OF PI KAPPA ALPHA

SEPTEMBER 1987

## *Another chapter in our history:* **THE 1986-87 ANNUAL REPORT**

**ANNOUNCING THE PERFECT GIFT  
FOR CHRISTMAS**

*The  
Pi Kappa Alpha  
Fraternity  
Watch*

A Seiko Quartz timepiece available for a limited time only.

Featuring a richly detailed three-dimensional re-creation of the Fraternity Crest on the 14 kt. gold-finished dial.

Electronic quartz movement guaranteed accurate to within fifteen seconds per month.

Available in wrist watch and pocket watch styles.

Entire edition reserved exclusively for Brothers and Parents.

Satisfaction guaranteed, or returnable for full refund.

Full one year Seiko warranty.

Earliest orders entered will be guaranteed Christmas delivery.

For faster service, credit card orders may be placed daily (including weekends) from 9 a.m. to 9 p.m. (eastern time) by telephoning toll free 1-800-523-0124; Pennsylvania residents only should call 1-800-367-5248. All callers should then request to speak to operator number 623J.

Illustration reduced. Actual diameters of watches are as follows: Pocket watch 1½", men's wrist 1⅞".

Detach order form at perforation below. Mail orders should be sent to Pi Kappa Alpha Fraternity, c/o P.O. Box 511, Wayne, PA 19087.

*Personal Reservation Form*

**PI KAPPA ALPHA FRATERNITY WATCH**

I understand that the Pi Kappa Alpha Fraternity Watch featuring a richly detailed re-creation of the Fraternity Crest on the three-dimensional dial is being made available at this time. Please accept my order for the following Pi Kappa Alpha Fraternity Watch(es):

QUANTITY \_\_\_\_\_ Seiko Quartz Wrist Watch with Leather Strap (#PKA-SMS86) @ \$190\* each.

QUANTITY \_\_\_\_\_ Seiko Quartz Bracelet Watch (#PKA-SMT86) @ \$215\* each.

QUANTITY \_\_\_\_\_ Seiko Quartz Pocket Watch (#PKA-SPK86) @ \$195\* each.

**All purchasers please add \$4.00 per watch for handling and insured shipping charges.**

**\*On shipments to Pennsylvania only, please add 6% state sales tax.**

(Handling and shipping charges are not taxable.)

I wish to pay for my watch(es) as follows:

☐ By a single remittance of \$ \_\_\_\_\_ made payable to "Pi Kappa Alpha Fraternity Watch", which I enclose.

☐ By charging the amount of \$ \_\_\_\_\_ to my credit card indicated below. ☐ AMERICAN EXPRESS ☐ VISA ☐ MasterCard

Full Account Number:

Mo.   Year

Expiration:

### Hazing, Alcohol Articles Hit Home

**BRAVO** on the hazing article by Larry Lunsford. It was excellent!

I read — then re-read it and felt it was the best I've read in a long time. My compliments to Pi Kappa Alpha for its 'no-nonsense' approach to this vital issue. You have certainly made the point that hazing, in every form, is in total opposition to the spirit of love and brotherhood.

Eileen Stevens  
C.H.U.C.K.

**I JUST** finished reading the article on hazing in the June issue. The *Shield & Diamond* does a good job covering a topic that is, sadly, still very appropriate. There is one problem with the article, though. It states that a Tulane student was thrown off a boat and drowned during a fraternity initiation. This, in fact, did not happen. The incident to which I believe that referred happened in August of 1971 when a rushee accidentally drowned during a rush sailing outing sponsored by a Tulane fraternity. The university, local authorities or the national fraternity never even intimated that this was a hazing incident or anything other than an unfortunate accident.

While this may seem a minor point, there is no reason to fuel the fire with inaccurate information. Unfortunately, there are enough factual examples of hazing tragedies to use in such an article.

University administrators like myself really appreciate all of the efforts that national fraternities such as Pi Kappa Alpha are making in this area.

Eric T. Webber  
Assistant Dean of Students  
Tulane University

*Shield & Diamond* regrets the inaccuracy.  
— Ed.

**CONGRATULATIONS** on the continued success of the *Shield & Diamond*! I speak most specifically of the June 1987 issue.

I, as well as a great many others, were pleased to see such direct attention given to the most devastating fraternity issues of our time — alcohol and hazing. In both cases, contributing editors effectively used first person accounts around which to center their messages.

Of particular note is the article, *Hazing: Tradition or Tragedy*? Unfortunately, a great number of fraternity and sorority general headquarters have chosen not to address issues such as hazing through their national publications, fearing self-incrimination. I applaud the *Shield & Diamond* editorial staff for successfully going beyond such shallow thinking and encouraging careful consideration of this matter by your undergraduate and alumni subscribers.

Again, congratulations in general for continued success and specifically for an issue which is right on target! I would whole-

heartedly encourage continued coverage of such pressing concerns.

Terry Apollonia  
President Elect  
Association of Fraternity Advisors

**JUST A LINE** to tell you how great I thought *Hazing: Tradition or Tragedy* was in the June 1987 issue. This is a fine piece of journalism and delivers a powerful message. I continue to intensely dislike the people who put me through 'hell week', and I'm certain there are a couple of guys I helped brutalize that would be delighted to punch my lights out, although all of this happened over thirty years ago! Something tells me hazing isn't what brotherhood is supposed to be about.

The article by Ed Pease in the March 1987 issue (*Your Honor, We Find Pi Kappa Alpha...*) also was excellent.

The *Shield & Diamond* is to be commended. The articles are interesting and thought provoking, and the format is excellent. A lot of credit is deserved and your efforts are appreciated.

John M. Harmon Jr.  
Gamma Sigma '55

**THE SHIELD & DIAMOND** is to be congratulated for publishing an excellent article (*A Day I'll Never Forget*) focusing attention on the issue of DUI and safety belt use in your June magazine.

We receive, as a part of a clipping service, all of the accident report stories from Tennessee papers. All too often, the victim of a vehicular crash is a college student who, if he had only had on his safety belt, might be alive today. Too many crashes also involve substance abuse and speeding, both of which are against the law.

Hopefully, comments in the article will reach other students and make them aware of the risks they take when driving; especially if they don't wear their safety belts or combine drinking, driving and speeding.

Thank you for promoting safe driving habits.

Beverlee F. Anderson  
Executive Director  
Tennessee Safety Belt Use Coalition

**WE RECENTLY** received the June issue of the *Shield & Diamond* and wish to extend our appreciation for a fine effort.

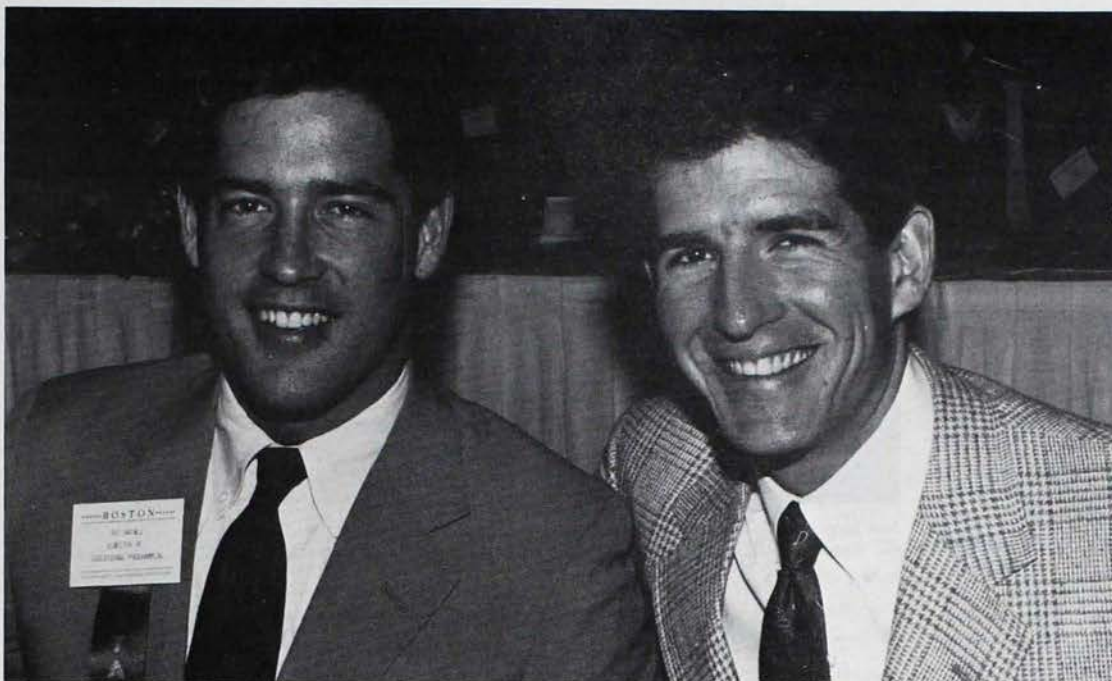

The magazine is the finest blend of news, information and education which we have seen this year. All in all, an attractive piece.

It's definitely top drawer material, which is where we have filed it for the time being. We will refer to it often.

Thanks for sharing it with us!

Thomas Schlange  
Executive Director  
Beta Sigma Psi Fraternity

Ave atque vale: new Executive Director Patrick F. Haynes at the 1986 Convention with former Executive Director Allen W. Groves.

## Haynes Appointed Executive Director; Groves, Anderson Leave Staff

Allen Groves (*Delta Upsilon* '79) and David Anderson (*Delta Pi* '81) have departed from the Memorial Headquarters staff, and Patrick Haynes (*Delta Theta* '81) has been promoted to executive director, filling the vacancy created by Groves' departure.

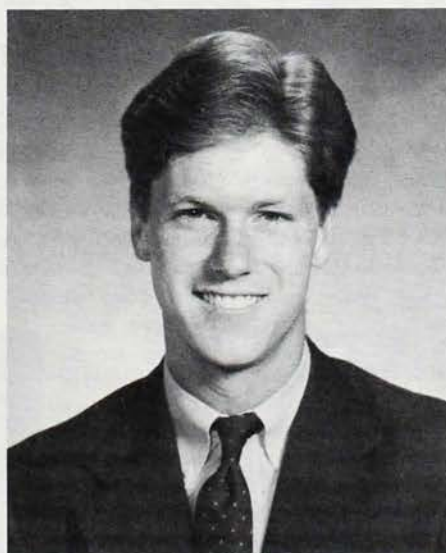

Groves leaves the staff after five years of involvement with the National Fraternity, including three years as executive director. Following his graduation from Stetson University in 1982, Groves served as resident counselor to Delta Upsilon chapter. In June of 1983, he was hired as a chapter consultant, traveling the northeast United States. In January 1984, he was promoted to director of expansion for the remainder of the school year, and briefly served as director of services. On August 1, 1984, he was named executive director.

Among his many duties as executive director, Groves visited numerous chapters for a variety of banquets, seminars and special visits.

