OF PI KAPPA ALPHA

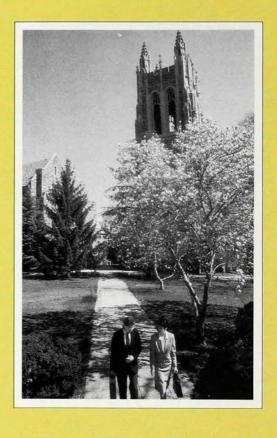

JUNE 1992

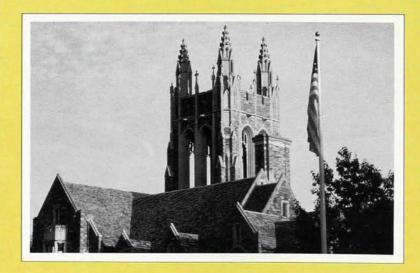

Perpetual Support...

For Your Chapter!

With your help, the Pi Kappa Alpha Educational Foundation's new chapter endowment program will provide academic and leadership scholarships and/or educational equipment and facilities grants at each of Pi Kappa Alpha's chapters across the country. These endowments will be a perpetual source of support for our chapters' highest priorities: fostering scholastic achievement, leadership training and personal development.

To make a tax-deductible gift to the endowment fund of the chapter of your choice, please send your check, designating your desired chapter, to the Pi Kappa Alpha Educational Foundation, 8347 West Range Cove, Memphis, TN 38125.

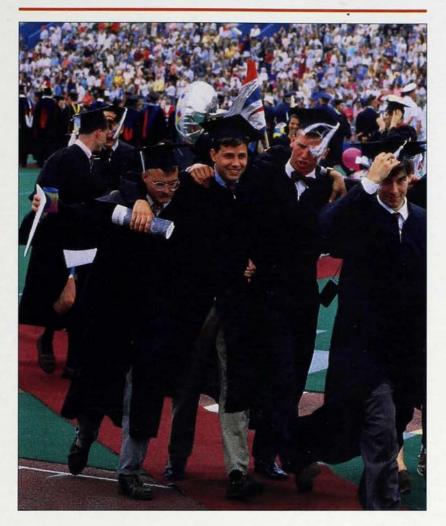

Your support will make a difference!

For more information on how you can assist the Pi Kappa Alpha Educational Foundation call

SHIELD & DIAMOND (ISSN 8750-7536) is an educational journal published by the Pi Kappa Alpha Fraternity, 8347 West Range Cove, Memphis, TN 38125 quarterly in September, December, March and June for S. 50 per year. Send correspondence to the same address. Manuscripts are invited, respondence to the same address. Manuscripts are invited, but the publisher will not assume responsibility for return of unsolicited material. Change of address must be reported promptly by giving full name, chapter, old and new address. Undergraduate copies are mailed to parents' home address until address change after graduation. Lifetime subscriptions MUST be renewed after eight years or with an alumnus gift to the Loyalty Fund. Copyright 1992 by Pi Kappa Alpha Fraternity. All rights reserved. Second Class postage paid at Memphis, Tennessee and additional mailing offices. POSTMASTER: Send address changes to SHIELD & DIAMOND, 8347 West Range Cove, Memphis, TN 38125.

UPDATE

Summer 1992 Sees A Changing of the Guard at PiKA Memorial Headquarters

Executive Vice President Raymond L. Orians announces the departures of long time staff members John E. Mooney, Scott A. Russell and Richard T. Stonerook. Mooney, Russell and Stonerook were with the Memorial

Headquarters for over three

John E. Mooney (Theta Chi '86) joined the staff in June of 1989 as a chapter consultant after graduating from Villanova University with a B.A. in economics. He traveled the Mid-Atlantic, visiting chapters in Virginia, North Carolina, Kentucky and Tennessee from August of 1989 until December 1989. In January of 1990 Mooney was promoted to the position of director of services. He held this position until May 31, 1992.

During his tenure as director of services he was able to implement many innovative pro-

grams including the membership development program. Mooney was the driving force behind the creation and implementation of this program, writing manuals and delivering workshops at national and regional conferences. Without his dedication this program might never have come to fruition. In the latter stages of his employment Mooney also took on several responsibilities associated with the Fraternity's risk management program.

Sean A. Brasili Mooney will be attending law school in the Fall of 1992. He has not yet determined which law school he'll attend, but he will be living in Chicago through the summer.

Scott A. Russell (Beta Gamma '85) joined the Memorial Headquarters staff in June of 1989 as a chapter consultant after graduating from the University of Kansas with B.A.'s in English and political science. He traveled the northeast region of the United States during the 1989-90 academic year.

In May of 1990, Russell assumed the post of annual fund director for the Pi Kappa Alpha Educational Foundation. As annual fund director, he co-

ordinated the Foundation's direct mail and telephone fund raising activities. During his tenure, Russell raised nearly half a million dollars in annual fund gifts.

Steven S. Vincent

He also directed various Foundation programs such as the Powers and Anderson Awards along with the Memorial Headquarters' services to alumni associations.

Russell will officially leave his position in

August. He plans to return to the University of Kansas for the fall semester to pursue a master's degree in political science.

Richard T. Stonerook (Beta Upsilon '88) began working as a chapter consultant in January of 1989. Stonerook graduated from the University of Colorado in May of 1988 with a B.S. in marketing. He visited chapters in the Northeast.

As was the case with Mooney, Stonerook only traveled as a consultant for a few months. In May of 1989, he was appointed expan-

sion associate and over the course of the next year he was responsible for establishing four

new colonies. In May of 1990, just after the successful establishment of the UCLA colony, he was appointed director of expansion, a position which he held until May 31, 1992.

Under his guidance, the expansion program has developed to a point where 1992-93's output will be double that of 1989-90, the year prior to Stonerook's appointment. While the output doubles, high quality remains the strongest aspect of the expansion program.

Vice President Raymond L. Orians also announces the departure of Expansion Associate Chris Davies (Theta Omicron '85), another veteran staff member. Davies began his employment with the Fraternity as a chapter consultant after graduating from Indiana State University in December of 1989 with a B.S. in public relations. He visited the chapters in the Heartland, Carolinas, and Great Lakes Regions during the 1990-91 academic year.

Christopher M. Davies

In May of 1991 Davies was appointed expansion associate for 1991-92, a position he held until May 27, 1992. He was successful in establishing three new colonies at DePaul,

From left: Rick Stonerook, John Mooney and Scott Russell are leaving the Memorial Headquarters staff after a combined 91/2 years of service to Pi Kappa Alpha.

Michigan and Johns Hopkins Universities. Davies intends to move to Indiana to pursue his career plans. A replacement has not been named for Davies at this time.

As a result of Mooney's and Stonerook's departures, Executive Vice President Raymond L. Orians announces the hiring of Stephen S. Vincent as director of expansion and the promotion of Sean A. Brasili to the position of director of services.

Stephen S. Vincent (Alpha Nu '83) will take over the expansion program for Stonerook. Vincent is a graduate of the University of Missouri-Columbia. He worked for the Headquarters staff as a chapter consultant in 1987-88.

Vincent became a leadership scholarship consultant for Delta Mu Chapter while he earned his M.B.A. degree from the University of Southern Mississippi. For the past two years, Vincent has been employed by Andersen Consulting in New Orleans. While with Andersen, Vincent remained involved with the Fraternity. He was chapter advisor for Eta Chapter at Tulane University.

With his Fraternity experience and business knowledge, it is a pleasure to welcome Vincent back to the staff. The director of services position vacated by Mooney is being placed in the capable hands of Sean A. Brasili (Eta Zeta '88). Brasili began his employment in January of 1991 as a chapter consultant. This past year he visited the chapters in the Rockies, Dixie and Founders Regions. He was a favorite among chapter members and alumni for his congenial approach and overall knowledge of chapter operations. Brasili's knowledge and enthusiasm will be great attributes to the director of services position. He is a graduate of Middle Tennessee State University, with a B.B.A. in marketing.

A Dominant Voice

Rev. Simon A. Simon (Delta Chi '54)

that guiding voice that gives us focus, that urges us on, that controls us. One of the problems of life is that we often have too many dominant voices; or at least too many dominant voice wannabes.

Not too long ago during a baseball game in Kansas City, a dog suddenly appeared on the playing field. It trotted around the infield for a bit and then sat down on third base. The people in the crowd began to yell at it: "Get off the field!" "Run for home!" "Bite the ump!" But the yelling produced no response from the dog; he just stayed on third base.

One sports writer, commenting on the incident, offered one possible explanation as to why the dog did not respond. He thought it was because there was no dominant voice from the crowd. Granted, there were a great many voices from the crowd, but no dominant voice; no single, guiding, leading voice to affect the dog's behavior.

This makes a difference in our lives, too. We all have so many pulls, pressures, pushes, advisors freely offering, seeking to be the dominant voice in our lives. And the result often is we listen to the wrong ones, or do not hear any in the confusion.

I suggest two potential dominant voices for your consideration, both of which can be trusted.

The first dominant voice I recommend to you is very personal. It is a potential dominant voice that is relevant. It is the voice of God. We are all in the family of God (yes, even those in other fraternities).

And God's concern, as I understand it, is for our personal best interest. God has no ulterior motive, no hidden agenda, no axe to grind; only our best interest at heart.

The second potential voice is
Pi Kappa Alpha. Our Fraternity, as a potential
dominant voice, wants us to become the very best we
can become. Our Fraternity wants us to be strong
enough to develop values based on what is right and

just. It wants us to live life on a higher plane; to help create an atmosphere for ourselves and others in which no persons are abused or violated or misused; to help create an atmosphere for ourselves and others in which everyone can have a decent chance.

Charles Malik, former secretary general of the United Nations, once said that there are three unpardonable sins in life today: (1) to be flippant or superficial in our analysis of the world situation; (2) To live and act as if half-hearted measures would avail; and (3) to lack the moral courage to rise to the occasion.

Mr. Malik summed up quite well the nature of life in general, and very often the nature of the American public, as well as that of some individuals. Some do have a laid back, uninvolved attitude; some do live and act as if half-hearted measures will do — in school, in the Fraternity, and in life in general. And, of course, some do lack the moral courage to say the right thing at the right time; to say "no" to wrong voices; to take a stand for what is right. Then there are those who show us, by their actions and character, that they are listening, very carefully, to positive voices.

To be able to reach this life on a higher plane; to lead; to commit to values and ethical lifestyles, we all need an appropriate dominant voice (or voices). I am suggesting two: first, God. And then, our Fraternity. There are certainly others. Yield to them carefully. Make certain any potential dominant voice in your life has no interest but your best welfare.

At a recent national convention, one of the grand old men of the Fraternity, Brother Roy Hickman (Beta Delta '22), said to all of us, "Whatever you get into, try to do something that will bring honor to the Fraternity."

We bring honor to the Fraternity, to ourselves, to our country, by selecting and yielding to dominant voices that will lead us and move us and urge us toward honorable ends.

The Rev. Simon A. Simon has served as Pi Kappa Alpha's national chaplain since 1980, and is pastor of the First Presbyterian Church in Jerseyville, Illinois. Simon is a personal and family counselor, and a member of the Jersey County Medical Ethics Board, the Jersey County AIDS Task Force, and the Tri-County AIDS Task Force. He also serves as a member of Pi Kappa Alpha's Speakers Bureau.

James Madison University Rounds Out PiKA's 1991-92 Charterings

n October 14, 1990, a group of twentyone men met and discussed the need for a new fraternity on the James Madison University campus.

Heading the interest group was John Warlick, president, and Jeremy Rhett, vice president. The men wrote letters to ten national fraternities, and maintained correspondence with eight of them.

The group eventually met with four of the national fraternities, and ultimately made the decision to select Pi Kappa Alpha.

Expansion Associates Doug Ray and Andy Kaufman went to Harrisonburg, Virginia from the National Headquarters to lead the expansion efforts, and the James Madison University colony of Pi Kappa Alpha was established on February 16, 1991. The colonization ended with a group of forty-two men making up the Alpha pledge class.

To promote the growth of the colony, full advantage was taken of an open rush program as a means of bringing quality men to the group. The colony conducted one of James Madison University's strongest rush programs, resulting in the formation of the Beta pledge class.

The formal rush program began on September 10, 1991, and those men recruited formed the Gamma pledge class. During the

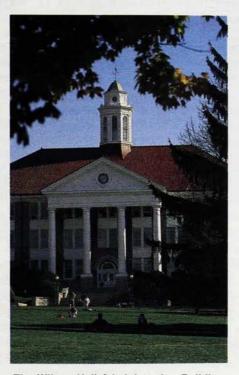

spring semester of 1992 the colony received IFC recognition on the James Madison campus. The group was well on its way to becoming a new chapter of Pi Kappa Alpha.

The entire development and growth of the colony lasted more than a year. On March 22, 1992, the colony received its charter as Iota Sigma Chapter. As a chapter, this group of men (by now numbering eighty-four) continued to follow the course they had set as a colony.

Upon colonization, the James Madison University Pikes established a goal of 1,500 community service hours. As a chapter, this goal was met and exceeded as they accumulated over 2,300 community service hours.

Scholarship was a primary focus of the colony and has continued to be a priority for Iota Sigma. The chapter's scholarship program was developed to promote excellence, and to assist those individuals struggling in the classroom.

Athletics provided the chapter with yet another arena in which to promote the Pike name on the

The Wilson Hall Administration Building at James Madison University

PHOTOS COURTESY OF JMU OFFICE OF PUBLICATIONS

James Madison campus. The chapter participated in every intramural activity. With the strong guidance of its athletic chairman, Iota Sigma placed numerous teams in both intramural tournaments and leagues. The chapter's soccer team made it to the final four in its first semester of competition.

Iota Sigma also forged a name for itself in the activities of the James Madison University Greek community. The chapter established the tradition of numerous social activities, including a trip to the Foxfield horse races in Charlottesville with Sigma Sigma Sigma Sorority.

THE JMU GREEK SYSTEM

Greek life at James Madison University received a major boost in 1978 when Greek Row was completed on campus. The University constructed thirteen on-campus Greek living units at the edge of Newman Lake. Each unit can provide accomodations for twenty-eight people. In 1987 Greek Row was expanded to 17 units. Nine fraternities and eight sororities live on the Row.

Today, 17% of the James Madison University student population is Greek. There are eleven National Interfraternity chapters, two

NIC colonies, and eight National Panhellenic Council chapters.

THE HISTORY OF JAMES MADISON UNIVERSITY

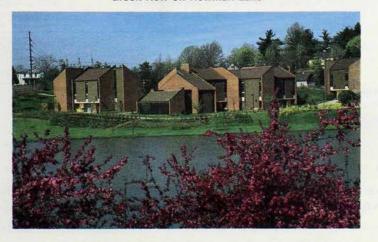

James Madison University was founded in 1908 as the State Normal and Industrial School for Women. The school was an all-women's teachers college until it became coed in 1966. In 1977, the school was

renamed James Madison University.

