to become personally involved in these worthwhile fraternal activities, why not contact our Alumni Director today? IIKA has no meaning unless it is shared fully with the Brothers.

R. B. Johnson

Halloran Named Executive Director

Patrick W. Halloran, III

Patrick W. Halloran, III, was named Executive Secretary of Pi Kappa Alpha by the Supreme Council at its April, 1970, meeting. He had served as Executive Officer since August, 1969, coming to that position after holding the position of Assistant Dean of Men at the University of Miami in Florida for four years.

Brother Halloran graduated from the University of Nebraska at Omaha, in three years with a major in mass communications and a minor in history. While attending the university, he held various campus and class offices and served his chapter, Delta Chi, as Intramural Director, Pledge Trainer, and President.

Halloran, 27 years of age, served as Pi Kappa Alpha Chapter Consultant. He was appointed National Rush Director of the Fraternity at its Centennial Convention in 1968 and has been a member of the Pi Kappa Alpha Leadership School Faculty for three years.

While at the University of Miami, he completed his Master's Degree in Personnel Administration.

He is active in the Big Brothers of America organization, having served on the Board of Directors for the Greater Miami affiliate. He is the National President of the National Order of Omega, the largest national honorary for fraternity men.

In 1968, Radio Station WFUN in Miami, Florida, recognized him with its Distinguished Citizen Award.

Dye Appointed Convention Chairman

Brad Dye, Jr. (ΓΙ, Mississippi) has accepted appointment as chairman of the 1970 National Convention, Biloxi, Mississippi, August 23-29. Brother Dye brings to the position outstanding business and legal experience.

Brother Dye was SMC of Gamma-Iota Chapter and also served as president of the university student body. He earned his law degree in two years after receiving his bachelor's degree in 1957, and was named to the university's student Hall of Fame.

He entered the practice of law in partnership with his father who is also an alumnus of Gamma-Iota Chapter. He served in state House of Representatives and in the State Senate, holding many important committee assignments. U.S. Senator James Eastland appointed Dye as a staff attorney of the Senate Judiciary Committee in 1961. He is currently a member of the Executive Committee of the Mississippi Research and Development Council and numerous state and civic organizations. He and his wife, the former Donna Baily have two sons, Hamp and Ford.

Our Cover—

Harry Dent, Distinguished Achievement Award recipient, and President Richard Nixon appear on our front cover. Dent is shown in earnest conversation during a conference with the president.

There is an international touch which pays tribute to Canada as the United States and Canadian flags fly in front of the Pi Kappa Alpha Memorial Headquarters in Memphis. The picture on the back cover celebrates the chartering of Eta-Gamma Chapter at Windsor, Ontario.

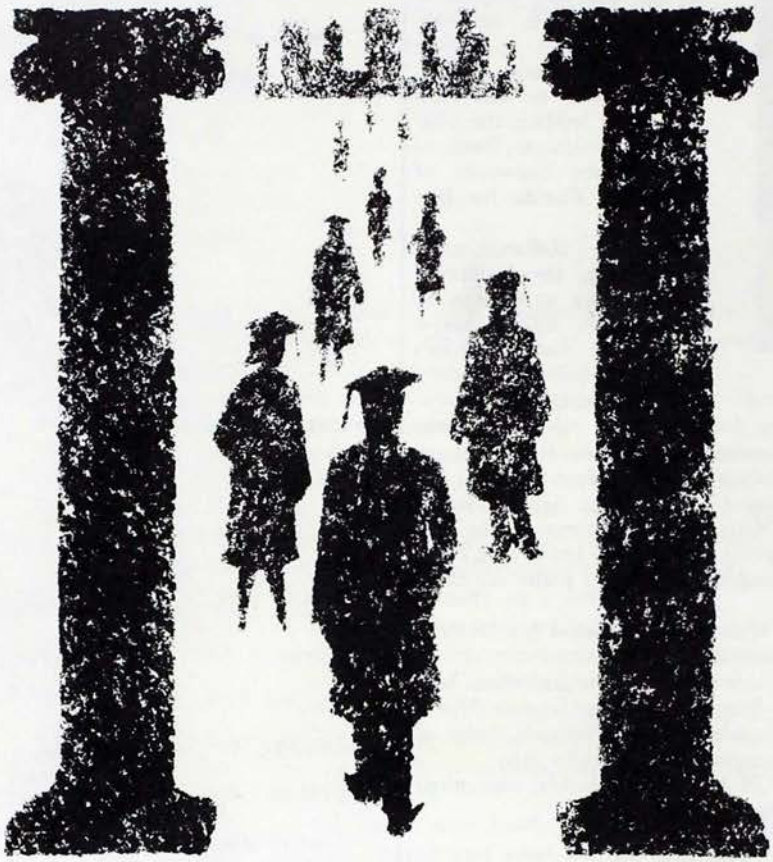
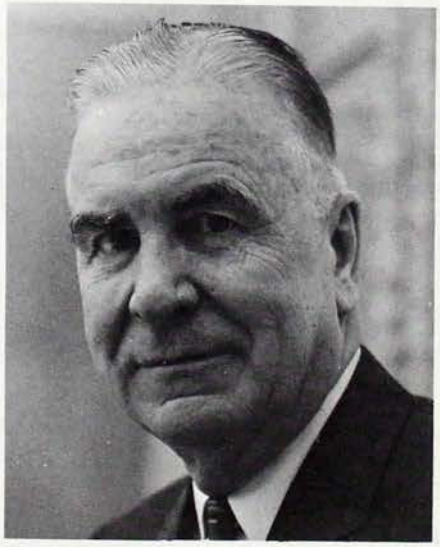
The Fraternity was founded at the University of Virginia, March 1, 1868, by Julian Edward Wood, Littleton Waller Tazewell, James Benjamin Sclater, Jr., Frederick Southgate Taylor, Robertson Howard, and William Alexander. The magazine is published each March, June, September, and December. Copy deadlines are: January 1, April 1, June 1, and October 1.
It is mailed without charge to all members of the fraternity. Please promptly report changes of address—include both old and new addresess.
Direct all correspondence and changes of address to: The Shield and Diamond Magazine, 577 University Blvd., Memphis, Tennessee 38112.

ROBERT D. LYNN, Editor

The Shield and Diamond is published by The Pi Kappa Alpha Fraternity, 577 University Blvd., Memphis, Tennessee 38112. Second Class Postage paid at Memphis, Tenn. and additional mailing offices. Printed by Benson Printing Company, 136 Fourth Avenue, North, Nashville, Tennessee 37219.



Tolley, Educational Statesman, Receives Fraternity Award



Chancellor William P. Tolley, (Alpha Chi, Syracuse)

Dr. William P. Tolley, president and chancellor of Syracuse University from 1942 until 1970, has been named to receive the fraternity's Distinguished Achievement Award for 1969. Pi Kappa Alpha thereby identifies him as a Man of Distinction, in recognition of his outstanding national and international roles in educational leadership.

His versatility and business acumen is further evidenced by his election as chairman of the board of Mohawk Airlines upon his recent retirement as the head of Syracuse University.

Dr. Tolley was initiated into Pi Kappa Alpha on March 1, 1919 by Alpha Chi chapter at Syracuse University. His roommate and one of his closest friends in the chapter was Lynn Waldorf, later to become famous as a football coach at Northwestern University and the University of California. They are "together again" as members of the Distinguished Achievement Awards chapter. Coach Waldorf received the fraternity's award in 1937.

A gentleman and a scholar in the finest sense of the term, Dr. Tolley has served with distinction in every post which he has filled. Pennsylvania is his native state and Binghamton, N.Y. was home as he grew into manhood. At Syracuse University he was heavily involved in student activities, held several income-producing part-time jobs, and concurrently earned membership in Phi Beta Kappa. He was a member of seven honor societies, was editor of the yearbook and graduated magna cum laude.

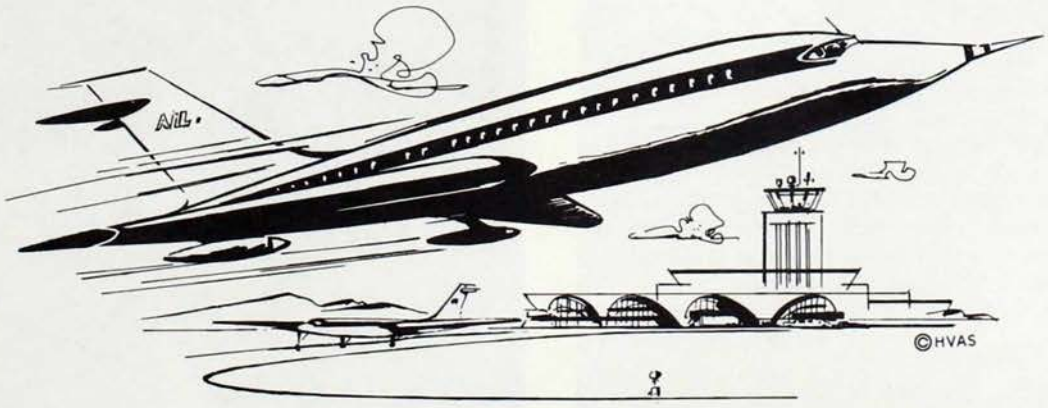
He earned masters degrees at Syracuse and Columbia, a bachelor of divinity degree from Drew Theological Seminary and a doctor of philosophy degree from Columbia University. Thirty universities have awarded him honorary doctorates.

Dr. Tolley was elected president of Allegheny College, Meadville, Pa. in 1936 at the age of 30, becoming the youngest man to head a four-year institution of higher learning. Eleven years later, at 41, he became president of Syracuse University and served in that post for approximately three decades.

Under Dr. Tolley's leadership, Syracuse University's gross assets increased from fifteen million to well over 100 million dollars. Endowment funds are in excess of 30 million dollars, more than six times as large as in 1942. In 1955, he was elected a Chevalier of the French Legion of Honor for his development of Syracuse as a center for international studies. He has served as president of many professional organizations including the American Association of Colleges. He is a director of five major corporations.

Brother Tolley is the grandson of two prominent Methodist ministers, the Rev. Samuel Tolley of Cornwall, England, and the Rev. John B. Sumner. His father was a business man in Binghamton. He and Mrs. Tolley, the former Ruth Marion Canfield, have three children: Nelda Ruth (Mrs. Richard P. Price, Jr.) William, Jr., and Katryn (Mrs. Arthur Fritz, Jr).

Dr. Tolley's distinguished career has brought honor to Pi Kappa Alpha.



Harry S. Dent, Special Counsel To The President of The United States, Honored

Harry S. Dent (Mu, Presbyterian)

Harry S. Dent, became the thirty-sixth member of Pi Kappa Alpha to receive The Distinguished Achievement Award since it was established in 1936. Brother Dent, an alumnus of Mu Chapter at Presbyterian College, was named by a Blue Ribbon Committee and the Supreme Council as recipient of the award for 1970.

