### Right:

As the sun sets on beautiful Palm Desert, California, the 2002 International Convention is history. Learn about the important actions of this historic meeting! Story on page 12.

### On the cover:

San Jose State University came back into the fold of Pi Kappa Alpha once again with the rechartering of Delta Pi Chapter. Three charterings highlight this season in expansion. Stories begin on page 6. It is truly an honor to have the opportunity to address you in this column. It is an understatement to say that I am excited over the possibilities for the next two years as well as humbled by the responsibilities of this office. Joining

D. Mark Anderson (Wofford, Nu '76)

me on your newly elected Supreme Council is an impressive group of alumni and undergraduate brothers. Fortunately, our Immediate Past International President King Buttermore (Vanderbilt, Sigma '63) will continue on our Board as an invaluable resource. With King are three alumnus vice presidents returning for successive terms, Howard Goldstein (Lehigh, Gamma Lambda '83), Allen Groves (Stetson, Delta Upsilon '79) and Kevin Knaus (Kansas State, Alpha Omega '82). We are also delighted to welcome Bruce Wolfson (Pennsylvania, Beta Pi '71), serving in his first term as a vice president. Two undergraduates have accepted our invitation to serve during the coming academic year, Chris Chacey (Virginia Tech, Epsilon '00) and Trevor Clark (Nebraska-Omaha, Delta Chi '00) will no doubt represent the over 10,000 undergraduate brothers quite well. Our first official act as your new Supreme Council was to ask Pat Talley (Armstrong, Eta Mu '74) to continue

his invaluable service as the Fraternity's legal counsel to which he honored us with his acceptance.

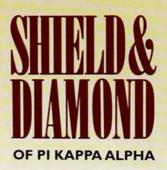

The legacy bequeathed to us by the delegates to the Palm Springs International Convention is clear: we are to reinforce our commitment to the values on which Pi Kappa Alpha was founded. In short, the Fraternity was founded as a complement to the academic experience. Pi Kappa Alpha provides the "classroom" for a young man to test his character, confirm his moral compass and recognize his level of integrity. The Return to Values Initiative captures this so well and takes on particular significance for us as alumni. There is no disputing the imprint that Pi Kappa Alpha makes on our lives, both personally and professionally. Our movement through life is so influenced, whether we recognize it or not, by the experience we shared as undergraduates. What the founders realized was that while academic pursuits expand a man's potential, the Fraternity provides the moralistic parameters in order for one to make life's decisions.

To create this Mission, Vision and Creed, we dreamed; now to realize our dreams, we must plan. Therefore, to capitalize on the value of this initiative, this new Supreme Council, in concert with the various arms of the Fraternity and the Pi Kappa Alpha Educational Foundation, will engage in a strategic planning process to begin later this fall. Since our current strategic plan is soon to be completed, the Supreme Council saw this as a prime opportunity to revise it. The newly adopted Mission, Vision and Creed will provide the cornerstone for the new plan and each of the objectives created will carry that imprint. This new plan will serve as our road map for the next two years and beyond. I invite each one of our chapters, alumni associations and house corporations to initiate their own strategic planning process as well. With specific goals and objectives, the Fraternity will continue to flourish on the local level, which ensures our dominance throughout North America.

In the following pages, you will read more about the Return to Values Initiative and the impact it had on the convention and, more importantly, on our future. Suffice to say, this new Supreme Council is heeding the charge to integrate this Mission, Vision and Creed into our future. As you turn this issue's pages, I invite you to recite the Creed to yourself which appears on page 15. See if doesn't leave you with a deep sense of inspiration, genuine appreciation, and a renewed dedication to this grand order in which we all share a stake.

Fraternally,

Mark Anderson International President

Matthew M. Hendricks (Arizona State, Delta Tau '98) graduated in December 2001 with a bachelor of science in supply chain management. He served Delta Tau Chapter as president for one year and as pledge educator for two years

prior. Hendricks was honored with Delta Tau's Man of the Year Award in 2000 and Athlete of the Year in 2001. He was instrumental in helping Delta Tau regain a strong presence at ASU and helped the chapter receive the Harvey T. Newell Jr. Award in 2001. Hendricks will travel the North Atlantic Region and Eastern Canada as a chapter consultant.

W. Alex Price (South Alabama, Eta Kappa '98) graduated from Florida State with a bachelor of fine arts in media and web design. During his senior year, he served as undergraduate

vice president on the Supreme Council. From 2000-

2001, Price served Delta Lambda Chapter as its refounding president. The following year he served as the first pledge educator of his chapter. Price was initiated at Eta Kappa Chapter, where he served as scholarship chairman until transferring to FSU. Before graduating, Price received his chapter's award for lifetime achievement. He will travel for Pi Kappa Alpha this year as an expansion consultant.

Jeffrey G. Roche (Western Ontario, Iota Omega '99) graduated with a bachelor of arts degree in political science. He served lota Omega Chapter as president and vice president. He also chaired several other committees. In his four years, Roche was awarded Pike of

EXPANSION

Pike descended from Toledo's oldest fraternity.

On Saturday, April 6, 2002, the University of Toledo Colony was installed as Epsilon Epsilon Chapter of Pi Kappa Alpha. The chartering reestablishes Pi Kappa Alpha as a prominent fraternity at UT after a five-year absence and brings back the campus' oldest Greek group, dating back to 1915.

The celebration of the proud rebirth of Epsilon Epsilon Chapter took place in the luxurious setting of Heatherdowns Country Club in Toledo, with over 220 guests who enjoyed meeting the newest members of Pi Kappa Alpha. The chapter was honored by the presence of International President H. King

Buttermore III (Vanderbilt, Sigma '63), who gave an inspiring welcome to the chapter as keynote speaker, along with University of Toledo President Daniel Johnson, UT Greek Life Advisor Marna Ridenour-Ward, and Great Lakes Regional President Kevin Virta (Western Michigan, Epsilon Psi '83). The colony was well supported byparents, friends and many Toledo alumni at this special evening.

### From Colony To Chapter

When Epsilon Epsilon Chapter surrendered its charter in early 1996, Toledo alumni made plans to reestablish the chapter as soon as possible. After several conversations with then Director of Expansion Ryan Flickinger (Southern Illinois, Iota Mu'94), members of the Pi Kappa Alpha Memorial Headquarters staff visited the University of Toledo. The International Fra-

ternity and alumni representatives made their case for expansion to the Toledo administration, and found that Pike was in competition with three other national fraternities. Due to the success of that presentation, Pi Kappa Alpha was invited to come to campus in late 2000.

That fall, Chapter Consultants DruWilson (East Central, Epsilon Omega '96) and Ashley Offermann (Utah, Alpha Tau '97) held interviews with campus leaders, staff, sororities and alumni, and recruited 54 men to establish the colony on November 13, 2000. At 54 men, the colony was already the second largest fraternity at UT. Alumnus Paul Wannemacher (Toledo, Epsilon Epsilon '80) was chosen to be chapter advisor and Professor David Howard (Toledo, Epsilon Epsilon '67) was chosen as faculty advisor.

Immediately, the chapter set about attaining their goals and establishing the colony as an energetic force. When the petition to charter the colony was submitted in February 2002, the colony had 51 members. As a top group at UT, the colony led campus groups in community service and campus involvement and placed second in academics among fraternities. Expansion Consultants Matt Johnson (Southern Methodist, Zeta Beta '98) and Jason Patocka (Northern *Iowa, Theta Zeta '97)* maintained contact with the group and continued to help them develop into a cohesive unit that was at its peak as the colony inspection approached.

On March 23, 2002, the colony inspection was conducted by representatives from Wayne State University (*Delta Nu*), the University of Michigan (*Beta Tau*), and Ohio State University (*Alpha Rho*), along with Great Lakes Regional President Virta. The colony was unanimously approved for chartering two weeks later, and initiations took place in Toledo on Friday, April 5th. The initiations were assisted by then Expansion Coordinator Justin Buck (*Southeast Missouri*, *Epsilon Iota* '96), Offermann, Wannemacher, and Toledo House Corporation President Tom Muenger (*Toledo, Epsilon Epsilon* '67).

### University History

The University of Toledo began in 1872 as a private arts and trades school offering painting and architectural drawing as its only subjects. The university evolved into a four-year institution in the 1900s and added athletics, Greek organizations, and additional courses of study over the next decade.

In 1928 Dr. Henry J. Doermann became president and wanted the campus to reflect the best design elements of the universities of Europe. Almost all buildings at UT reflect the collegiate gothic design scheme, adding to the attractiveness of its rolling, well landscaped campus.

The University of Toledo is one of Ohio's largest universities, with emphasis on engineering, education, pharmacy, law and arts & sciences. In the 125 years since, the university has grown into a comprehensive institution offering more than 250 undergraduate and graduate programs to more than 20,000 students from around the world.

### The Greek System

UT's Greek System was formed on December 6, 1916 with the recognition of The Cresset Fraternity, which later became Pi Kappa Alpha. Today, the University recognizes 11 fraternities and 8 sororities. UT Greeks contribute over 17,000 community service hours and over \$75,000 to local and national charities every year, and contributes student leaders to many organizations including student government, the Leadership UT, Blue Key National Honors Society, Golden Key National Honors Society, SWAT team and Circle K.

EXPANSION

The University of Central Oklahoma welcomed Pi Kappa Alpha as its newest fraternity on Saturday, April 13, 2002. After over a year of hard work and determination by colony members and the current chapter advisor, Lambda Iota Chapter was initiated into the bonds.