James Madison is located in Harrisonburg, Virginia on 472 acres of land, and consists of 90 buildings. In the fall of 1991, a \$9.3 million business building was opened on campus.

The University's enrollment is 11,011. This number includes 9,680 undergraduates, 713 graduate students and 618 non-degree seeking students. James Madison University is a state-supported facility. Approximately 75% of the student population are in-state residents.

Greek Row on Newman Lake

Phoenix: Pi Kappa Alpha's

ugust 1-5, 1992 are the dates and the beautiful Pointe Hilton on South Mountain in Phoenix, Arizona is the place

for what promises to be one of the greatest national conventions in Pi Kappa Alpha's 124 year history.

Highlights of the action-packed five day Convention agenda include:

- Announcement of the 1992 National Award Winners, including the presentation of the Robert Adger Smythe trophies to Pi Kappa Alpha's top chapters.
- Election of the Supreme Council for 1992-94.
- Legislative sessions at which Pi Kappa Alpha delegates will chart the future course of the Fraternity.
- The Phoenix Area Alumni Association Golf Tournament (additional registration fee).

■ The opportunity to meet fellow PiKAs from across the country, as well as all the national officers of the fraternity.

Registration for the Convention begins Saturday, August 1, 1992 at 9:00 a.m. Check-in at The Pointe Hilton on South Mountain begins at 3:00 p.m. that afternoon. Materials for registration have already been mailed to the chapters. Anyone desiring registration materials or other general information about the Convention should contact Administrative Assistant Carol Patton at (901) 748-1868.

Convention Registration Fee:

- \$160 if you are registered at The Pointe Hilton on South Mountain.
- \$170 if you are not registered at The Pointe Hilton on South Mountain.

Everyone must be registered to attend all activities, business sessions, receptions, educational seminars, etc. The Convention registration fee includes four banquets plus entertainment, Convention favors and Convention materials.

If you intend to pay your registration fee

Place In The Sun

when you arrive on August 1, you may pay with cash, a personal check, or credit card. The Pointe Hilton on South Mountain will cash checks for registered guests up to \$100 per day, with proper identification (driver's license and a major credit card).

Registration fees are not refundable or transferable after June 30, 1992.

The Pointe Hilton on South Mountain is a total destination resort located along the slopes of the Phoenix South Mountains, just 10 minutes from Sky Harbor International Airport and the business centers of Phoenix and Scottsdale. Although the newest resort in the growing Pointe family, it is rich in the tranquility and vividly dramatic atmosphere found only in the Southwest, yet also successfully offers the urbane grace, beauty and service found only in the paragons of Old World resorts.

Hotel Reservations should be made directly with The Pointe Hilton on South Mountain by calling the hotel directly at 1-800-876-4683. A flat rate of \$75 per room has been secured. The cost per person is: Single \$75; Double \$37.50; Triple \$25; Quad \$18.75. Subject to state and local taxes.

These rates may be available before and after the Convention dates of August 1-5, but **must** be secured with the reservation office well in advance of arrival.

Travel Arrangements — Contact George Garner Travel at **1-800-624-6579** to take advantage of special Convention air fares. There is no cost to you for using this service.

Mileage Reimbursement — Each undergraduate chapter, if it has a \$0 balance to

both its General Fund and Insurance accounts with the Memorial Headquarters by June 30, 1992 will receive an allowance based on 10¢

per mile round trip from the chapter location to Phoenix, Arizona. Onehalf of the allowance will be mailed in late July: the remaining half will be distributed at the end of the Convention. Delegates must be present at the Convention's

end to receive the last part of their allowance, and they must have attended all legislative sessions and committee meetings to which they were assigned.

Attendance — Chapters should attempt to send fifteen to twenty percent of their full membership to the Convention. Each chapter and alumni association *must* elect a delegate and select an alternate delegate.

Appropriate attire for the Convention will be casual during the day. Despite informality, however, jeans, cut-offs and T-shirts are discouraged at all times. Suits or sportcoats and ties are required attire in the evening at receptions and banquets.

Special Events for Alumni — Alumni attending the 1992 National Convention will have numerous social functions to enjoy. Sunday, August 2, offers the Educational Foundation Luncheon (\$23 per person) and the National President's Banquet (\$37 per person). Both

functions will be held at The Pointe Hilton on South Mountain. On Monday morning, the local Alumni Association will sponsor a golf tournament.

Tuesday's schedule includes the Awards Luncheon (\$23 per person) and the National Officers Banquet (\$44 per person). The banquet will be preceded by an alumnus reception with the national officers. Tuesday's events will also take place at The Pointe Hilton on South Mountain. There will be a special alumni reception during the Convention.

For further information, please call the Memorial Headquarters at (901) 748-1868.

PiKA & Scholarship

IN THE 90s

by H. King Buttermore III

The superb school is so only by virtue of its success in developing its ultimate customer: the student." Similarly, our goal as a fraternity must be to develop our customer, our members, to their fullest potential in order to honestly meet the challenge of membership which the Founders developed.

Students in the 90s

THE COLLEGE STUDENT IN THE 1990s IS CHALLENGED IN NEW and different ways. Our society is vastly different from the society of the 1960s, 1970s and 1980s during which the most recent nuances to our concept of fraternity were developed. In many ways, today's student is frustrated by systems which he feels are ineffective or failing him. The emergence of emphasis on the individual's rights often conflicts with issues of academic integrity and learning for the purpose of acquiring knowledge. Students sometimes lose focus on the educational experience.

The challenge of succeeding in the classroom in order to be selected for a good job interview is often paralleled by the lack of understanding of the concept of academic honesty.

One survey found that 30 percent of American students felt that cheating in class was not much different than doing 60 mph in a 55 mph zone. One student even stated that grades have nothing to do with intellect, but are merely a ticket to a better job interview.

In a class in leadership and decision-making which I taught in 1991, students were asked to react to a scenario in which they were cramming for a major exam around midnight. A friend knocked on the door with a copy of the next day's exam. Only four of the 25 students felt it was unethical to take the copy of the exam.

In no way do university officials think students are of lesser quality in the 1990s. It is hoped that the process of education is improving and most students are coming to college more prepared than ever. The issue is this: Is the atmosphere in Pi Kappa Alpha conducive to our members achieving scholastic excellence? Can our members reach their maximum academic potential in the environment in which we operate?

Pi Kappa Alpha's Role

N ORDER TO ACCESS THIS SUBJECT, I PROPOSE WE FORM SPECIFIC goals which should be ingrained into the very existence of Pi Kappa Alpha.

- The Fraternity, through its rush program, should seek students who are motivated to graduate.
- The leadership of the chapter should be reserved for those who are on track to complete college and who are achieving well above the minimum academic requirements.
- 3) The membership of our chapters should be primarily composed of members who understand the Fraternity is a balance of social, leadership, and scholastic ideals, and who understand that the utmost respect is held for the scholars of the chapter.
- 4) The quality of life in any chapter must be continually assessed and deemed successful only when an atmosphere stressing academics pervades.

The implementation of these goals is attainable but requires visionary leadership and creativity by those who hold office. Even the most dedicated chapter officer is only able to make a difference in a few areas. The terms end quickly and time passes rapidly. Many issues are discussed with most receiving only passing attention. The easiest to solve situations are attacked first.

Improvement of scholastic performance by an individual is a challenge. Improving the scholastic performance is not unlike herding cats. The cat may know that food and warmth will be available if he only follows. Yet this knowledge is overcome by his internal gyroscope which directs him to curious events all around. The same is true for college students. We say that college is for learning, but the college atmosphere is filled with distractions. Some students will succeed and some will fail in this environment.

Ernie Beals, dean of admissions at Georgia State University, says that one-third of the nation's college freshman will leave their institution by the end of their freshman year. Of these, 50 percent will drop out in the first six weeks. Since the Fraternity's stock in trade is new students, retention must be an issue. More dramatically, we must determine if our recruitment and new member education processes are responsible for some of this attrition. In fact, if our programs cause one man to drop out, our programs must be reorganized.

As a Greek coordinator, I frequently hear from students asking for permission to be initiated, even though their average the first term was less than GSU's 2.00 minimum. I am saddened and hurt when students tell me the reason they fell short of the minimum GPA was "...pledging."

Recruitment

IN RECRUITING, CHAPTERS MUST SEEK MEN WHO ARE ABOVE average in various talents. Someone has defined average "the best of the worst and the worst of the best." The chapter must accept the unpleasant task of discussing ways to recruit above average scholars while below average scholars are part of the debate.

Some IFCs now require rushees to complete forms detailing previous academic history. We must evaluate and recruit prospects based on this point of reference. Other talents and traits should be assessed at the secondary level.

Men who join chapters can be and should be taught many abilities

Continued on page 12

H. King Buttermore III

is a 1963 initiate of Sigma Chapter at Vanderbilt University, and serves on Pi Kappa Alpha's Educational Advisory Committee. He is dean of student life programming at Georgia State University, where he advises the Student Government Association and its twelve-committee Programs Board. He also advises the student newspaper The Signal, the student radio station, and the

twelve general fraternities which compose the Interfraternity Council. Buttermore graduated from Vanderbilt in 1966 with a degree in history; in 1969 he received his J.D. from Vanderbilt's School of Law. by the brothers. Men can be more accomplished leaders, speakers, decision-makers, teammates, and friends, as a result of the fraternity experience. A member who brings poor study habits, weak basic skills, and a lack of motivation to the Fraternity is unlikely to change these skills in the chapter.

Leadership

EADERS ARE THOSE WHO WILL ASSUME THE RESPONSIBILITY to motivate others to reach their maximum potential. Leaders who hold office and ignore the scholastic side of college are blind to the responsibilities to the Fraternity and to the individual member.

Chapters need to ask officer candidates about their scholastic performance and their willingness to lead the group to a higher level of academic achievement.

Every chapter should develop a three-year plan to raise minimum scholastic standards as an incentive to participate in leadership, in athletics, and in the social life of the chapter. Those who fall below the minimum requirements must have privileges revoked until they improve their academic status.

Balance

PVERY MEMBER MUST BE COMMITTED TO THE IDEALS IN THE history and ritual of the Fraternity. A chapter which emphasizes only athletics, only parties, and only campus politics is short

changing its members. Members who are consumed by these activities soon ignore the balance required to succeed in academics. The time of resume-building and job interviewing is discouraging for a candidate with many skills and a 2.20 cumulative GPA. Doors will simply not open for such individuals.

Assessment

THE TYPICAL EXPERIENCE IN A CHAPTER IS FOUR TO FIVE years. If members are willing to invest their time, efforts, and money at the busiest time of their lives, then they must periodically assess the quality of their college experience.

Every member must appreciate the impact on the group when a brother is suspended from school. The chapter must understand the tragedy of a quality leader being forced to resign because of a low grade point average. The group must also realize the consequences of losing a pledge with great potential.

Do you know a chapter where you can take these ideas and improve the chapters quality of life?

Alumni and older brothers have a terrific responsibility....that of empowering new members to assume responsibility of their academic futures.

PiKA's 1991-1992 Top Scholars =

Many members of Pi Kappa Alpha are making significant accomplishments in academics. Each month of the academic calendar, the Forum newsletter recognizes one individual as Pike of the Month for Scholastic Success. These individuals have succeeded in being active participants of fraternity life, while excelling in the classroom. The men listed below were selected as Pikes of the Month for Scholastic Success during the 1991-92 school year.

JOHN BENDER Beta Mu Chapter

October 1991

John Bender, a 1989 initiate at the University of Texas, was nominated for Pike of the Month's Scholastic Success honor by his chapter as a result of his dedication to his studies. He entered his senior year with a GPA of 3.70, and majored in economics.

DAVID KOGUT Gamma Chapter November 1991

David Kogut was on the Dean's List every semester of his college career. Such academic excellence resulted in him being a member of the economics honor society and a Taylor Scholar. He was initiated at William and Mary in 1989. As a senior, he had a cumulative GPA of 3.74 as an economics major, able to focus on both academics and fraternity life. He was Gamma's rush chairman for the 1990-91 school year. Following graduation, David planned to obtain a Ph.D. in economics, and eventually teach at the university level.

BRIAN FREYBERGER
Theta Omicron Chapter December 1991

Brian Freyberger, a 1988 initiate from Indiana State University, maintained a GPA of 3.54 as he majored in management information systems. A senior, his scholastic achievements allowed him to receive honoraries such as the Beta Gamma Sigma Business Honorary; the Order of Omega Honorary; and the Blue Key Scholastic Honorary. He also received the IFC's Mark H. William's Outstanding Junior Award and Blue Key's Joseph S. Schick Award. Brian made the Dean's List in the fall of 1988 and the spring of 1989.

MARK WAHLE Iota Nu Chapter

January 1992

Balancing fraternal activities with his academic studies, Mark Wahle, a 1990 initiate from St. Louis University, spent his senior year closing in on his double major in history and classical humanities in fine fashion with a cumulative GPA of 3.71. Outside the classroom, he served terms as president of the IFC and as president of a residence hall council. Mark's academic record brought him national acclaim as he was nominated for USA Today's All Academic Team. He was on the Dean's List from the fall of 1988 to the spring of 1990, and was also selected as a Presidential Scholar. Following graduation, Mark plans to attend Purdue's graduate program, where he will work toward a Ph.D. in biochemistry or medical chemistry, specializing in X-ray crystallography.

MORGAN BURKS Zeta Eta Chapter

February 1992

Morgan Burks, a 1990 initiate from the University of Arkansas-Little Rock, is majoring in physics. During the fall of 1991, he led Zeta Eta scholastically with a GPA of 4.0. Following graduation, Morgan plans to attend graduate school and enter research with private industries.

MICHAEL PATRICK FOLEY
Iota Omicron Chapter March 1992

Michael Foley, a 1991 initiate from Santa Clara University, had a 3.94 GPA as he spent his senior year finishing his major in political science and religious studies. Michael was inducted into Phi Beta Kappa, Pi Sigma Alpha, and Alpha Sigma Nu Honor Societies. He was also the recipient of the 1991 Santa Clara University Presidential Scholarship, and the only SCU student to be named to *USA Today*'s third team "All USA College Academic Team." In 1990 Michael received SCU's Highest GPA in the Male Greek Community award. He also received seven Pike Gold Awards for Academic Excellence. Michael plans to attend graduate school and obtain a Ph.D. in systematic theology.

MICHAEL DENIE

Gamma Lambda Chapter April 1992

Michael Denie maintained a GPA of 3.76 during his senior year as he majored in history and English. A 1989 initiate from Lehigh University, Michael served the chapter on various fronts. He held several leadership positions at Gamma Lambda, including pledge class president, pledge educator, and social chairman. Michael was president of the Phi Alpha Theta Honor Society; a member of the Sigma Tau Delta English Honor Society and the College Scholar Honors Program. His future plans are to attain his Ph.D. in military and English colonial history.