This award recognizes outstanding achievement—in business, the arts or the professions. Dent joins a select group of men of national and international distinction. The award was established by the Pi Kappa Alpha Chicago Alumni Association in 1936. At the request of the Chicago alumni, the Supreme Council subsequently accepted responsibility for the annual selection and the presentation of the award.

In a feature article on Dent in *The Presbyterian College Alumnus*, December, 1969, Ben Hay Hammet wrote:

"Just a short stroll down the red-carpeted White House corridor from President Nixon's Oval Office is the suite of Harry S. Dent, deputy counsel to the President.

"There in the East Wing, in a contrasting atmosphere of plush comfort and hard-driving business, Dent's office hums with political activity that vibrates to all parts of the nation. The incessant telephone keeps a staff in attendance. Urgent memos clash with desk-loads of correspondence, and personal appointments crowd the schedule.

"A staccato routine paced with quick decisions: One moment it may be Attorney General John Mitchell on the line . . . the next, a conference with President Nixon . . . a patronage-seeker calls for special consideration . . . or Republican National Chairman, Rogers C. B. Morton needs to clarify a point of political strategy.

"The job starts early, often goes past midnight. It is tough and tension-filled, but it throbs with the vitality of decision-making at the seat of world power. And however wearying and frustrating it may sometimes get, Harry Dent obviously enjoys the work."

The 39-year-old native of St. Matthews, South Carolina, has built his career on a solid base of hard work, political astuteness and integrity. While earning his bachelor's degree in liberal arts, he edited the college annual, the college newspaper and its literary magazine. He was also president of Mu Chapter of Pi Kappa Alpha, vice-president of the student body and graduated with honors in history.

After graduation he served two years as a U.S. infantry officer during the Korean conflict. Following his discharge from active duty, he entered law school at the University of

Harry S. Dent approaches with a smile, another busy day in his White House office.

South Carolina, subsequently earning both the bachelor of law and the master of law degrees from George Washington University.

In 1957, Dent became the U.S. Senate's youngest administrative assistant. When he left the staff of Senator Strom Thurmond after ten years to develop a strong Republican Party in South Carolina, the Senator said: "A Senator is fortunate to have on his staff a person in whose integrity and judgment he can place the utmost confidence. You never betrayed this trust. The dedication to duty displayed by you . . . is indicative of your basic character, and exemplifies the love you have for your country and your devotion to the service of our people." His hard work, persistence and leadership abilities brought the Republican Party in his native state to its top strength since the turn of the century. It also brought him to the attention of national leaders in the party.

Dent became deputy counsel to President Nixon when he assumed office as president. His competence in handling difficult assignments subsequently led to his promotion to the post of Special Counsel.

Brother Dent *naturally* joined Pi Kappa Alpha! Two older brothers, Jack and Billy, preceded him to Presbyterian College and became PiKAs. Jack is a Gold Star member, having been killed in World War II. Another brother, Hampton also was killed in World War II. His brothers, Billy and Bob, are living in St. Matthews.

Mrs. Dent, the former Betty Francis, was a childhood sweetheart. They were married in 1951 and have four children: Harry, Jr., 16; Dolly, 15; Ginny, 14; and Jack, 8.

The family resides in Columbia, South Carolina. Harry commutes home on the weekends and frequently teaches Sunday School at the Kathwood Baptist Church where he is a deacon and a trustee.

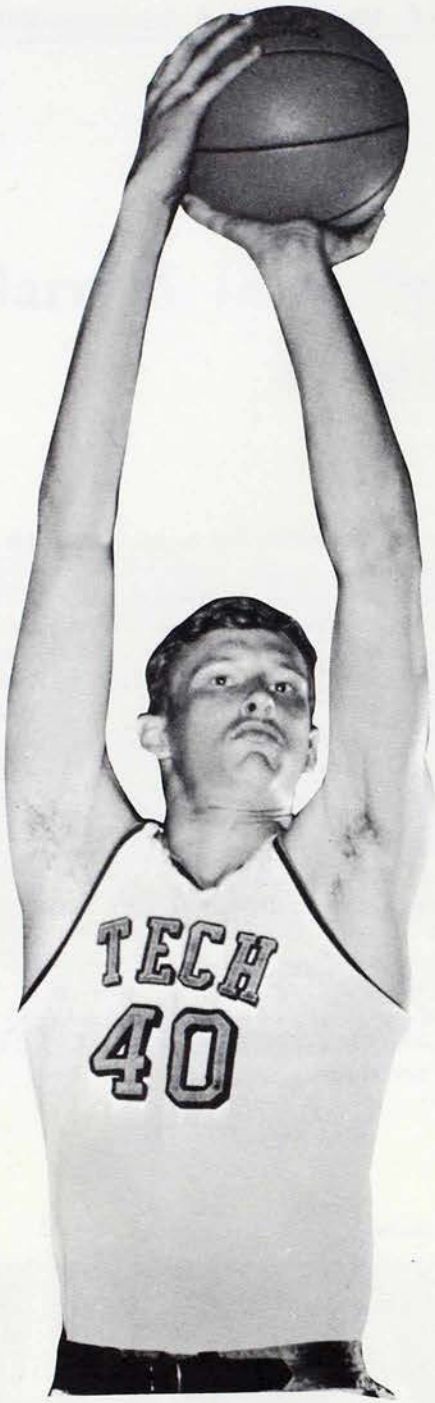
Dent is in great demand as a speaker but must decline most invitations in order to keep abreast of his 16 to 18 hour a day workload. He presides over an important segment of the administration as he plays his own role in the unfolding drama of the White House.

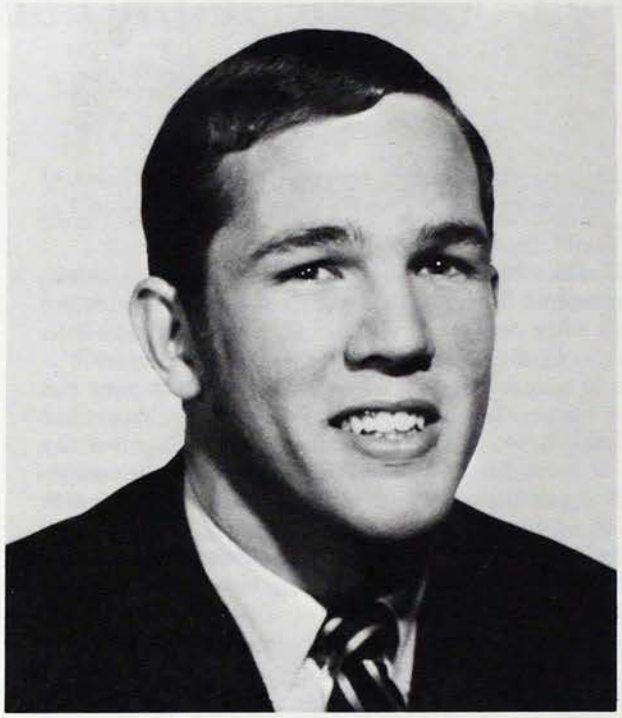
Harry Heyl (left) president of National Postmaster League confers with President Nixon (right) and Harry Dent (Mu, Presbyterian).

Harry Dent and his family.

RECORD BREAKER BASKETBALL BROTHERS

BY JOHN HILLE
MEMORIAL HEADQUARTERS STAFF





Left: Rich Yunkus, Georgia Tech—Whack Hyder . . . "He hasn't gone against anyone he hasn't whipped." Above: Dickie Walker, Wake Forest—Walker can be a nightmare to opposition when he gets his shot going.

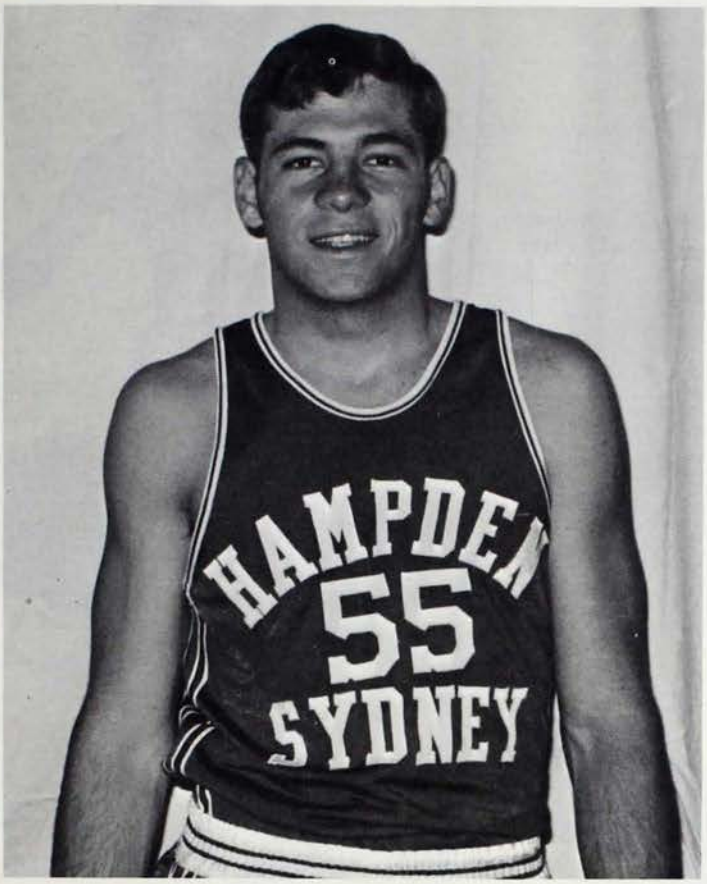
1970 was a great year for college basketball fans. Kentucky flexed its muscles and gave U.C.L.A. a run for its money only to fall prey to the ascending Jacksonville tidal wave. The all powerful Atlantic Coast and Big Ten Conferences withered in the heat of a team from the independent ranks. And the big name on every coach's lips was Pistol Pete, a mop-haired Tiger with Globetrotter style.

Post season announcements registered a collosal dollar sign, as college players sold their talents to the professional ranks. Can you imagine being paid over one million dollars to do something you enjoy?

In the midst of all this profit and glory were many Pi Kappa Alpha brothers. The main-stays of their teams, their talents have won wide-spread recognition. In selecting a Pi Kappa Alpha All-American team, the judges accepted a difficult assignment. There were just too many excellent players for the judges confidently to name five men as the best. For this reason, the team consists of eight players. Can you narrow it to five?

Rich Yunkus is only a junior, but what a junior! Starting at Center for Georgia Tech, he has averaged 11.9 rebounds and 30.4 points per game. He shoots a sizzling 84.6% at the free throw line and tosses in 56.1% of his field goal attempts. Our Alpha Delta brother is 6′ 10″ tall and weighs 205 pounds.