On Friday evening, 45 men received the honor of being initiated into Pi Kappa Alpha. Initiation teams consisted of brothers from Beta Omicron (Oklahoma), Gamma Chi (Oklahoma State), and Gamma Upsilon (Tulsa) Chapters. The following day, then Expansion Coordinator Justin Buck (Southeast Missouri, Epsilon Iota '96), along with International President H. King Buttermore III (Vanderbilt, Sigma '63), Past International President John Michael Williams (Oklahoma State, Gamma Chi '68) and Arkoma Regional President BillVogle (Tulsa, Gamma Upsilon '66) conducted the installation ceremony. The group was installed as the "Chartering Members" of Lambda Iota Chapter and Tyson Sjulin (Central Oklahoma, Lambda Iota '02) was installed as the chapter's first president.

International President Buttermore was also the keynote speaker at the evening's black tie event, which was held on the University of Central Oklahoma campus. Attending the banquet were Buck, Williams, Vogle and Lambda Iota Chapter Advisor Dru Wilson (East Central, Epsilon Omega '96), along with representatives from Beta Omicron Chapter. Sorority women and parents also attended that evening, including the newly elected chapter president's father, John Sjulin (Iowa, Gamma Nu'68). Thanks to the work of the Lambda Iota Chapter and the tremendous support from alumni, faculty, and sororities on campus, Pi Kappa Alpha has created a long lasting impression at the University of Central Oklahoma.

### Colony History

In October 2000, Expansion Consultant Jason Patocka (Northern Iowa, Theta Zeta

'96) and Chapter Consultant Jason Belland (*Ferris State, Zeta Kappa* '96) began the recruitment process at UCO by conducting interviews for what would be one of the first fraternities to expand on campus in several years. Initially, the team signed 29 men. On October 28 th, the new members were pinned and the colony wasformed.

The Central Oklahoma Colony endured highs and lows, but in fall 2001 the colony members decided to make chartering a reality and set out a plan to become Lambda Iota Chapter. At that same time, Wilson was recruited as chapter advisor and helped steer the colony in the right direction.

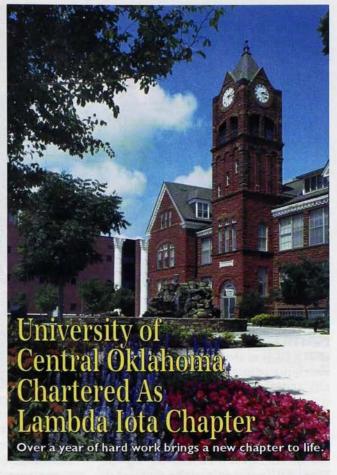

After raising the level for fraternities on campus and meeting the goals they set when forming the colony, the group sent in their chartering petition to Expansion Coordinator Buck in February 2002, and an inspection date set.

On October 6, 2001, representatives from Beta Omicron, Epsilon Omega and Gamma Upsilon Chapters, along with Arkoma Regional President Vogle, conducted the colony inspection. Following the team's vote to approve the colony for chartering, Pi Kappa Alpha chapters and the Supreme Council voted unanimously in favor of the chartering of Lambda Iota.

### University History & Greek Life

The University of Central Oklahoma, 112 years old, is the third largest university in Oklahoma and leads the state in teacher edu-

> cation, funeral sciences, and criminal justice. Construction began on the first school building in 1890, which is known as Old North (*pictured above*). Old North was opened for classes in 1894, and it is still in use today. In 1972, itwas dedicated as a national historical landmark, and is the marquee building for the university. UCO has

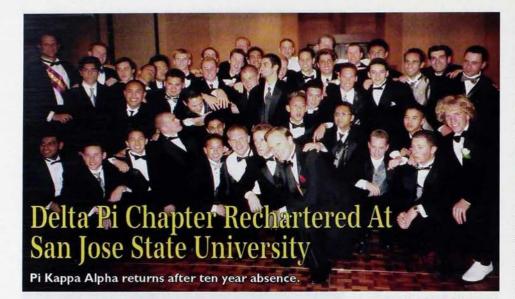

approximately 390 full-time professors, and an additional 255 professionals from the community instruct as adjunct faculty.

Greek life developed slowly at UCO. The first fraternity and sorority were founded in 1959 with Sigma Tau Gamma and Sigma Kappa. Shortly thereafter, Alpha Gamma Delta and a few other national groups were founded. On March 8, 1997, the Delta Zeta Sorority came to campus and Sigma Nu followed two years later. Currently, there are eight men's groups and six women's groups at the University of Central Oklahoma.

**P**iKappa Alpha and San Jose State Univer-sity proudly welcomed the return of Delta Pi Chapter on Saturday, April 20, 2002, after a 10-year absence. Forty-three men were initiated into the International Fraternity, and joined in celebration at the chartering banquet with over 200 alumni, parents, faculty, and friends at the San Jose Airport Doubletree Hotel. Pi Kappa Alpha's International President H. King Buttermore III (Vanderbilt, Sigma'63) attended along with Memorial Headquarters staff members Justin Buck (Southeast Missouri, Epsilon Iota '96) and Dean Snihur (Alberta, Lambda Epsilon '01), and Golden West Regional President John Silberstein (Chapman, Theta Psi (85)

International President Buttermore made the keynote address, and spoke eloquently on what it means to be a part of Pi Kappa Alpha. San Jose State's Greek Life Advisor Angela Harper congratulated Delta Pi Chapter on attaining success and persevering after a "challenging" colonization period. Also in attendance were Chapter Advisor Rudy Rodriguez (Fresno State, Iota Beta '86) and Alumni Advisory Board member and Alumni Association President Kurt Carrasquilla (San Jose State, Delta Pi'90).

### Colony History

The San Jose State Colony had endured numerous peaks and valleys since its inception on December 2, 1998. When the colony was formed, there were 15 founding fathers. The colony grew quickly to over 40 members, recruiting scholars and leaders from various student organizations. However, the following spring, the colony experienced some challenges and lost over half its membership due to conflict and poor communications.

Until the fall of 2000, the colony teetered on the brink of closing down. It was not until spring 2001 that the newer colony members resolved to work to become Delta Pi Chapter. A new alumni advisory board was established under the leadership of Chapter Advisor Rodriguez. Memorial Headquarters provided the necessary tools for organizing the colony, including sending staff to facilitate retreats several times throughout the year. As a result, the colony got back on track toward achieving its goals.

In fall 2001, the colony experienced its greatest growth and goal achievement. Delta Pi Chapter is now the third largest fraternity in the San Jose State Greek system and has maintained one of the highest fraternity GPAs, including sustaining a GPA above the all-men's average.

The colony inspection took place on Sunday, March 10, 2002, at the close of the Golden West Regional Leadership Conference in Reno, Nevada. Although 150 miles away, 42 of 43 colony members attended for the inspection. Kappa Nu (*Pacific*) and Iota Theta (*Cal Poly-San Luis Obispo*) Chapters served as the inspection teams and Regional President Silberstein was the facilitator. Chapter Consultant Drew Rowe (*Western Ontario, Iota Omega '98*) represented Memorial Headquarters.

### University History

"Minns' Evening Normal School" was the first public institution of higher education on the West Coast, opening in San Francisco in 1857. The city school became the state "California Normal School" in 1862. San Jose was selected by the State Legislature for the school's location in 1870. Today, San Jose State University offers over 130 undergraduate and graduate degree programs to over 27,000 students.

### Greek History

Greek life at San Jose State began in 1898, when Sigma Theta Chi Sorority was established. The first men's fraternity, Delta

International President Buttermore pins the president's badge on Walker Kellogg

Omega Nu, was formed in 1901. During the early 1900s and 1910s, several literary societies were formed that would eventually become fraternities and sororities.

Delta Pi Chapter of Pi Kappa Alpha was first chartered on the SJSU campus on March 1, 1952. Throughout the 1970s, as with most Greek systems, membership dropped significantly. It was not until the 1980s that Greek life experienced growth as multi-cultural fraternities and sororities were established on the SJSU campus.

San Jose State currently has 40 recognized social Greek organizations on campus, which is considered one of the most diverse and unique Greek systems in North America.

WHY I PLEDGED:

### Alfred C. Perone, Jr. (Indiana State, Theta Omicron '78) Midwest Regional President

Administration and, as a result, have now been in the field for 18 years. I've worked in residential life and student life, and served as an IFC advisor. I've been a panhellenic advisor and have worked in leadership development, volunteers, campus ministers and judicial affairs. I currently serve as the Interim Director of Student Life Programs at Indiana State University. I've served on advisory boards for three chapters and I'm currently a chapter advisor. I've served as Midwest regional vice president for 11 years. In addition, my commitment to the community in which I live has been impacted by my undergraduate experiences as a community volunteer.

### Why is rush so important?

It is the one area where we can beat all the other chapters at once. When we lose someone in rush we have lost someone that we will have to face on the athletic field, in the classroom and throughout the campus as a competitor, as opposed to a brother. It is truly the life blood of the Fraternity. It's what keeps the Fraternity alive. Rush is a friend-making process that allows us to put our best foot forward 365 days a year. It is something we need to do not only with prospective members, but parents, administrators, faculty and community. Everything we do can impact our rush efforts. When we are good community members and classroom members, we are then able to recruit the best men with endorsements from people the rushees respect.

**M** hat leads any one particular man V to pledge Pike, and to stay involved with the Fraternity, and the community, after the undergraduate days are over? Al Perone is one such man who has a long history of service to the Pi Kappa Alpha Fraternity. He has served on the advisory board for Theta Omicron Chapter, Iota Delta Chapter and Zeta Gamma Chapter, and is currently chapter advisor for Theta Omicron. He is the interim director for student life programs at Indiana State University in Terre Haute, Indiana. Perone is on the board of directors for Leadership Terre Haute, United Cerebral Palsy of the Wabash Valley, and the Miss Indiana State University Scholarship Program. He is the past co-chair of the Komen Wabash Valley Race for the Cure.