Pi Kappa Alpha's alumni receivership program is one of Groves' many achievements. This program, developed in August 1984, places undergraduate chapters under strict alumni guidance. Alumni receiverships have sparked dramatic turnarounds at Alpha Mu (*Georgia*) and Gamma Delta (*Arizona*) chapters, among others. Working with struggling groups within the alumni receivership program provided Groves with his greatest satisfaction. "Formerly strong chapters, perhaps fallen upon hard times, deserve priority attention," Groves states. "Our work within this

area has always been intended to supply our members with the best possible fraternity experience." Groves leaves the staff to begin his legal studies at the University of Virginia.

Patrick F. Haynes replaces Groves as executive director. Haynes begins his fourth year on the Memorial Headquarters staff. He previously served as director of educational programming from 1985 to 1987, after traveling the southeast United States as a chapter consultant during the 1984-85 academic year.

David L. Anderson

While an undergraduate at Arkansas State University, Haynes held the offices of SMC, rush chairman and alumni chairman. This year he received Delta Theta's Distinguished Alumni Award.

As executive director, Haynes assumes the duties of managing and coordinating all service programs for the undergraduate chapters, while handling public relations and marketing aspects of the National Fraternity.

Additionally, Haynes will direct and coordinate the 1988 National Convention in August of next year at the Peabody Hotel in Memphis. Plans are being made to dedicate Pi Kappa Alpha's new national headquarters during this convocation. "While much time and effort are being expended in this new headquarters project," says Haynes, "it will remain my goal that no area of service to our undergraduates chapters will suffer during this all-important time in the Fraternity's continued development."

David Anderson has worked as director of communications since January 1986, a job to which he was appointed following six months of travel as a chapter consultant. In this position, Anderson initiated a number of new National Fraternity programs, including the *Inside Line* and *Alumni Advisor* publications, as well as the highly successful videotape program. Anderson joined the staff after receiving his bachelor of science from San Jose State University; he now plans to attend the University of California-Hastings College of Law.

## Update

Executive Vice President Raymond L. Orians has announced the recent employment of Pi Kappa Alpha's 1987-88 field staff.

Thomas A. Dempsey (*Loyola Marymount University, Theta Eta '84*) will travel the midwest United States this year as a chapter consultant. Dempsey served the Fraternity previously as an undergraduate vice president on the Supreme Council, as well as chairman of the finance committee at the 1986 National Convention. As a member of Theta Eta chapter, he served as SMC and for three terms as rush chairman. He was named *Pike of the Year* by the chapter during his senior year. His involvement on campus included numerous leadership positions including IFC president, Greek Week chairman, orientation leader, CXLU production director and founder of the Loyola Entrepreneurs. Dempsey has served internships in marketing with First Interstate Bancorp and McDonnell Douglas.

H. Todd Hittle (*Oklahoma State University, Gamma Chi '84*) also joins the staff as a chapter consultant, and will travel the western United States. Hittle recently received his bachelor of science degree in accounting. He served Gamma Chi chapter as SMC, IMC, and publications editor. On campus, his most notable responsibilities included service as University Judicial Board chief justice, IFC president and International Student Connection advisor. Hittle also served on the Vice President's Student Advisory Council and is a member of Order of Omega.

New faces at Memorial Headquarters: (front row, from left) Bill McCartan, Todd Hittle, Tom Dempsey, (back row, from left) Kevin Virta, Steve Vincent, Mike Riley.

## 1987-88 Field Staff

William T. McCartan (*Creighton University, Theta Lambda '84*) will travel the northeastern United States. McCartan served his chapter as SMC, IMC, and rush chairman. He was Theta Lambda's 1987 *Pike of the Year*. Active on campus, he was a College of Arts and Sciences senator, Student Board of Governors representative, and was assistant to the president of the student body. McCartan is a member of the Pi Sigma Alpha honorary, and represented Creighton at the United States Military Academy Student Conference on U.S. Affairs. He has been named to *Who's Who Among*

*Students in American Colleges and Universities*.

Michael W. Riley (*Kansas State University, Alpha Omega '84*) joins the national staff as a chapter consultant after receiving a degree in political science from KSU. He will travel the southeastern United States. While a member of Alpha Omega, Riley served as SMC, alumni relations chairman, judicial chairman and public relations chairman. Riley has held internships with Senator Robert Dole and with the National Republican Senatorial Committee. At Kansas State, he served as vice chairman of the Student Senate and

as a student senator. Riley was also involved as a weekly columnist for his campus newspaper and is a member of the Order of Omega. At the 1986 National Convention, Riley chaired the Constitution Committee.

Stephen S. Vincent (*University of Missouri-Columbia, Alpha Nu '83*) will be traveling the southern United States this year as a chapter consultant. While at Alpha Nu, Vincent served as IMC, summer rush chairman and Greek Week chairman. In 1983, he won the Alpha Nu *Athlete of the Year* award. On campus, Vincent held the positions of IFC rush chairman and intramural chairman. He also served as one of the two student representatives on the University's Intercollegiate Athletic Committee and on the Chancellor's Task Force on Intercollegiate Athletics. Vincent is a member of Order of Omega and Pi Omicron Sigma honoraries.

Kevin E. Virta (*Western Michigan University, Epsilon Psi '83*) has been promoted to associate director of expansion and services, and will work specifically in the areas of Fraternity expansion and special services for the chapters. Virta received a bachelor of science degree in accounting. As an undergraduate, he served as chapter SMC, rush chairman, pledge educator and public relations chairman; following his term as chapter president, he was recognized by his peers as an outstanding member. Virta was active on campus as an IFC representative and a Gavel Group member. He is a member of the Order of Omega.

## Pi Kappa Alpha Standouts Lead All-Fraternity All-American Team

Three of Pi Kappa Alpha's top collegiate baseball stars were named to the National Interfraternity Conference All-Fraternity All-American first team this summer.

Florida State pitcher Richie Lewis had another superb season, pitching the Seminoles into the College World Series. He posted a .15 and 4 record, hurled 196 strikeouts and posted a 3.06 earned run average.

Richie was drafted by the

Lewis

Montreal Expos in the second round of the free agent draft.

Named to the designated hitter spot on the NIC first team was sensational sophomore Clint Fairey of Western Carolina, the Southern Conference Player of the Year. Fairey led the league in batting average (.405), home runs (19), and slugging percentage (.795) as the Catamounts had a 36 and 20 record.

Fairey

The third Pike

brother on the NIC All-American first team was outfielder Jose Soto, who won the Triple Crown at Central Florida. Soto hit .400 with fourteen homers and seventy-two RBIs. Soto also stole twenty-seven bases in thirty-three attempts and had a nineteen game hitting streak. He has signed as a free agent with the Baltimore Orioles.

Named to the All-Fraternity All-American second team

Soto

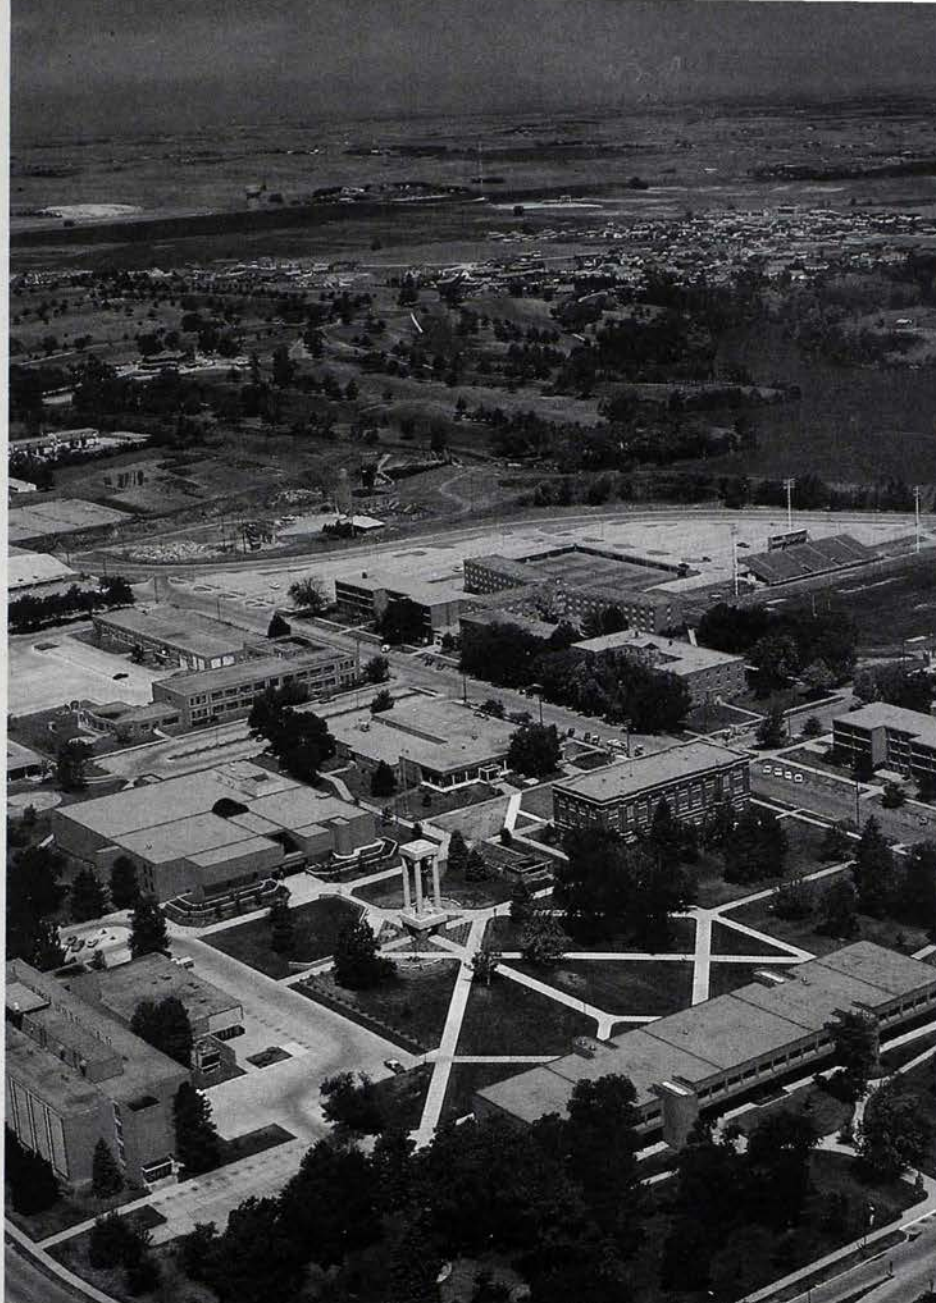

was Richie Lewis' batterymate, Barry Blackwell, who knocked eleven homeruns, drove in fifty-six runs and batted .335 for the Seminoles. He has been drafted by the Los Angeles Dodgers.