Describing Yunkus, his coach said, "Wait until next season when Rich is a senior and Maravich and Issel are out of the college ranks. He really ought to be something then. You've got to realize that Rich won't be 21 until next November." Highlighting this year's action, Rich scored



David Trumbower, Hampden-Sydney—Dave was team's leading rebounder for three years.

27 points and pulled down 20 rebounds to lead the Yellow Jackets to an upset of 6th-ranked North Carolina State; and the next night scored 47 points in an upset of 8th-ranked North Carolina.

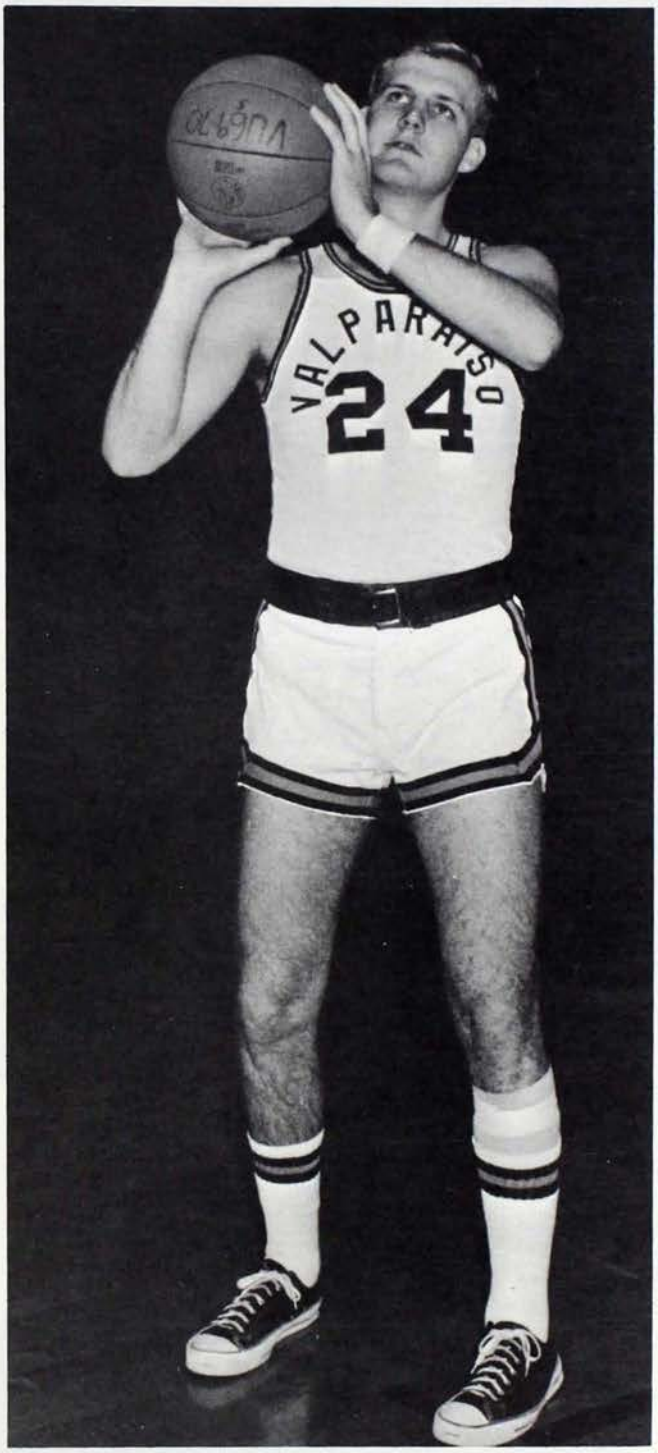
At Forward is Dickie Walker from Wake Forest University. The senior from Gamma Phi Chapter served as captain of his Atlantic Coast Conference team. He hit on 50.4% of his field goal attempts for a season's average of 15.2 points. Brother Walker pulled down an average of 5.7 rebounds per game and hit 75.5% of the charity tosses. Dickie is 6′ 4″ and weighs 218 pounds.

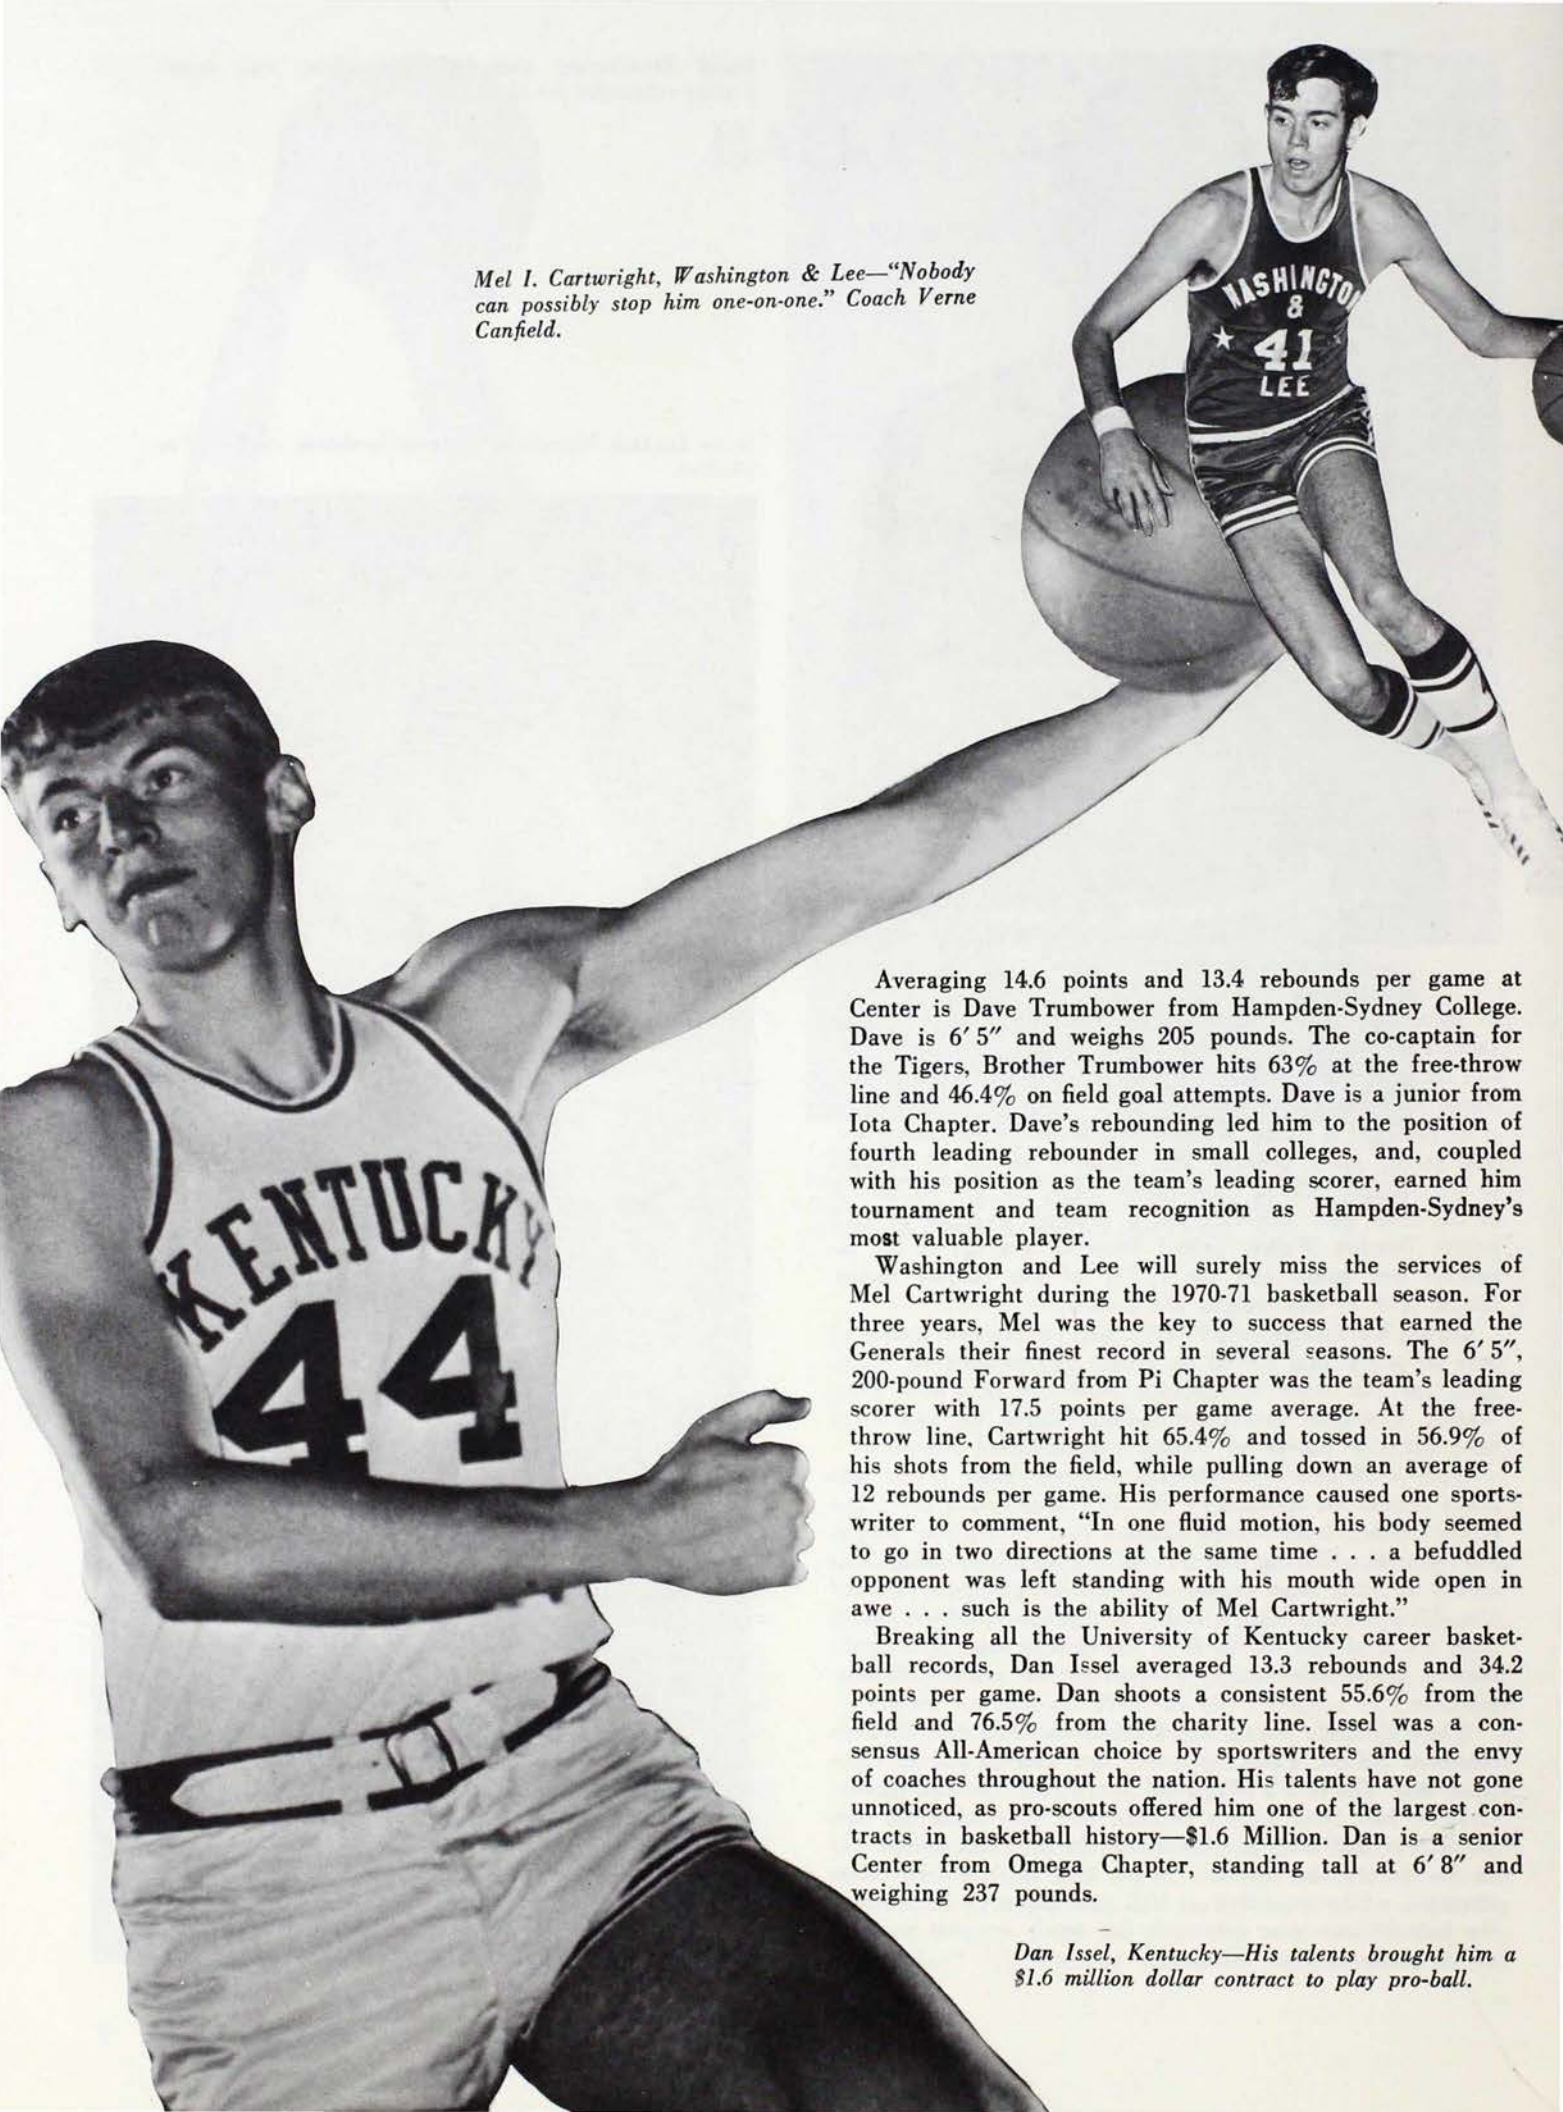
During his college career, Dick had twenty-four games of over 20 points and scored in double figures sixty-six times. And, for the more enthusiastic followers of Pistol Pete, Walker attended Southwood College where he was voted most valuable player on a team that included Maravich.