WILLIAM MEADOWS Epsilon Mu Chapter

May 1992

During William Meadows' senior year, he maintained a high standard of academic excellence. Over his last four semesters his GPA was 3.6, 4.0, 4.0, and 4.0. A 1989 initiate from East Carolina University, William received the IFC's Highest GPA Award in 1990. He was also inducted into the Economic Society; the American Marketing Association; the Society for the Advancement of Management; and the School of Economics Tutor Program. Upon graduation, William plans to attend graduate school and obtain a degree in economics.

1991-92 Proves Productive for Pike Chapters

KAPPA CHAPTER Transylvania University

Kappa Chapter continued to draw inspiration from and sought to advance worthy causes through community service. Kappa was involved in efforts ranging from working with children in the Cabbage Patch Settlement to Adopt-A-Highway.

In March, six Pikes were involved in the Lexington, Kentucky branch of Habitat for Humanity. The chapter accumulated 45 manhours of community service as they constructed a storage shed in a poor section of Lexington.

Throughout the school year, members of Kappa chapter contributed their time to Transylvania University's Environmental Awareness Group. They collected recyclable materials and organized glass and newspapers for pickup. As a result of its community service efforts, the chapter accumulated well over 1,000 man hours in community service. This amounted to 23.1 hours per chapter member.

OMEGA CHAPTER University of Kentucky

Omega Chapter initiated 31 new members from the fall pledge class. Seven rush bids were given out during the spring semester.

In athletics, Omega finished second in intramurals in the spring. A first place finish during the fall enabled the chapter to win the campus wide intramurals award.

The men of Omega Chapter sponsored the first annual Noon to Moon Festival. A turnout of 3,600 people allowed the chapter to raise money for the University of Kentucky's new library.

Omega finished the spring semester with a 2.6 GPA. This placed the chapter seventh among fraternities during the semester.

ALPHA IOTA CHAPTER Millsaps College

On the weekend of March 27-29, Alpha Iota held its annual Founders Day celebration. The highlight of the weekend was the Cotton Ball the chapter's alumni banquet. At the banquet, the outstanding Pike of each class was honored. Housing Corporation President Doug Minor received the award of outstanding

Alpha Iota had two major community events during the spring. On March 20, the chapter helped renovate Livingston Park, which had been closed since 1972. On April 10-11, Alpha Iota held its second annual Lodge-A-Thon with the Tri-Delts. All proceeds went to the local children's hospital.

On campus, the men of Alpha Iota continued to be well-represented by chapter members on all major committees. The chapter had the most student senators of any Greek organization. Several members were also inducted into Sigma Lambda and Omicron Delta Kappa.

ALPHA KAPPA CHAPTER University of Missouri-Rolla

The latest initiated pledge class of Alpha Kappa had an overall 3.15 GPA. This placed the pledge class second on campus; this average was a .5 higher than the all men's average.

In community service, Alpha Kappa raised over \$2,000 for local charities and the American Diabetes Association.

On campus, Michael Moran was voted vice president of the American Society of Mechanical Engineers.

In preparation for the summer months, the chapter instituted a strong summer rush program with the guidance of Moran and Marcus Barmeier. This rush program was developed with the goal of pledging 40 quality men. The chapter is already experiencing early success with this program.

ALPHA XI CHAPTER University of Cincinnati

Due to an outstanding turnout from alumni and the active chapter, Founders Day was a tremendous success. Lance Tebay led the slide show, while Alumni Relations Chairman Eric Weber coordinated the evening's events, which were held at the Clarion Hotel in downtown

Alpha Xi accumulated an impressive number of community service hours. The chapter totaled over 3,400 man hours and donated close to 15,000 pounds of food and 5,000 articles of clothing. Such numbers resulted in the chapter claiming first place in the UCAN points standings.

On the basketball court, Pikes took the intramural championship, and were runners-up in wrestling, billiards and volleyball.

ALPHA SIGMA CHAPTER University of California-Berkeley

Alpha Sigma's Founders Day was a success with famed Bay Area sportswriter Glenn Dickey delivering the keynote address.

The men of Alpha Sigma spent much of the spring rebuilding the Adventure Playground for the community's children. The chapter also participated in the campus blood drive.

Spring rush saw the chapter pledge nine men. Four of these individuals are NCAA athletes, with two men on the national championship water polo team and one member on the national champion rugby team.

ALPHA PHI CHAPTER Iowa State University

Alpha Phi made significant contributions to Iowa State athletics throughout the school year. Fred Hoiberg was named Big Eight Freshman of the Year as a member of the Iowa State basketball team. Mike Bergman, also a member of the basketball team was named to the All-Big Eight Academic team for his excellence in the classroom.

Pikes were also represented on the ISU hockey squad which won the National Invitational Championship. Bill Ward was named the squad's most outstanding forward, received the team's sportsmanship award, and led the team in scoring. Tom Armitage and Todd Krollman also made significant contributions to the hockey team's championship season.

ALPHA OMEGA CHAPTER Kansas State University

Mrs. Ada Murphy

Mrs. Ada Murphy, former housemother at Alpha Omega, died on September 23, 1991, at the age of 96.

Mrs. Murphy served as housemother from 1943 until the early fifties. At her request, men who were

in the house during her tenure served as pallbearers. "PiKA Girl Of My Dreams" was sung at the cemetery. Scott Graham, a member of Alpha Omega during part of Mrs. Murphy's tenure, delivered the eulogy.

Memorials may be sent to: The Mother Murphy Alpha Omega Scholarship Fund, 8347 West Range Cove, Memphis, TN 38125.

BETA BETA CHAPTER University of Washington

During the spring the Pikes were positioning themselves to make a run at the Greek intramural championship. Their co-rec basketball team won the intramural title and the football, basketball and volleyball teams made it to the semi-finals.

Beta Beta won its tenth consecutive Northwest region scholarship award at April's regional leadership conference. The chapter placed in the top ten on campus with a GPA

The chapter hosted its 14th annual Fraternity Football Tournament. Proceeds from the tournament benefit the Friends of Alzheimer's Foundation.

C H A P T E R N O T E S

BA BETA DELTA CHAPTER University of New Mexico

For the last five years a member of Beta Delta has won the coveted General Motors Volunteer Spirit Award. The award is presented annually to the University's outstanding seniors who dedicate their time and energy to better the University of New Mexico. This year's recipient was John Webber. Webber is a former SMC, student senator, vice president, and president. He will graduate in May with a degree in political science and enter law school next fall.

Members of Beta Delta aided the Albuquerque police in apprehending an individual who had been impersonating as a member of the New Mexico electric company. Chapter members who had seen the reports on the local news about a man who was a suspect in three cases totaling \$2,500, notified police when a man claiming to be an electrician approached members outside the chapter house and left when they asked for identification. The man was caught a short time later at another fraternity house.

Beta Delta invites all Pikes heading to the 1992 National Convention in Phoenix to stop by the chapter's Estufa, UNM's second oldest structure.

BK BETA KAPPA CHAPTER Emory University

On April 10, the chapter invited the faculty to an open house at the chapter. The turnout of twenty instructors was the most ever to attend a function with Greek members at Emory University.

During the spring semester Beta Kappa raised over \$3,000 for leukemia research. The chapter assisted the Pi Kappa Alpha Educational Foundation Phone-A-Thon February 10-12. The event raised \$7,205.

At the Dixie Regional Leadership Conference, Beta Kappa won the most improved chapter award, scholarship award, and membership award.

As for the 1991-92 Greek Life Awards at Emory, the chapter won the Dean's Cup for most outstanding chapter, the Outstanding Community Service Award, Outstanding Community Service Project, and the Outstanding Fraternity President Award went to Tedd Kochman.

BO BETA OMICRON CHAPTER University of Oklahoma

The men of Beta Omicron had outstanding success with their 5K run for Children's Medical Research. Philanthropy Chairman Robert Wheelis signed up nearly 200 runners for the event which raised \$1,000.

In campus activities, the chapter and the women of Alpha Phi Sorority teamed up to do a song and dance in the 1992 Sooner Scandals for OU Mom's Day.

Steve Ozmer earned the opportunity to try out for the United State's 1996 Olympic handball team.

Kevin Pauli was inducted into the Order of Omega. To be selected as a member of the Order of Omega, an individual must be in the top three percent of the Greek population.

BY BETA UPSILON CHAPTER University of Colorado

Pi Kappa Alpha and Alpha Omicron Pi Sorority were the overall winners of Greek Week 1992. The two combined to win Songfest. The Pikes won the football tournament held in conjunction with Greek Week.

Beta Upsilon's Michael Todd Newman was featured in the "Spotlight" of CU's Greek Journal. Newman was on the health board of UCSU and was the IFC external vice president.

GAMMA DELTA CHAPTER University of Arizona

Several members of Gamma Delta achieved 4.0 GPAs in either the fall or spring semester of the 1991-92 school year. The members were: Brad Beranek, Theodore Borek, Kurt Glaesser, Christopher Lofft, Daniel Mahoney, Michael David Miller and Lawrence Shurtz. Glaesser and Miller maintained 4.0 GPAs for the entire year.

Each of these Pikes was recognized for their academic success at the Order of Omega's Annual Greek Awards Banquet in February. Also at the banquet, Mike Spieser was named Man of the Year for the junior class. Gamma Delta was recognized for having the highest chapter GPA. The chapter also took home the first place award for social services.

TK GAMMA KAPPA CHAPTER Montana State University

Throughout the spring the men of Gamma Kappa were involved with philanthropic efforts. In May, the chapter held a party for the entire Montana State Greek system. All proceeds went to the Montana Food Bank. The chapter's major philanthropy effort was a three-on-three basketball tournament. The money raised from the event went towards sending members of Reach Inc. to the 1992 Special Olympics. Members of Reach were in attendance at an intramural basketball game in which Gamma Kappa won the championship.

TN GAMMA NU CHAPTER University of Iowa

The spring semester started off on the right track for Gamma Nu as the chapter initiated 25 men who completed a successful and informative ingress week.

The chapter also presented its annual Alfred Kahl Award during a banquet held in honor of alumni. The two thousand dollar award is given to the top senior who displayed excellent leadership skills within the community, university, and chapter, while displaying academic excellence. This year's award was presented to Matt Schmit and Jeremy Kramer.

Executive officer Ryan Fleming was elected rush chairman for the University of Iowa's Greek rush system for the 1992-93 school year. Former SMC Brad Smith was elected regional vice president for next year's Great Plains Regional Conference.

The Pikes placed first in intramurals for the spring semester. The chapter placed first in soccer and finished in the top three of all other intramural events.

On the weekend of April 25-26, a Parents Weekend was held at the Pike house. Scholarship, leadership, and service awards were given to the top members of the chapter.

TO GAMMA OMICRON CHAPTER Ohio University

Pikes became a major force on the Ohio campus in the area of community service. A goal of 1,500 man-hours per quarter was established by the chapter. Gamma Omicron raised \$350 for the American Heart Association Jump-A-Thon and collected \$200 for the Swim for Diabetes. The chapter also conducted projects done on a weekly basis. Aside from these activities, the chapter participated in Adopt-A-Highway, Big Brothers/Big Sisters, For Kid's Sake, and Sepan's Kidfest. All these activities led to Gamma Omicron's outstanding average of two community service projects a week.

GAMMA TAU CHAPTER Rensselaer Polytechnic Institute

On February 29 the chapter held its most successful Founders Day. Over 65 alumni returned for the weekend. The keynote speech was given by Boty McDonald (Alpha Iota '80), who received the "Once A Pike, Always A Pike" loyalty award.

Gamma Tau received the community service award at the North Atlantic Regional Conference. The chapter organized events such as a 5K Road Race and a Neighborhood Work Day.

Along with the community service award, the chapter received six other awards at the regional conference. Gamma Tau received awards in publications, philanthropy, membership education, scholarship, chapter excellence, and the man-miles award.

Doug Agnes was elected vice president of the IFC. Art Auchenbach, Michael Fishkin, John Howe, and Scott Russell were elected student representatives to their respective classes. Twenty-five percent of the LaCrosse team were Pikes.

C H A P T E R N O T E S

Gamma Tau implemented continued membership education. The chapter aided the program with a membership handbook, a middle year educator, and a senior year educator.

TY GAMMA UPSILON CHAPTER University of Tulsa

The men of Gamma Upsilon held their first annual Pikefest in March. During the three day event there was a Red Cross Blood Drive and "Lil' Olympics" for the Tulsa area Big Brothers/Big Sisters.

The chapter continued to gain momentum on the Tulsa campus. Pikes were leaders in campus organizations and were the fastest growing fraternity on campus. The Gamma Upsilon pledge class was the largest at Tulsa.

Chapter elections were held as the spring semester came to a close. Robert H. Schad was elected SMC; Brent Hill was elected IMC; and Eric England was elected ThC.

Robert Schad was inducted into the Order of Omega and Omicron Delta Kappa. He was elected IFC rush chairman. T.J. Rubley, who quarterbacked the Tulsa football team, was drafted in the ninth round of the N.F.L. Draft by the Los Angeles Rams.

ΔB DELTA BETA CHAPTER Bowling Green State University

Members of Delta Beta focused their community service efforts on the local Easter Seals Telethon. The group helped prepare for the event, served volunteers, and cleaned-up following the telethon. The chapter worked with Beta Sigma Phi Sorority on the project. The local telethon raised over \$200,000 for local Easter Seal efforts.

AT DELTA GAMMA CHAPTER Miami University-Ohio

Dave Barnes placed eighth in the 150-pound weight class at this year's NCAA wrestling championships in Oklahoma City.

This achievement earned Barnes All-American honors and contributed to his team finishing 43rd in the nation and a Mid-American Conference title. Barnes was the only wrestler from the MAC conference to be selected All-American. He was invited by the National Coaches Association to compete in Europe for a few weeks this summer.

AN DELTA NU CHAPTER Wayne State University

On April 9, Delta Nu acquired a new chapter house. The historic house was previously used as a funeral home. Renovations which include a dining room and bedrooms for thirty members are underway. Don Miller, Don Jumisco, Judge Joseph Burtell, John Bebeau, Chris Snyder, and Dan Januszek of the Alumni Association donated countless hours to Delta Nu's housing cause.

The Pikes surpassed all other campus organizations in the area of leadership. Don Pata and Michael Kean were elected members of the student council. Jeff Wilson succeeded brother Ray Kunik as president. Bryan Murphy continued as sports editor of the University newspaper.

Pi Kappa Alpha was victorious in Greek Week once again this year, winning the event by a substantial margin.

ΔΞ DELTA XI CHAPTER Indiana University

The Pikes' first annual Pike Mountain Bike Psyche brought many experienced cyclists to Bloomington as well as money for the American Red Cross.

Pikes are very well represented for next year's Indiana University Dance Marathon. The event raises thousands of dollars for the Riley Children's Hospital in Indianapolis.

Todd Morris is president; Brian Major is Treasurer; and Adam Carter is a member of the executive council.