The National Interfraternity Conference, an Indianapolis based federation of fifty-nine men's general college fraternities, used the services of J.L. Research in making the selections.

Blackwell

# KEARNEY STATE

## *Iota Gamma: Pi Kappa Alpha's newest chapter.*

Fifty men of the Kearney State College colony were officially installed as Iota Gamma chapter of Pi Kappa Alpha on May 8-9, 1987. The black tie chartering banquet was held in the Nebraskan Student Union on the Kearney State College campus. National President Gary E. Menchhofer, Great Plains Regional President Lynn Mulherin, Associate Director of Expansion and Services Ernie Cox, Chapter Consultant Kevin G. Knaus and former national president

of Pi Kappa Alpha

Dr. William R. Nester presided over the ceremonies.

Alumni who supported the colony in meeting its requirements were Dr. Nester (*Alpha Xi '47*) and Kent A. Schroeder (*Alpha Phi '62*). The colony was closely guided by Franklin Betzer, who served as colony advisor, and who was also initiated as a member of the Fraternity along with the colony members. Installation teams assisting in the Initiation of new members were Wichita State (*Theta Phi*) and Iowa State (*Alpha Phi*).

## Colony History

Kearney State College was colonized on March 3, 1986, after presentations were given to an ad hoc committee composed of faculty and staff, and the IFC. The ad hoc committee and the IFC voted unanimously to allow Pi Kappa Alpha to colonize.

Nineteen men were selected by Michael Moreland, director of services. These men were selected by obtaining recommendations from faculty members and campus sororities. Prospective members were then interviewed. The colony's executive board was selected from the original group of men; members serving on this board included President Jimmy Huebert, Vice President Mark Krupicka, Secretary Greg Pippert, Treasurer Dan Anderson, Pledge Educator John Poppert, and Rush Chairman Steve Nester.

On October 4, 1986 the colony held its first retreat. With the help and guidance of Regional President Mulherin and representatives from Creighton University (*Theta Lambda*), the colony set its goals and objectives.

During the year, the colony was active on the Kearney State campus, sponsoring events such as the 'Towering Inferno' dance which brought Greeks and non-Greeks together, and helping AQTII sorority with their 'Rock-A-Thon' for the Arthritis Foundation. The colony also hosted a faculty reception to aid improvement of student/faculty relations. They raised money to help a local resident obtain treatment for a rare form of cancer, supported the United Way and the Muscular Dystrophy Association, and worked with the Kearney Jaycees and the 'Big Friends' program. While working for these worthy causes, the colony proudly accumulated 1,350 man-hours of philanthropic and community service.

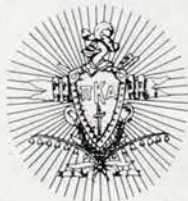

National President Gary E. Menchhofer congratulates Jim Huebert (left) and Mark Krupicka (right).

In one of the year's highlights, Pi Kappa Alpha competed in and won the Homecoming Sweepstakes, with the aid of  $\Gamma\Phi\beta$  sorority. During the week of competition, the  $\Pi\kappa\alpha$ - $\Gamma\Phi\beta$  team won four of the six categories in the Sweepstakes. Mark Krupicka, colony vice president, was crowned Homecoming King in an exciting climax to the week's activities.

The colony achieved many goals during this time, one of which included earning a higher grade point average than any pledge class, fraternity, sorority, or other campus organization.

The colony inspection was held on March 6, 1987, directed by Knaus and members of Theta Lambda chapter (*Creighton*). After reviewing the colony's accomplishments and internal structure, the inspection team voted unanimously that the colony was ready to petition Pi Kappa Alpha for installation.

As soon as their petition was approved, members set about preparing for their initiation, and for the coming year as Iota Gamma chapter. This included the election of the new chapter's executive board: members elected were SMC Mark Krupicka, External IMC Ron Gustafson, Internal IMC Steve Nester, SC Doug Bonnesen, ThC Craig Manfull, and MC Roger Sheffield.

## History of Kearney State College

Located in Kearney, Nebraska, a city of 20,000 situated in the historic, scenic Platte River valley, Kearney State College is the largest of four Nebraska state colleges. Pi Kappa Alpha's past national president, Dr. William R. Nester (*Alpha Xi '47*), serves as president of the College.

Founded as the second school for the state

of Nebraska, classes began on June 19, 1905 with nearly 400 students. In 1921, the college's name was changed to Nebraska State Teacher's College at Kearney. In 1963, it became Kearney State College.

Today the college serves the state with broadened academic programs, and is a multipurpose institution offering baccalaureate, masters and specialist degrees in more than fifty different areas.

Kearney State is a phenomenon of higher education in the 1980s. While the pool of high school graduates is shrinking in Nebraska and throughout the nation, the enrollment at Kearney has continued a steady growth throughout the last twenty-five years. Kearney State had 1,600 students in 1960, and today it has an enrollment of over 9,000, representing each of the ninety-three counties in the state. The college also serves Nebraska with a variety of continuing education courses, workshops and programs in many communities throughout the state.

The campus also has a strong Greek system, possessing twelve chapters of nationally affiliated fraternities and sororities. Fraternities include local chapters of Alpha Tau Omega, Beta Sigma Psi, Phi Delta Theta, Phi Kappa Tau, Sigma Phi Epsilon, Sigma Tau Gamma, and Theta Xi. Sororities include local chapters of Alpha Omicron Pi, Alpha Phi, Chi Omega, and Gamma Phi Beta. These organizations include ten percent of the student body, and are an active part of the campus. Pi Kappa Alpha is proud to join such distinguished ranks on the Kearney State College campus.

The 1987-88 Executive Board: (back row from left) Bob Reutz, Regional President Lynn Mulherin, Dr. William R. Nester, Roger Sheffield, National President Gary Menchhofer, Willie Schaffer, (front row from left) Ron Gustafson, Mark Krupicka, Steve Nester, Craig Manfull and Doug Bonnesen.

# The Right Wind

by Rev. Simon A. Simon

*Due to overwhelming popular response, the Reverend Simon A. Simon, Pi Kappa Alpha's national chaplain, returns to the Shield & Diamond this month with further reflections on who we are, and who we have the potential to become.*

**I**magine a body of water, a large body. Large enough that shorelines are not visible, and harbors are far apart. Let this large body of water symbolize the medium through which each of us seeks to fulfill our life's commitments.

Imagine further that each of us is on a ship of some kind that is designed to carry us somewhere. Allow your imagination at this point to include all the realities about large bodies of water: sometimes no winds, sometimes gale force winds; sometimes calm surfaces, sometimes violently surging surfaces; sometimes crowded spaces, sometimes lonely and desolate spaces. Are you with me so far?

Imagine that various harbors exist; you know where these harbors are, what they mean to you, and how they will fit into your pursuits. For our purposes here, the harbors are (each located separately and requiring a separate journey): **Faith** (your religious beliefs and practices); **Family** (your parents and siblings and spouse and children at appropriate times); **Education; Career; Social Life; Public Life** (role as a citizen and community member); **Private Life** (values, use of money, uncommitted time, health, etc.) and any other specific goals in your life that at this time are important to you.

Most of us will live our lives in pursuit of these or similar harbors. The names may vary — you may categorize them another way, but the representations will be similar. You may call them “goals”, but on the high seas they are harbors. Further, the purpose of your vessel is not merely to keep you afloat. Rather, its task is to help you move to your desired harbor.

If you've stayed with me, you are now ready for a very important observation, which, by the way, is my favorite current famous saying:

---

**If you don't know what harbor you're headed for, no wind is the right wind.**

**If you know what harbor you're headed for, any wind is the right wind.**

---

The potential value in this observation is tremendous. It is more than merely urging you to have goals and direction in life. It goes beyond just knowing where you're going. The message I take from this quote for each of us individually, and for our Fraternity and all its chapters, is that if we have goals and know where we want to go, and where we want to end up; if we set for ourselves various important directions toward which we point our lives; and if we couple the pursuit of these goals, directions, or “harbors” with an unwavering commitment to follow through, then we will sustain our pursuit by using the wind conditions of life in whatever form they present themselves.