With a 20-point, 10-rebound average, Mike Pratt was a key reason for Kentucky's fine 25-1 season this year. The senior brother from Omega Chapter is 6′ 4″ tall and weighs 217 pounds. Playing out of the Forward's position, his ability to rally and supply four assists per game earned him All-American and All-SEC recognition. Mike's 47.8% from the field and 72.7% from the charity line were major factors in his selection by pro scouts for a $400,000 contract.

When U.C.L.A. eliminated Utah State from the Western Regional Finals, Paul Jeppesen's fine college career came to an end. The 6′ 3″, 185-pound guard from Gamma Epsilon Chapter had been Utah's captain and playmaker for two years. Playing from his Guard position, Paul tallied 111 assists during the season. He hit 69% of his free throw attempts while recording a 10.6 per game point average. He pulled down four rebounds per game and hit on 48% of his attempts from the field.

Bruce Lindner, Valparaiso—Twenty hardwood marks fell to Lindner.





Mel I. Cartwright, Washington & Lee—"Nobody can possibly stop him one-on-one." Coach Verne Canfield.

Averaging 14.6 points and 13.4 rebounds per game at Center is Dave Trumbower from Hampden-Sydney College. Dave is 6′ 5″ and weighs 205 pounds. The co-captain for the Tigers, Brother Trumbower hits 63% at the free-throw line and 46.4% on field goal attempts. Dave is a junior from Iota Chapter. Dave's rebounding led him to the position of fourth leading rebounder in small colleges, and, coupled with his position as the team's leading scorer, earned him tournament and team recognition as Hampden-Sydney's most valuable player.

Washington and Lee will surely miss the services of Mel Cartwright during the 1970-71 basketball season. For three years, Mel was the key to success that earned the Generals their finest record in several seasons. The 6′ 5″, 200-pound Forward from Pi Chapter was the team's leading scorer with 17.5 points per game average. At the free-throw line, Cartwright hit 65.4% and tossed in 56.9% of his shots from the field, while pulling down an average of 12 rebounds per game. His performance caused one sports-writer to comment, "In one fluid motion, his body seemed to go in two directions at the same time . . . a befuddled opponent was left standing with his mouth wide open in awe . . . such is the ability of Mel Cartwright."

Breaking all the University of Kentucky career basket-ball records, Dan Issel averaged 13.3 rebounds and 34.2 points per game. Dan shoots a consistent 55.6% from the field and 76.5% from the charity line. Issel was a con-sensus All-American choice by sportswriters and the envy of coaches throughout the nation. His talents have not gone unnoticed, as pro-scouts offered him one of the largest con-tracts in basketball history—$1.6 Million. Dan is a senior Center from Omega Chapter, standing tall at 6′ 8″ and weighing 237 pounds.

Dan Issel, Kentucky—His talents brought him a $1.6 million dollar contract to play pro-ball.

Paul Jeppsen, Utah State—"He can knock the bottom out of the net with 17-foot jumps when he's on." Coach Ermett Steed.

Mike Pratt, Kentucky—Coach Rupp calls him "the most underrated ball player in the country."

A guard from Valparaiso University, Bruce Lindner is 6′ 4″ and weighs 185 pounds. Bruce hit on 46.5% of his field goal attempts this year in tallying a 27-point average. He pulled down six rebounds per game and demolished the opposition by hitting a remarkable 88.9% of his free-throw opportunities. Brother Lindner is a senior from Epsilon Beta Chapter. Lindner's last eight games of the season included, in addition to a record fifty-one against DePauw, a fifty-point game against Evansville, a forty-six point effort against Butler, and five games in the thirties.

Tagged for Honorable Mention were Mike Gray, a senior guard from Zeta Kappa Chapter at Ferris State who was co-captain of the team and named the most valuable player; Robert Streaker from Zeta Sigma at Florida Institute of Technology, a guard who averaged 10 rebounds and points per game; Steve Cox, a center from Zeta Iota Chapter at Old Dominion led his team in rebounds and tallied an eleven-point average for the season as a junior; Jim Thorne from Alpha Delta at Georgia Tech, a junior guard and captain of the team; David Harding, a senior guard from Zeta Delta Chapter voted the Most Valuable Player on the Parsons squad; Gamma Tau Chapter's Peter Vanderzee, a senior forward holding Rensselaer Polytechnic Institute's record for most points scored in a season and captain for two years; and Kenny Breuer, a senior forward from Georgia State who, in addition to holding the school's record for the highest points scored in a single game, was named Georgia State's Outstanding Athlete and team captain.

Other Pi Kappa Alpha's playing at guard were Mike Chase (Fr.-ΖΜ-Idaho), George Vogel (Sr.-ΖΔ-Parsons), Mike Yates (Soph.-ΖΓ-Eastern Illinois), James Wilson (Jr.-ΕΦ-State College of Arkansas), Robert Stephens (Soph.-ΕΦ-State College of Arkansas), Donnie Smith (Soph.-ΕΦ-State College of Arkansas), Dick StClair (Sr.-ΖΙ-Old Dominion), Ken Gathy (Jr.-ΖΙ-Old Dominion), John Okenka (Soph.-ΖΛ-Adrian), Mike Roth (Soph.-ΖΛ-Adrian), and Mike Hott (Fr.-Ι-Hampden-Sydney).

Also playing at the forward positions were David Clyde (Jr.-ΑΟ-Southwestern University), Alan Lacy (Soph.-ΑΟ-Southwestern University), Mike Barlow (Sr.-ΑΧ-Syracuse), Don Lockridge (Jr.-Middle Tennessee State Colony), Bubba Yarbrough (Jr.-Middle Tennessee State Colony), Stan Lockhart (Sr.-ΕΦ-State College of Arkansas), Berry Roach (Jr.-ΖΙ-Old Dominion), Neil Pastushok (Jr.-ΓΦ-Wake Forest), Hal Absher (Jr.-Ι-Hampden-Sydney), and Dave Kienast (Jr.-ΕΒ-Valparaiso).

Rounding out the teams at center were James Cole (Sr.-ΖΔ-Parsons), Steve Cox (Jr.-ΖΙ-Old Dominion), Doug Shuherk (Jr.-ΖΛ-Adrian), and Geoff Burness (Fr.-Ι-Hampden-Sydney).

LOYALTY AWARDS PRESENTED

John U. Field

John U. Field (K, Transylvania and Ω, Kentucky) was named by The Supreme Council to receive The Pi Kappa Alpha Loyalty Award concurrently with Hugh Flannagan (Alpha, Virginia). Both men have demonstrated outstanding, uninterrupted loyalty to the fraternity on the local and national levels over the decades since their initiations.

Brother Field was initiated by Kappa Chapter at Transylvania College in 1904. Through the years he has served as older brother, counselor, mentor and financial advisor to a host of members and pledges. Many have become national leaders in government, business, and the professions.