The Shield & Diamond asked Perone to tell us about his rush experience, and why he chose to pledge Pi Kappa Alpha:

### What first attracted you to Pi Kappa Alpha?

I was interested in joining a fraternity, but couldn't find a chapter on my campus that I liked. There was a rumor that a new group was starting up and I thought it would be an opportunity to shape a fraternity the way I thought it should be.

### What rush techniques do the Pikes at Theta Omicron Chapter use?

Personal contact and a lot of one-onone attention. We use university events, chapter events and everyday events. We invite potential members to join us in pick up basketball games in the arena, or

at university athletic events, community service events, chapter dinners and just about anything else we normally do. We do have some events set up for the purpose of recruitment, but many times we just invite rushees to the things we do every day.

### What role has Pi Kappa Alpha played in your life beyond college?

My experiences as an undergraduate member of Pi Kappa Alpha had a major impact on my decision to make Student Life and Student Affairs my career. I pursued a graduate degree in Student Affairs

Rushees want to find new friends, and a place where they feel they belong. Make them feel welcome, and invite them to join in your activities. Rush is a just process of making friends.

## 2002 International Work Day

Planning and participation produce results.

• Over 70 chapters participated

CHAPTER HOUSING

- Over 355 individual projects completed
- Over \$208,000 in housing improvements
- Over 3000 alumni, undergraduates, parents and guests were involved
- All in one day!

International Work Day has become an annual tradition for many chapters, a time when alumni, parents, guests and brothers can come together and make a lasting impact on the chapter's most valuable asset – the chapter house. 2002 International Work Day broke last year's record-setting participation, and the level of involvement has steadily increased since the program's inception in 1997. International Work Day is a one-

day event, set by the chapter or house corporation, that is dedicated to house improvement projects and renovation. The program is endorsed and subsidized by the International Fraternity's Real Estate Department. All participating chapters qualify for numerous incentives, which include a \$250 participation grant, an event planning kit, recognition in the Shield & Diamond, and eligibility for selection to one of six International Work Day Awards. To get your chapter, house corporation or yourself involved in next year's program, follow the simple instructions in this article.

### How to Get Involved with Spring 2003 International Work Day

### CHAPTERS OR HOUSE CORPORATIONS

Registration can be completed via the Fraternity's Website (www.pikes.org) and by calling or e-mailing the Real Estate Department at (901)748-1868 or pikehouse@pikes.org. All registered chapters will receive a free International Work Day Planning Kit that explains how to host the event and take advantage of many incentives offered by the International Fraternity.

### **ALUMNI, PARENTS, AND GUESTS**

In late February, watch for an invitation in the mail, check the International Fraternity's website (www.pikes.org) or look in the spring issue of the Shield and Diamond to see if your chapter or the chapter nearest to you is participating. If you can't wait until then, call (901) 748-1868 or e-mail the Real Estate Department at pikehouse@pikes.org and ask for information about getting involved. FEATURE ARTICLE

## 2002 International Convention

### The Journey

On August 2nd and 3rd, men of all ages traveled the highways in the sky across Canada and the United States on a journey to the desert ... Palm Desert. Out of the hot, dry sand and mountains of Southern California sprung an oasis; rich with greenery, water, and Pikes. The convention didn't start in Palm Desert though; it started in airports, in cars, and on the shuttle bus from the airport in Ontario where Pikes met, laughed, and shared their experiences, where feelings of excitement and anticipation filled the air. Only members of a truly International Fraternity would think twice when they heard they were traveling to Ontario, California. Men from the north talked about snow and men from the south talked about heat. Men from Florida and men from California talked about the coast ... but most amazing is the fact that they talked, whether they were voung or old, they talked. Where else on this continent could you find a group of successful individuals from all age groups, having come from places as far flung as Alberta, Maine, and Miami? Over 600 men from across 7 million square miles traveled to the Super Bowl of Pi Kappa Alpha.

For just as football has its Super Bowl and baseball has its World Series, Pi Kappa Alpha has its International Convention... each is the culmination of efforts and sacrifices in the pursuit of excellence. The 2002 International Convention saw the future and prepared for it. Pikes traveled to the Palm Desert Marriott on an adventure and left on a mission – a mission to live our ritual, to innovate our programs, to create opportunities, to foster a spirit of pride and loyalty, to empower, encourage and communicate, to value academic achievement, to establish positive and lasting relationships, and to encourage the development of strong minds and bodies.

### Leading The Pack

In conjunction with the 63rd International Convention, the Fraternity's professional real estate staff presented its first Advanced Housing Forum. This educational track targeted the needs of a select group of house corporations and followed up on many of the initiatives set at last year's housing summits. The real estate staff facilitated goal-setting retreats, future-planning ses-

### 2002 Special Initiation Is A Family Affair

What an amazing experience it is to initiate your father! At the 2002 Convention in Palm Desert, Golden West Regional President John M. Silberstein (*Chapman, Theta Psi '85*) and his brother James (*Washington & Lee, Pi '92*) had the opportunity to do something that many people don't get to do – place the badge of our Fraternity on their father's chest.

John L. "Jack" Silberstein was born and raised in Pennsylvania. He moved from a small town along the Susquehana River to Philadelphia to attend Temple University. While at Temple, he joined a professional fraternity, Kappa Psi. After graduating as the outstanding graduate from the school of pharmacy, he joined the Army and was stationed at Fort Ord, California where he commanded a M\*A\*S\*H sions, and educated all participants on the acquisition and preservation of competitive and affordable housing. In total, 18 house corporations and 27 individuals attended the Fraternity's Advanced Housing Forum. Executive Real Estate Officer Daniel W. Corah (*Colorado State, Epsilon Theta '83*) commented, "This Forum, along with last year's Housing Summits in D.C. and Denver, are the first the Greek world has seen. We are encouraged by their success and the results we anticipate for the future."

### Play By Play

Many undergrads and alumni arrived on Friday August 2nd to relax and take advantage of the Palm Desert setting and resort facilities. While undergrads and alumni soaked up the sun on the decks of the lavish Marriott pools, the Housing Commission, Nominating Committee, staff, and Supreme Council worked diligently behind the scenes to handle Fraternity business and prepare for the beginning of what would become a landmark event in Pi Kappa Alpha history.

On Saturday, the Memorial Headquarters staff worked around the clock to register over 600 conference attendees. At the opening session, Executive Vice President Raymond L. Orians (*Memphis, Delta Zeta* '66), Executive Director Eric Wulf (*Iowa, Gamma Nu* '93), and International President H. King Buttermore III (*Vanderbilt, Sigma* '63), welcomed Pikes from across North America, playing the national anthems of the United States and Canada. This session took time to remember our brothers who have passed into

unit. It was there that he met his wife, Joyce, who was a Red Cross social worker.

They moved to Orange County, California and Silberstein started his own pharmacy. They have three children, John, Jeannine and James. Silberstein serves on nine different local and state pharmaceutical associations and is a member of the American Legion. He enjoys spending time with his children and grandchildren, and when he's not helping out on the family's ranch, he writes children's stories.

Silberstein was initiated by A. Frank Smith (*Florida, Alpha Eta* '66), who has initiated 1,907 brothers into the Fraternity. The initiation team was composed of men from Gamma Beta Chapter (*Nebraska*).

Silberstein was initiated into Theta Psi Chapter at Chapman University where his Chapter Eternal since the last convention, and looked to the future by introducing the nominating committee members, charged with developing a Supreme Council slate to lead Pi Kappa Alpha into the future. Ryan Van Andel (California-Berkeley, Alpha Sigma '97), the Fraternity's director of expansion and awards chairman, recognized those chapters that have achieved greatness by distributing the Chapter Excellence Awards. On Saturday afternoon, Dr. Jerry Askew (North Carolina, Tau'73) gave his Strategic Leadership presentation, a staple in the Pike speaking circuit. Undergrads benefited from the opportunity to take communication tactics and strategies back to their respective chapters and put them to use.

Ĩ

Sunday began with the special initiation of John Lewis Silberstein, father of Golden West Regional President John M. Silberstein (*Chapman, Theta Psi '85*), and the *Ritual of Pi Kappa Alpha*, lead by the Fraternity's International Historian Dr. Jerome V. Reel (*Tulane, Eta '57*). In speaking with Silberstein before his eye opening experience, one could easily see his anticipation and excitement. He mentioned, "This is something I've really been looking forward to...."

The International Rush Advisory Committee, headed by ToddW. Mudd (*Missouri*, *Alpha Nu'81*), presented *Winning Rush* to a large crowd after Dr. Reel's session. This motivational presentation left our chapter leaders with the skills and savvy needed to go back, blow the doors off their campuses, and

son, John, was a charter member. Silberstein and his wife, Joyce, also own the house that Theta Psi occupies. He truly exemplifies the values expressed by our founding fathers in the Preamble and the Values statement adopted at Convention.

### 2002 Loyalty Award Presented to Robert N. Cox

Robert N. Cox (Southeast Missouri, Epsilon Iota '64) is Pi Kappa Alpha's Loyalty Award recipient for 2002. The award, presented to Cox during the International President's Banquet, is given annually to an alumnus brother in recognition of lifelong service and loyalty to Pi Kappa Alpha.

Cox has provided close to 30 years of service to Epsilon Iota Chapter as advisor, alumni association treasurer and house corporation treasurer. In addition, he served the International Fraternity from 1986 to 1989 as Midwest regional president and since November 1989 has continued to serve as Heartland regional president. He is a member of the Educational Foundation's Garnet and Gold Donor Society and the Oak Trust.

He is vice chairman of the Cape Girardeau Planning and Zoning Commission,

dominate yet another year of recruitment.