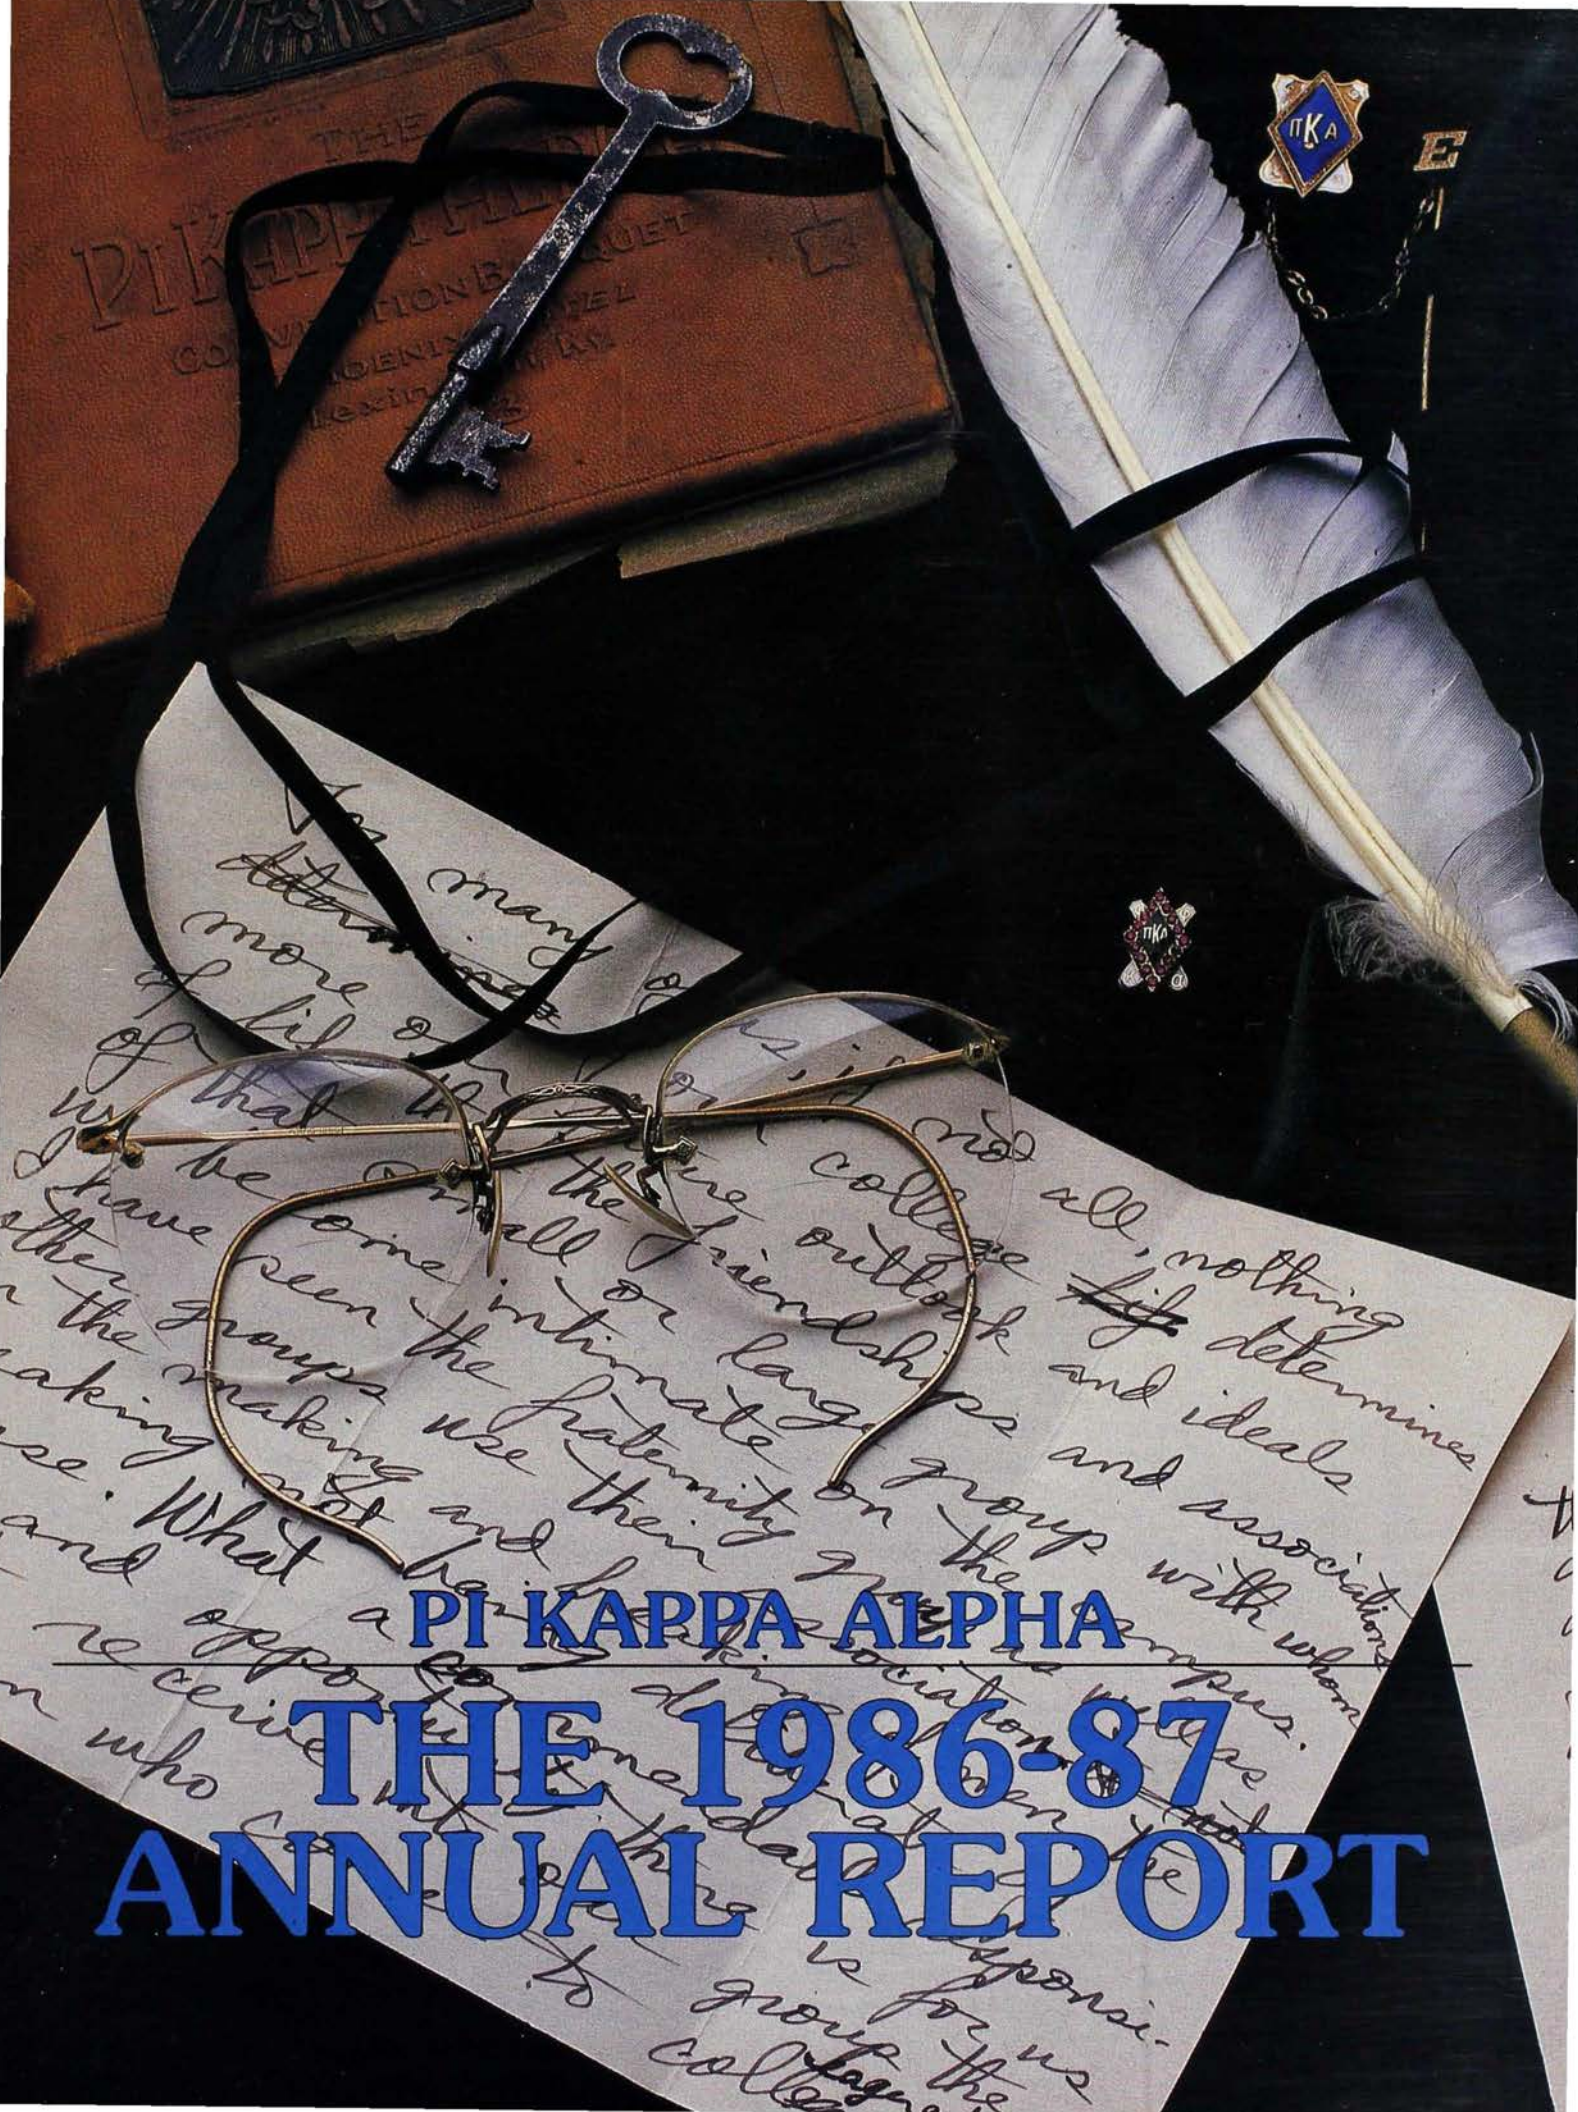

Far too often something happens to challenge the pursuit of our goals. Said in the language of our symbolism, the seas can get mighty rough. As a result, we must decide whether or not to keep on going. Understand this: life is like this for everyone! We all encounter rough seas. Some people make it and some do not. Some keep going, or with minor adjustments resume their journey no matter what wind is

blowing. Maybe they even change their harbor destinations. But there are those who find the journey too difficult when circumstances and life seem to turn against them. The same or similar life circumstances confront every one of us. We are all called on to shape our lives with generally the same raw materials and in the same general circumstances. Some do very well and others do not. Why not? Because, of course, if you don't know what harbor you're headed for *no* wind is the right wind.

There is a way to turn life to our advantage. There is a way to use the circumstances of life, good or bad, for or against us, to aid us in our journey. But this is possible only if we know where we're going — toward which harbor we're heading. In a sense, it means taking the offensive in life rather than floating like a victim, waiting for some wind to come along and take us wherever it wants.

For each of us as an individual, and for all of us as a Fraternity, we must work hard to shape the directions which move us toward the goals that are important to us. Our goals, or harbors, should be determined by our interests, abilities, religious faith, and a sense of how we can contribute to making life better. Then we must utilize everything that happens to us — success or failure, for us or against us, to move us toward our goals. This is no less vital for our Fraternity than it is for us individually. We continually face serious circumstances that challenge us to the point of wondering if we can go on. Yet we *can* go on! Always! But only if we know where we are going, and what we want to accomplish. Then it doesn't matter what we are called upon to face or how rough the journey becomes. When we know what harbor we're headed for, *any* wind can be the right wind.

PI KAPPA ALPHA  
THE 1986-87  
ANNUAL REPORT

# ΠΚΑ

Pi Kappa Alpha has begun bold new initiatives while facing an issue which challenges its very existence. Our success in these critical areas will have ramifications well into the twenty-first century. For the members of Pi Kappa Alpha, and for the Fraternity as a whole, the Supreme Council, national officers and Memorial Headquarters staff have labored during this past year. Our achievements are described in the pages that follow.

Risk management has continued to dominate the attention, time and resources of all Greek-letter organizations. Pi Kappa Alpha has been no exception. Frankly, and unfortunately, there are still chapters within our Fraternity with improperly managed risks. However, during the 1986-87 academic year, the number of reported incidents decreased dramatically. Membership education in this area has been a top priority; much has been done, and yet much more needs to be done. Risk management will continue to receive priority attention.

The challenge that legal liability poses for Pi Kappa Alpha is immediate. It demands our immediate response. This does not mean, however, that the Fraternity has ignored its future out of concern for the present. Laying the groundwork for continued prosperity has also been an important aspect of this past year's endeavors. Pi Kappa Alpha has launched a capital campaign, sought to enhance its volunteer alumni participation and worked diligently to improve the roll call of active chapters.