He has served officially and unofficially in every level of fraternity government. He was among the first "district chiefs" who were appointed after the New Orleans Convention in 1909. He served as Grand Secretary (1917-20) and, from 1922-24, he was Grand Historian. He had a part in the establishment of the chapter house loan fund. He is credited by many with having had a key role in the chartering of more chapters than any other member of the fraternity.

March 15, 1962, was "John U. Field Day" in Kentucky, honoring him for his distinguished service to Pi Kappa Alpha. His service over the decades as alumnus counselor has been his forte. He currently is serving in this capacity at Omega Chapter, The University of Kentucky—but he still belongs to all of us.

John and his lovely wife Ethel have a son and daughter and several grandchildren. The son, John (Ω, Kentucky), is a chemical engineer in Whiting, Indiana. The daughter is married and resides with her family in Canada.

William Hugh Flannagan

A loyal member of ΠΚΑ for 40 years, William Hugh Flannagan, widely known as "Hugh" Flannagan, Superintendent of the Miller School of Albemarle, Va., has been named for the 1969 Loyalty Award of Pi Kappa Alpha. The award is made in recognition of long and faithful service to the Fraternity at the chapter level.

Hugh Flannagan was born in Charlottesville, Va., birthplace of ΠΚΑ, in 1904, joined Alpha Chapter when he entered the University of Virginia, was president of the chapter in his senior year and graduated in 1931. He and his wife, the former Peggy Tompkins, have long been unofficial godfather and godmother of Alpha. He has been its foremost counsellor and guide for many years, helping the undergraduate groups as alumnus advisor, active in stirring alumni interest and raising funds for the chapter and serving for many years as District President.

In the five years of planning for the Centennial of Pi Kappa Alpha in Charlottesville, Brother Hugh acted as liaison between the Centennial Commission and the National Office and the University of Virginia Administration. He made the contacts that necessarily preceded the invitation to hold the Centennial in Charlottesville, the physical arrangements for convocations, meetings, ceremonies, the multiple accommodations for the Centennial Leadership School and the housing and feeding of delegates and visitors, both undergraduate and alumni.

He receives this award in recognition of the many years of service he has rendered to Pi Kappa Alpha. The donor is K. D. Pulcipher, (BH, Illinois), former national officer, former editor of THE SHIELD & DIAMOND, and secretary of the Centennial Commission.

THE PI KAPPA ALPHA FRATERNITY

ΠΚΑ

MEMORIAL HEADQUARTERS/577 UNIVERSITY BOULEVARD/MEMPHIS, TENN. 38112

TO: STUDENT CHAPTERS, STUDENT MEMBERS, ALUMNI ASSOCIATIONS AND ALUMNI MEMBERS

GREETINGS:

The 1970 National Convention of our Fraternity will be held in Biloxi, Mississippi, August 23-29, 1970. The Buena Vista Hotel will serve as convention headquarters. The official business of our Fraternity will be transacted at that time by the duly elected delegates, while the National Leadership Academy will be held concurrently with the convention.

This convention will mark a historic occasion in the life of our Fraternity. Relatives, pledges and friends are urged to participate in the varied events which will pay tribute to our rich heritage.

The beautiful Gulf Coast of Mississippi is a picturesque setting for this most important legislative session. The social activities which are planned should provide fellowship for the hundreds of members and friends of Pi Kappa Alpha. One of the social highlights is a tour of historic New Orleans.

Come, join us in Biloxi and take part in the decisions which will set the direction for our Fraternity for CENTURY II. Only through involvement by alumni and undergraduates can our Fraternity make those important decisions which will effect the future members of Pi Kappa Alpha.

Our responsibility is to make certain that the Fraternity's direction for the Seventies is one which will be more meaningful to all our future brothers.
Come to Biloxi!

Yours fraternally,

Garth C. Grissom

AN INTERNATIONAL BOUNDARY BRIDGED IN BROTHERHOOD

An international boundary was bridged in brotherhood at 8:00 P.M., Sunday evening, March 1, 1970, as Eta-Gamma chapter at the University of Windsor, Ontario, CANADA, climaxed its Chapter Installation Weekend. This long-awaited chartering event in the life of our now International Fraternity was appropriately timed by our Canadian brothers to coincide, right to the exact moment, to the founding of our beloved Fraternity 102 years ago at the University of Virginia. A unique sense of history pervaded the weekend's festivities and ceremonies as Canadian brothers, for the first time, joined ΠΚΑ's from all over the United States in celebrating Founder's Day. It was a dream come true for all in attendance.

The University of Windsor Pi Kappa Alpha Colony was formed nearly two years ago by Brother Tom Clark (Delta Nu-Wayne State) when he transferred to Windsor to finish his Ph.D. in clinical psychology. After working so diligently to help get fraternities accepted by the university's administration, Brother Clark saw his group of men colonized in July, 1968, with then-National President Don Dickson officiating. Pikes at Windsor have since become the first group on campus to be both colonized and chartered by a national fraternity. There are seven other fraternities on colony status at Windsor seeking national charters.

Pikes have clearly dominated Greek life at Windsor since its inception. Not only did ΠΚΑ serve as the prime mover in the founding and development of the IFC, but Pikes have since dominated the executive board each year. ΠΚΑ virtually swept the awards in the fraternity system during its first year as a colony, and again this year proved itself to be the top fraternity on the campus by winning the Greek Week Championship Trophy for the second year in a row, having won first place in more events and compiling more points than any other fraternity. Pikes have also seen their Dream Girl elected as Homecoming Queen for the last two years in a row, and the colony published its first Annual Pike Date-Line Calendar this year with color pictures of twelve Windsor coeds—the first fraternity calendar ever published in Canada. In addition, the Windsor Colony's Chartering Petition entitled "An International Adventure" (sent along with the calendar to every chapter and national officer of ΠΚΑ in the U.S.) was hailed as one of the finest petitions ever presented to Pi Kappa Alpha.

National Officers present for Eta-Gamma (Windsor) Installation: (l to r) District Pres. Richard Gray; Roger Eklund, Director of Chapter Development; National President Garth Grissom; National Vice President Robert Wolf; Past National President, Charles Freeman & Director of Public Relations, E. J. "Ted" Grofer.

Past National President Charles Freeman presenting framed copies of the ΠΚΑ Preamble to District President Richard P. H. Gray and Eta Gamma SMC Pete Sinclair, while National President Garth Grissom and Vice President Robert Wolf watch the program for the next part of the awards presentation.

National President Garth C. Grissom drives home a point in his keynote speech at the formal Installation Dinner-Dance.

Officers at the time of chartering were Pete Sinclair, President; Colin Durie, Vice-President; Jim Coughlin, Secretary; Harlie Johnston, Treasurer; Zbigniew Berezowski, IFC Representative; and Dave Paterson, Rush Chairman. New officers are Jim Coughlin, SMC; Hugh Sheldon, IMC; Brian Kinnear, SC; and Bryon Sievert, ThC. Dr. Don Richardson is faculty advisor, and Dr. Tom Clark (founder) is Resident Advisor and Alumnus Counselor.

The brothers were initiated by teams from Zeta-Kappa (Ferris State), Delta-Nu (Wayne State), and Zeta-Lambda (Adrian). National Officers present for the Chartering Weekend included Keynote Speaker and National President, Garth C. Grissom; Past National President, Charles L. Freeman; National Vice-President (Region II), Robert V. Wolf; Director of Chapter Development, Roger Eklund; National Director of Public Relations, E. J. "Ted" Grofer; and District President (16-A) Richard P. H. Gray. Past-President Freeman gave a particularly stirring account of those moving forces in the fraternity in the last thirty-five years who have since joined Chapter Eternal without seeing the culmination of their dreams of an international brotherhood of IIKA's. The Windsor men particularly honored District President Gray and Big Brother Chapter Zeta-Kappa at Ferris State, for their dedication and contribution to helping Windsor become IIKA's first Canadian chapter. The Clark Award for Chapter Man-of-the-Year went to two men this year, Pete Sinclair and Paul Merklinger.

Official Installation Weekend headquarters were the facilities of the lovely new Sheraton-Viscount Hotel where the fraternity literally took over an entire floor. Initiations took place in the parlors there on Friday evening, February 27th, with chartering and installation of officers following on Saturday afternoon, February 28th, with President Grisrom presiding. A party and open house were held at the chapter house at 223 California on Saturday evening and Sunday afternoon, respectively, and the Chartering Weekend was climaxed with the formal Installation Dinner-Dance in the beautiful Crown Room of the Sheraton-Viscount on Sunday evening, March 1st. Scores of telegrams of congratulations and best wishes poured in from chapters and famous alumni all over the United States, including the White House.

A unique finale to the Installation Dinner-Dance involved a young lady, Mary Grace Franzen, formerly of Delta-Nu's Dream Court and surely Eta-Gamma's hardest-working Pikette. In a move that took both the brothers and Miss Franzen by complete surprise, Jim Coughlin announced Master of Ceremonies Tom Clark's engagement to this attractive young lady while Brother Tom slipped a 1-carat diamond marquis over her finger as she watched in starry-eyed astonishment. The Dinner-Dance was followed by a party on the tenth floor of the Sheraton-Viscount—a fitting conclusion to a most memorable and historical weekend in the life of now international Pi Kappa Alpha.

The new Eta-Gamma active chapter. (Windsor)

Zeta Kappa (Ferris State) SMC Tom Jeffrey presents Eta Gamma SMC Pete Sinclair with a Big Brother Chapter gift, a paddle engraved with the names of Eta Gamma charter members.

PI KAPPA ALPHA HONORS BROTHERS IN U.S. CONGRESS

By Jack G. Coleman

Members of Pi Kappa Alpha from across the Nation assembled to honor our Brothers in the United States Congress during our First Annual Congressional Founders' Day on April 15. Approximately 150 Brothers, alumni and actives, honored Senators John J. Sparkman of Alabama, William B. Spong of Virginia, and Strom Thurmond of South Carolina and United States Representatives William M. Colmer of Mississippi, David N. Henderson of North Carolina, and Alexander Pirnie of New York.

George Jacoby (ΑΔ, Georgetown) General Motors Personnel Director on loan to the government to direct a special study and Kenneth Tuggle (Ω, Kentucky), member of the Interstate Commerce Commission, were also participants.

The alumni association officers for the coming year are: President, Jack G. Coleman; Vice-President, Joe L. Howell, Jr.; Vice-President, Vince Burns; Membership Chairman, Michael Rawl; Secretary, Walter Ellis; Program Chairman, Dan McGehee; Consultants, W. A. Stewart and Ray Vorus.