Sunday also featured the Educational Foundation Luncheon, where the Robertson Most Outstanding Undergraduate Award was presented to Jared K. Henderson (Arkansas, Alpha Zeta '00) and Order of West Range inductees Kenneth W. Lowe (North Carolina, Tau '70), Rigdon "Rick" Dees (North Carolina, Tau '70), John W. Hein (Southern California, Gamma Eta '50), Tom W. Wade Jr. (Tennessee, Zeta '53), and KennethW. Simonds (East Tennessee State, Epsilon Zeta '55) were honored. Dees, seated next to Dr. Jerry Askew (North Carolina, Tau '73) introduced Lowe-all three were brothers from the same chapter. The men of North Carolina bantered back and forth, taking innocent shots at one another. These humorous moments made all alumni in the audience think back to the relationships they formed in their chapter days, and made undergrads look forward to the days when those relationships will still be strong and holdingtrue.

That evening, all were anticipating the International Presidents Banquet, where Pike's "King" would make his farewell speech. Prior to the banquet, the newly chartered Orange County Alumni Association hosted the International President's Alumni Reception. At the dinner itself, charters were given to recently installed chapters and the Chapter Advisor of the Year (*see page 17*), Alumni Advisory Board of the Year, and the Loyalty Awards were presented. The evening's sentiments were summed up in the

heartfelt words of Loyalty Award winner Robert N. Cox (Southeast Missouri, Epsilon Iota '64): "I thank you for everything you've given me." International President Buttermore's equally eloquent thank you speech concluded that memorable celebration.

Convention's attendees continued their festivities far into the night, as noted by the echos of Pike cheers off the facades of the resort buildings.

2

Monday kicked off with a community service event for La Quinta Boys and Girls Club, and with the 2002 Pike Golf Tournament at the Marriott Desert Springs Valley Course. The golf tournament went off without a hitch and should become a regular event at future Pike conventions. According to Director of Alumni Affairs R. Eddie Scott (East Central, Epsilon Omega '94), "The tournament gave us the opportunity to match up alumni and undergrads in a fun and competitive social setting. I think we created some good friendships." The community service trip was coordinated by Memorial Headquarters Office and Systems Information Manager Sandra H. Newsom and had over 25 participants, including both alumni and undergrads. That afternoon. Pikes filled the room to hear International Vice President Allen W. Groves (Stetson, Delta Upsilon '79) give his Risk Awareness presentation. It's easy to recog-

nize a beneficial session when people still talk about it two days later. On Monday evening, attendees took their choice of breakout sessions which included Winning Rush I & II, The Pike House, Pledging Our Best, Risk Awareness, and Successful Chapter Finances. Throughout the course of Monday, Convention attendees and guests had the opportunity to view and purchase products and services from companies that are officially licensed by the Fraternity. In attendance were several long-time loyal vendors such as Masters of Design and Campus Classics, and new ones alike: Xact Xpressions, Greek Authentics and Success4Students. Company representatives found the day enjoyable and rewarding. They look forward to working with chapter members and alumni throughout the upcoming academic year.

McGraw entered the room in true celebrity fashion with sunglasses and swagger. As he stepped to the podium to accept his award, an enthusiastic crowd formed in front of the stage, snapping shots every half-second – the likes of which have never been seen at a Pike International Convention. Afterwards, the lights went out and Executive Director Wulf stepped back up to the mic to introduce the Smythe winners. With sound bursting from the sub-woofers hanging from the ceiling, and spotlights running across the tables and walls of the room, the consultants, lead by Director of Real Estate Programs Justin Buck (South-

Tuesday, the final day of the Convention, was truly a day of celebration. This day began with the ratification of the proposed Supreme Council slate at the morninglegislative session. This session also adopted the Vision, Mission and Creed of the Fraternity. At the International Awards Luncheon, Pikes celebrated outstanding accomplishments by honoring Tim McGraw (Louisiana-Monroe, Eta Omicron'86) with the Distinguished Achievement Award, Beta Eta Chapter (Illinois) with the Harvey T. Newell Award, and sixteen chapters with the Robert Adger Smythe Award. Tim

*east Missouri, Epsilon Iota '96)*, broke through the doors with the coveted awards held high over head as they paraded around the room. Spotlights, camera flashes, cheers, and music pumping from the house system gave the room an explosive feel.

To continue the celebration, everyone gathered that evening in the banquet room for the International Officers Banquet, arguably the climax of every convention ... or is it the blast off? This exquisite occasion calls for special attire for all International officers. Dressed in tuxedos with white dinner jackets, garnet and gold sashes, and officer medallions, each officer made his way to the three-tiered head table in his own fashion. This, known as the "DuckWalk," is a true spectacle which no one will soon forget. Some officers high-five, some moonwalk, and some crowd surf their way to the head table, as did newly elected International President D. Mark Anderson (Wofford, Nu '76). The rowdy crowd of brothers and guests fed off each others' energy as though each table on the floor was connected by a set of jumper cables and the head table revved the engine! People stood on their tables and chairs cheering, screaming, and swinging their napkins. If this didn't motivate them to go back to their chapter and make things happen, then nothing would! The evening concluded with the ceremonial pinning of the new international president and his inaugural address.

### A Doorway To The Future

A major part of the Convention is the decisions made by the undergraduate chapters, alumni associations and international officers that effect the future direction of the Fraternity. This democratic process requires a sequence of committee meetings that create and approve legislation and motions which are then brought to the floor to be discussed and voted

on by the entire voting membership. All those who participated in committee and legislative meetings played a part in advancing our Fraternity on an international level. These contributors assumed a larger role than just being a part of our Fraternity's history... they're a part of our Fraternity's future.

Topics on membership requirements, pledge education, finance and leadership were discussed and brought to the legislation floor. The 2002 International Convention will long be remembered for having enthusiastically showed its support for and commitment to a new Pi Kappa Alpha program – the *Return to Values Initiative*. The *Return to Values Initiative*, begun by a focus group of Fraternity and Educational Foundation representatives, approved by members of the Convention's Leadership Committee and unanimously ratified by all Convention delegates, represents Pi Kappa Alpha's renewed focus on the Fraternity's values and purpose. As the necessary first step toward developing programs to advance Pi Kappa Alpha along this course, the 2002 International Convention adopted new Mission, Vision and Creed statements for the Fraternity. These important declarations will serve as the guiding principles for the enhancement of current Fraternity programs, and development of new initiatives – especially in regard to conference programming.

### The Two Towers

Pi Kappa Alpha has been fortunate over the past two years to have a leader who speaks with such intelligence, strives for success, and loves all his fellow brothers. It was evident in King Buttermore's farewell speech that his love for the members of our Fraternity was constant and unwavering. As he communicated his farewell to a room of over 600 people and recited the successes of the last two years, it was evident that a mix of sadness and sense of accomplishment flowed throughout the crowd. When the presidency was formally passed to D. Mark Anderson at the final banquet, a new chapter in the history of Pi Kappa Alpha was opened. The transition between international presidents did not skip a beat and it was evident in our new president's address. His message is simple, yet significant: "Fail:" failures can only come if you take risks. "Risk:" risks are what's needed to make personal, chapter, and Fraternity advancement. "Try:" try new things, take chances, make change, and success will follow. The Pike Vision (in its simplest sense) sets the standard. Anderson and the rest of the Supreme Council are trailblazers who strive to attain that vision, and that can only be done by taking chances and trying new things. Brothers across North America should be proud of what their Fraternity has come to be, and in the direction it's headed.

The only question left to answer is, "Who will be the first?"

Who will be the first to meet our Vision? Who will be the first to complete our Mission?

Who will be the first to live our *Creed*?

Who will be our leaders at the 2004 convention?

The answer to all of these questions could be "You."

### THE RETURN TO VALUES INITIATIVE

### Vision

Pi Kappa Alpha will set the standard of integrity, intellect, and achievement for our members, host institutions, and the communities in which we live.

### Mission

Pi Kappa Alpha is dedicated to developing men of integrity, intellect, and high moral character and to fostering a truly lifelong fraternal experience. To fulfill this mission, Pi Kappa Alpha will:

- Encourage all our members to live the values taught in our ritual.
- Provide innovative services and programs designed to enrich the lives of our undergraduates, alumni, and communities.
- Create opportunities for our undergraduate and alumnimembers to participate in the life of Pi Kappa Alpha on a daily basis.
- Promote and foster a spirit of pride, loyalty, inclusion and respect for Pi Kappa Alpha and its rich history.
- Empower our undergraduate and alumni members to help shape Pi Kappa Alpha's future by being informed ambassadors and involved advocates.
- Encourage our undergraduate and alumni members to take an active role in advancing Pi Kappa Alpha's interests by volunteering their time and by contributing to the Fraternity's annual giving campaign.
- Communicate effectively and efficiently with our alumni, students and host institutions through various channels on a continuous basis.
- Value academic achievement and practice academic integrity.
- Establish positive and lasting relationships with our host institutions, alumni and communities.
- Encourage our members to be of strong mind and body.

### Creed

We believe in the importance of virtue and commit to living the values of the Pi Kappa Alpha Fraternity. We recognize that truth is the foundation of all lasting association, and we will seek wisdom and knowledge while serving others in modesty and dignity.

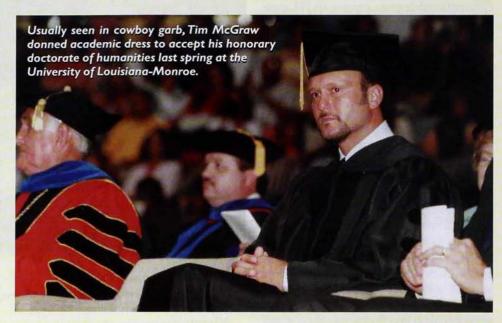

Recalling that Pi Kappa Alpha is a lifelong commitment, I therefore reaffirm to live my life with honor and courage seeking the inherent worth in each person I meet; to accept all brothers of Pi Kappa Alpha in love and friendship; and to serve my faith, my family, my community, my alma mater, and my Fraternity.