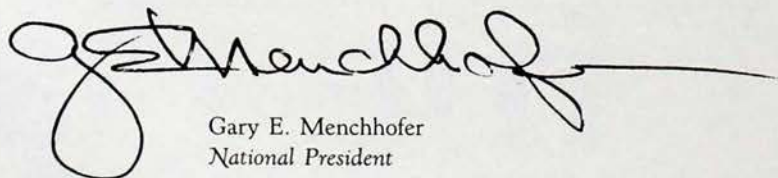

The Campaign for Pi Kappa Alpha will give the Fraternity the resources necessary to making our future as successful as our past. Educational programs, such as the Chapter Presidents' Conference, the Officers' Leadership Academy and the Regional Leadership Academy, have increasingly been supervised and funded by the Pi Kappa Alpha Memorial Foundation on behalf of the Fraternity. The importance of these programs to our present and future success cannot be emphasized enough. The Campaign for Pi Kappa Alpha will ensure a solid basis of funding for years to come. More information about this campaign is included in the Memorial Foundation Annual Report.

Volunteer alumni participation, especially at the chapter and regional levels, is a common thread which weaves its way through all truly great fraternities. The experience and guidance that these men provide allow undergraduate leaders to learn and grow by example, and help establish winning, positive chapters on campus after campus. Cultivating a concerned, involved corps of alumni has been another top priority during this past year. It, too, will remain a top priority in the years to come.

Finally, constant vigilance in the area of chapter development has also characterized this past year. A few traditionally strong chapters, perhaps fallen upon hard times, have relied upon the strength of the National Fraternity to carry them through their difficulties. Habitually weak chapters have also received Supreme Council attention, and when all else fails to spark improvement, these chapters have been disciplined or closed. And, to guarantee growth and continued prosperity, Pi Kappa Alpha has dedicated time and energy to chapter expansion.

Read, study, indeed scrutinize, the pages that follow. They describe what Pi Kappa Alpha has done during this past year and what, with hard work, our beloved Fraternity will become.

Fraternally,

A large, stylized handwritten signature in black ink, which appears to read "G. Menchhofer". The signature is fluid and extends across the width of the text block.

Gary E. Menchhofer  
National President

The 1986-87 year reflected great strides in the Fraternity's growth — both outwardly, as we expanded with astonishing rapidity, and inwardly, as we prepare for our future.

# ANNUAL REPORT

## PI KAPPA ALPHA FRATERNITY

### 1986-1987

## Expansion

In expansion, the Fraternity enjoyed one of its most successful years in recent history. Five new colonies were established, including two re-establishments. They represent groups at Rose-Hulman Institute of Technology, Ohio University (*Gamma Omicron*), Nevada-Reno, California State-Long Beach and Colorado (*Beta Upsilon*).

Colonies are still under development at Randolph Macon College and Florida Southern (*Delta Delta*).

Iota Beta chapter at California State-Fresno and Iota Gamma chapter at Kearney State College were chartered this year while the aforementioned colonies anticipate charterings in the next twelve to eighteen months.

Michigan State University and California Polytechnic State University-San Luis Obispo are scheduled for fall colonization.

These projects and their respective degrees of success simply touch the surface of the Fraternity's work in expansion during 1986-87. Under the direction of Director of Expansion Todd W. Mudd and Associate Director of Expansion Ernest A. Cox, Pi Kappa Alpha added a variety of marketing and public relations materials to explain and sell the expansion program to targeted colleges and universities.

Much work was dedicated to documenting the "how to's" of developing and maintaining a colony as it works towards chartering. Targeted in this documentation are colony undergraduates and, most importantly, alumni brothers.

The additional documentation and front-end training now provided to our colonies' members and alumni advisors are already proving successful as start-up time has been shortened and the ingredients for long-term success are evident from the beginning.

## Communications

New and continuing publications, new typesetting equipment and a new videotape program made the past year extremely exciting for the Fraternity's communications program. In September 1986, Pi Kappa Alpha added the *Alumni Adviser*, a quarterly publication for volunteer alumni. Intended for national officers, chapter advisors and alumni association and house corporation contacts, the *Alumni Adviser* carries both inside news and advice.

During the past year both the *Garnet and Gold* reference manual and *The Oak: A History of Pi Kappa Alpha* were revised and reprinted. The *Constitution & Laws* was revised in line with legislation passed at the 1986 Boston Convention. The Headquarters staff also completed revisions and additions to the series of officer manuals and modologues, including new or substantially revised manuals for the chapter advisor, president and rush chairman.

of Pi Kappa Alpha

## EXPANSION SUMMARY

### *Existing Colonies:*

**Randolph Macon College**

**Florida Southern (*Delta Delta*)**

**Rose-Hulman Institute of Technology**  
*Inspection scheduled for December 5, 1987.*

**Ohio University (*Gamma Omicron*)**  
*Chartering scheduled for October 17, 1987.*

**University of Nevada-Reno**

**California State-Long Beach**

**Colorado (*Beta Upsilon*)**

### *Colonizations in the near future:*

**Michigan State University**  
*Colonization scheduled  
for September 20 - October 11, 1987.*

**California Polytechnic State  
University - San Luis Obispo**  
*Colonization scheduled for  
October 18 - November 8, 1987.*

These new initiatives did not, however, distract from a sustained commitment to long-standing publications such as the *Shield & Diamond* and *Forum*.

All of the Fraternity's publications benefited tremendously from typesetting equipment purchased during the past year. The new Compugraphic MCS system has the capacity for full-page composition, which cuts down on production time while improving the final appearance of the printed piece. The Compugraphic system also stores typeset material within computer memory, allowing for more efficient filing and retrieval.

Finally, and perhaps most importantly, Pi Kappa Alpha entered an entirely new realm of communications programming with the videotape series. In January, the *Garnet and Gold* videotape was premiered before an enthusiastic and receptive audience of undergraduates and alumni. This premiere culminated more than one year's work by Director of Communications David L. Anderson on the videotape program. Based upon this initial success, the *Winning Rush* videotape received Supreme Council approval, premiering at the recently held Officers' Leadership Academy. Both videotapes are available to members from the Memorial Headquarters at a price of \$35 each.

## Housing

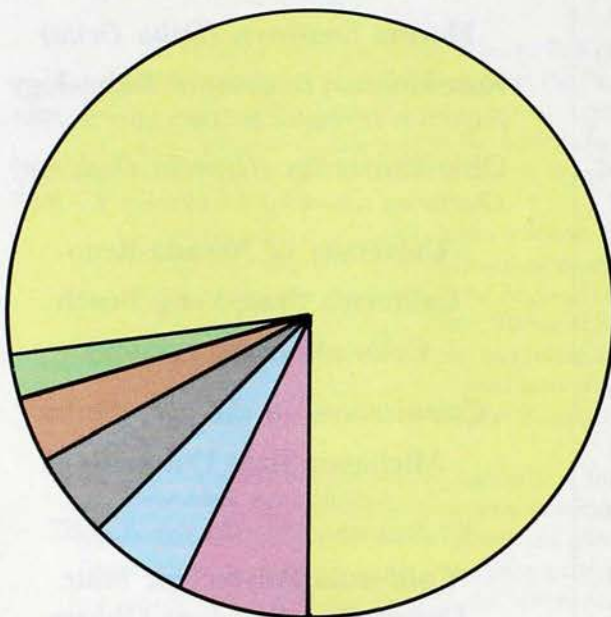

The National Fraternity's role in chapter housing is primarily that of a lender. Through the Chapter House Fund administered by the Pi Kappa Alpha Housing Commission, loans are granted to qualifying chapters and house corporations for the purchase, construction or remodeling of housing, or the acquisition of furnishings and equipment. Loan limits are \$100,000 for real estate and \$15,000 for furniture.

In 1986-87, the Chapter House Fund granted loans to two chapters for the acquisition or maintenance of competitive housing on their campuses. Three loans were granted to chapters purchasing new furnishings and equipment for the chapter house. These loans totalled \$178,500 in new funds with \$157,316 having since been disbursed. The chapters which benefited from

these loans were Beta Omicron (*University of Oklahoma*), Beta Pi (*University of Pennsylvania*), Epsilon Iota (*Southeast Missouri State University*), Iota Alpha (*University of Wyoming*), and Theta (*Rhodes College*).

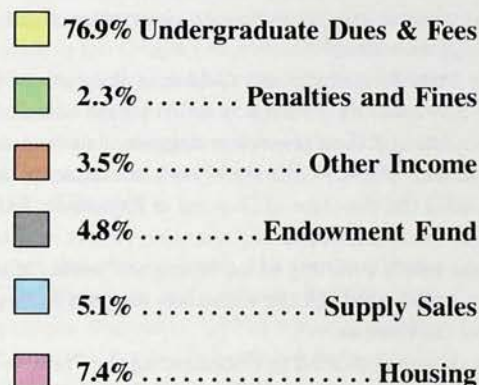

Two loans were modified and one subordinated to a local loan for a total of \$182,586 to allow the respective house corporations the ability to better handle their debt structures and make improvements to the chapter houses.

This coming year should result in increased housing activity. The Housing Commission has already committed three loans totaling \$227,000 which will be disbursed during the 1987-88 academic year. Additionally, one application is pending and several requests for loan information have been received.