The banquet was highlighted by an address by Garth C. Grissom, National President, Denver, Colorado, who gave a most inspirational speech. Brother Grissom was accompanied by William P. Donelan, Jr., National Vice President, Region IV, and Patrick W. Halloran, III, Executive Director. In addition, Past National President, Donald E. Dickson (1966-68), Farmville, Virginia and W. A. Stewart, District President #3, Washington, D.C., were present.

During the banquet each Senator and Representative had an opportunity to give his personal testimonial on Pi Kappa Alpha, which provided a warm touch to the evening program. As each Senator and Representative entered the reception, they were announced, symbolizing the old tradition of our Senate.

Senator Wm. B. Spong (Iota, Hampden-Sydney) is greeted by Joe Pavelka, treasurer of the Washington Alumni Association.

Undergraduates attended from Iota Chapter, Hamden-Sydney College; Beta Pi Chapter, University of Pennsylvania; and Delta Eta Chapter, University of Delaware. These active Brothers were truly indicative of Pi Kappa Alpha men from across the Nation. Alumni from some 26 chapters attended also.

The banquet featured the official presentation of Delta Psi's proposed chapter house by Thomas B. Wilson, General Project Director, Value Systems, Inc., Washington, D.C.; the election of association officers; election of Delta Psi Foundation, Inc. officers; passage of the new association constitution and the Delta Psi Foundation, Inc. "By Laws," and presentation of awards by the Delta Psi Chapter.

The Founders' Day was sponsored jointly by the men of Delta Psi Chapter, University of Maryland, College Park, Maryland, and the Alumni Association. Jack G. Coleman, President, expressed appreciation to the Brothers of Delta Psi for their outstanding role in carrying out a most successful Founders' Day under the direction of their able S.M.C., Ronald F. Culp, and I.M.C., Domenic Rignanese.

The College Fraternity Secretaries Association
The Fraternity Scholarship Officers Association
The National Interfraternity Conference

Statement of Position

on the Fundamentals of Rushing

On the basis of experience and collected data, The College Fraternity Secretaries Association, The Fraternity Scholarship Officers Association and The National Interfraternity Conference believe that those systems of rushing are most productive and beneficial which

- Are "open," without restrictive regulations;
- Are individual and personal in approach;
- Are open to all, without registration or charge;
- Are budgeted to minimize inter-fraternity and chapter expenses;
- Are planned to emphasize useful information;
- Are begun at the earliest time and continue throughout the calendar year;
- Are designed to encourage upperclass, transfer and graduate pledging.

The College Fraternity Secretaries Association, P.O. Box 1869, Lexington, Virginia, will be pleased to provide advisory services to any inter-fraternity organization which wishes to evaluate its current rushing program.

Editor's Notes: Many IFCs are establishing open rush and pledging throughout the entire calendar year.

Youth's Suicide Note Recounts Drugs Misery

GAINESVILLE, Fla., April 15 (AP)—Andy Anderson wrote a poem about his drug experiences saying, "My mind is no longer my friend. It won't leave me alone."

Then he burned himself to death.

County Judge John L. Connell made public the poem and a note in which Anderson wrote: "The drug experience has filled me with fear and doubts of myself. I cannot go on. Please try to remember my good points and excuse this final act of desperation."

The 20-year-old University of Florida junior, his body and his car doused with gasoline, burned to death Feb. 19 about 100 yards from his apartment building. A coroner's jury ruled the death suicide.

"This Christmas I had a very bad experience with a drug called mescaline. I have smoked a little pot before—as many my age—but I tried mescaline only once," Anderson wrote.

"Since then I have not been in control of my mind. I have killed myself because I can no longer run my own affairs, and I can only be trouble and worry to those who love and care for me.

"I have tried to straighten myself out, but things are only getting worse."

Anderson did not direct the note to anyone, but in it he addressed his parents, Mr. and Mrs. K. C. Anderson of Lakeland.

"Please forgive me parents for quitting after you have raised me, but I cannot live with myself any longer," he said.

"You were good parents and I love you both, don't let my downfall be yours—you have nothing to be ashamed of. I made the mistake—not you.

"There is nothing but misery for all of us should I allow myself to deteriorate further.

"To those of my friends who might also think about learning about themselves with mind expanding drugs—don't.

"Learn about yourself as you live your life—don't try to know everything at once by swallowing a pill. It could be too much for your mind to handle at one time. It could blow out all the circuits as it did with me.

"I am too weak to fight—too proud to live forever on sympathy of others. Love, Andy."

Death on Campus

AN AMERICAN TRAGEDY

At Amherst College in western Massachusetts a student died by falling 70 feet off the roof of a dormitory; he had earlier taken a trip on LSD. George Mountcastle was a Harvard University sophomore from Baltimore who was visiting an Amherst friend Oct. 11. State police have arrested another Amherst student on charges of selling the LSD to the visitor. But to Amherst's Dean of Students, Robert A. Ward, there was a particular agony about the tragedy that was personal. In a letter to his students written Oct. 16, Dean Ward tried to express it. His letter follows:

Gentlemen of the College:

He was not an Amherst man; he was a visitor. But his death occurred in our community, and we shared in the loss. We were shocked by the tragedy and stunned by the senselessness of it. He was young and bright—too bright to surrender his life in the foolish madness blighting a generation. In a week in which we paused to reflect on the waste of life half a world away, it may have been a strange irony that we were starkly faced with meaningless death on our campus. But that week is nearly gone—and memory fades.

I will not rehearse the statements made in the past about drugs. Many of us for some time have been apprehensive that a tragedy would come—and last Saturday night it did. Repeated warnings had gone unheeded; it couldn't happen here. I only wish those who ignored those warnings could have spent part of that horrible night waiting in Cooley Dickinson Hospital while the student's life ebbed or part of Sunday afternoon in my office while his parents struggled to comprehend the reality of that day.

I did not become dean to watch a generation of students pollute their sanity or distort their lives, and I confess to a numbing and depressing sense of helplessness. Words are inadequate and deeds seem fruitless. More than ever students have taken on themselves the individual responsibility which shapes their lives in all areas. It should be so, but the judicious exercise of such responsibility demands wi - dom. I see no wisdom at all in the growing and indiscriminate use of drugs. I also see a danger that one major tragedy may obscure other tragedies, smaller perhaps but no less frightening. On a beautiful Saturday afternoon which was in itself a natural stimulant, why the need for some artificial or uncertain drug? And where were we all on that night or on any night and when will we awake to the need to replace a disinterested privatism with a sustained concern for troubled people in our community? And why do we tolerate in our midst the profiteers of poison? And by what moral right do we pass into the hands of others substances which can threaten their well-being and even their lives? What in God's name is happening to us?

Last Sunday in a scriptural lesson the timeless chastisement of Thomas was repeated: "Because you did not see, you would not believe." Last Sunday we did see. Now I plead as never before—please believe.

This article is one of a series prepared for fraternity magazines by OPERATION CHALLENGE, a project established by the College Fraternity Editors Association.

This article first appeared in the November 3, 1969 issue of the National Observer. Permission to reprint has been given by the National Observer, Dean Robert A. Ward, and Operation Challenge.

TO THE EDITOR

Jan. 18, 1970

Editor
The Shield & Diamond Magazine
Dear Sir:

I am Mrs. Kenneth Klein. My son Kenneth, is a ΠΚΑ fraternity brother and he graduated from Syracuse University June, 1966. He enlisted in the U. S. Air Force in September, 1966 and entered O.T.S. at Lackland, Texas. He has progressed wonderfully in his field since in the service. I am very proud of him.

He is on tour of duty in the northernmost part of Japan, until January, 1971.

He is in Personnel, Family Affairs, at this very remote Air Base at Hakkanai, Hokkaido, Japan, and I know he will appreciate news from his Fraternity and his Brothers.

He wrote me to check on an item he had sent to "Shield & Diamond" Magazine. He and two other ΠΚΑ brothers stationed at Hakkanai, sent in a picture of the 3 of them, all officers too. Now he would like to know if you have printed it in one of the past issues, like September or December, 1969—If not, will you be able to put it in a future issue?

I think it would prove to be most interesting to his fraternity brothers to discover where 3 of their "Pikes" are—so far away —as it is really a remote area.

Former Chancellor William P. Tolley of Syracuse, N.Y. who is also a ΠΚΑ brother, would certainly appreciate learning of Kenneth's whereabouts, as he is truly interested in all of his students, past and present.

Would you please send Kenneth the September and December, 1969 magazines and also send him the future issues. I have enclosed his present address—A.P.O. address, no extra postage.

We would also appreciate very much receiving the "Shield & Diamond" in our home again, also may we have the September and December 1969 issues?

I am happy to inquire for the magazines Kenneth asked for and I hope you may be able to help me.

I thank you kindly and remain,

Mrs. Kenneth Klein
216 Huntley St.
Syracuse, N.Y. 13208

Jan. 14, 1970

Mr. Pat Halloran
Memphis, Tennessee
Dear Pat:

I had a most pleasant visit with Brother Jack Coleman on Monday and feel that I have learned a great deal from his visit. Also, I feel that the entire chapter will be helped.

Unfortunately, this is not the main reason for my writing at this time. I was made aware of something yesterday which is, I believe, of great significance to all of us in Pi Kappa Alpha. In the mail, I received a letter from Mrs. Sue Parker, wife of Brother Frank C. Parker, III, alumnus of this chapter in 1961, saying that Frank has been missing over North Vietnam since December 29, 1967.

As you know, there is a drive in this great country of ours to find out the fate of these missing men in North Vietnam, and I feel that we as Brothers of Frank have a responsibility to try to help in this nationwide effort in whatever way we feel is proper.

Mrs. Parker in her letter recommended the writing of letters to the President of North Vietnam and Xuan Thuy in Paris, who represent the North Vietnamese in the negotiations. Both Sue Parker and I would appreciate anything that you can do personally or as the representative of Pi Kappa Alpha.

Also, I would appreciate if notification of this matter be put in the "Week End Report" as well as the "Shield and Diamond."

Thank you very much for your concern, and please feel free to write if you would like to know more about Frank.

In the bonds,
Walter P. Ginn, SMC
ΓΛ, Lehigh University

Editor's Note: Major Moore (and his wife) was a source of inspiration and guidance to the Colony. He was transferred from his military duties at USL to Japan shortly after Zeta Omega received its charter.

13 January 1970

Dr. Robert D. Lynn
The Pi Kappa Alpha Fraternity
Memphis, Tennessee 38112
Dear Bob:

This letter is long overdue, but now I'll be able to include my most sincere "best wishes" to you, and Pi Kappa Alpha for the new year.

Lillian and I did include Memphis in our trip from Louisiana to Japan. Unfortunately, we were there on the 4th of July, departing early the next morning in order to meet an Air Force commitment in Denver. Maybe we can include a tour of the Memorial Headquarters when returning your way in 1972. We are truly enjoying the assignment in the Tokyo area. The Japanese people and their customs are intriguing.