Delta Xi signed twenty-one members during the spring semester. Athletically, the chapter made a strong showing. The Pikes placed second in the all campus S.O.S. all night sports tournament. Pikes also won the Greek Cup soccer tournament for the third straight year. They also won the all campus Walleyball tournament as well as placing second in Greekfest.

AX DELTA CHI CHAPTER University of Nebraska-Omaha

Under the leadership of Academic Chairman Matt Chapman, the entire Fraternity raised its GPA. Over twenty percent of the members had a GPA over a 3.0, while five members got above a 3.5.

Philanthropy Chairman John Higgins set up a city-wide Easter Egg Hunt for children. Over 4,000 plastic eggs were filled with candy and prizes. Also, the Fraternity helped raise over \$10,000 in research money for the Cystic Fibrosis Foundation.

Delta Chi members were contributors to U.N.O.'s campus. Paul Crisman served as the representative for the College of Engineering; Wade Lewis and Matt Arnold represented the College of Business; and Jim Navin was the sophomore class representative. Brent Litjen was named vice president of IFC. Derrick Haliburton was athletic chairman for IFC.

In Athletics, the Pikes won five of the ten intramural sports. The Pikes lost in the finals in four of the five titles they did not win after completing undefeated seasons.

Delta Nu acquired a new chapter house at Wayne State University.

EB EPSILON BETA CHAPTER Valparaiso University

In February, Epsilon Beta Chapter assisted the Valparaiso Department of Parks and Recreation by directing traffic and runners during a 5K race.

Epsilon Beta proudly hosted their first Founders Day. The event had not been celebrated previously due to the fact that Valparaiso was on spring break on March 1. This year the chapter celebrated Founders Day a week after spring break. Speakers at the event included National Housing Officer Dan Corah, former Faculty Advisor Dean Kohlhoff, University Minister, Pastor Daniel Brockopp, and SMC Shane Hawkins.

Thirteen members of Epsilon Beta represent the chapter on varsity teams at Valparaiso.

EO EPSILON THETA CHAPTER Colorado State University

In January, Epsilon Theta Brother Brian Hite was named a first team member of USA Today's All USA College Academic Team. Only twenty students were selected from 1,253 nominees. Brian's achievements included establishing the Colorado student leaders as a full-time lobbying group. He also spent two weeks in Mexico as a volunteer, helping with economic development. Hite maintained a GPA of 3.4 as a microbiology major.

EA EPSILON LAMBDA CHAPTER Murray State University

Epsilon Lambda started off the spring semester on a strong note as they won the chapter excellence award, rush award, alumni award, and risk management award at the Cumberland Regional Leadership Conference.

The chapter elected Randy Privette as SMC. Tim Carroll received the Pi Kappa Alpha Man of the Year Award. Pi Kappa Alpha Brother of the Year Award was given to Dale Harp.

Epsilon Lambda continued to support the community by participating in the highway cleanup, Fingerprinting For Kids program, and sponsoring several car washes.

The chapter signed ten pledges in the spring semester.

EM EPSILON MU CHAPTER East Carolina University

Epsilon Mu ended the school year with a strong finish in the classroom. The chapter was awarded the IFC Scholarship Award for the spring of 1992. Hunter Meadows led the chapter with a 4.0 GPA. He received the IFC's

Epsilon Mu brothers Jon Hand (center) and Brian Hannon (right) present the gameball to the basketball official at the end of the chapter's "Walk to Wilmington".

Scholarship for the highest GPA among fraternity men.

The Pikes completed over 6,000 man hours while raising over \$22,000 for several organizations. One community service project was the "Walk-to-Wilmington" project. Chapter members dribbled a basketball 117 miles from Greenville to Wilmington. The event raised over \$3,500 for the Ronald McDonald House.

On campus, Brad Osborne was elected SGA Treasurer, taking over for chapter member Eric Hillard. Keith Tilgham, SGA Chairman of the Student Welfare Committee, was voted Legislator of the Month for February and March. Brian Miller served as secretary of the IFC. Epsilon Mu was recognized as IFC's most outstanding fraternity on campus.

ЕФ EPSILON PHI CHAPTER University of Central Arkansas

David Henson, nose tackle for the Central Arkansas football team, was selected in the ninth round of the National Football League Draft by the Phoenix Cardinals. Henson was a member of the 1991 All Pike Football Team and played a major part in Central Arkansas winning the NAIA Division I national championship.

ZM ZETA MU CHAPTER University of Idaho

The chapter was a fraction of a grade point out of being the top scholastic fraternity on campus. The chapter also placed in the top five in intramurals.

The leadership of Zeta Mu is evident throughout campus. Chad Gulstrom is vice president of IFC and a member of the Student

Alumni Relations Board. Brian Brigham is the president of BAC-CHUS. The IFC Public Relations Chairman is Dave Mink.

Zeta Mu received a \$1,000 grant from Zeta Mu special initiate Lionel Hampton at the annual Lionel Hampton Jazz Festival. The chapter also made arrangements to assist the Special Olympics through hosting a concert.

ZE ZETA XI CHAPTER Western Carolina University

The members of Zeta Xi built an observation deck over the volleyball court in time for the annual Pikes Peak competition. Six sororities competed for the right to have a mixer following the competition. The Sigma Kappas won and the event was a great success.

In the area of community service, Zeta Xi participated in a clean-up of the Tuskaseegee River. Brothers helped clean the river

and its banks. The chapter also participated in the Adopt-A-Highway program.

During the week of Greek Games, the Pikes took first place in the Tug-of-War, Chariot Race, track meet, and three-legged race.

During the weekend of February 12, Zeta Xi celebrated Founders Day. Brian Blackburn was the recipient of the second annual Robert L. Waters scholarship.

On campus, Shannon Elliotte was elected vice president of the Student Government Association.

ZIT ZETA PI CHAPTER University of South Florida

Zeta Pi had an excellent athletic record this year. The Pikes finished first in softball, soccer, basketball, and wrestling. In addition, Ted Eilbeck led the USF golf team and was a preseason All-American.

The chapter initiated 27 men in February, followed by great rush in which 17 men were pledged.

Chris Bray was elected SMC; Steve Whiting, IMC; Mike Powell, ThC; Sean Stone, SC; John Kulac, MC; and Matt Collins, Risk Manager.

In April, Zeta Pi teamed with Alpha Delta Pi Sorority and held their annual tennis tournament to benefit The Child Abuse Council, Inc. "Swing A Racket, Not A Fist" raised over \$1,000 for this worthy cause.

April was also the time for student government elections. Five senators and USF's attorney general are members of Zeta Pi.

ZP ZETA RHO CHAPTER University of North Dakota

Athletics were an area of great success for the men of Zeta Rho. The basketball team and hockey team both finished their respective seasons undefeated. At the varsity level, Craig Gillen was an integral part of the UND track team.

Community service was a source of pride for the chapter as the chapter continued its work with Big Brothers of America. The kids were taken to a hockey game with the assistance of Alpha Chi Omega Sorority. An Easter party was also held for children in the Big Brothers program.

Zeta Rho's executive council put together a study program in which any active or pre-initiate with less than a 2.5 GPA must study with a member that has a GPA above this mark for a minimum of two hours a week. Academic deficiencies have decreased by twenty percent as a result of such programs.

ZT ZETA TAU CHAPTER Eastern Kentucky University

Zeta Tau Chapter SMC Dave Braden was selected Scholarship Cabinet Director for Eastern Kentucky's IFC.

Spring found Zeta Tau involved in the

Adopt-A-Highway program as well as cleaning up caves south of Richmond, Kentucky. In a joint effort, the Pikes participated with Kappa Delta Sorority in an Easter egg hunt with 150 area children. The chapter also participated in phone-a-thons for the American Heart Association and EKU.

Zeta Tau was voted chapter of the month for January and February by the IFC.

Doug Leopold was elected vice president of the student body. David Braden was selected Greek leader of the month for February by IFC. Howard Gillespie was elected president of Public Relations Student Society of America. Chuck Cash and Bob Bacon made the University LaCrosse team.

HA Clemson University **ETA ALPHA CHAPTER**

Eta Alpha held its Founders Day celebration on March 7. A formal was held at the Holiday Inn. The alumni receivership board was honored as well as the housing corporation. National Historian Jerry Reel (Eta '57) delivered the keynote address. Chapter Advisor Joe Nelson presented the Jerry Reel Leadership Award to both Brad Hughes and Derrick Pierce. The Colonel Robbins Scholarship award went to Demetrios Maharamas.

At the regional conference, Eta Alpha received the most improved chapter award and the participation award. Eta Alpha will host the 1993 Carolina's Regional Conference with Mike Nardozzi serving as vice president of the region. Nardozzi, David Poe and Nate Manning were selected to serve on the Student Alumni Council. Chris Peters and Bryan Aiken were selected to serve as "Tiger' mascot and head cheerleader respectively.

THETA EPSILON CHAPTER Northeastern State University

Community service was a record-setting area for Theta Epsilon. The chapter set a new record with 4,000 man hours which was enough to capture the NSU Community Service Award and the Arkoma Region Community Service Award.

In other regional news, Theta Epsilon won the Arkoma Region Rush Award and Greg Deitz was elected regional vice president.

On campus, the Pikes won Greek Week for the eighth time in the last nine years. Clinton Wallace and Rob Hudson were recognized as two of the top ten Greeks at NSU. Hudson was also selected as Outstanding Senior of the Month for NSU. Brandon Gilliland was recognized for his contributions to IFC. Theta Epsilon received its first rating of excellent since its founding in 1975. Shane Stewart was elected vice president of BACCHUS and Lorne Carter was elected parliamentarian for **IFC**

Chapter Advisor Dr. Charles Justin Noble was honored by the chapter upon his retirement from serving as an advisor. Noble had served the chapter for nine years and was the first initiated into Theta Epsilon's Tom

Thomas Alumni Hall of Fame. The Dr. Charles Justin Noble Award, named after him, is awarded to the outstanding graduate of the

THETA KAPPA CHAPTER Indiana University Southeast

As a service to the community, Theta Kappa took on the responsibility of keeping two miles of an Indiana highway clean. In adopting the highway, the men of Theta Kappa accepted the task of cleaning the highway, which runs in front of the campus, four times a year. Recognizing that the polluted road detracts from the beauty of the campus, the chapter took action.

In other areas of community service, the chapter raised the most money of any campus organization for the United Way. The chapter received an award from the United Way at an appreciation luncheon.

THETA XI CHAPTER East Texas State University

Several members of Theta Xi received top honors at the ETSU all-sports banquet. Mike Meador was recognized by the university with the J.V. Sikes Award. The Sikes award is the most prestigious award given to an ETSU football player. Meador, ETSU quarterback, led the team to the NCAA Division II national quarterfinals. Criteria for the award includes such attributes as leadership,

scholarship, and achievement. Meador has been a major part of Theta Xi's community service efforts with his involvement in various programs, including the "Drug Free Commerce" program and speaking to youth in the public schools. Meador recently signed with San Antonio of the Arena Football League.

Another Theta Xi member being honored at the banquet was Ryan Watson, most valuable player of the men's track and cross country teams. Paul Berry of the football team was also honored at the football banquet by head football Coach Eddie Vowell.

THETA PI CHAPTER

University of Alabama-Huntsville

Theta Pi celebrated Founders Day March 21 at the Huntsville Hilton. During the event, the eighth annual William M. McKissack Award was presented to Christopher D. Jones of Eta Kappa Chapter at the University of South Alabama. Robert Paul Wallingsford was runner-up. The award is in honor of Dr. Bill McKissack's 60 years of devotion to the Fraternity,

and is given to an active member of an Alabama chapter who has outstanding accomplishments in academics and leadership. Aside from these qualifications, to be considered for the award, one must be a resident of Madison County.

THETA SIGMA CHAPTER Winthrop College

Chapter Advisor Bill Berry was named Chapter Advisor of the Year at the Carolinas Regional Conference.

Thanks to the efforts of Jason Howard and the alumni committee, many alumni attended the alumni weekend in February. During this time, a housing corporation meeting was held.

Winthrop's homecoming week was held February 11-15. Theta Sigma was a prominent participant in the week as the chapter won four of the five competitions held for campus organizations.

Theta Sigma was also present in campus activities. Trae Barnes was elected SGA public prosecutor; Michael Anderson was elected SGA public defender; Derek Carlson, Jeff Revels and Jeff Melitio were named oncampus student senators; and Matthew Irick and Fred Moore were named off-campus student senators.

Approximately 2,000 hours of community service hours were completed during the semester. The chapter took part in programs Continued on next page

Theta Kappa Chapter at Indiana University Southeast served the community by maintaining a two mile stretch of highway.

such as the Big Brothers, Adopt-A-Highway, and a homeless shelter.

Theta Sigma's Bike-A-Thon left the Winthrop campus on March 5, and finished at the Memorial Headquarters in Memphis on March 10. The event covered over 650 miles in 60 hours. Each participant biked over 18 miles. At the Headquarters, the chapter presented a check for \$2,000 to a representative from the American Cancer Society.

THETA UPSILON CHAPTER Tennessee Tech University

Tennessee Tech University named Theta Upsilon the top fraternity on campus for the third time in the last four years. The chapter placed second in the fraternity GPA competition and took second in the All-Sports competition.

Theta Upsilon held the Garnet Cotillion April 10-12 in Atlanta. Events included a trip to Six Flags, the underground mall, and sightseeing. Awards presented at the dinner included pledge of the year, Brian Buck; scholar of the year, Benny Romero; athlete of the year, Brian Parker; committee head of the year, Steve Ballard; alumnus of the year, Steve Dickens; and brother of the year, Kevin Wampler.

The Pikes at Tech remained committed to campus activities. Nine members served in the student senate and one member was a supreme court justice. Several chapter members were inducted into Omicron Delta Kappa, Mortar Board, and Phi Kappa Phi.

THETA PSI CHAPTER Chapman University

The men of Theta Psi won Greek Week for the eighth time in nine years. The chapter also coordinated the largest campus food drive in five years, collecting over \$1,000 worth of food for Orange County Volunteer Services.

IOTA GAMMA CHAPTER Nebraska-Kearney

Iota Gamma achieved its goal of over 2,000 hours of community service.

The Pikes established a strong tradition of chapter members serving as leaders of the campus community. Jay Johnson was vice president of the student body; Bryce Gartner was president of Mortar Board; Andy Rathjen served as vice president of Mortar Board; and Larry Straghting was IFC social chairman.

IOTA DELTA CHAPTER Rose-Hulman Institute of Technology

Once again, Iota Delta was one of only two Rose-Hulman fraternities with a grade point average higher than the all-men's average. Seventy percent of the chapter had above a 3.0

Iota Delta will have a member competing at the Olympic Trials for the 1992 summer games in Barcelona, Spain. Elihu Feustel finished sixth at the Great Lakes Sectional Qualifier. This made Feustel eligible to compete at the Olympic Trials for the right to be a member of the United States Fencing team.

The brothers of Theta Psi Chapter at Chapman University are pictured here with Brother Don Sodaro (Beta Eta '56) (front, center), who contributed to the construction of the new Pralle-Sodaro Residence Hall at the Orange, California campus.