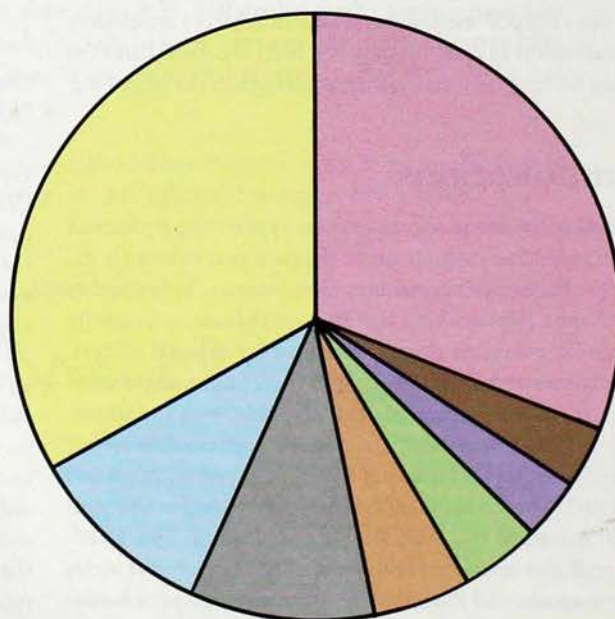

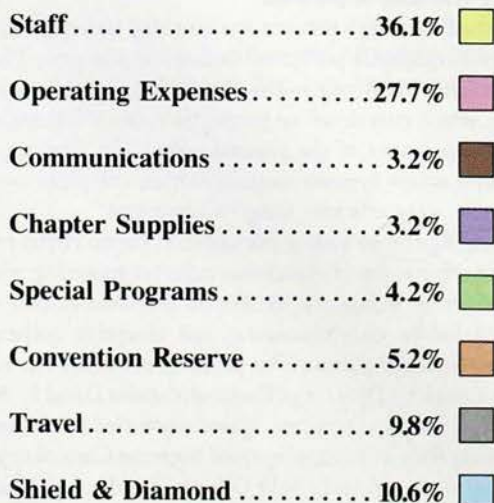

### General Fund Statistical Analysis

#### GENERAL FUND INCOME

#### GENERAL FUND EXPENSES

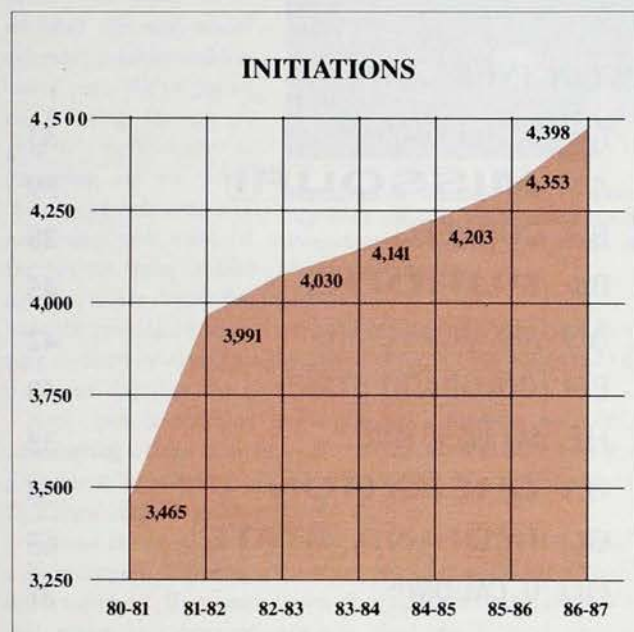

## Services / Special Services

In 1986-87, the chapter consultants remained the Fraternity's most visible, and important, service provided to Pi Kappa Alpha's one hundred and eighty-one chapters and colonies. One hundred and ninety-six visitations were made during the academic year, including fifteen revisits to chapters requiring special assistance. Additionally, Director of Services Michael Moreland and Executive Director Allen W. Groves assisted several chapters in recruiting a chapter advisor or chapter advisory board, and these efforts will continue in 1987-88 on a larger scale under new Director of Services Daniel Corah.

The alumni receivership program, inaugurated at Alpha Mu chapter (*Georgia*) in 1984, continued to prove a valuable method of involving local alumni in the restoration of chapters experiencing difficulties. Gamma Delta chapter (*Arizona*) enjoyed a second consecutive year of extraordinary success and growth under the program, and was taken out of receivership in June 1987. Alpha Zeta chapter (*Arkansas*), Beta Omicron chapter

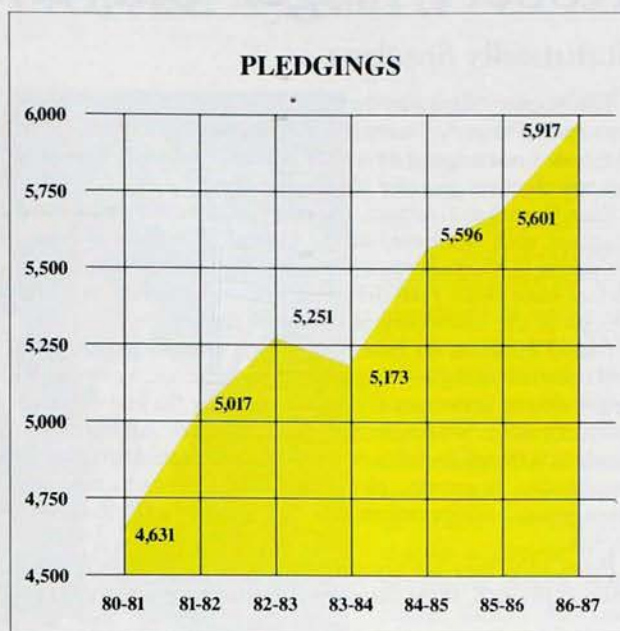

(*Oklahoma*), Beta Delta chapter (*New Mexico*), Delta Beta chapter (*Bowling Green*) and Alpha Gamma chapter (*Louisiana State*) remain under the program and are experiencing steady growth.

The Supreme Council and Memorial Headquarters staff continued efforts to identify chapter problems and weaknesses before they could become so great as to endanger a group's perpetuation. One method has been the use of Supreme Council Policy #18 - Minimum Chapter Size. Under this policy, chapters which fall below twenty-five initiated student members are monitored for a one-year period, during which time they are expected to increase chapter size to at least thirty initiates. Through this program, chapters have been made to understand the importance of maintaining a healthy chapter size in order to provide the financial resources, manpower and quality of fraternal experience.

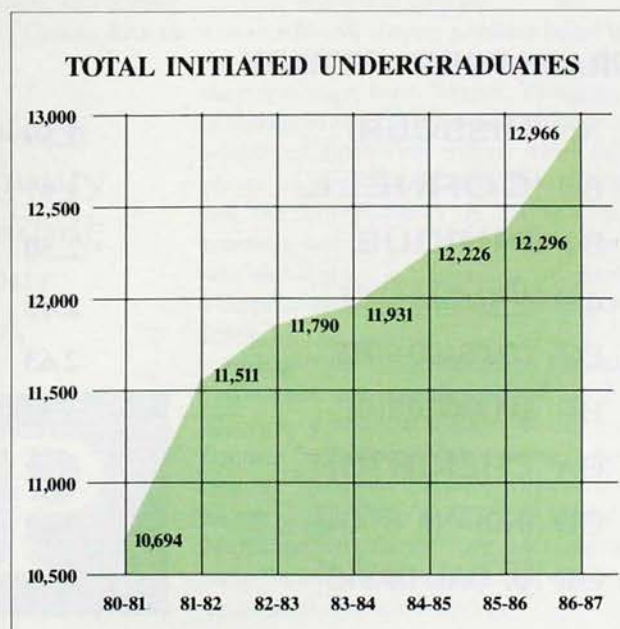

A new chapter advisor workshop, featuring six different individual program seminars, was introduced at the 1987 Officers' Leadership Academy, again underscoring the Fraternity's com-

of Pi Kappa Alpha

mitment to building a corps of active and knowledgeable alumni advisors for our undergraduate chapters.

Given Pi Kappa Alpha's strong commitment to creating a quality fraternity experience for each undergraduate member in each chapter, there are times when an individual chapter must be closed for failure to provide such an experience to its members. Such was the case, to differing degrees, in the charter suspensions of Zeta Psi (*Nicholls State*) and Delta Kappa (*San Diego State*) chapters this past spring. The Supreme Council cited Zeta Chi's failure to recruit an adequate number of men to maintain a strong and viable chapter as the reason for that chapter's charter suspension, while the primary reasons given for Delta Kappa's closing were internal and external difficulties which, despite the presence of an alumni receivership board, saw the chapter ultimately unable to meet successfully the Fraternity's standards and objectives.

# Robert Adger Smythe Proficiency Awards

## Statistically Speaking...

The Robert Adger Smythe Proficiency Award is the highest honor a Pi Kappa Alpha chapter can receive. From a field of 176 chapters, a maximum of fifteen are selected each year. This year, ten top chapters received this recognition.

From Cornell to California, the range is transcontinental. Some chapters, such as Gamma at the College of William & Mary, are among Pi Kappa Alpha's oldest and most established. Others include some of the Fraternity's newest brethren, such as Theta Omega at the University of California-Davis.

Award decisions are based upon both internal programming and outward strength. Programming competence, as evaluated by the chapter consultant and substantiated by the year-end summary, is evident in each Smythe Award chapter. All were rated excellent in overall proficiency. Top marks were earned in finances, membership reporting, pledge education, alumni relations, management and operations, scholarship, ritual and community service.

Paper lions they are not. In addition to such overwhelming internal strength, these chapters also possess top campus stand-

ing. They are recognized competitors among fraternities at their schools. Top reputation — built through consistently solid performances in rush, intramurals, student leadership and involvement in chapter activities — also typify the Smythe Award chapters.

Statistics cannot tell the whole story. A description, or a decision, based exclusively on numbers would omit essential items upon which the Fraternity was founded. Numbers cannot directly indicate the attitude of the chapter. They tell nothing about the friendships which are shared, or the personal growth which is fostered. And this year's Robert Adger Smythe Proficiency Awards were not selected solely on a statistical basis.

Statistics do, however, provide a solid outline. They give information about size and achievement. They provide evidence of a cooperative attitude in which "we and us" is more important than "I and me". They allow comparison, and give all Pi Kappa Alpha chapters a standard of performance. They present an outline of excellence.

# The Harvey T. Newell Award

In the fall of 1986, the Gamma Rho chapter rush chairman issued the following challenge to the members of his chapter: "Welcome back to good ol' N.U.! I am very excited to be back and I guess you are, too. Who wouldn't be? Our fraternity has grown by leaps and bounds in the past couple of years. Just three years ago, half of this campus had never even heard of us. That certainly is not the case today. We've doubled our size, social calendar, prestige and fun every year. We've got so much going for us. A golden opportunity is pounding on our door. Two and a half weeks of hard work will make us the hottest thing on this campus, hands down. We

have the people, the reputation, the tangible and intangible structure — literally everything we need to do it. We just need to put them together the right way."

And "put it together the right way" Gamma Rho did, culminating a third straight year of tremendous growth and improvement by winning the 1987 Harvey T. Newell Award as Pi Kappa Alpha's most improved chapter.

Gamma Rho's success reads like a blueprint of how to build a great chapter. Beginning a few short years ago with only a handful of members, those men threw themselves into the chapter's rush effort with extraordinary zeal. And year by year, always concentrating on rush, the chapter began to build in size and quality. At the mid-point of last year, Gamma Rho stood at a chapter size of sixty-five men, competitive on a campus where a few short years before they were a non-entity.

Internally, the chapter is perhaps as strong as any in the nation. The chapter's management system includes three officer retreats annually, and a committee system with thirteen committees, each having a notebook and section of the chapter's management files in the house office. This past year, the chapter rewrote the by-laws, and implemented changes in the format of the weekly chapter meetings which resulted in near perfect attendance throughout the year.

On campus, Pi Kappa Alphas were leaders in almost every student organization. They were represented in sixty different ones. The chapter finished first in all-campus intramural

Members of Gamma Rho chapter accept the 1987 Harvey T. Newell Award from National President Gary E. Menchhofer and Executive Vice President Raymond L. Orians at the Officers' Leadership Academy Awards Banquet.

*"A golden opportunity is pounding on our door."*

volleyball and softball, had a membership including six varsity athletes, and held a campus calendar competition.

The men of Gamma Rho also understand the importance of service to the local community. This past year they continued their recent record of going above and beyond the call of duty. The chapter sponsored or participated in fifteen events, including a campus competition in which they raised \$3,000 for one charity, and supplied volunteers to Special Olympics Day, the Kids-Off-The-Street program, and the Salvation Army Clothing Drive.