My thoughts continually reflect the relationship I had with Pi Kappa Alpha in 1968-69. The fraternity is an integral part of our college experiences and my mind quite often reverts to a nostalgic memory for many of us. My participation followed the scheme—pledge in '51—initiated in '52 —hard core worker until '55—and then a Shield and Diamond reader until '68. I wish there were a way to acknowledge the events or fate that involved me with the organization again. The University of Southwestern Louisiana Colony, now Zeta Omega, deserves any credit due. Those outstanding young men not only molded themselves into a proud functional brotherhood, but renewed the interests and efforts of some of the area Pike alumni who had put their Pi Kappa Alpha activities on a shelf. Can you imagine the strength of our Fraternity if more alumni were exposed to the exploits of Brothers Denny Woody, Dick Hammaker, Norris Bond and others like them across the nation? I'd consider it a privilege to again work closely with the active chapters of PiKA as soon as the opportunity is available.

Bob, many thanks for the personal efforts of the Memorial Headquarters Staff. Your assistance and inspiration to our members continues to be superior in every respect.

In ϕϕka,
Don Moore

Box 7404, Detachment 407
APO San Francisco 96328

Beloved Pi Kappa Alpha

February 5, 1970

Dear Brother Lynn,

I was pledged and initiated into Psi Chapter at North Georgia College at Dahlonega in 1933, as a Freshman. Our S.M.C. was Steve Rheberg when I went in. David Reed was I.M.C. Then, in the fall of that year, North Georgia was reduced to Junior College status, and we had to give up our Charter. One of my uncles, J. C. Barnes was a charter member of the Psi Chapter. Two other uncles, G. M. Barnes and R. O. Barnes, and my father, B. F. Barnes class of 1912, were also Psi Chapter Brothers.

One of my uncles, G. M. Barnes, died a good many years ago. He was a merchant in Midville, Georgia.

My father, B. F. Barnes, passed away November 2, 1967. While reading the December, 1969 issue of Shield and Diamond, I realized when I looked at the "Chapter Eternal" that through my own miserable thoughtlessness and forgetfulness, that the news of my father's death had failed to reach you. Consequently, he has not had his name mentioned in the Chapter Eternal. He was 80 years old, a retired dairy farmer in Warm Springs, Georgia. When my father and uncles were in college, the town was known as Bullochville.

If it is possible at this late date, I will be forever grateful if you could have a

notice of his death printed in the Chapter Eternal in the next issue or the following one of the Shield and Diamond. I know it would please him, and my own guilty conscience would be relieved.

Please accept my apologies for any trouble this may cause you.

Yours in the bonds,
Hines Holt Barnes
2612 Louisiana Avenue
Savannah, Georgia 31404

Norfolk, Virginia
March 31, 1970

Dr. Robert D. Lynn
Editor, Shield and Diamond
577 University Blvd.
Memphis, Tennessee 38112
Dear Brother Lynn,

Enclosed is an article for publication in the Shield and Diamond regarding the passing of my father, Brother William H. Sears. No one loved PiKA more than Dad. Ever since his initiation in 1920 he has worked diligently for the fraternity, particularly in its times of need. Going through many of his files I find letters written to brother alumni members requesting assistance for fraternity projects or for help when Alpha Nu was experiencing financial difficulties.

William C. Sears.

I can remember from my tour as an active member of Alpha Nu the many names of prospective rushees Dad submitted, not only to AN but to many other chapters. He had many long and close friendships from his fraternity associations; Rusty Casteel, the McHaney boys, Don Reynolds, Judge Lawrence Hyde, Dick Bills, to name a few. What Dad did not give in monetary contribution he made up for in work and support of the fraternity. I feel, Brother Lynn, that if half the graduating Pika's are as active and have as much interest in their lifetime as Dad did, then the fraternity is in good standing.

Thank you.

Yours in the bonds,
William C. Sears (AN'65)
3835B Flowerfield Rd.

National Fraternity is a Service Organization

Some of the services rendered by The Memorial Headquarters include:

1. The Memorial Foundation provides both scholarships and loans for Pi Kappa Alphas to continue their education. Applications for such loans are directed to the Memorial Headquarters.
2. The National Fraternity also provides a number of manuals which serve as guidelines for efficient chapter management. Some of the topics covered are: public relations, Ingress, financial management, rush, the alumni secretary, the Alumnus Counselor, and, of course, the District President.
3. An individual's initiation fee includes a lifetime subscription to the Fraternity's SHIELD & DIAMOND magazine.
4. The Fraternity employs traveling representatives or Chapter Consultants who are available to assist both chapters and colonies.
5. The Director of Alumni Affairs is available to provide assistance to chapter and colonies in their alumni development.
6. The National Fraternity sponsors an annual Leadership School and biennial Convention for the development of undergraduate leaders.
7. There is a large group of National Officers who are available to serve as resource people in assisting undergraduate chapters with specific problems.
8. The Fraternity also sponsors a resident counselor program. These men serve as full-time undergraduate advisers to the chapter.
9. The Fraternity provides the opportunity for its chapters and its house corporations to borrow funds from the Chapter House Fund for the purpose of: (1) Constructing houses, (2) purchasing houses, (3) remodeling existing houses, and (4) purchasing of heavy equipment and furniture
10. The Chapter House Fund has made loans of over $1,500,000 to 90 different chapters in Pi Kappa Alpha for housing and equipment.

Your Fraternity Pi Kappa Alpha

. . . is in its one hundred and third year.

. . . has over 83,000 initiated members; started the 1968-69 school year with slightly over 9,000 undergraduate members and pledges in 143 chapters and eight colonies, one of which is in Canada.

. . . is a member of the National Interfraternity Conference, an association of all major national fraternities.

. . . has a National Headquarters, which is a memorial to all Pi Kappa Alpha war dead, located in Memphis, Tennessee, and is one of five in the nation which was built for fraternity business exclusively. The facilities include a museum, library and a meeting room that has been used over 900 times by civic organizations.

. . . meets in convention biennally; and in district convention annually where chapters in a local area meet to discuss chapter operations. A National Leadership School is held annually.

. . . publishes a quarterly magazine, THE SHIELD & DIAMOND, which this year will be mailed to more than 60,000 alumni and undergraduate members.

. . . has 149 collegiate chapters in 38 states and Canada, 59% being state schools, 18% being church related, 16% being private schools and 7% municipal schools. In addition there are seven Pi Kappa Alpha colonies that are working to obtain their charters.

. . . maintains four permanent male staff members working in the areas of chapter services, financial management, housing, chapter consultant training, public relations, alumni relations and general administration of the national fraternity and its chapters.

. . . maintains chapter consultants on a permanent basis, working in all areas of development at the chapter level; they travel a combined mileage of nearly 200,000 miles per year.

. . . has aid to members and non-members alike through the Memorial Foundation of the fraternity in the form of scholarships and loans; this program provides resident counselors for assisting chapters with special problems.

. . . lends assistance annually through the Community Service Day of the Pi Kappa Alpha Fraternity, when at least one full day each spring is set aside for helping in many ways the communities in which the chapters are located.

. . . claims a total of 14 members in the United States Congress.

. . . provides recognition of prominent alumni yearly through its Distinguished Achievement Awards program.

. . . has eight Supreme Council members, 31 District Presidents, Alumnus Counselors for each chapter, 2,000 alumni participating in the functions of over 60 alumni associations, all on a voluntary basis and without salary.

. . . has a Memorial Foundation which includes 57 Senior Guardian members (contributions of over $1,000); 105 Guardian members (contributions of $500 or more and less than $1,000); 1,976 Diamond Life Chapter members (contributions of over $100); 5,347 Memorial Foundation members (contributions of $25.00 or more) and 668 Project Centennial Medallion Club members (contributions of $100 or more.)

. . . provides for its chapters with numerous aids in chapter operations through the printing of nearly 25 brochures and manuals as well as specific advice through correspondence.

. . . provides THE MOST IMPORTANT ELEMENT OF ALL-BROTHERHOOD. Anywhere a IIKA goes he will find a brother with whom he can associate and have something in common of mutual benefit.

Dennis Craig, Chapter Consultant, has visited more than sixty chapters during the 1969-70 school year.

Widger Elected President Of Belknap College

Dr. William K. Widger, Jr., President, Belknap College

Dr. William K. Widger, Jr. (ΓM-New Hampshire) has been elected President of Belknap College, a liberal arts institution at Center Harbor, New Hampshire. He assumed the duties of office in November, 1969.

Brother Widger was initiated by Gamma Mu chapter and held several chapter offices while an undergraduate. Later, while a member of the faculty at Cornell University, he provided outstanding leadership as President of District #1 for several years. He attended many national conventions and was a dynamic officer.

Dr. Widger, received his B.S. degree, in Chemistry, from the University of New Hampshire, in 1942. He received his Sc.D. in Meteorology, from the Massachusetts Institute of Technology, in 1949. He has subsequently taken special courses on Rockets and Satellites, and on the Organization and Management of Research and Development.

From 1967 until his appointment, in the fall of 1969, as Belknap's College's president, Dr. Widger was Professor of Physics at the Drexel Institute of Technology. Earlier, from 1949 to 1951, he was Assistant Professor of Meteorology at Cornell University. From 1946 thru 1949, he served as a Graduate Assistant in Meteorology at M.I.T. and, from 1943 to 1946, as an Air Force Weather Training Officer. Much of his work from 1951 thru 1963 was concerned with the supervision of research programs at a number of different universities. From 1963 to 1967, Dr. Widger was Director of Satellite Meteorology Research at Allied Research Associates, Inc., Concord, Mass.

Dr. Widger has served as a member of several committees of the National Academy of Sciences-National Research Council. He has also been a member or chairman of several other federal government and American Meteorological Society committees.

A CALL FROM THE GRAND TREASURER

It has become necessary to make a call for money for the use of the Fraternity at Large. The funds in hand being far from sufficient to cover expenses. Therefore, I , Robert A. Smyth, Grand Treasurer of P. K. A., do earnestly request that a postal note for ten (10) cents be sent me by each of the members of the Fraternity, to cover the expenses of this year. Be it also requested that said funds be sent us before September 25th, 1891.

ROBERT A. SMYTH,
Grand Treasurer

July 20th, 1891.

REPORT FROM GRAND TREASURER
PI KAPPA ALPHA FRATERNITY.

To Receipts from January 1st, 1891, to date ..$65.37
To Balance due to Treasurer 27.67
By payments from January 1st, 1891, to date ..$93.04

CHAPTER NOTES

Univ. of Tenn. at Martin—
Epsilon Sigma Chapter ended the fall quarter on a sad note when our fraternity house was destroyed by fire. All, however, has not been bad because we won first in intramural IFC basketball and we pledged twenty fine young men. *William Byars.*

Concord College—
Zeta Upsilon mails its chapter newsletter to parents of its members and pledges as well as to its alumni. Speakers at the Founders Day Banquet were Alumnus Counselor Arthur J. Benson, Dan McGehee and Booney Vance. Mike Gilliam received the Best Pledge trophy.