Only then, by living these virtues, will we realize our fullest potential.

### 2002 Distinguished Achievement Award Presented to Tim McGraw

Tim McGraw (Louisiana-Monroe, Eta Omicron'86) entered the Awards Banquet at the 2002 Convention with style only a true superstar could pull off. After accepting a standing ovation and a gracious introduction by Jeff Thompson, his longtime friend and pledge brother, the recipient of the 2002 Distinguished Achievement Award gave the packed house an emotional speech about how the Fraternity influenced his dream to pursue country music. He joins the ranks of past Distinguished Achievement Award winners, including national champion football coach Bobby Bowden (Samford, Alpha Pi '92), Denver Broncos owner Patrick D. Bowlen (Oklahoma, Beta Omicron '92) and former president of American Express Financial R. Craig Hoenshell (Nebraska-Omaha, Delta Chi '92). McGraw is also a member of the Pi Kappa Alpha Educational Foundation's Order of West Range.

McGraw exploded onto the music scene with his debut album *Tim McGraw*. The awards began coming in a short time later – he received the Blockbuster Entertainment Awards Favorite CD, Country Music Television Awards Male Video Artist of the Year, Academy of Country Music Album of the Year and the Academy of Country Music Top New Male Vocalist, just to name a few. Since that time he has earned over 35 awards from the music industry for his singles, vocal collaborations, albums, artistry, videos and tour packages. Most recently he has been named as the Favorite Male Artist by the American Music Awards, Blockbuster Awards and *Play*-

boy magazine, and was named entertainer of the year by the Country Music Association. In 2001, Tim and wife Faith Hill won a Grammy for vocal collaboration. He has sold more than 25 million albums and singles.

McGraw's record of service to his community, fraternity and country is a distinguished one. In 1994, he organized the first Swampstock, a fundraising event which began as a softball game to raise funds for hometown Little League in Rayville, Louisiana. Today, Swampstock consists of a celebrity softball game and multi-artist concert with attendance in excess of 20,000. The 2001 ac-

### D. Mark Anderson Elected to International Presidency

When you look at the road that Mark Anderson (Wofford, Nu'76) has traveled, it's not hard to see his love for Pi Kappa Alpha. After graduation, Anderson joined the staff at the Memorial Headquarters as a chapter

consultant and worked his way up through the ranks. He served as Dixie regional president and in 1996 was elected to the Supreme Council as vice president. Currently, Anderson is president of the non-profit consulting firm Anderson & Associates in Atlanta, Georgia. He is a member of the Educational Foundation's Garnet and Gold Donor Society and the Oak Trust.

On Sunday evening, Anderson was carried in on the shoulders of undergraduates in presidential style to conclude the Duck Walk at the International Officers Banquet. There he received the badge of office as international president. And in a touching moment, after Anderson received his badge, he turned and pinned his wife, Jane.

tivities coinciding with Swampstock raised money for area projects and victims of the September 11th terrorist attack.

In May 2001, at the University of Louisiana-Monroe commencement ceremonies, a crowd of nearly 8,000 saw the University confer an honorary doctorate of humanities on McGraw. "Mr. McGraw, his wife, and their friends have worked tirelessly to give young people from the rural south an opportunity to succeed through a variety of venues," said ULM President Lawson Swearingen, Jr., "including little league baseball, scholarships to open the doors to higher education, and benefit concerts for regional cultural entities such as Friends of the Jackson Zoo, as well as benefits for families torn by tragedy, such as those who lost loved ones during the U.S.S. Cole incident."

Since his initiation in 1986, McGraw has continued to stay involved with his chapter and the International Fraternity. As an undergraduate he served Eta Omicron Chapter as secretary. He was also active in multiple intramural championship teams and attended the 1988 International Convention commemorating the dedication of the new Memorial Headquarters in Memphis, Tennessee. He made Pi Kappa Alpha a family tradition for his brother Mark McGraw and father (and baseball great) Tug McGraw by participating in their special initiation at the 2001 Swampstock.

McGraw and his wife, country music superstar Faith Hill, reside in Nashville, Tennessee. They have three daughters, Gracie Katherine, 5, Maggie Elizabeth, 2, and Audrey Caroline, 8 months. In 2000, McGraw was named Father of the Year by the National Fatherhood Initiative.

### Meet Pi Kappa Alpha's 2002-2004 Supreme Council

D. Mark Anderson (Wofford, Nu '76) International President Anderson has previously served the Fraternity as a member of the International Alumni Commission, Dixie regional president, chapter advisor and

was a member of the Fraternity's professional staff. He is president of the non-profit consulting firm Anderson & Associates in Atlanta, where he resides with his wife, Jane. He is a member of the Educational Foundation's Oak Trust and Garnet and Gold Society.

Howard E. Goldstein (*Lehigh, Gamma Lambda '83*) InternationalVice President Goldstein has also served Pi Kappa Alpha as North Atlantic regional president from 1991-98. He practices family den-

tistry in Philadelphia and is an associate clinical instructor at the University of Pennsylvania School of Dental Medicine. He volunteers for the American Cancer Society and is the current chairman of the New Leadership Division of State of Israel Bonds.

### Allen W. Groves (Stetson, Delta Upsilon '79) International Vice President

Groves has previously served as the Fraternity's international legal counsel, as Beta Kappa chapter advisor and as the Fraternity's executive director. He is an attorney and partner in the Atlanta office

of Seyfarth Shaw. He serves on the board of directors of Hillside Hospital and J.D. Rothschild, Inc. He is a member of the Educational Foundation's Lily of the Valley Society.

### Kevin G. Knaus (Kansas State, Alpha Omega '82) International Vice President

Knaus has also served the Fraternity as a chapter advisor, international rush director and was a member of the professional staff. He is senior vice president of sales and marketing for LandAmerica OneStop. He and his wife, Elena, reside in Atlanta

with their children, Parker and Madison. He is a member of the Educational Foundation's Oak Trust and Shield & Diamond Society.

### (Armstrong, Eta Mu'74) International Legal Counsel

Patrick A. Talley, Jr.

Talley has previously served the Fraternity as Delta regional president and as resident counselor at Alpha Gamma Chapter. He is a partner in the law firm of Frilot, Partridge, Kohnke & Clements, LC. Talley resides in New Orleans, Louisiana with his

wife, Sharon, and their children, Sarah Ilene, Trey and Peyton. He is a member of the Educational Foundation's Shield & Diamond Society.

Supreme Council Vice President Allen W. Groves (left) speaks with Bruce Wolfson, who was elected to Supreme Council vice president this year at Convention.

Bruce A. Wolfson, Trustee (Pennsylvania, Beta Pi'71) International Vice President Prior to his election to the Supreme Council, Wolfson served as a member of the Educational Foundation's board of trustees. He has served

as chapter advisor to Beta Pi Chapter and was the founding president of the Chicago Area Alumni Association. He is senior managing director in the Legal Department at Bear, Stearns & Company, Inc. He served as the assistant dean for fraternity affairs while receiving his J.D. from the University of Pennsylvania. He is a member of the Educational Foundation's Garnet and Gold Society.

### H. King Buttermore III (Vanderbilt, Sigma '63) Past International President Prior to his term as inter-

national president, Buttermore served the Fraternity as Supreme Council vice president and legal counsel, and as chairman of the Educational

Advisory Commission and the nominating committee. Before joining the law firm of Decker and Hallman in Atlanta, King served for 25 years as dean for student life at Georgia State University. He is the author of Georgia's anti-hazing statute and a contributor to CNN's Burden of Proof. He and his wife, Karen, have two daughters, Molly and Katy, both graduates of the University of Georgia. He is a member of the Educational Foundation's Lily of the Valley Society.

### Christopher A. Chacey (*Virginia Tech, Epsilon '00*) Undergraduate Vice President

Chacey was appointed to a one-year term as undergraduate Supreme Council vice president at the 2002 Convention. He served as Epsilon Chapter refounding father and refounding external vice president, as Founders Regional Leadership Con-

ference chairman and vice president, and was a member of the rush and alumni relations committees. He is a member of the Gamma Sigma Alpha Greek Honor Society and the Phi Sigma Biological Honor Society. He plans to graduate in 2003 with a bachelor of science degree in crop and soils environmental science.

### **Trevor Clark**

### (Nebraska-Omaha, Delta Chi '00) UndergraduateVice President

Clark was appointed to a one-year term as undergraduate Supreme Council vice president at the 2002 Convention. He served as Delta Chi Chapter president, rush director, internal vice president, membership development chair and scholarship

chair, and was treasurer of the Great Plains Region. He is a member of the Order of Omega and the Sabre & Key Honor Society. He plans to graduate in 2004 with a bachelor of science degree in management information systems.

Chuck Weaver received the Fraternity's Chapter Advisor of the Year Award this August at the 2002 International Convention for his outstanding work with Eta Alpha Chapter at his alma mater, Clemson University.

Weaver has been employed with the L.R. Gorrell Company, a manufacturer's representative, for twenty years as a sales engineer and assistant branch manager. He is a charter member of the Eta Alpha Alumni Association and a donor to the Educational Foundation. He has been honored in recent years as the Carolinas Region's Chapter Advisor of the Year for 2001 and 2002. Weaver and his wife, Kay, have an 11-year-old daughter, Megan. The family attends St. Andrew's Catholic Church in Clemson where he is on the parish council and the facilities committee.

The Shield & Diamond asked Weaver about his experiences with Pi Kappa Alpha, and his philosophy on chapter advisement.