While maintaining hectic social, campus involvement, athletic and fraternal

schedules, the members of the chapter remained cognizant of the main reason why they were in college. Gamma Rho maintained a near 3.0 chapter grade point average for the third successive year on a campus considered to be one of the nation's most academically demanding.

No discussion of Gamma Rho's success, however, would be complete without mentioning the contributions of Faculty Advisor Dr. Robert Schluter. Dr. Schluter has become a friend to the many members of the chapter over the last three years, providing insight, serving as a liaison with the University administration, and offering individual and group tutoring.

Gamma Rho also has an effective chapter advisory board of six men, under the supervision of its new chapter advisor, Larry Wegner. This group of dedicated alumni is working to build a solid foundation for the chapter which will ensure its long term success. Toward that end, the undergraduates are making a contribution, setting aside twenty dollars per man each quarter in a fund that will allow a future complete renovation of the chapter house.

As host of the 1986-87 Midwest Regional Leadership Conference, Gamma Rho had the opportunity to show the rest of the fine chapters in that region how strong it had become. The Newell Award winners, the men of Gamma Rho — Pi Kappa Alpha's Most Improved Chapter — are now recognized by the entire Fraternity for their outstanding efforts and achievements.

# Hard Hats and Shovels

## Signal Construction To Begin

*"The groundbreaking we do today is not solely for providing much needed administrative and museum space, but more importantly, for Pi Kappa Alpha to symbolically establish an image and foundation which others in the Greek community can emulate."*

— Gary E. Menchhofer  
National President  
Pi Kappa Alpha Fraternity

Menchhofer, Denton and Orians break ground for the new Memorial Headquarters.

Over two hundred alumni and undergraduates were on hand for Groundbreaking ceremonies for the new Pi Kappa Alpha Memorial Headquarters on May 29, 1987.

In attendance also were members of the Memorial Foundation's executive committee, members of the Supreme Council and the Fraternity's professional staff.

Memorial Foundation President-elect Joseph J. Turner Jr. emceed the event which featured keynote addresses from National President Gary Menchhofer, Memorial Foundation President George Denton and Executive Vice President Raymond L. Orians. An invocation was delivered by the Reverend Marshall Scott (Zeta '74).

The new headquarters, with 23,000 square feet, will be twice the size of the existing headquarters. The building features an imposing rotunda, thirty-six feet in diameter, which will be reminiscent of the rotunda at the University of Virginia, where Pi Kappa Alpha was founded in 1868. In addition to office space for twenty-five national staff members, the new headquarters will include meeting rooms, a library and a museum that will house memorabilia dating from the Fraternity's founding.

It should be noted that the street on which the new building will be located is to be named West Range Cove. The name carries historical significance, since the Fraternity was founded at Number 47 West Range at the University of Virginia more than 100 years ago.

Pi Kappa Alpha has been headquartered in Memphis since 1948. Since 1954, the Fraternity's executive offices have been located near Rhodes College. Rhodes purchased the present Memorial Headquarters building from Pi Kappa Alpha earlier this year and has not announced how it will utilize the facility. "We have had an excellent relationship with Rhodes," Executive Vice President Orians said. "During the time Pi Kappa Alpha has been headquartered near Rhodes, the Fraternity has experienced the most dramatic growth in its history."

Since the present headquarters was constructed in 1954, Pi Kappa Alpha has grown from 109 chapters with 4,000 undergraduates and 50,000 alumni to 180 chapters with 13,000 undergraduates and 140,000 alumni members.

Scheduled completion of the new building will be in late spring of 1988.

*"The significant growth in our Fraternity, both in membership and numbers of chapters, along with our increasing position of leadership in the fraternity world have dictated the need for a new national headquarters."*

— George W. Denton  
President, Pi Kappa Alpha  
Memorial Foundation

Memphis area alumni join in the groundbreaking celebrations.

# ALUMNI

## + THE MEMORIAL FOUNDATION

## = EDUCATIONAL OPPORTUNITIES

*40 Years of Academic Achievement and Leadership Development*

When a fraternity man is questioned on the value of Greek letter organizations, and more specifically, on what was the most important opportunity the Fraternity afforded him during his undergraduate affiliation, chances are he will immediately respond with the following: the opportunity to make new friends. In almost every instance, the mention of the Fraternity to an alumnus immediately brings to mind the warm and lasting friendships made during this all-important point in a young man's development.

This opportunity is most likely present in all college fraternities, for it is hard to place a group of men together for several years without some significant bonding occurring.

Unlike any other time in our history, today's Fraternity chapter provides tremendous opportunities not only in friendships, but in motivational leadership, personal development and a host of other areas not in the forefront of thought when one leisurely ponders the merits of the fraternal experience.

Surely, for an undergraduate to benefit and learn the additional skills provided by these opportunities, he must first accept the responsibility of being an active chapter member or aspire to lead as a chapter officer. What a young man gains through his fraternal involvement in addition to these friendships is what makes one fraternity different from another.

However, and equally important, is the fact that before our undergraduate brother can benefit from these opportunities, the opportunity must first exist. This brother must be provided the proper instruction so that both he and the chapter gain from his performance.

### Enter the Pi Kappa Alpha Memorial Foundation

The opportunity to provide undergraduates experiences second to none in the fraternity world continues to be the primary goal of the Pi Kappa Alpha Memorial Foundation. Through the generous contributions of our alumni as well as the foresight of its trustees, the Memorial Foundation continues to build on a legacy of commitment to our undergraduate brothers.

It is the Memorial Foundation's goal, through multi-faceted educational programming, to provide ΠΚΑ undergraduates the skills necessary to perform the duties of their respective offices while gaining experience that will continue to assist brothers as they enter their chosen vocations.

What programs is the Memorial Foundation funding, and what are their measurable effects?

The Foundation's programs have one common denominator: the pursuit of excellence, both as a member of the chapter and as an individual. A closer look at this programming substantiates this claim.

### Officers' Leadership Academy

One of the most successful and well received programs now funded by the Pi Kappa Alpha Memorial Foundation is the Officers' Leadership Academy. This four day school, held every other summer, provides one of the most encompassing agendas

found in any endeavor of its type.

Throughout their four day stay on a

college campus in Memphis, our undergraduates are provided classroom explanations of successful chapter practices. A number of personal development seminars are also featured, including graduate school planning, resume writing and interviewing skills. ΠΚΑ undergraduates come away from this experience with an enhanced knowledge of how to better perform the duties of their respective chapter office or chairmanship, as well as gaining valuable insight into other areas of chapter management. The reception to this program continues to climb at a staggering pace. Revitalized in 1983 after a ten year hiatus, 165 undergraduates and chapter advisors made the trek to Memphis for that year's Academy. In August of 1985, over 300 participants broke all previous attendance records for the event: this year over 400 ΠΚΑs participated in the Officers' Leadership Academy.

### SMC (Chapter President) Conference

Another Memorial Foundation sponsored program unique to Pi Kappa Alpha is the annual SMC Conference. This weekend workshop, held in January, is designed specifically for chapter presidents with seminars assisting the SMC in the management of all chapter programs. Just as the Officers' Leadership Academy, this conference has experienced a significant increase in participants each year. The first Conference in 1973 attracted thirteen SMCs. This past January, 146 of the 175 chapter presidents across the country made the 1987 gathering the largest to date. While there is no registration fee for the SMC Conference, participants do pay their round trip transportation expenses and accommodation costs while in Memphis.

### Regional Leadership Conference

To this point, the programs discussed have been targeted directly to the chapter officer. A third and equally meaningful program designed to bring Pi Kappa Alpha "closer to home" for its 13,000 undergraduates is the Regional Leadership Conference. The 1974 Vail Convention reorganized the United States into fifteen geographic regions. Each region is headed by a volunteer alumnus who serves as regional president. Each region holds an annual regional leadership conference organized by the regional president sometime between October and April. Chapter officers, rank and file members and pledges are all encouraged to attend weekend educational and leadership workshops. Members of the Supreme Council, the Memorial Headquarters staff, other national officers and local alumni serve as faculty during this action packed weekend. This past year, 2,660 ΠΚΑs attended the conferences. As of this year, the Memorial Foundation has assumed total funding of the subsidized expenses for these conferences with tax-deductible alumni contributions raised through the Annual Fund.

Louis B. Quinto

## Memorial Foundation Officers Elected

At the annual meeting of the Memorial Foundation on Sunday, July 26, outgoing President George W. Denton (*Alpha Nu '43*) passed the gavel to the Foundation's newly elected President Joseph J. Turner, Jr. (*Eta Alpha '70*).

Turner was elected president of the Foundation for a two year term which ends in 1989. He replaces Denton who served as president since 1984.

After accepting election to his new post, Turner said of Denton, "I know of no other individual who has served this board as George has over the last three years. With his leadership the Foundation has expanded its responsibilities, within the structure of the Fraternity, to attract greater alumni support which has enabled us to fund many more educational programs for our undergraduates."

"George's insight and planning during his presidency has brought much recognition to the Foundation," Turner said, "He has travelled more than any other president has, and thus has given the Foundation a new identity amongst our alumni and undergraduates."

Of course, Turner is no stranger to Pi Kappa Alpha. He brings with him to this position the experience as a past national president (1982-84) and various other national officer posts, including a two term national vice president (1976-80), alumni commission chairman (1980-82) and regional president (1974-1976).

Professionally, Turner is the chairman, chief executive officer and co-owner of Palmetto Capital in Clemson, South Carolina. He also serves as a member of the Commission of Higher Education for the state of South Carolina.

Other officers elected to the Foundation for a two year term are William N. LaForge (*Zeta Beta '70*) as president-elect, Thomas C. Tillar, Jr. (*Epsilon '70*) as secretary and R. Craig Hoenshell (*Delta Chi '62*) as treasurer.

Like Turner, LaForge is also no stranger to the Fraternity. He is the immediate past national president of Pi Kappa Alpha. Professionally, LaForge works in Washington, D.C. as chief of staff to United States Senator Thad Cochran of Mississippi.

Tillar has been a trustee of the Foundation since 1985. He resides in Blacksburg, Virginia and is employed by Virginia Tech as its director of annual giving.

Elected to the Foundation in 1984 as a trustee, Hoenshell works with American Express as executive vice president of financial services and president of the American Express Centurion Bank.

During its elections the Foundation also elected Thomas E. Husselman as a new trustee. Husselman is a 1949 initiate of Delta Gamma chapter at Miami of Ohio University. Professionally, he is president of Matco, Inc. in Zionsville, Indiana.

### Quinto Appointed Foundation's Executive Officer

Pi Kappa Alpha's Executive Vice President recently announced the appointment of Louis B. Quinto (*Beta Phi '79*) as executive officer of the Memorial Foundation.

In this capacity, Quinto will manage the operations of the Foundation and coordinate all of the Foundation's fund-raising efforts which include the Annual Fund and a soon-to-be-announced capital campaign. He will also continue to serve as editor of the *Shield & Diamond*.