The Fencing Trials are June 6-14 in Dalton, Illinois.

Matt Morin, a senior with a double major in mathematics and applied optics, advanced to the national collegiate wrestling championships, but lost to the eventual champion in the second round.

Iota Delta participated in the Adopt-A-Highway program. They also raised fivehundred dollars for Life-Line of Terre Haute, an airborne emergency rescue program.

IOTA ETA CHAPTER ■ University of Nevada-Reno

Iota Eta began the semester on a solid note by winning the Most Improved Chapter Award and the Rush Award at the Golden West Regional Conference.

The chapter was the largest on campus with 67 members. Using the leadership of Diaz Dixon, Richard Blut, and Brian Lessinger, Iota Eta was able to win its second straight basketball championship. The chapter also won the eighth annual Greek Olympics.

Iota Eta made substantial contributions to the community. The brothers held their second annual three-on-three basketball tournament to benefit the local M.D.A. chapter.

IOTA OMICRON CHAPTER Santa Clara University

Iota Omicron welcomed the 26 members of its Zeta pledge class this past spring. This was a needed addition to the chapter with the graduation of 30 seniors this past spring. This pledge class brought men together who were involved in such activities as the student senate, rugby, LaCrosse and ROTC.

Community service efforts were increased by the chapter as concern was devoted to underprivileged children.

The Golden West Regional Leadership Conference saw Iota Omicron take home the award for campus involvement.

During the spring, two chapter members were selected for recognition as Pike of the Month by the National Headquarters. James Gonzales received the honor in January and Michael Foley won the award in March. Gonzales developed the chapter's pledge program and Foley was listed in USA Today's tribute to the "best and brightest."

BETA TAU COLONY University of Michigan

The Beta Tau Colony celebrated Founders Day on March 14. Alumni from Beta Tau and other chapters were in attendance for the occasion. Will Keim, a nationally renowned speaker, was in Ann Arbor for the Greek Leadership Conference. Keim took time from his Ann Arbor visit to deliver the keynote address at Founders Day. In his speech, Keim emphasized the need for the Greek system to focus on its positive aspects while working to

Community Service Accolades

Throughout the spring of 1992, Pi Kappa Alpha National Headquarters received letters letters and news clippings commending our chapters for their efforts in the area of community service. The following letters are examples of such recognition.

ALPHA XI CHAPTER UNIVERSITY OF CINCINNATI

April 9, 1992

To: Raymond L. Orians Executive Vice President Pi Kappa Alpha Fraternity

Our chapter just completed one of its major special events — The Super Cities Walk — to raise important and needed dollars for Multiple Sclerosis services and research. The Walk involved over 3,000 participants, at least 150 volunteers, and had a goal of \$200,000.

Volunteers are the key to the success of our Walk. One of the outstanding groups of volunteers helping us was the local Pi Kappa Alpha Fraternity. Last year and again this year they pitched in enthusiastically and served up lunch to 3,000 hungry walkers. We simply could not manage such an event if we didn't have the help of people such as those of Pi Kappa Alpha. What a wonderful difference they made and how grateful we are! There is no question that we are fortunate indeed to have their support.

Sincerely, Louise B. Koetters Executive Director National Multiple Sclerosis Society Cincinnati, Ohio

ZETA TAU CHAPTER EASTERN KENTUCKY UNIVERSITY

March 11, 1992

To: Raymond L. Orians Executive Vice President Pi Kappa Alpha Fraternity

The Pi Kappa Alpha Chapter at Eastern Kentucky University recently participated in Phonathon '92, a five week campaign designed to contact over 27,000 EKU graduates for pledges to the Annual Fund. The goal of Phonathon '92 was \$105,000; and thanks to the hard work of the students who volunteered to call, we exceeded this goal by raising a record-high \$107,641.

The students who called demonstrated leadership, dependability, and initiative by volunteering their time and energy to the University, and I wanted you to know of their exemplary service to Eastern. Certainly, Phonathon '92 would not have been possible without their help.

Sincerely, Hanly Funderburk Eastern Kentucky University

IOTA GAMMA CHAPTER UNIVERSITY OF NEBRASKA/KEARNEY

March 2, 1992

To: Jaret Waite Pi Kappa Alpha Fraternity University of Nebraska/Kearney

We would like to thank you and Pi Kappa Alpha Fraternity for supporting this year's Cans Festival at the Hilltop Mall in Kearney which has again proved to be a success. The Mid-Nebraska Food Bank would like to thank you for your organization and hard work . . . A total of 7,342.5 pounds of food . . . calculates to feeding over 225 families of four for a week. All food . . . will be made available to member agencies in Kearney and Buffalo counties. All monetary donations will be used to help with operational costs and food acquisition for use by the bank's total membership.

Mid-Nebraska Community Services, Inc. and the Mid-Nebraska Food Bank would like to thank you, Jaret and Pi Kappa Alpha Fraternity for the support given, and we hope that you will continue to support the Mid-Nebraska Food Bank.

Sincerely,

Karen K. Lueck George Quinn Executive Director Development Director Mid-Nebraska Community Services, Inc.

eliminate the elements which constitute the negative side of Greek life.

TT GAMMA GAMMA COLONY University of Denver

The members of Gamma Gamma continued to hold the highest overall GPA of any organization at the University of Denver. The chapter had a cumulative mark of 3.25.

Pikes were involved in many capacities on campus. Josh Deutsch was elected chairman of the Freshman Leadership Apprentice Program. Franz Wuerfmannsdobler was selected to be a co-chairman for the University's Orientaion and Registering (SOAR) program. Tim Lewin was selected to serve on the SOAR staff. Amil Musgrove was selected for a part in the play "The Ugly Duckling."

In March, the chapter assisted the Woman's Library Association by moving over 600 books from the University to a local shopping mall. The books were sold in a fundraiser for the University's Penrose Library. This was the second year Gamma Gamma participated in this project. The chapter also took disadvantaged youths to a Denver Nuggets game.

Pi Kappa Alpha Custom Clubs

These inimitable persimmon clubs have been hand made for the brothers of Pi Kappa Alpha by the Bert Dargie Golf Company.

For 83 years, four generations of Dargies have been hand crafting golf clubs for the greatest players in the world. Now, the brothers of Pi Kappa Alpha can show their fraternal pride while playing the game they love.

Passing the Baton

In August 1990, Dr. Jerry W. Askew (North Carolina, Tau '73) was elected to the position of national president by the delegates to the Chicago National Convention. As Dr. Askew prepares to turn over the reins of office to his successor at the 1992 National Convention in Phoenix, the Shield & Diamond asked him to look back on his term and comment on the future of the Fraternity.

You have two months left in your term as national president. What are your thoughts as you head down the final stretch?

Obviously, I feel very good about · many of the things the Fraternity has been able to accomplish over the last couple of years, but I also have to admit to the frustration that comes with an agenda that has not been completed. So, I really have mixed emotions. I continue to be amazed at the things that are going on at the chapter level; the quality of the young men who we are attracting to the Fraternity in terms of their leadership skills and their values continues to impress me, and I feel very good about the future of the Fraternity. The last two to five years have been a watershed for the Fraternity, as we have had to confront directly some important questions, and I think we have come to the right answers.

You mentioned frustrations; what have been some areas of frustration for you and what parts of the agenda have you not been able to address?

I think the areas that I am most proud of are also the areas I'm most frustrated with. I think we've taken enormous strides in the area of risk management, but incidents continue to occur. We've done a fine, fine job in getting our student members to think in terms of membership versus pledge education. But we still have a long way to go before this concept is fully integrated into

chapter programming. I think that we're still far behind where we need to be in terms of the relationship between the chapters and their alumni. I think there are some nuts and bolts areas that we continue to struggle with. We seem to be reinventing the wheel a lot. Those are frustrations, but on the other hand, we've really made great strides in a lot of key areas, and I think we're getting better.

Have you picked specific areas of the agenda that you would like to complete in these last few months?

I really haven't thought of it in those terms. My primary goal in my last few months in office is to make certain the Fraternity is in good shape for the next Supreme Council; to take a good hard look at the finances and make sure that we're making good decisions as we look at the budget for the coming year; and to assist the staff in preparing a quality National Convention so the students and alumni who come will have the opportunity to enjoy a positive Fraternity experience.

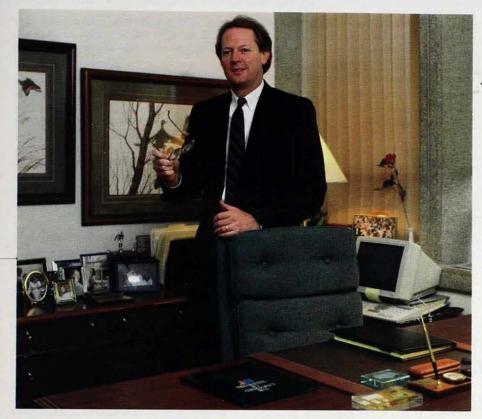

Is there one accomplishment/highlight of your term that serves as a great source of pride for you?

There is absolutely no question that the highlight of my term has been interacting with the members of the Fraternity across the nation; getting the chance to meet the undergraduates and alumni who really are the essence of the Fraternity. What happens in Memphis and what we do at Supreme Council meetings is important, but the bottom line is that if the brothers across the nation are having a positive brotherhood experience, then the Fraternity is accomplishing its mission. Programmatically, I'm most proud that we've continued to get our chapters to focus on the centrality of ethics and values to what they do. My impression is that there

is a good deal more conversation in the chapters about ethics and values. I think people are asking some of the hard questions about what they do: Are the activities of the chapter consistent with the Ritual? Are the activities of the chapter portraying what the true values of the members are? I think those are good conversations. I don't think we asked, up until the last few years, why we do what we do — we just simply did it. And until you know why you're doing what you're doing, it's going to be difficult to determine whether you are doing the right thing.

How do you think you're going to look back on your days as national president?

I don't view my role as president in a · vacuum. I would prefer to say that I happen to have been the chairman of the board during a time in which the Fraternity accomplished things or at a time during which the Fraternity dealt with certain challenges. More specifically, though, I think I'll look back on my time as a period when the Fraternity did not grow as much as it should have. And a big part of that is because we closed a good many chapters that did not meet our expectations. The Fraternity has made some statements very loudly and clearly about gentlemanly behavior and the Fraternity has set a high standard for what's acceptable. Those chapters that chose not to live up to those standards were simply closed. So, I think as I look back, I'll be a little frustrated that we didn't grow as much as I think we could have, but the up side is that the reasons we didn't grow were good ones. I think history will show this was a time when the Fraternity was called to action, and the members responded by attempting to live their lives in such a way as to have people describe them as good citizens, and as gentlemen, and as scholars and as people of good faith. I hope people will look back and see this was a time when I and the other members of the Supreme Council called upon the chapters to take the high ground.

Dr. Jerry Askew is a 1973 initiate of Tau Chapter at the University of North Carolina. As an undergraduate, he served as Tau Chapter SMC, Carolinas regional vice president, and undergraduate vice president on the Supreme Council. As an alumnus, he has served as chapter consultant, director of chapter services, Great Lakes regional president, chapter advisor, and as a member of the Educational Advisory Committee. He served two terms as national vice president before being elected to the position of national president at the Chicago National Convention in 1990. Dr. Askew is dean of students at the University of Tennessee-Knoxville.

Have there been any individuals who have been influential in your decision-making process or how you approached the role of national president?

That's a hard one. There are literally scores of people to whom I look to for guidance. The members of the Supreme Councils I've had the pleasure of serving on have certainly been influential; this term's group has been extraordinary. I really couldn't pick one person, but I can tell you that I have confided in several past national presidents, and they have been extremely helpful to me.

You've experienced just about every level of involvement in the Fraternity. Has there been one area that was of particular significance to you as national president?

Actually there have been two. Being a chapter advisor and being a chapter consultant were the two most helpful. As a chapter advisor, you see the Fraternity in a truly unique way that is really not possible for anybody else. The role of chapter consultant helped me in knowing what is *possible*. It's nice to dream, but one has to understand the resources which the national organization

can actually bring to bear on any chapter level issue.

Were there individuals within the Fraternity whom you found inspiring?

I was most inspired by a number of young leaders in the chapter who were willing to take the tough stands even though it was going to make them very unpopular and was going to cause them to have a lot of personal discomfort. They stood their ground anyway, and made the tough decisions. The other group that inspired me was the long-time alumni of the Fraternity. When I meet a person who's in his 60s, 70s, 80s, who has remained active in the Fraternity, despite the fact that there is little tangible reward for doing so, I am inspired.

Has being National President been the experience you expected when you assumed the duties in Chicago, or have there been some surprises along the way?

I think that because I had spent two terms as a national vice president as an alumnus and a term as an undergraduate vice president, I was fairly well versed in the

tasks a national president has to perform, so I wasn't surprised there. The thing I continue to be most amazed by is that people actually listen to what the national president says. I've spoken at regional conferences, at Chapter Presidents Conferences, Leadership Academies, and at Founders Days. I've been amazed at the letters I've gotten from students. The letters that have come back from undergraduates, primarily, have said, "Gosh, I didn't know anybody else felt that way; I didn't know that it was okay to be upset because some of the things that are going on shouldn't be going on." I even had one brother write me a letter who said "I remember at the Chapter Presidents Conference, you said we ought to love our brothers enough to tell them the truth. I went back to my chapter and told the truth to some of my brothers about their alcohol abuse and it worked. They got some help." And I went "Wow! Somebody listened." The impact of that on me was that it made me realize it is an awesome responsibility to stand in front of 300 people and know that some of them are actually going to listen and try to put into place what you say they ought

So, what that did for me was force me to put substance into anything I say. Before each speech, I ask myself, "If people were to actually go out and do what I'm suggesting, would it be good for them as individuals and would it be good for the Fraternity?"

You mentioned risk management being one of our challenges of the moment. What do you see as the upcoming challenge for Pi Kappa Alpha in the next few years?

I think the biggest issue we are going A to have to deal with for the rest of the 90s and perhaps into the early part of the 21st century is the issue of relevance. I think we're moving in the right direction on risk management. I think we're starting to ask the right questions on ethics and values. I think we're reestablishing our relationships with alumni. I think we are doing many things right in terms of the processes of the Fraternity. What worries me most is that our campuses are going through a change. Students in the 90s, much like the 60s, are going to demand that institutions and their affiliates be relevant to the issues they think are important. Either we are involved in saving the environment or we are not players. Either we are involved in the governance of our institutions or we are not players. Either we contribute to the struggle that college students are having in their spiritual lives or we are not players. The list goes on. Either we are going to be relevant to what's important or we're going to go through another period much like the 60s where we were on the fringes. I guess one of the ways I've said it in some of my speeches, is that community service, for example, is going to have to become one of our Continued on page 22

reasons for being rather than something we do so that we can fill out a year-end summary. We are going to have to focus on doing the right thing because it is the right thing to do rather than because it's going to win awards for us. We're going to have to implement our membership education programs in such a way that the Fraternity remains relevant throughout the undergraduate years and beyond or we are going to be reviewed as silly social clubs for freshmen that people grow out of. Again, though, I truly believe that we are moving in the right direction.