## What have you learned through your involvement with the Fraternity?

Since my initiation into the Fraternity in 1976, I have discovered that nothing is the same day to day when you are involved with undergraduate members, and to never be surprised.

The only consistent factor is the Fraternity. The Pi Kappa Alpha Fraternity's ritual and traditions never change despite the introduction of new faces. The traditions are what hold the diverse group together and the ritual practices our commitment to the chapter, brotherhood and the Fraternity.

I have watched many young men change through their involvement with Pi Kappa Alpha into men of honor and integrity, who are involved in their own destiny and that of the chapter. They evolve socially and become able to take on any situation without discomfort, able to converse, interview, network and advance.

I have learned some things about myself as well. Taking my faith, my talents and my skills and working with these youngmen, teaching them what it means to be a Pike, a student, and a man is fulfilling to me beyond my wildest imagination.

### CHAPTER ADVISOR OF THE YEAR

Charles R. Weaver (Clemson, Eta Alpha '76) Advisor to Eta Alpha Chapter at Clemson University

## What do you think it takes to be a successful alumnus advisor/volunteer in Pi Kappa Alpha?

The best way to describe what it takes to be an alumnus advisor/volunteer can be summarized using a common acronym – COPAY.

No, this does mean that you pay ten dollars and get a heart transplant and a crown on your tooth, but the concept is the same. You invest a little of yourself and your time, and the benefits never stop paying you.

Dr. Jerry Askew (North Carolina, Tau '73)said recently in his speech at the International Convention: "...you can never pay back what Pi Kappa Alpha has done for you – you have to pay ahead."

COPAY also has a deeper meaning; each letter has a meaning as it relates to advising and volunteerism. They are:

"C" stands for *cognizance*. Always know what you are getting into and how much time it will take. Always be aware of what is going on and recognize problems. This minimizes the chance that your expectations will not be met, and by the same token, you will not let anyone down.

"O" stands for *organize*. Organize your thoughts and expectations. Organize your guys too, and teach them the organizational skills to minimize wasting your time and that of other volunteers. Organization is the key to success.

"P" stands for *patience*. Patience with college-age men is something that takes a great deal of effort and time to develop. I deeply admire college professionals for

their mastery of this elusive virtue. The advisor/volunteer job is difficult if you cannot muster some patience.

"A" stands for *ask*. If you want to know what is going on, just ask. Be aware of your surroundings, and if things don't add up, ask.

"Y" stands for *year*. Once you get involved, evaluate your progress every year. Make a change if your volunteerism takes more from you than you have to give.

Success as an advisor comes with the small achievements the chapter makes, as well as large accomplishments, like the elusive "Smythe", that take success to a whole new level.

Success as an advisor/volunteer comes when you are cognizant, organized, patient, not afraid to ask what is going on, and assessing your impact on a yearly basis.

Success comes personally when you always "pay ahead"!

### Why would you encourage an alumnus to become actively involved with a chapter?

Our faith teaches us to "give of yourself" – what better reason. We are all blessed with talents to share with young men. We can also act as role models for the three F's: FAITH, FAMILY, and FRATERNITY.

Active involvement can mean a seat on the house corporation board to advising a group of young men on the proper way to handle a meeting, practice the ritual,

## The Pi Kappa Alpha Fraternity 2001-2002 Annual Report

n behalf of the Supreme Council and your Memorial Headquarters Staff, please accept the 2001-2002 Annual Report of the Pi Kappa Alpha Fraternity. Imagine the awe of our Founders if the fruits of that meeting in 47 West Range on March 1, 1868 could be seen by them today. Pi Kappa Alpha is synonymous with success, merit and distinction throughout the fraternity world. Our inter-fraternal organizations call upon our staff for guidance and assistance. Our operational model is acclaimed as unparalleled, but continues to be refined. Our expansion program resulted in eleven charterings during the past biennium, and two of those newly chartered groups have already earned the coveted Smythe Award, as being the best of the best. The following highlights demonstrate the excellence of Pi Kappa Alpha which is reflected in this Annual Report:

- Pi Kappa Alpha pledged more than 5,200 men last year and initiated nearly 4,400 new brothers.
- The Fraternity continues to lead all fraternities in terms of average chapter size, a major indicator of chapter strength.
- Pi Kappa Alpha maintains its status as one of North America's leading frater-

nities with 208 chapters and five colonies.

 Pike pledged and initiated more men on a per chapter basis than any other fraternity.

Your Supreme Council passed the torch of the brotherhood to its successors at the historic and remarkably successful Palm Springs Convention in August, 2002. We anticipate that this flame will inspire new goals, new aspirations, and will raise the level of expectations of our undergraduate chapters in the United States and Canada. The Return to Values Initiative received unanimous approval by the Convention. You will be learning about the new creed which was adopted as a part of the initiative, giving each brother a tangible, public verbalization of the mysteries of our order, which can be applied by each brother in real life encounters. I challenge each alumnus to adopt Pi Kappa Alpha's creed even though it was adopted after you completed your university experience.

A substantial completion of the tasks adopted in the Fraternity's Strategic Plan have been accomplished. As the list of unfinished items grows shorter, it is anticipated that a new strategic plan will be created, utilizing wisdom and experience from all elements of the Fraternity family. Pi Kappa Alpha will not settle for the status quo, but will always assess, aspire, and adopt those actions which are essential for growth, success, and validity.

Through our core of volunteer international officers, through our

H. King Buttermore III (Vanderbilt, Sigma '63)

alumni mentors in the chapters, through our undergraduate brothers now committed and even those yet to come, and through our most professional and dedicated Memorial Headquarters staff, Pi Kappa Alpha will continue to focus on values-based education of our brothers... for life. Our goal is to make ourselves indispensable to the University communities of which we are a part.

Thank you to all who have contributed to this year of success for Pi Kappa Alpha!

Faithfully,

King Bruemore

### The Numbers

Pi Kappa Alpha ended the 2001-2002 year having pledged more than 5,200 men and initiated more than 4,300 via 203 chapters and five colonies. The pledging totals represent some of our best results in the past five years, while our initiation total represents the Fraternity's second-best year since 1994. We are encouraged by what we see to be a continuing upward trend in overall fraternity membership, and in Pi Kappa Alpha in particular. These figures should keep Pi Kappa Alpha on top in terms of average pledgings and initiations per chapter - one of the best measurements of overall fraternity strength.

### Leadership Programs

Pi Kappa Alpha continued to lead the way this past year, in terms of leadership programming quality and undergraduate attendance. The 2001 Officers Leadership Academy provided a fitting kick-off to another outstanding year of leadership events.

The Officers Leadership Academy (OLA) was held outside Memphis, Tennessee at Whispering Woods Hotel & Conference Center. The four-day program featured intensive programming specifically designed for chapter officers. A popular new addition to the 2001 OLA was a five-part personal development and leadership track facilitated by International Education Advisor Michael A. Hayes (Indiana State, Theta Omicron '82), Educational Advisory Committee

member W. Patrick Haun (High Point, Delta Omega '89) and former staff member Mark C. Dziatczak (Wavne State. Delta Nu '91). Special attention and resources were provided to recruitment chairmen by the International Rush Advisory Committee during four newly developed rush sessions. Attendees were also able to learn important leadership and fraternal lessons from an all-star faculty list that included Past National President Jerry Askew (North Carolina, Tau '73), International Historian Dr. Jerry Reel (Tulane, Eta '57), International Vice President Allen Groves (Stetson, Delta Upsilon '79) and former staff member Chris Peterson (Florida, Alpha Eta '91). Also packed into the OLA's agenda was a trip to the AAA Memphis Redbirds baseball game, the dedication of the Lighty-Wade Courtyard and Pavilion at the Memorial Headquarters and the 2000-2001 International Awards, including the presentation of the Loyalty Award to R. B. Johnson (*Linfield, Delta Rho '51*) and the Distinguished Achievement Award to Dr. E. Gordon Gee (*Alpha Tau, Utah '63*).

During the course of the year, the Fraternity sponsored sixteen **Regional Leadership Conferences**, drawing more than 2,200 undergraduate Pikes from across North America and nearly 100 local advisors and house corporation members. These conferences were once again coordinated by each region's dedicated volunteer – the regional president. At least two members of the Fraternity's professional staff, an Inter-

The 2002 Chapter Presidents Conference (CPC) set new attendance records in its 30th year, in terms of both chapter presidents and rush chairmen (who participated in the affiliated "Rush Summit"). The setting for the CPC was once again the luxurious Peabody Hotel, in downtown Memphis, Tennessee. The International Rush Advisory Committee, ably manned by International Rush Director Todd Mudd (Missouri, Alpha Nu '81), Steve Heck (Kansas State, Alpha Omega '88) and Darius Sidebotham (Florida Tech, Zeta Sigma '94), again rose to the challenge by coordinating the Rush Summit, a multifaceted educational track specifically designed for rush chairmen. A new addition to the program was a series of "personal development forums", containing topics such as personal finance and goal setting, and "chapter development forums", featuring subjects such as alumni relations and chapter housing operations.

The Fraternity would like to also recognize the International Officers, undergraduates, alumni, guests and staff members who participated as faculty or coordinators for these events; thank you for your service and dedication to Pi Kappa Alpha!

### Chapter Services

Throughout the 2001-2002 academic year, the services department continued its support of Pi Kappa Alpha's chapters, members and advisors. This past year, eight new consultants and one senior chapter consultant added to the experience of the Memorial Headquarters staff. During this academic year these talented consultants were able to conduct 25 recruitment or developmental visits, 25 financial visits and 214 chapter visits throughout North America.

New this year was the unveiling of the Fraternity's Chapter Advisor Accreditation Program, available at *www.PIKES.org.* The program, developed by the Chapter Advisor Task Force, provides a valuable new tool for advisors and chapters. More than 135 chapter advisors participated in the program this past year. Emphasis was also placed on the recruitment of chapter advisors; through the Memorial Headquarters, more than 30 alumni expressing an interest in volunteering were placed in contact with a local chapter.