Quinto is in his sixth year as a member of the Fraternity's professional staff. During that time he has served as a chapter consultant, director of alumni services, and most recently as director of development.

He is a graduate of Purdue University where he was initiated at Beta Phi chapter. Currently, he serves on Beta Phi's Home Association as a director, and as chapter advisor to PIKA's Delta Zeta chapter at Memphis State University. Quinto is also a member of the board for the College Fraternity Editor's Association, and a member of the Fraternity Executives Association's foundation managers meeting committee.

Memorial Foundation Past President George W. Denton (*Alpha Nu '43*), left, congratulates former Ambassador to Sweden Franklin S. Forsberg (*Alpha Tau '28*) on his induction into the Order of West Range and presents him with his medallion and engraved certificate. Franklin was inducted into the Order of West Range at the 1986 National Convention, but was unable to attend. This presentation took place on a trip by Denton to New York City in April.

Forsberg is a member of the first class of alumni initiated into the Order. Six alumni are selected for induction at each national convention. Other alumni inducted into the Order of West Range with Forsberg were Dr. Malcolm Todd (*Alpha Nu '25*), U.S. Senator Thad Cochran (*Gamma Iota '56*), Donald W. Reynolds (*Alpha Nu '25*), L.A. Brooks McCall (*Mu '32*), and Dr. Thomas K. McCraw (*Gamma Iota '58*).

# The 1987-88 Memorial Foundation Annual Fund Your Alumni Gifts Support:

☆ The Memorial Foundation Annual Fund topped \$300,000 from over 7,000 contributors.

☆ The new National Headquarters will help meet the growing needs of the Fraternity and will serve as a museum and tribute to IKA's tremendous heritage.

☆ This year 146 of 180 chapter and colony presidents spent three days at the annual SMC

Conference, enhancing their leadership and management skills.

☆ Graduate students are able to receive financial assistance, while providing needed guidance to chapters through the Leadership/Scholarship Consultant program.

☆ Over 450 undergraduates and alumni were able to attend the four day Officers' Leadership Academy in Memphis.

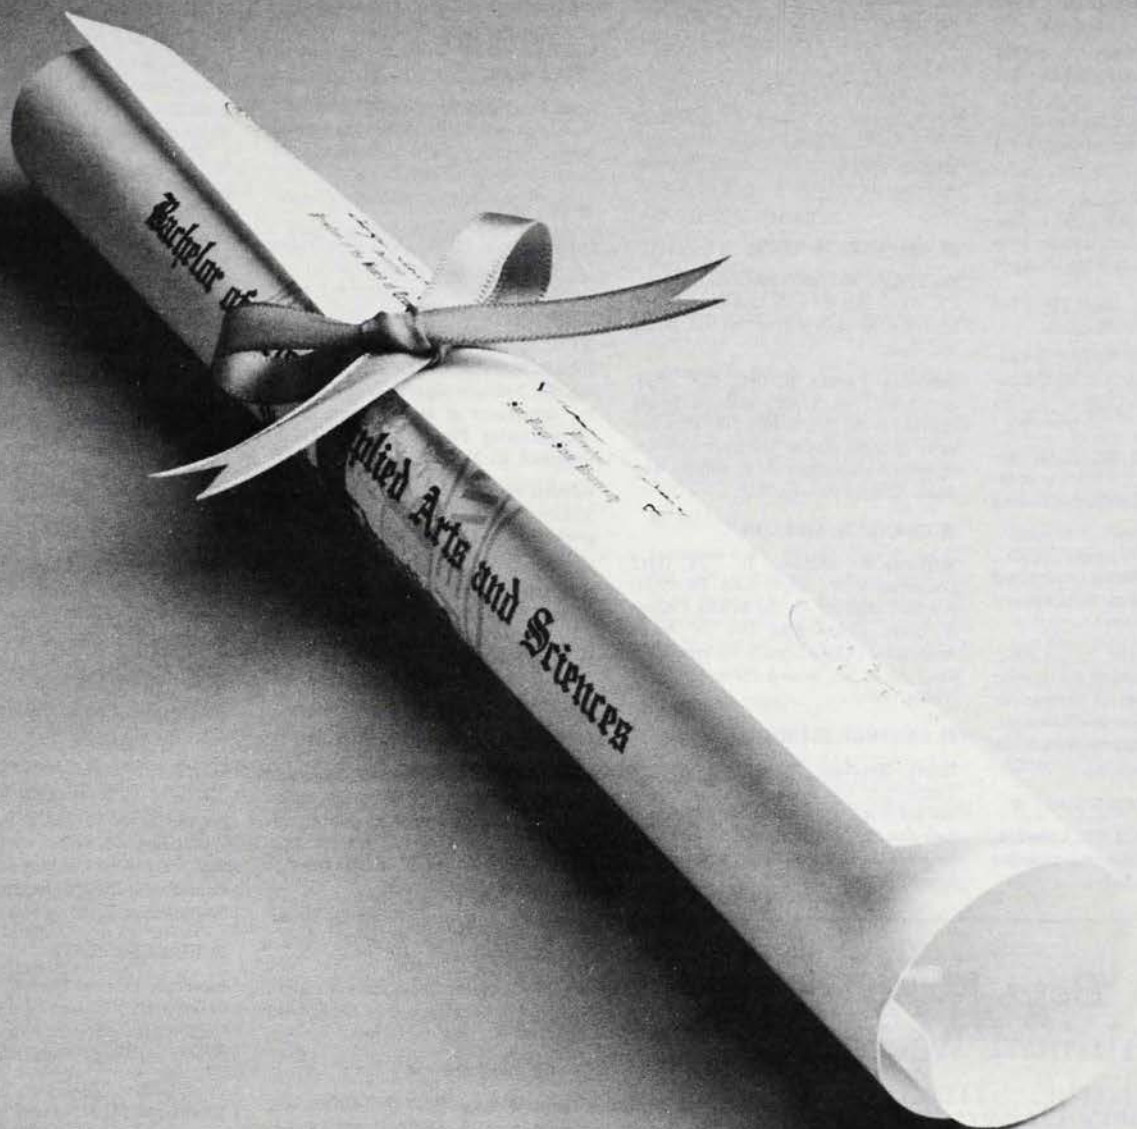

☆ This year \$36,000 in student loans were made to undergraduate and graduate student members of the Fraternity.

☆ During the 1986-87 academic year 55 scholarships totaling \$12,000 were given to deserving students.

☆ The Foundation is celebrating 40 years of service and financial support to Pi Kappa Alpha and its chapters.

# IF YOU'RE INTO DOPE, YOU MIGHT AS WELL SMOKE THIS.

There's one sure way to see  
your future go up in smoke.

Do drugs.

Last year alone, America's

businesses lost more than \$60  
billion to drugs. So this year,  
most of the Fortune 500 will be  
administering drug tests. If you

fail the test, you're out of a job.

The message is simple.  
Doing drugs could blow your  
whole education.

## WE'RE PUTTING DRUGS OUT OF BUSINESS.

*Partnership for a Drug-Free America*

# The National Officers

## SUPREME COUNCIL

Gary E. Menchhofer.....	National President
Ed Pease.....	Vice President
Thomas J. Turner.....	Vice President
Jerry W. Askew.....	Vice President
William R. Shaw.....	Vice President
Eric M. Scott.....	Undergraduate Vice President
Parker A. Weil.....	Undergraduate Vice President
Daniel F. McGehee.....	Legal Counsel

## MEMORIAL FOUNDATION

Joseph J. Turner.....	President
William N. LaForge.....	President Elect
Thomas Tillar.....	Secretary
Craig Hoenshell.....	Treasurer
William R. Nester.....	Trustee
Thomas E. Hussleman.....	Trustee
Pike Powers.....	Trustee
Michael Moore.....	Trustee
Howard Bell.....	Trustee
John Lisher.....	Trustee
Joe Brown.....	Trustee

## REGIONAL PRESIDENTS

Tweed Johnson.....	Arkoma
Joe Glass.....	Carolinas
Ron Ross.....	Cumberland
Wallace Long III.....	Delta
Bill Chandler.....	Dixie
Andy Morse.....	Founders
Charles Dow.....	Golden West
Nick Shafor.....	Great Lakes
Rod Jewell.....	Great Plains
Mike Risk.....	Lone Star
Robert Cox.....	Midwest
Dr. Larry Lunsford.....	North Atlantic
Ed Murphy.....	Northwest
Gene Commander.....	Rockies
Gregg Ormond.....	Sunshine

## ENDOWMENT FUND

John J. Lux.....	Chairman
Virgil R. McBroom.....	Trustee
Thomas Wilkinson.....	Trustee

## HOUSING COMMISSION

Richard Ralph.....	Chairman
James A. Wolff.....	Commissioner
The Very Rev. Henry N.F. Minich.....	Commissioner

## NATIONAL OFFICERS

Dr. Jerome V. Reel Jr.....	Historian
Thomas J. Handler.....	Rush Director
The Very Rev. Simon A. Simon.....	Chaplain
Joseph L. Ott.....	Auditor
George A. Zimmerman.....	Music Director
Richard E. Charlton.....	Legal Counsel

## LIVING PAST NATIONAL PRESIDENTS

Elbert Tuttle (1933-38)	Roy D. Hickman (1940-46)
Andrew H. Knight (1948-50)	Ralph Yeager (1953)
Garth C. Grissom (1968-70)	Gary A. Sallquist (1970-72)
C. Ross Anderson (1972-74)	Dr. Jerome V. Reel Jr. (1974-76)
Richard F. Ogle (1976-78)	Dr. William R. Nester (1978-80)
Virgil R. McBroom (1980-82)	Joseph J. Turner (1982-84)
William N. LaForge (1984-86)	

## MEMORIAL HEADQUARTERS STAFF

Raymond L. Orians.....	Executive Vice President
Patrick F. Haynes.....	Executive Director
Louis B. Quinto.....	Executive Officer
Steven H. Cox.....	Director of Foundation Programs
Kevin G. Knaus.....	Director of Expansion
Daniel W. Corah.....	Director of Services
Kevin Virta.....	Associate Director of Expansion and Services
Thomas A. Dempsey.....	Chapter Consultant
Todd H. Hittle.....	Chapter Consultant
William T. McCartan.....	Chapter Consultant
Michael W. Riley.....	Chapter Consultant
Steve Vincent.....	Chapter Consultant

## A Gift for All Seasons Pi Kappa Alpha Jewelry

### Jewelry

1. Monogram Button

PI KAPPA ALPHA  
CONVENTION HOTEL  
LEXINGTON, KY.

For many  
more of life  
of that the  
we be a small college  
I have seen the intimate  
other groups use their  
in the making of a group  
breaking not and being  
course. What a opportunity  
bility and opportunity  
to receive information  
man who

is, if not all, nothing  
life determining  
and ideals  
associations  
with whom  
as well as  
men  
deliberate  
command  
information