How have your duties as dean of students interacted with being president of a national fraternity?

There certainly have been some conflicts. I mean, when you go to a proable to survive this devastation to their family. That's what fraternity is all about.

How do you see your role once you become a member of the Council as a past national president?

I think I would like to be available to the new president. The difficult thing for me is going to be keeping quiet. I want to make absolutely certain that I do not in any way unduly exert my influence in the operations of the new Supreme Council. On the other hand, there is no substitute for experience, and I hope that I will make it readily apparent to the incoming president that I am there to serve as a source of support and as a source of advice to whatever degree he deems appropriate. I don't think that my responsibility as a representative of the

If the next national president were to pull you aside and say "any advice?" What would your response be?

Number one, focus on the big picture.

Do you have any idea what your

thoughts will be in Phoenix when you

There will be a certain amount of relief

at being able to pass on the baton, just

officially become past national president?

like any good relay runner feels. On the other

hand, I think that I would be less than honest

if I said I didn't have some unfinished busi-

ness, and I hope the next Council will pick

up on things we weren't able to accomplish

this year. But, I think our accomplishments

are such that the groundwork has been laid

for future Councils.

Number one, focus on the big picture.

It's very easy to get bogged down in the day to day crises which inevitably arise and to lose sight of the goals which you and your Council said they were going to attempt to accomplish during your term. Two, listen to the undergraduates. Three, value your staff. The Fraternity is blessed with an extremely competent and committed staff.

What about the person out there reading this article who asks "How can I get involved?" What's the way for someone who's looking to get back in with the Fraternity to make an immediate impact?

I think the very best, most effective and quickest way to get involved is at the chapter level. The undergraduates never have enough alumni guidance. An alumnus who is willing to put in the time as a member of a chapter advisory board, as a member of a house corporation, as a leader in a local alumni association can have an immediate effect on the lives of the undergraduates — those are the people who do not get the attention at the National Convention, those are the people who do not always get their picture in the Shield & Diamond, but those are the people who make the difference at the most fundamental level.

Do you have a graduation address for Pi Kappa Alpha class of 1992? What would be the essence of what you would like to say to them as they move out of college and into their lives as alumni of Pi Kappa Alpha?

Before you leave, go back and read the Ritual, refamiliarize yourself with the promises you made and try as hard as you can to live in such a way to bring honor and glory to phi phi k a. If we really do believe in those words, then we will live our lives in such a way as to represent the Fraternity well, and our lives will be fulfilled.

We are going to have to focus on doing the right thing because it is the right thing to do rather than because it's going to win awards....

- Dr. Jerry W. Askew

fessional conference, it's not unusual to get bombarded by deans from other schools where we have had difficulties. The interaction has been positive. It has helped me in difficult situations we've had with universities to be able to understand where both sides are coming from, and that's helped me form more appropriate responses. It's also helped me understand the resources which our host campuses can bring to bear on our chapter problems.

I know we discussed accomplishments and highlights of being the national president, but is there one memory that is special to you?

Perhaps the most moving time would be the St. Josephs's chartering, when we initiated the father of one of the initial twelve colony members who had died. I would be hard-pressed to name a more moving experience than that. Initiating this father into the Fraternity and having him say, point blank, that were it not for the members of the chapter, he and his wife would not have been

National Fraternity stops just because I go out of office, and I hope that I can live my life in such a way that people will look at me and say, "he is a person that is worthy of being known as a national president." It's a responsibility that I hope I can carry out by being a good father, by being a good husband, by being a good, sound professional and by living my life in a moral and ethical way that will live up to the promises I made when I was initiated back in 1973.

Looking ahead, do you have any idea what you would like to do in the Fraternity?

It's hard to say. In the short term, there are things I need to take care of personally, but down the road, I think that continuing to work with the Educational Advisory Committee and continuing to work with the whole membership education program is something that interests me and something I would really like to do, but I see that down the road a bit.

Jeff E. Roberts '86 with Hubbard Construction Company in Orlando, Florida, married Lucy Carter Morse on December 22, 1991.

Founders Day On Capitol Hill

Over 135 alumni and undergraduates representing thirty-five chapters joined in the twenty-second annual Congressional Founders Day Celebration. This event honored Pi Kappa Alpha's nine brothers in the Second Session of the 102nd U.S. Congress.

U.S. Senators Strom Thurmond (Xi '59) [SC] and Thad Cochran (Gamma Iota '50) [MS], along with Congressman Pat Roberts (Alpha Omega '55) [KS], kicked off the reception and banquet held in the Rayburn House Office Building on Feb. 27, 1992.

Pi Kappa Alpha's Past National President and Past President of the Educational Foundation William N. LaForge (Zeta Beta '65) emceed the program and current President of Pi Kappa Alpha's Educational Foundation Thomas C. Tillar (Epsilon '71) delivered the keynote address. President of the Washington, D.C. Area Alumni Association Joe Pavelka (Gamma Beta '34) coordinated the program and Congressman Pat Roberts was the sponsor of the event.

Senator Strom Thurmond spoke to the alumni, urging them to express their views on domestic issues before the Congress. Educational Foundation President Tom

From left: Brother Michael J. Kluzinski (Delta Beta '75) shakes hands with Senator Strom Thurmond (Xi '59).

Tillar focused his address on alumni supporting scholastic achievements and leadership training.

Also in attendance were National Vice President F. Anderson Morse (Gamma '76), Pi Kappa Alpha Educational Foundation Executive Director Jeffrey M. Abraham (Delta Tau '72), Delta Psi Alumni Association President David A. Crow (Delta Psi '72), Delta Eta Corporation President Ervil J. Francis (Delta Eta '68), Delapike Educational Foundation President Ralph A. Olivier (Beta Theta '72), Delta Eta Chapter Advisor Robert P. Tkachick (Delta Eta '75),

From left: Senator Thad Cochran (Gamma Iota '50) and Congressman Pat Roberts (Alpha Omega '55) attended the celebration.

Delta Psi Chapter Advisor Joseph E. Melanson (*Delta Psi '83*), Delta Alpha Chapter Advisor S. Woodruff Bentley (*Epsilon Alpha '58*), and Delta Psi Foundation President Paul A. Rizzo (*Delta Psi '80*).

Delta Alpha Chapter from George Washington University was recognized as the largest group in attendance with thirty members present.

The 1993 Congressional Founders Day Celebration is scheduled for Thursday, February 25, 6-10 p.m., at the Rayburn House Office Building, Banquet Rooms B-338-340.

News of BYGONE DAYS

25 Years Ago.... Executive Director Earl Watkins entered the Chapter Eternal on April 29, 1967. . . The Memorial Foundation's Project Centennial passed the \$100,000 mark after only nine months. A goal of \$250,000 was established for the increase of scholarships and fellowships . . . According to a note from Alumni Newsworthies, "The ladies are watching Fess Parker. A secret poll reveals that 10,000,000 persons are looking at the Daniel Boone series - but his two kids are not among 'em. The young Parkers are tuned in to Batman at that hour."

50 Years Ago... "The hundreds of ΠΚΑ's who have recently entered the military service as commissioned officers will find helpful advice and much valuable information in The Officers Guide, a new manual published by the Military Service Publishing, Co., of Harrisburg, PA" . . . "Frankie Sinkwich (Alpha Mu '41), All-America halfback, and Miss Adeline Weatherly, 19 year-old dancer and student at Ogelthorpe University, went into huddle in mid-March and ran a play which resulted in a matrimonial touchdown."

75 Years Ago. . . . The Sixth Biennial Convention dominated the pages of the June 1917 issue of the Shield & Diamond. "Be it resolved that we, Pi Kappa Alpha Fraternity, in convention assembled, express our sincerest appreciation to Brother Howard Bell Arbuckle for the most efficient manner in which he has conducted the business of the Sixth Biennial Convention" ... At the Convention banquet, Arbuckle presented Robert Adger Smythe with the "Smythe Cup" for his 28 years of service to the Fraternity. . . Elbert P. Tuttle of Cornell University, was Beta Theta's delegate to the convention

100 Years Ago.... An editorial on approaching commencement exercises was in the July 1892 issue of the Shield & Diamond. "Promises of visits, of communications, are on our lips, our eyes are dimmed with tears, as with choking voice we say: God bless the noble II's of '92 - farewell!" ... Rev. Bro. Theron Hall Rice, Jr., was installed as pastor at the Alexandria, Virginia church. "It is a great compliment to his ability that such a young man as he is, should have been called to so responsible a charge."

Founders Day Banquet in Cleveland Successful for Gamma Omicron

SMC Brad McLaughlin addressed the audience at Gamma Omicron's banquet.

Over forty Ohio University Gamma Omicron alumni and their wives attended the Founders Day banquet held on February 29 in Cleveland, Ohio. In attendance were members from every decade, from the 30s on up to today's undergraduates, including newly elected SMC Brad McLaughlin.

Gary Croy ('58) gave his paper on the history of the chapter from 1930-35. Gary teaches history at Berea High School and has been researching the chapter since its Tau Sigma Delta local days.

Clarence 'Doc' Bryan ('30) was awarded the Dave Ritchey Award for continued alumni support, community service and business excellence. He and his son, Bill Bryan ('61), own Cuyahoga Savings. Nancy McCullough, wife of John McCullough ('58), was awarded the second annual Outstanding Women of Gamma Omicron Award

Communication and Diplomacy

Brother Franklin S. Forsberg has spent a lifetime reaching people with just the right touch.

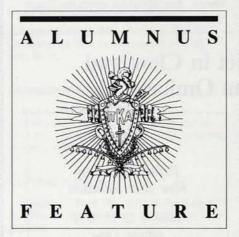

ranklin S. Forsberg, currently a trustee of the Pi Kappa Alpha Educational Foundation, came to the Fraternity through Alpha Tau Chapter at the University of Utah in 1928. Having grown up at 13th East and 4th South in Salt Lake City, across the street from the campus where his father worked as superintendent of buildings and grounds, it was only natural that he would attend the University of Utah. On the way to earning a bachelor of science degree in economics in 1930, Forsberg served Alpha Tau Chapter as SMC and held many leadership positions on campus.

Although a Shield & Diamond article published in July 1942 described Forsberg's college major as "social life," his academic background was excellent, earning him admission to New York University's graduate school of business. Receiving his M.B. A. in 1931, he stayed in academics as an instructor in NYU's graduate school. During the early 1930s, Forsberg taught economics, marketing and sales courses at New York University and Pace College. Also during this time, he conducted his own market research organization.

Forsberg joined the financially troubled Street and Smith Publications as a vice president and director in 1937. Soon after joining Street and Smith, he helped reorganize the large paperback book publisher and began two new magazines, *Mademoiselle* and *Charm. Mademoiselle* is still published and widely read. *Charm*, which was aimed at working women at the time, eventually merged with *Glamour* magazine, which is still very popular. With *Mademoiselle* and *Charm* selling strong at the news stand, Forsberg left a solidly performing publishing company in 1942, when another organization facing a great challenge decided he was their man.

In 1942, Forsberg was appointed colonel in charge of information and educational activities in the United States Army. This assignment made the most of his publishing, organizational and motivational skills. In addition to producing the ever popular Stars and Stripes, he launched what would become the most popular publication among G.I.s during World War II. Yank, the first world-wide publication, was to be a paper written for and about the Army doughboy. Not only would officers and political leaders not be the subjects of articles, they would not edit or influence the

publication. This put Forsberg, an officer, in a delicate position. He pulled it off, though, with characteristic effectiveness. Delegating tasks to his twenty-five enlisted associates, he made *Yank* a project of his staff and the result of the soldiers' hard work.

Although Forsberg's military operation was based in New York City, his job took him thousands of miles and into several theaters of war. To accomplish the task of distributing Yank weekly to soldiers around the globe, he had to not only coordinate the activity of his staff in New York, but also keep in touch with his constantly moving group of 2,500 stringers world-wide. Furthermore, he had to get the paper published in places like Tokyo and Tel Aviv and distributed to a constantly shifting audience. It was a task he was able to meet: in fact, his staff even beat the Army to Tokyo.

In addition to Yank and Stars and Stripes, Forsberg had the additional responsibility of publishing Outfit, a monthly magazine that was sent to military hospitals. Also, he was responsible for the distribution of phonograph records called V Disks. On top of all this, he directed the publication of more than 35 Guides to Foreign Countries, for use by men stationed or fighting overseas, the production of various morale films and portions of Armed Forces Radio and the Army News Service.

Upon the conclusion of his service in 1946, he was honored by the United States with the Distinguished Service Medal. Forsberg was further honored by Great Britain when the King of England made him an Officer of the British Empire.

Amid all the action of World War II, as he created cooperative relationships among his colleagues, Forsberg forged the most important partnership of his life. On January 15th, 1940, Forsberg met Miss Ann Rountree. Miss Rountree had arrived in New York City from her native South Carolina to be tested for a movie. Although she had planned on returning to South Carolina after a brief stay, "all of the excitement and numerous opportunities that came suddenly my way led me to persuade my mother to let me stay a while longer with my sister." As a young model in New York City, Miss Rountree was "quite busy with my film, radio and fashion show life," when she met Forsberg. The two made a good match and married on January 15, 1944, exactly four years after they met.

Although the war years were difficult, with Forsberg traveling extensively and Mrs. Forsberg longing for a calm life in the country, the Forsbergs made the best of it. Finally, as Mrs. Forsberg explains, "at war's end, we moved to a Connecticut home we had bought and were blessed with a family of three." That family of three, which included daughter, Kristin, and sons, Lars and Erik, has grown during the intervening years to include three grandchildren.

In 1946, Forsberg left the Army and returned to Street and Smith as vice president and publisher of *Mademoiselle* and *Charm*. In 1948, he joined Liberty Magazine, Inc., as president, publisher and director.

In 1950, he and a partner founded Forsberg-Church, Inc., a firm which provided consulting services to publishers. He served as president until 1955, when, at the request of a personal friend, he assumed the helm of yet another struggling publishing company. To this day, Forsberg, with characteristic humility, says he's not sure if he "killed it or cured it," but those who still read Popular Mechanics will probably agree that his tenure with Popular Mechanics Publishing Company in Chicago was successful. In 1959, he returned to his adopted home of New York City to assume the post of executive vice president and director of Holt, Rinehart & Winston, Inc., the publisher of such magazines as Field and Stream, Popular Gardening, New Homes Guide, Home Modernizing Guide and several annual guides in various fields. His tenure

with Holt, Rinehart & Winston, which would last until 1972, would be the last time Brother Forsberg worked for some else in the publishing industry.