The services department continued to facilitate educational presentations at the sixteen regional leadership conferences, the Officers Leadership Academy, and the Chapter Presidents Conference. With six new chapter consultants joining Director of Services Jason Belland this past June, the department is looking forward to another successful year for Pi Kappa Alpha.

### Expansion

..... 38

..... 37 ..... 37

> It was another banner year for Pi Kappa Alpha's expansion department. We continue to be a leader among North American fraternities, boasting a total of eight installations and five colonizations during the year. Of special note was the outstanding success of the West Virginia (*Alpha Theta*) colonization. That effort, led by staffers Beau Carlson (*Iowa State, Alpha Phi* '99) and Dean Snihur (*Alberta, Lambda Epsilon* '00), set an all-time, allfraternity record with 167 colony members by the conclusion of their five-week project!

> Four of the five current colonies are expected to petition to be chartered this fall, with the spring 2002 project, East Carolina University, on schedule to petition this coming spring. Pi Kappa Alpha continues to be aggressive in its expansion efforts with five projects scheduled for the fall and another two confirmed for the following term. Included in confirmed projects are the University of Minnesota, University of British Columbia, George Washington University and the University of California-Irvine.

> The expansion department continues to work with area chapters, alumni, universities and existing colonies in an effort to add strong chapters to our existing ranks. Former chapter consultant Ryan Van Andel (*UC-Berkeley, Alpha Sigma '98*) has assumed the position as director of expansion and will lead a threeperson staff in the upcoming year's expansion efforts.

A complete listing of Pi Kappa Alpha's chapters and colonies can be found on the Fraternity's website at: www.pikes.org

The Fraternity's official web site has been continually updated and revised, providing Pi Kappa Alpha's public with the latest in Fraternity news and resources. New this year was the unveiling of the chapter programming resource library. The Chapter Programming Flow Chart provides an interactive and effective

databank of the most commonly used Fraternity forms and recommended job descriptions for every chapter officer and chairman.

Last year marked the first time that the Fraternity's monthly publication, the Forum, was distributed entirely via email. While previous editions of the Forum were printed and mailed to chapters, electronic distribution allows the Fraternity to send a copy of the Forum to each pledge, member, alumnus and Greek advisor/dean of students who has provided the Memorial Headquarters with a valid email address – more than 6,000 copies in all. Each edition of the Forum also remains archived for one year on the Fraternity's web site.

The Shield & Diamond magazine continues to be perceived as a leader among fraternity publications, and serves as the Fraternity's most effective and popular communication vehicle. Advertising guidelines have helped Pike reach new and larger markets while creating a revenue stream. This year, Editor Barbara E. Perkins oversaw the circulation of the 291,789 copies of the Fraternity's magazine. The Shield & Diamond also reaches a wider audience through its online version.

### Marketing

### Can our service make a difference in your chapter? Many of your Pi Kappa Alpha brothers think so!

"I have been very impressed with the service of Omega Financial, Inc. The amount of information provided to me in their "Term Review" report helps us to stay abreast of how good things are going for the chapter. I can't tell you how much I appreciate what Omega has done for the chapter and for making my job a lot easier." J. Lewie Sanderson, House Corporation, Gamma Chi

"Omega is incredible!!! I can't tell you how happy I am with the service they provide. We made the mistake of trying another service because it was cheaper. What a mistake! We couldn't access information on-line like we can with Omega and their statements were printed unprofessionally and quite often incorrect. Thanks Omega!"

### Brandon Mason, Treasurer, Iota Iota

"For the first time since I can remember, we will enter the fall semester here with no outstanding balances! By using Omega Financial, we have been able to eliminate debt, plan, and budget better. In addition, communication throughout the chapter has increased and the overall cooperation of the brotherhood is incredible! Omega made it possible!"

### Brad Hanneman, Treasurer, Alpha Omega

Past National President Tom Handler (*Illinois, Beta Eta* '74) continues to provide valuable leadership to the NIC's Public Relations Task Force.

The Fraternity's licensing and vendor program continued to be enhanced during this past year. Formal application and review procedures for vendor prospects have been established, and additional advertising space was made available in the *Shield & Diamond* Magazine. Over the next few years, the Fraternity anticipates significant growth in this program.

### **Alumni Affairs**

The Fraternity works to provide enhanced opportunities for alumni involvement at all levels of the organization. As our commitment to fraternal excellence continues, so does our commitment to the alumni of Pi Kappa Alpha. Throughout 2001-2002 our alumni, alumni associations and chapters held events ranging from homecoming, golf tournaments, gold and silver anniversaries and Founders Day Banquets to honor our alumni.

This past year the Fraternity, through

our alumni volunteers, was able to provide keynote speakers and guests for 17 different banquets across North America in recognition of Founders Day and homecoming events.

We would like to congratulate our 84 current alumni associations for a great year. Keep up the good work!

### **Real Estate**

The International Fraternity continues to highlight the need for improved care and conditions of our chapter facilities. 176 of our active chapters or colonies occupy some form of real estate. While few fraternities employ even one full time person to work on housing, Pi Kappa Alpha has four professional staff dedicated to real estate matters: Executive Real Estate Officer Daniel W. Corah, Director of Real Estate Clint E. Bartman, Director of Real Estate Programs Justin A. Buck and Real Estate Assistant Heather L. Huffman.

Of the many real estate programs, the loan program is still the premier service offered to house corporations. The Fraternity provides loans for the acquisition of furnishings and equipment; for purchase, construction or renovation purposes; and for professionally conducted capital campaigns. Available loans generally range from \$25,000 to \$250,000. In 2001-02, the Housing Commission committed, modified, or refinanced \$833,754 in loans to Pi Kappa Alpha house corporations.

The Fraternity's role in chapter housing has continued to expand significantly beyond its initial function as that of primarily a lender. New programs have been established that take an empowerment-oriented approach; providing enhanced education and incentives to encourage improved involvement by both students and alumni.

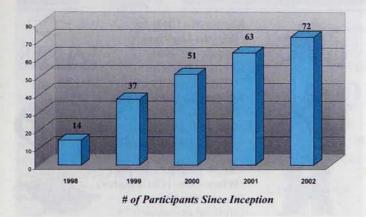

The Fraternity provides a wide array of housing materials and programs to all Pi Kappa Alpha chapters, house corporations and alumni. This past year, educational sessions were presented at regional conferences, the Officers Leadership Academy and the Chapter Presidents Conference. The department also created a quarterly e-mail service titled "The Pike House Link" that assisted in effectively communicating current fraternity housingtrends and resources available to chapter members, house corporations and alumni.

In an effort to increase support and education for alumni and house corporations, the Fraternity successfully hosted two "Housing Summit" educational conferences in 2001. These summits were the first volunteer educational forums held for house corporation officers and provided an expense paid trip for an officer from every corporation to attend one of the events. The first Housing Summit, held in Denver on the weekend of April 28, 2001 had 48 corporations represented and 78 total participants. The second of the two Summits, held in Washington, D.C. on December 1-3, 2001, was rescheduled from September 14-16, due to the tragic events of September 11th. Seventy house corporations were on hand in D.C., representing a total of 118 house corporations. Overall, the summits were able to effectively reach over 83% of all Pi Kappa Alpha house corporations. The feedback from these conferences has been extremely positive, enabling the real estate department to become even more aggressive with the services it provides.

The group property insurance program, coordinated through the Real Estate Department, now has 58 participating locations, representing over \$50 million in total coverage. The purchasing power of the group has saved house corporations thousands of dollars, while providing a comprehensive set of coverages that is far su-

The Housing Commission and staff seek to provide valuable services and resources for the best housing in the fraternity world. For more information, contact the Real Estate Department at (901) 748-1868 or check out www.pikes.org.

WHITE HORSE HOLDING CORPORATION

The White Horse Holding Corporation, previously known as the Pi Kappa Alpha Holding Corporation, is governed by the Housing Commission and administered by the Real Estate Department. It is a nonprofit corporation created in 1963 for the purpose of holding title to real estate that has been acquired by the International Fraternity. The name was changed in 2000 to help differentiate this entity from other groups using the Fraternity name on both a local and international level. While the International Fraternity prefers not to own chapter houses, circumstances occasionally occur when real estate is acquired. As of June 2002, the Holding Corporation owned property at the University of Virginia, University of Arkansas, West Virginia University, Oregon State University, University of Miami, University of Idaho, University of Minnesota and Creighton University.

### 2001-2002 SMYTHE AWARD WINNING CHAPTERS

### The Best of the Best Within Pi Kappa Alpha

**P**i Kappa Alpha annually recognizes outstanding chapter achievement with the presentation of the Fraternity's International Awards. Awards are provided for overall chapter proficiency and in specific categories, such as scholarship or athletics. The highest recognition that a chapter can receive is the Robert Adger Smythe Award. This award recognizes those chapters that have demonstrated overall chapter excellence and outstanding achievement on their campus – thereby making this group the "best of the best" within Pi Kappa Alpha.

At the 2002 International Convention's International Awards Luncheon, sixteen chapters were presented with a coveted Smythe trophy. Cumulatively, this year's Smythe class donated nearly 72,000 hours of service to their local communities and had an average chapter-wide grade point average of 2.99. On average, these outstanding chapters initiated 92% of their pledge class, placed first in intramurals, had 94% of their members involved in other campus organizations and are the largest fraternity chapter on their campus.

These chapters' accomplishments are all the more impressive when one considers the top to bottom chapter commitment required to achieve such tremendous success. "A Smythe Chapter" does not simply achieve its recognition due to the work of a devoted chapter president or outstanding executive council. Rather, such impressive statistics are only realized through the synergistic and coordinated commitment of the chapter's pledges, undergraduates and involved alumni.