University of Nebraska at Omaha—
Delta Chi Pi Kaps won top honors at the annual Greek Week. The scholarship trophy was won for the eighth time in nine years. The intramural trophy was captured by earning first place in nine of the fourteen sports. Bob Voller received the scholarship cup for the highest grade point average (3.59). The chapter also won first in the Olympics. Gary Sallquist was named as Delta Chi's outstanding alumnus.

Zeta Eta, Little Rock University—Our Chapter has acquired a fine home on Fair Park Boulevard. The chapter combined scholarship and athletics by earning the scholarship trophy and by winning the Greek Week Olympics. Terry Cargile is president of IFC and Chris Cook is president of Circle K.

Zeta Zeta, Southwestern State College The Pikes won the annual blood drive and the city softball tournament. We were above the all-men's average scholastically, too. Our members hold many leadership positions on campus, such as J. R. Homsey who is Senior Class President. Zeta Zeta had the largest pledge class this fall.

Gamma Zeta, Wittenberg College—A new college sport, Wall Ball, has been invented by the Wittenberg Pikes. It combines the fundamentals of handball and volleyball. It is fascinating both players and spectators. Seven teams of four players each battled in the finals of the second annual tourament.

CHAPTER SPEAKER SERIES PROMOTES RELATIONSHIP WITH ADMINISTRATION

By Wm. Jones, Wm. Carson and Dennis Graham

Having realized that it was beginning to become isolated from the campus community, the Epsilon Gamma chapter at Texas Tech University initiated a program of campus interaction through a weekly speaker series. Because of the changing ideas of young men, the chapter needed some program which would prevent it from becoming a separate entity and which would facilitate adequate interaction with the students, faculty, and administration of the University. The chapter noticed apathy arising among some members of the chapter, and a definite decline in the number of student body rushees and pledges. The feeling was that this decline in interest was due primarily to the difference between what the fraternity had to offer in comparison to what college men of today are seeking.

After becoming more aware of these faults, the active chapter wanted some type of program that could be put into effect and have immediate results. Changing pledge policies would work over a period of time but would not be immediate. After a thorough examination of ourselves it was decided there was a breakdown in communication between the fraternity, the faculty, and people of the community. The first action the chapter took to bridge the communication gap was a guest-speaker series.

The speaker series was easy to set up and has had the immediate results the chapter was looking for. A committee of three took suggestions from the members then made the final selection and contact. Each speaker has been allowed 15 minutes to speak and 15 minutes to answer questions. After the speaker left there is a general discussion by the members.

After hearing and interacting with such speakers as the Dean of Student Life, two faculty members, a lawyer, a law-enforcement official, a member of the medical profession, and a student activist the chapter has evaluated the program and has concluded:

(a) thinking and self-examination has been stimulated
(b) closer relationships among members has developed
(c) chapter meeting attendance has increased 15%
(d) increased interest in campus activities is evident
(e) better working relationship with the administration has resulted

From the above listed accomplishments it has been decided that the speaker series has and will continue to be successful and stimulating.

Although a change in the fraternity system and an individual chapter must occur slowly, the Epsilon Gamma chapter needed something that would initiate a change now. The entire speaker series was discussed, and inaugurated in only a seven day period and hopefully has served as a starting point for a great and benefical change in the chapter and its campus relationships.

M.I.T. Colony Works on Service Project

By Lawrence Klein, Colony President

On Saturday, March 15, the MIT colony of Pi Kappa Alpha participated in a service project. Attending the function—which lasted from 8:30 AM to about 4:30 PM—were all but one of the members of the colony.

Chosen as the service project by the colony was a day of volunteer labor for the Low Cost Housing Corporation. This organization buys uninhabited dwelling places in the South End of Boston and converts them to livable habitations at a cost substantially lower than the federal government can through the use of volunteer labor (like our own). Consequently, it is able to rent these converted dwelling places to local inhabitants at prices which they can afford to pay.

Specifically, the colony worked on two structures owned by the corporation. In the one house, colony members removed useless wall beams and electrical conduits and helped strengthen the supports holding up one of the major floor beams on the ground level. In the second house, colony members carried lumber and put in new wall paneling.

M. I. T. Colony member works on Service Project.

End of Rush Week

Oklahoma Daily
February 13, 1970

The Interfraternity Council voted Wednesday night to discontinue formal fall rush week for men's social fraternities and substitute a "pledge-at-will" system. The constitutional amendment will become effective beginning with the fall semester, 1970.

"The vote shows a progressive change brought about by the IFC and the fraternities," Wayne Gary, Oklahoma City senior, IFC president, said at the close of the meeting. Gary commended the responsibility of the fraternities in passing the amendment.

Under the new system there will be no men's rush week prior to the beginning of classes. The amendment abolishes the traditional bid day held the last day of rush week. Fraternities can now issue bids anytime during the summer and school year and begin receiving their pledges the first day of school. A new pledge must sign a bid card after school opens with the fraternity of his choice to be formally recognized as a pledge by the IFC.

Alpha Omicron Offers Chapter Reorganization Plan

All too often, chapters of less than thirty to thirty-five active members find it difficult to fill the many chapter committees necessary for a successful administration. Many times the real leadership of the chapter falls upon a few dedicated Brothers.

The Garnet and Gold Pledge Guide outlines a chapter structure including as many as twenty-seven individual offices and committees. In large chapters with a number of effective leaders, such an organization becomes almost a necessity.

Alpha Omicron Chapter (Southwestern University) developed the attached organizational chart. Essentially combining all committees into four basic committees, each is responsible for the areas listed. The committees meet on a regular basis (weekly) and increase in size as the chapter grows. The committee chairman is, of course, responsible to the IMC.

The advantages to such an organization are:

1. The core of leadership within the chapter is used most effectively.
2. Each member of the chapter has an opportunity continually to participate in many areas of chapter operation.
3. The IMC can efficiently co-ordinate the activities of four basic committees.

CHAPTER ORGANIZATION

Judicial Committee
and
Legislative Committee
report directly to the
SMC
who chairs the
Executive Committee
to which the

Chapter Noteworthies

By Durward Price and Lynn Elliott

Alpha Nu Chapter of Pi Kappa Alpha at the University of Missouri simply got tired of looking at the trash along Providence Road, one of Columbia, Missouri's, busiest streets, Saturday, April 11, the members did something about it.

In three hours time thirty-eight men attacked and conquered thirty-two blocks of Providence Road. The conquest yielded prizes from baby strollers to old tires, from boards with nails in them to wheel covers.

Durk Price, president of the chapter, and Lynn Elliott, public relations chairman, decided that since the current emphasis is on environment, this seemed to be a logical community service project. This particular street gained special recognition since our house is located at 916 South Providence Road and the members, having frequent use of the street, noticed just how dirty it was and decided to clean it up.

We, the men of Alpha Nu, were equipped with only plastic bags, cardboard boxes, and our own hands. However, the job went unbelievably fast. Work began at ten o'clock and the project was completed shortly after one o'clock. During that time several citizens expressed their individual appreciation for the clean-up. It was amazing how many people were truly grateful and even joined in to help for a block or more. One man, about sixty-five years of age, stopped and said; "You're doing a fine job boys. I wish I could get out and help you. But I just can't. At least take this three dollars." It's nice to know this type of thing still happens.

The debris was collected and then hauled to the fraternity house. There we piled it in a gigantic mountain and waited for the sanitation department truck to come and haul it away.

At the house we were greeted by a member of the city council and a representative from the dean of students office. The city councilman viewed the pile of trash and expressed his appreciation for the day's work. He also said he hoped that this campaign would influence other university students and the Columbia citizens. Two newspaper articles, two radio stations, and one television station reported the event.

It is our desire that not only the fraternities on our campus but also Pi Kappa Alpha chapters across the nation will join in on similar projects. Ours is a social fraternity but by allowing our environment to deteriorate we also endanger our members and our society.

Mississippi State University—

Gamma Theta had a successful spring semester highlighted by Founders Day which included many alumni, The Little Sisters of the SHIELD AND DIAMOND and an address by National Editor Robert D. Lynn. Twenty-five new members were initiated. Our chapter is well represented in sports. The varsity football team includes PiKAs Tommy Pharr, Jan Gwin, Joe Hart, Emile Petro, David Hine and Bruce Barfield. John Turner is a basketball and baseball star. Many top campus offices are also held by our brothers.

Little Rock University—

Zeta Eta has acquired a fine home on Fair Park Boulevard which has become a very satisfactory chapter house. The chapter was first in Greek Week Olympics and has earned the scholarship trophy.

Southwestern State College—

Zeta Zeta chapter won the Annual Blood Drive. It was first in the city softball tournament, was above the all-men's average scholastically, and elected three men to student offices: J. R. Homsey, Senior Class President; Greg Heckrodt, Sophomore Treasurer; and Jeff Boileau, Sophomore Vice-president.

Greek Prognosis Grim at Berkeley

The death of 21 fraternities and sororities at Berkeley in the past five years reflects an important change in collegiate life style. Fraternities and sororities are no longer the most prestigious residences at Berkeley. Today the fraternity decal on the convertible has been replaced by the peace symbol on the microbus and many Greeks are finding their system irrelevant. Five years ago, about 3,070 students lived in 66 fraternity and sorority houses; today, only 1,719 live in 45 chapter houses. Some chapter houses have taken boarders while others have gone coed. And, Berkeley is not alone. Pi Kappa Alpha is still represented on the Berkeley campus by Alpha - Sigma Chapter.

PRESTON EARNEST SMITH

His Excellency, The Governor of Texas

The middle name of Preston Earnest Smith, (ΕΓ, Texas Tech) and its spelling are both keys to the character and success of the governor of the Great State of Texas. An uncommon man with a common Texas drawl at 55 he has realized the goal which he set for himself as a nine-year-old lad.

Despite "no organization and no money," success crowned the Smith combination of ability and hard work. Six years in the House, six years in the Senate and six years as lieutenant governor gave him a fine understanding of the legislative process and an unusually sound preparation for the responsibilities of the gubernatorial office.

The Smith Clan includes Mrs. Ina Smith, son Preston Michael (Mickey) and wife Shirley, and daughter Jan and husband Conrad Schmid. The governor and Mickey are both graduates of Texas Tech and are alumni members of Epsilon Gamma Chapter.

Old Glory shares honors with the Canadian Mapleleaf at Memorial Headquarters, signifying Pi Kappa Alpha expansion to the University of Windsor March 1, 1970.