In 1973, he founded Forsberg Associates, Inc. Through this firm, which now has offices in New York City and Washington, D.C., Brother Forsberg has continued to influence the publishing industry as well as the media industry in general. His firm continues to provide consulting services to book, newspaper and magazine publishers as well as radio and television organizations. Forsberg Associates also produces trade shows and represents writers and authors.

As with his tenure at Street and Smith, he interrupted his work at Forsberg Associates to answer the call of his country. In 1981, Forsberg was appointed United States Ambassador to Sweden. As the first Swedish-American to hold the post, he took yet another challenging assignment, to thaw the cool relations between the U.S. and Sweden. It would be no easy task. Diplomatic relations between the two countries had been chilled since Sweden's objection to U.S. policy in Vietnam. Also, Sweden had accepted a large number of draft evaders during that difficult time. Brother Forsberg knew he had a tough job ahead of him. He also knew how he would accomplish his object communication at the grass roots as well as the ceremonial level. Forsberg had a distinct advantage in this regard; he is fluent in Swedish and, through his work with the Swedish-American Chamber of Commerce, was close to the Swedish business community.

Arriving in Stockholm in January of 1982, his first official act was to present himself, according to protocol, to King Carl XVI Gustav of Sweden. As Forsberg recalls, "It was hard to hold back the tears. I kept thinking of my parents and felt more grateful than ever for my heritage. Sometimes it's easy to forget just how blessed we are."

During his four years as U. S. Ambassador, he traveled extensively throughout Sweden and became acquainted with Swedish people at various levels of business and government. His first trip into the field took him to his father's home of Horndal in Dalarna province. He and his wife also traveled to the Swedish island of Gotland, his mother's home.

Franklin S. Forsberg (Alpha Tau '28)

In addition to his plan to travel extensively in Sweden, explaining American policies and listening to suggestions from Swedish citizens at every level of society, Forsberg sought to increase the amount of trade and exchanges between the two countries. He found a longforgotten treaty between the U.S. and Sweden and made it the centerpiece of this effort. The "Treaty of Friendship and Commerce," signed by Benjamin Franklin in 1783 made Sweden the United States' oldest formal trading partner. Working with officials in both countries, Brother Forsberg engineered a year long celebration of Swedish-American friendship. The events included the issuance of a commemorative stamp, exchange visits and student exchange programs. His efforts proved successful. When he resigned as ambassador, the United States was Sweden's number one export market.

More importantly, though, human relations between the United States and Sweden warmed significantly during his tenure as ambassador. Forsberg's energetic travel schedule and his love for and knowledge of Sweden endeared him to the people of Sweden.

The emotional attachment forged between the people of Sweden and Brother Forsberg was summed up appropriately by Svenska Dagbladet, Sweden's leading newspaper. Over the article announcing Brother Forsberg's resignation, the newspaper published the headline, "Franklin Forsberg den baste ambassador USA haft i Sverge." In English, it said that Forsberg was the best ambassador the United States has had in Sweden.

Forsberg has been honored extensively for his service to his profession, his country, his ancestral home and many other organizations to which he has devoted his time and talent. In recognition of his valuable contributions to Swedish-American relations, he was named Commander Grand Cross of the Royal Order of the Polar Star by King Carl Gustav of Sweden. This is the highest honor Sweden can bestow. In addition, he has been named Swedish-American of the Year, received the Great Swedish Heritage Award from the Swedish Council of American, and has been awarded the Royal Order of Vasa.

Delta Beta Celebrates 50 Years At Bowling Green State University

On Saturday, February 15, 1992, Delta Beta Chapter celebrated its annual spring formal in honor of Founders Day. This formal was a special celebration for the chapter, because it marked the 50th year of Delta Beta at Bowling Green State University.

The evening began with the invocation by alumnus Brother Dan Elber ('71). After dinner, some members of the undergraduate chapter spoke to those in attendance. Ken Badgley ('89), chapter SMC, spoke about the chapter's achievements throughout the past year. Dave Schur ('89), membership vice president, spoke about his four years at Bowling Green and his involvement in the

Fraternity. A letter was read from Doug Crew ('89), a graduating senior, on his experiences in the Fraternity. Finally, Ken Badgley returned and gave his senior sendoff speech, a retrospective of all graduating brothers. The evening ended with dancing and socializing

Delta Beta Chapter thanks the special alumni who were able to return for this celebration, including Dan Elber, Richard Powers ('88), Steve Woods ('88), Mike Dotton ('88), Criag Barber ('88) and Tom Lundee ('88), as well as all the undergraduates and their dates who participated in this special evening.

A L U M N I N O T E S

MONTEVALLO

David Duane Collins '88 married Pamela Erin Hedrick on February 22, 1992 They live in Montevallo, Alabama, where he works for Blue Cross and Blue Shield of Alabama.

John Poe '78 married Lisa Brunt in Bermuda on September 9, 1990. Their son, Hunter Austin, was born January 31, 1992. John has been promoted to district sales trainer for Solvay Pharmaceuticals. They live in Madison, Mississippi.

MURRAY STATE

Tim Dundon '70 is the general manager of domestic operations for Royal Mahogany Products, Inc., in Norcross, Georgia.

Terry M. Edwards '84 is with General Tire in Mayfield, Kentucky.

Timothy A. Murphy '69, a Hopkinsville, Kentucky, insurance executive, has been installed as president of Kentucky's largest insurance trade association, Independent Insurance Agents of Kentucky. He's served as a director of the organization since 1987, and is a past chairman of the nationally-recognized Kentucky Young Agents committee. Murphy is vice president of Tom C. Jones Agency. He is also a member of Rotary Club, the Chamber of Commerce and a past division chairman for the United Fund. He and wife, Pam, have two sons.

NEBRASKA

Ray F. Mahaffey '36 is now retired, living in Palm Bay, Florida, with his wife of 50 years, Nola. Ray assisted in the founding of Zeta Sigma Chapter at Florida Institute of Technology in 1968.

NEW MEXICO

Paul R. Arnold '55 is president of W.M. Carroll & Company, an Albuquerque-based mechanical engineering firm. He and his wife, Katherine, celebrated their 35th anniversary in January and have two children, Mark and Karen.

David M. Ball '62 is director of New Mexico operations for the professional engineering services firm of Lamb Associates, Inc. He lives in Albuquerque with his wife, Louella, and their three daughters, Rebecca, Cathy and Jennifer.

Michael M. Bowman '77 earned both his B.B.A and M.B.A. at UNM. He is currently employed as senior loan officer with Westsun Mortgage.

Kenneth G. Brown '60 has served as district judge in the 13th Judicial District of the State of New Mexico since 1985. He and wife, Shirley, have two sons, Tommy, 21, and Kenny, 13.

William J. Cooksey '66 married Dawn Livingston in September, 1986. He is also the father of 11-year-old Jennifer. Bill is vice president and partner of the Albuquerque law firm of DuBois, Caffrey, Cooksey & Bischoff, PA in Albuquerque.

Gwinn Henry, III '48 has retired as alumni director for the University of New Mexico. He and his wife, Dona, have five children, Patrick, Mark, Matt, Tim and Roben.

Jon S. Messier '87 has been hired as a reporter/photographer for KLST-TV, a CBS affiliate, in San Angelo, Texas.

Dennis P. Peckinpaugh '64 retired from the army in 1986 at the rank of major and is now a special education teacher with Albuquerque Public Schools. He has two children, Michele, 21, and David, 18.

Jeffrey L. Rose '83 is in graduate school at Adams State College, majoring in community counseling.

Russ Shiplet '81, USN, received his second Navy Achievement Medal while serving on board the USS Henry M. Jackson Trident submarine.

Saluting 75 Years of Pi Kappa Alpha

In the March 1992 issue, the Shield & Diamond paid tribute to Judge Elbert P. Tuttle (Beta Theta '17) in recognition of his 75 years of membership in Pi Kappa Alpha. In this issue, we salute three more gentlemen who have distinguished Pi Kappa Alpha with 75 years of service.

Edward James Cristy

was initiated into Beta Delta chapter at the University of New Mexico in 1917. He served as treasurer of the chapter before graduating in 1920. He then went to The Ohio State University, where he received his master's degree in 1922.

Education has always played a major part of Brother Cristy's activities. From 1925 to 1928 he served as principal of Clinton Public School in Clinton, Ohio. He then went on to become a missionary/teacher at Presbyterian Mission in Ganado, Arizona until 1931. In 1932 Brother Cristy began teaching at Albuquerque High School. He remained on the faculty until 1960.

He served in the United States Army from November 16, 1942, August 29, 1945,

Brother Cristy lives in Sun City, California.

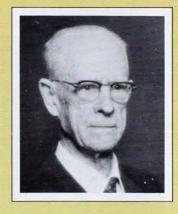

began his association with Pi Kappa Alpha at the University of Richmond when he was initiated into Omicron chapter in 1917. During his days as an undergraduate, Brother Duval played baseball and was a member of the literary society.

In 1964, Brother Duval retired from National Bank of Orange (Va.) after 23 years of employment. Prior to his banking career, he had spent fifteen years in the pharmaceutical business and ten years in the grocery business.

Brother Duval lives in Orange, Virginia where he has remained an active member of the Orange Baptist Church as a Deacon and trustee.

He is the oldest living alumnus of his high school, Hargrave Military Academy.

Maurice Page Whitney

is a 1917 initiate of Alpha Chi chapter at Syracuse University. He served the chapter as SMC. He graduated from Syracuse in 1918 with a degree in mechanical engineering.

Following college, Brother Whitney went into active duty with the United States Navy. Leaving active duty in April of 1919, he went to work for Eastman Kodak Company. Later in 1919, he went to work for Eclipse Machine Company. Eclipse was purchased by Bendix in 1929. Brother Whitney continued to work for Bendix until his retirement on December 31, 1961.

During the period from 1919 to 1961, he was issued 54 patents for his innovations with Eclipse and Bendix.

Brother Whitney lives in Elmira, New York. While in Elmira he has been involved with various community associations. He is a member of the Elmira Rotary Club, the Elmira Torch Club, and the Elmira City Club. He is also a member of First Presbyterian Church, where he has served as secretary and chairman of the board of trustees. In 1968, Brother received the Excalibur Award from the Elmira Star Gazette as recognition for his civic activities.

If you are celebrating your 75 years (or more) of membership in Pi Kappa Alpha and have not been contacted by the Memorial Headquarters, please notify the Shield & Diamond, 8347 West Range Cove, Memphis, TN 38125.

Pi Kappa Alpha Educational Foundation

Alumni supporting scholastic achievement, leadership training and personal development since 1948.

Changes, Additions to Board of Trustees

The new fiscal year will bring with it changes in the membership of the Educational Foundation's board of trustees. Two longtime trustees, Dr. William R. Nester and J. Pike Powers, complete tenures on the board and William H. Dial begins a

Dr. William R. Nester will step down from regular membership on the board of trustees after fourteen years of service. A longtime leader, friend and supporter of the Foundation and Fraternity, Brother Nester served as a trustee from 1975 until 1980 and again from 1983 until 1992. He served as president of the Foundation from 1978 to 1979. In recognition of his valuable service, Brother Nester will assume duties as a trustee emeritus at the conclusion of his regular term in 1992. In this capacity he will remain an active participant in the work of the Foundation.

A 1947 initiate of Alpha Xi Chapter at the University of Cincinnati, Brother Nester began his service as a national officer of the Fraternity in 1956 when he was elected national secretary. During the following years, Brother Nester served as national educational advisor and national vice president. His Fraternity leadership culminated with a term as national president from 1978 to 1980.

Brother Nester, who is president of the University of Nebraska at Kearney, has had an immeasurable impact on Pi Kappa Alpha and, through a term as president of the National Interfraternity Conference in 1991, on the entire Greek movement.

J. Pike Powers IV will leave the board of trustees after serving since 1985.

Questions regarding or donations to the Pi Kappa Alpha Educational Foundation should be directed to:

Executive Director Jeff Abraham Pi Kappa Alpha **Educational Foundation** 8347 West Range Cove Memphis, TN 38125

Phone (901) 748-1948 Fax (901) 748-3100

Brother Powers, the partner in charge of the Austin, Texas, office of the Fulbright and Jaworski law firm, was initiated into Pi Kappa Alpha in 1959 by Epsilon Kappa Chapter at Lamar University in Beaumont, Texas.

One of Austin's model citizens, Brother Powers has been chairman of Leadership Austin, president of the Austin Democratic Forum and the Capital Club as well as vice president of Capital Communications. Brother Powers comes from one of Pi Kappa Alpha's legendary families. He is the grandson of J. Pike Powers II and the nephew of David C. Powers, past national presidents for whom the Powers Award, given annually to the Fraternity's outstanding graduating senior, is named.

Brother Powers' time on the board of trustees has provided the Educational Foundation access to one of the Pi Kappa Alpha's most accomplished leaders. Although he leaves to pursue other interests, the Foundation and Fraternity will continue to benefit from Brother Powers'

Joining the remaining thirteen members of the board of trustees is newly appointed trustee William H. "Billy" Dial.

Brother Dial, the recipient of Pi Kappa Alpha's 1991 Distinguished Achievement Award and a member of the Foundation's Garnet and Gold Society, was initiated at Alpha Eta Chapter at the University of Florida in 1927. Although Brother Dial graduated from the University of Florida's law school in 1932 and pursued a successful legal career until 1958, he made his greatest impact on the banking profession. In 1958 he was appointed executive vice president of The First National Bank of Orlando, a bank he helped organize during his days as an attorney. In 1961 he became president of The First National Bank. Dial was the leader of a plan to develop a major bank holding company. That company, First at Orlando, began operations in 1967 with Brother Dial serving as president and chairman. First at Orlando was renamed Sun Banks of

Florida, Inc. in 1973. He retired from banking in 1977.

Pi Kappa Alpha runs in the Dial family blood. His late brother, John, was also an initiate of Alpha Eta Chapter. Brother Dial's grandson, John Ruffier, is a member of Pi Kappa Alpha's Sigma Chapter at Vanderbilt University in Nashville, Tennessee. The Pi Kappa Alpha Educational Foundation recognized Brother Dial's accomplishments when it awarded him its prestigious Order of West Range medallion. Although he is retired, Brother Dial is far from finished with his business, civic and fraternal involvement. He keeps an office at his former law firm where he serves as counsel and takes "care of my own personal business." Brother Dial, who has been called "an original architect of the city" of Orlando, brings a high level of energy, outstanding business background and an impeccable reputation to the board of trustees.

In addition to the appointment of Brothers Dial, four current trustees were reappointed to the board. Joseph R. Brown, a 1950 initiate of Beta Gamma Chapter at the University of Kansas, is president and chief operating officer of Black and Veatch Engineers in Kansas City, Missouri. Tommy J. Turner is a 1967 initiate of Epsilon Gamma Chapter at Texas Tech University and a partner in the Lubbock, Texas, law firm of Turner, Medina & O'Neal. Gary Menchhofer, a 1965 initiate of Alpha Xi Chapter at the University of Cincinnati and a past national president of the Fraternity, is president and owner of Mench Realtors and MENCH Custom Homes in Cincinnati. Phillip M. Lighty, a 1927 initiate of Gamma Xi Chapter at Washington State University retired from Dean Witter and Company in 1983 as vice president of investments.

These brothers, as well as nine other distinguished alumni, make up the dynamic group of volunteers who direct the charitable, philanthropic and fund raising work of the Pi Kappa Alpha Educational Foundation.

Bequest Received by Educational Foundation

The Educational Foundation is pleased to announce the receipt of a bequest from Benjamin F. Stradley (Alpha Nu '21) in the amount of \$34,381.31. The distribution came in April from a unitrust established by Brother Stradley, who was living in Bartlesville, Oklahoma at the time of his death in January of 1978.

Brother Stradley had previously been a generous benefactor of the Educational Foundation and was a member of the Shield & Diamond Society for donors of \$1,000 or more. He was a retired officer for the Phillips Petroleum Company.

П

Pi Kappa Alpha Educational Foundation's **Order of West Range**

Twelve outstanding alumni receive the Educational Foundation's highest honor

Since 1986, the Pi Kappa Alpha Educational Foundation has recognized many of Pi Kappa Alpha's most distinguished alumni with the prestigious Order of West Range. In 1992, twelve more alumni will be added to that illustrious list. Each new inductee has distinguished himself in a specific area, in service to the Fraternity, the Country, their community or their profession.

Six of the brothers profiled here are still active in their communities, profession or the Fraternity. Six of the brothers are deceased. Each has brought great honor to their families and to Pi Kappa Alpha.

More extensive biographies of the following brothers, along with biographies of all Order of West Range inductees, are displayed in the Freeman H. Hart Memorial Museum.

Edward N. Cole (Zeta Alpha '64)

Brother Ed Cole, who was initiated into Pi Kappa Alpha by Zeta Alpha Chapter at GMI Management and Engineering Institute in 1964, retired from General Motors Corporation on October 1, 1974. During his forty-four year career with the company, Brother Cole served GM in many capacities, including president, chief operating officer and executive vice president.

Although he set out to be a lawyer, his interest in automobiles and engineering lured him to General Motors Institute in Flint, Michigan. Enrolling in 1930, under the sponsorship of Cadillac Motor Car

Division, Brother Cole began his service to General Motors. Due to his exceptional talents, Brother Cole was assigned as a full-time engineer before he even graduated. The following years saw Brother Cole move up the ladder in the Cadillac Division, eventually to chief engineer and works manager.

In 1961 Brother Cole was elected to the board of directors of GM and appointed group executive in charge of the car and truck divisions. In 1965 he was elected executive vice president. In 1967 Brother Cole was elected president and chief operating officer. In 1972 he became chairman of the corporation's executive committee.

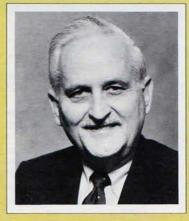

Brother Cole, who died on May 2, 1977, served General Motors as a dedicated employee and executive for almost half a century.

Michael L. Dever (Alpha Xi '61)

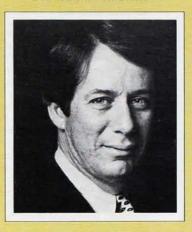

Brother Mike Dever came to the automotive sales industry literally by accident. In 1964, running out of money for school and having just wrecked his 1959 Renault Daphine, Brother Dever took a job selling cars. The job, which provided the extra money and a car, led to one of the most successful car dealerships in the

Brother Dever, who is among the Educational Foundation's most generous supporters, owns Cincinnati-based Automanage, Inc.

1993 CANDIDATES SOUGHT FOR ORDER OF WEST RANGE

Nominations for 1993 candidates for the Order of West Range are now being sought, and must be submitted by August 31, 1992. Undergraduate chapters, alumni associations and individuals are encouraged to nominate candidates. If you wish to nominate an initiated member of the Fraternity who has distinguished himself in achievement and/or service, please contact Foundation Executive Director Jeffrey M. Abraham at the Memorial Headquarters.

Continued from previous page

Featured on the cover of *Business Week's* June 2, 1986, issue, Brother Dever was described in an article titled "The Super Dealers" as being on the "forefront of a transformation in the \$260 billion autoretailing industry."

Brother Dever's career in an extremely competitive industry has been marked by creativity, ingenuity and a willingness to take risks. He has raised his profession to new heights, bidding his competition to follow.

Ernest J. Ford (Epsilon Zeta '66)

Known in the entertainment industry as "the ol' peapicker," Tennessee Ernie Ford was initiated into Pi Kappa Alpha by special dispensation at Epsilon Zeta Chapter, East Tennessee State University.

Brother Ford recorded over 80 albums. His most memorable song, "Sixteen Tons," sold over 250 million copies. Brother Ford, whose career began at his hometown radio station in Bristol, Tennessee, in 1937, was still appearing in concerts and on television specials as late as 1990. One of his career highlights was a tour of the Soviet Union in 1974. In 1984 President Ronald Reagan presented Brother Ford with the Medal of Freedom, the highest award the President can give.

Brother Ford, who won a Grammy for "Great Gospel Songs," died on October 17, 1991, at age 72. His career, as a singer and as a television personality, entertained millions of people around the world for over forty years.

Harold D. Herndon (Beta Gamma '22)

An independent oil producer based in San Antonio, Texas, Brother Harold Herndon is among Pi Kappa Alpha's most successful businessmen and most generous philanthropists.

Initiated into Pi Kappa Alpha in 1922 by Beta Gamma Chapter at the University of Kansas, Brother Herndon went to work for Cities Services Oil Company in the oilfields of Oklahoma and Texas after graduation. In 1937 he left Cities Services and joined Saltmount Oil Company and Mountain Producers Corporation. Brother Herndon retired from Saltmount and Mountain Producers in 1952, after serving as president for twelve years. Retirement did not send him to pasture, though. Brother Herndon set up shop as an independent oil operator and has operated his business from San Antonio for the past four decades.

While Brother Herndon has experienced great success, his greatest impact on people has been through his philanthropic activities. In addition to a great many other volunteer activities, he has served as trustee of Trinity University, located outside San Antonio, since 1962. From 1978 until 1984, Brother Herndon served an

unprecedented six-year term as chairman of the board of trustees.

Brother Herndon epitomizes concern for fellow human beings, support of education and leadership and commitment to professional accomplishment and integrity.

R. Craig Hoenshell

A past treasurer of the Pi Kappa Alpha Educational Foundation, Brother Hoenshell is president of the Travelers Cheque Group, USA, a division of American Express Travel Related Services Company, Inc., in New York City.

Initiated into Pi Kappa Alpha at Delta Chi Chapter at the University of Nebraska at Omaha in 1963, Brother Hoenshell began his professional career with IBM. During his seven years with the company Brother Hoenshell held positions as a marketing representative, sales trainer, marketing school manager and, finally, national sales training manager in Dallas, Texas. In 1973 he joined First Data Resources, Inc., as vice president-business development. In 1978 Brother Hoenshell was promoted to executive vice president-operations. He held that post until 1983.

In 1986, after several years as an independent consultant in Omaha, Brother Hoenshell joined the American Express Company, Inc., which had acquired First Data Resources, Inc. Brother Hoenshell started out as senior vice president of American Express Travel Related Services, Co., Inc., and president of American Express Centurion Bank in New York City. In 1987 he was promoted to executive vice president and president of Centurion Bank. In 1990 Brother Hoenshell was promoted to president of American Express' Travelers Cheque Group, USA.

In addition to his professional work, Brother Hoenshell is extremely involved in many philanthropic causes. Among those, Brother Hoenshell created an endowment at the Educational Foundation that provides scholarships for all members of the Fraternity who are inducted into Phi Beta Kappa and Omicron Delta Kappa.

Dr. James D. Hoskins (Zeta '04)

Initiated by special dispensation at Zeta Chapter at the University of Tennessee in 1904, Brother Hoskins was associated with his beloved UT for over seven decades.

Brother Hoskins began his association with the University of Tennessee before the turn of the century when he began his undergraduate studies. Receiving his bachelors degree in 1891, Brother Hoskins served as an instructor in mathematics at Tennessee from 1891 to 1893. After spending a few years away from UT, Brother Hoskins returned in 1900 when he assumed duties as an assistant professor of history. Named a full professor in 1907, Brother Hoskins was appointed dean in 1910. Beween February and July 1919 Brother Hoskins served as acting president. From

1919 until 1933 he served as assistant president and dean. Again appointed acting president in 1933, Brother Hoskins assumed the office permanently in 1934. He held the post of president of the University of Tennessee until 1946, when he was appointed president emeritus.

Brother Hoskins' lifelong dedication to education, as an administrator and teacher, provides an early example of what the Order of West Range was established to recognize.

Grant Macfarlane (Alpha Tau '17)

Brother Macfarlane, who was initiated into Pi Kappa Alpha during his undergraduate days at the University of Utah, rendered many years of distinguished service to Pi Kappa Alpha, the legal profession and the State of Utah.

Graduating from the University of Utah in 1920, Brother Macfarlane was elected to the Utah State Legislature in 1925, two years before he received his law degree. He served as president of the State Senate from 1941 until 1945.

Active in civic affairs as well, Brother Macfarlane served a term as president of the Exchange Club of America, touring the United States addressing members of the service organization. After the completion of his term with the Exchange Club, Brother Macfarlane was elected national president of Pi Kappa Alpha. He served in that capacity from 1956 until 1958.

The recipient of Pi Kappa Alpha's 1971 Distinguished Achievement Award, Brother Macfarlane was a successful attorney, president of three companies, associate director of the Utah Federal Housing Administration and a partner and trustee in other firms. He was also a leader in his church.

John F. McNair III (Beta '44)

Brother McNair is the retired president and chief executive officer of Wachovia Bank of North Carolina, N.A. He was initiated into Pi Kappa Alpha at Beta Chapter, Davidson College, in 1944.

Brother McNair began his distinguished career in banking in 1966. That year he became president of The State Bank in Laurinburg, North Carolina. In 1968 The State Bank merged with Wachovia Bank and Brother McNair began his climb to the top of this Southeastern banking force. With the merger of the two banks, Brother McNair assumed the duties of senior vice president and office executive of Wachovia Bank in Laurinburg. In 1970 he became senior vice president and assistant regional executive of Wachovia and relocated to Raleigh, North Carolina. He was named executive vice president of the bank in 1972. Brother McNair served in that capacity until he was elected vice chairman of the board of Wachovia Corporation of North Carolina in 1977. In 1985 he was promoted to president. In 1987 Brother

McNair assumed the additional duties of chief executive officer of Wachovia Corporation. He held the positions of president and CEO until his retirement in 1990.

In addition to generously supporting the Educational Foundation, Brother McNair is involved with a number of philanthropic activities. He also serves on the boards of directors of numerous companies.

Thomas E. Rast (Gamma Alpha '42)

Brother Rast is chairman of the board of Johnson-Rast & Hays Company, Inc., the largest full-service real estate company in Alabama. Brother Rast came to Pi Kappa Alpha during his undergraduate years at the University of Alabama.

He began his long and successful career in real estate as a sales associate with Nelson-Weaver Company in 1949. In 1953 Brother Rast became a partner in Stapleton Realty Company. One year later he founded and became president of Johnson-Rast & Hays Company in Birmingham. He served that company as president until 1975 when he became chairman of the board of Golden Enterprises, of which Johnson-Rast & Hays was a subsidiary. In 1977 he returned to Johnson-Rast & Hays as chairman of the board, a position he continues to hold today.

As with many of his fellow Order of West Range selectees, Brother Rast is extremely involved with educational and charitable activities. A trustee emeritus of the University of Alabama system, Brother Rast is chairing the University of Alabama's \$165,000,000 capital campaign. He has also supported the Educational Foundation generously for many years.

Dr. Otis A. Singletary, Jr. (Alpha Iota '43)

Brother Singletary is president emeritus of the University of Kentucky. He was appointed president emeritus in July 1987 after serving as president of the institution for eighteen years.

Brother Singletary was initiated into Pi Kappa Alpha during his undergraduate days at Millsaps College in Jackson, Mississippi. After receiving his bachelors degree from Millsaps in 1947, Brother Singletary went on to earn his masters and Ph.D. in history from Louisiana State University in 1949 and 1954. His first teaching assignment was as a member of the history faculty of the University of Texas at Austin. He served on the faculty at Texas from 1954 until 1961, during which time he was twice awarded the Student Association's Teaching Excellence Award. From 1961 until 1966 Brother Singletary was chancellor of the University of North Carolina at Greensboro. Brother Singletary became president of the University of Kentucky in 1969, after holding a number of assignments for the federal government and the University of Texas system.

Brother Singletary, a former president of

the United Chapters of Phi Beta Kappa, currently serves on the boards of several corporations.

Thomas W. Wade, Sr. (Zeta '17)

Brother Wade was the patriarch of one of Pi Kappa Alpha's most notable families. He served Pi Kappa Alpha for many years in a number of positions, including national secretary.

Before enrolling at the University of Tennessee, Brother Wade attended Castle Heights Military Academy. Graduating with an excellent scholastic record, Brother Wade received a scholarship to attend UT. His older brother, Eugene, was instrumental in attracting him to Pi Kappa Alpha. This family connection is strong in the Wade family. Brother Wade's, son, Tom, Jr., is also an initiate of Zeta Chapter. The connection extended to Brother Wade, Sr.'s daughter, Sally, who became Dream Girl of Tau Chapter at the University of North Carolina and was one of three finalists in the National Dream Girl competition at the 1958 National Convention. Brother Wade, Sr.'s grandson, Tom, Jr.'s son, Will, carried on the family tradition and was initiated into Zeta Chapter at Tennessee in January of

Brother Wade, who was a cotton ginner, farmer and businessman in Kenton, Tennessee, rendered many years of service to Pi Kappa Alpha in many capacities. He also contributed a great deal of time, energy and resources to his community, his church and professional organizations.

C. Robert Yeager (Omega '29)

A 1929 initiate of Omega Chapter at the University of Kentucky, Brother Yeager was president and chairman of the board of L. G. Balfour Company. Brother Yeager was a longtime leader in Pi Kappa Alpha and the Greek world.

Brother Yeager began his career with L.G. Balfour after receiving his bachelors degree from Kentucky in 1933. Starting out as a salesman, Brother Yeager was Southern Sales Manager for the company by 1935. His tenure with Balfour was put on hold during World War II while he served in the armed forces. Entering the Army in 1941 as a second lieutenant, Brother Yeager was discharged in 1946 with the rank of colonel.

He returned to L.G. Balfour in 1947 as assistant to the president. In 1950 he was promoted to executive vice president and director. In 1960 he was elected president. In 1974 Brother Yeager retired as chairman of the board in order to concentrate on his family and other outside interests.

In addition to serving as a trustee of the Pi Kappa Alpha Educational Foundation, Brother Yeager served as chairman of the National Interfraternity Conference. Brother Yeager was honored widely for his service to mankind.