Smythe-winning chapters will be recognized on the Fraternity's web site for the entire academic year, and a special press release regarding the chapter's accomplishments will be sent to each of their respective universities.

Please join us in recognizing these outstanding chapters – Pi Kappa Alpha's 2001-2002 Smythe Chapters!

handle their financial responsibilities, cope with their discouragements, and at the same time not lose their faith.

Alumni volunteerism is the "gift that keeps giving"! You can do as much as or as little as you want and the return is exponential.

### What has been your greatest satisfaction working with the undergraduate members of Pi Kappa Alpha?

Seeing the undergraduates work hard, work together toward a common goal, and receive the recognition they deserve. Their victories are your victories.

Working with the undergraduate members is probably one of the greatest things anyone could do. You have a perfect vantage point from which to view these scholars, leaders, athletes and gentlemen evolve into men of Pi Kappa Alpha – to go on to become doctors, lawyers, etc.

Real satisfaction comes from giving of yourself and knowing that you had at least a small part in their success.

Alumni supporting scholastic achievement, leadership training and personal development since 1948.

The mission of the Pi Kappa Alpha Educational Foundation is "to enhance the lifelong Pi Kappa Alpha experience for today's student and alumnus brothers and those in generations to come, and to assure the enduring prosperity of the Pi Kappa Alpha Fraternity."

The Pi Kappa Alpha Educational Foundation, founded in 1948, is an independent, tax-exempt, beneficent, charitable, literary and educational organization with a 501(c)3 IRS designation. It is governed by a board of trustees composed of twelve alumnus members of Pi Kappa Alpha. Its daily operations are conducted by a professional staff located in the Pi Kappa Alpha Memorial Headquarters, 8347 West Range Cove, Memphis, Tennessee 38125.

The Foundation is supported by taxdeductible charitable gifts from loyal members and friends of the Pi Kappa Alpha Fraternity. In turn, the Educational Foundation provides financial assistance for educational and leadership based programming, and direct financial assistance to the Fraternity's student members.

The information provided here summarizes Foundation activity from July 1, 2001through June 30, 2002.

## 2001-2002 Annual Report

From the President of the Pi Kappa Alpha Educational Foundation:

### Dear Brothers:

The Pi Kappa Alpha Educational Foundation exists and functions solely because of the many donors that regularly make tax-deductible contributions to the Foundation. We are happy and proud to report that in this last fiscal year, over 6,200 alumni contributed to the Foundation. This participation maintains the high levels set in the last two to three years in terms of both total dollars and numbers of alumni participating.

We heartily thank each of you and you will see your name listed on the pages that follow where we highlight the specific type and level of your participation. Whether you contributed to one of our two principal leadership endowments, (the Chapter Presidents Conference and the Officers Leadership Academy), one of the many scholarship endowments, the PIKE Fund, or the Oak Trust, our planned gift recognition society, you are enabling the Foundation to better support our undergraduate members. Again, we thank you and ask that you consider increasing your commitment to the Foundation by making an increase in your giving to the program(s) that you have supported in the past or by choosing to support a new additional program. Your added dollars will directly benefit our undergraduate members. The Foundation supports our undergraduate brothers in many ways but our major focus is on the Fraternity's key leadership programs: the Chapter President Conference, the Officer's Leadership Academy and the Regional Leadership Conferences.

Your contributions to the Foundation have a direct and positive impact on the young men who attend and participate in these leadership-training programs. Well over 2,500 members attended these programs this last year and each of them comes out of these programs a better young men and citizen, and a more able leader in his chosen profession. And in so doing, they enhance the quality of our individual chapters and the Fraternity as a whole. It is clear to me that the Foundation will have a significant role in aiding and supporting the Fraternity as it launches its "Return to Values Initiative", which clearly affirms the key values by which all of us should live.

With this point made, think back to your experience within your chapter. Many of us did not enjoy the benefits of programmed leadership training. If your name is not included on the list that follows, please consider making a contribution. By doing so, you will help many young men gain more from of their education and make Pi Kappa Alpha a stronger Fraternity.

Fraternally,

Marin Demn

### THE OAK TRUST

As of June 30, 2002, the following brothers and friends had notified the Pi Kappa Alpha Educational Foundation of their inclusion of the Foundation in their estate plans. These future gifts are primarily funded through bequests, charitable trusts and gifts of life insurance proceeds, with the potential for both immediate and deferred positive tax ramifications to the donor and their estate.

Cumulative realized and future gift assests on record with the Pi Kappa Alpha Educational Foundation from these loyal brothers and friends were over \$14,000,000 on June 30, 2002.

Membership in the Foundation's planned gifts recognition program, the Oak Trust, is secured through notifying the Foundation of a beneficiary designation of \$25,000 or more from a will or charitable trust, or a \$50,000 beneficiary designation from a life insurance policy.

Proceeds from planned gifts to the Pi Kappa Alpha Educational Foundation can be designated by the donor to endow scholarship funds, enhance existing endowments which fund educational programming benefiting all members of Pi Kappa Alpha, or meet future priorities of the Foundation as directed by the Board of Trustees.

### Jared K. Henderson. Wins Pi Kappa Alpha Fraternity's Highest Undergraduate Honor

J ared Kyle Henderson, a native of Springdale, Arkansas, and a graduate of the University of Arkansas, was recognized at Pi Kappa Alpha's 2002 International Convention in Palm Springs, California as the 2001- 2002 Robertson Most Outstanding Undergraduate Award recipient.

The Robertson Most Outstanding Undergraduate Award is annually funded from an endowment that has been chiefly funded by alumnus members of Epsilon Chapter at Virginia Tech in memory of Jenkins Robertson (*Clemson*, *Eta Alpha* '71), who served Epsilon Chapter at Virginia Tech as chapter advisor until his untimely death in 1986.

Brother Henderson is a 2000 initiate of Alpha Zeta Chapter at the University of Arkansas, where he graduated in May. A member of Pi Kappa Alpha's *Sabre & Key Honor Society*, he finished with a 3.88 overall grade point average, completing his bachelor of arts degree in computer science and physics. In recognition of his academic achievement, Henderson received Chancellor's List status for several of his undergraduate semesters.

Henderson has been highly acknowledged for his leadership of Alpha Zeta Chapter and the University of Arkansas Greek System. A member of Order of Omega, he was also "tapped" into two honor societies, Golden Key and Gamma Beta Phi. Pi Kappa Alpha Fraternity's Arkoma Region selected Henderson as an Ultimate Fraternity Man for outstanding leadership and service to the Fraternity

His record includes serving the University of Arkansas Pikes as president, community service chairman, and rush chairman, and he has supported the Pi Kappa Alpha Educational Foundation as a donor at the  $\phi\phi\kappa\alpha$  club level. Henderson also served the greater Greek community at Arkansas as a representative to the Interfraternity Council where he was appointed summer rush chairman. In 2000, he was recognized as the most Outstanding Greek Man at the University of Arkansas.

Henderson serves as a volunteer for the Habitat for Humanity and the Big Brothers of America. He also helped organize and participated as a project leader for "Students' Day of Caring" at the University of Arkansas.

Dr. Phyllis Miller, Alpha Zeta Chapter advisor and associate professor of journalism at the University of Arkansas, said, "While it is refreshing to find someone with superior talent and intelligence, combined with strong leadership skills, Jared is also a very nice person with a well-developed sense of humor. His personality is so pleasant and upbeat that he somehow demands complete respect while making everyone enjoy being in his presence. He is the kind of compassionate, intelligent role model that we seek in our nation's top leadership positions, and I see absolutely no limit to his potential."

Henderson is currently working as a Business Analyst for the management consulting firm McKinsey & Company.

As the recipient of the 2002 Most Outstanding Undergraduate Award, Henderson received a handsome plaque and a \$2,500 scholarship.

### Robertson Outstanding Undergraduate Award Finalists

The following four brothers were selected as finalists for the 2002 Robertson Outstanding Undergraduate Award. Each finalist received a plaque and a \$500 scholarship.

Consecutive Giving Levels:

<sup>†</sup>Donors who have made consecutive gifts between the last 5 and 9 years ‡Donors who have made consecutive gifts for at least the last 10 years

Donations recognized were given between July 1, 2001 and June 30, 2002. Those gifts received after June 30, 2002 will be recognized as part of the 2002-2003 annual report in the Autumn 2003 issue of the Shield & Diamond. The trustees and staff of the Pi Kappa Alpha Educational Foundation thank every loyal contributor. Your support directly benefits our undergraduate and graduate student brothers.

Donors with an asterisk(\*) by their names designated at least one gift to a specific Chapter Endowment Fund. Many of these donors also gave unrestricted gifts to the PIKE FUND.

Donors with PP by their names are undergraduate members of the phi phi kappa alpha club. Gifts to the phi phi kappa alpha club benefit the Chapter Endowment Fund of the respective undergraduate brother's chapter.

#### Why I Give to the Pi Kappa Alpha Educational Foundation

James Jarrette (Louisiana-Monroe, Eta Omicron '98) is a senior at the University of Louisiana at Monroe. Jarrette has served Eta Omicron Chapter as Sergeant at Arms, Continuing Educator, and President. He has been instrumental in leading Eta Omicron to four consecutive Smythe awards during his undergraduate years.

Jarrette actively participates in different Educa- James Jarrette tional Foundation endeavors, having contributed

to the phi phi kappa alpha club along with his entire chapter. He has attended several leadership programs at the International Level including the Chapter Presidents Conference, Officers Leadership Academy, and the International Convention. Jarrette was recently asked about his participation as a donor to the Pi Kappa Alpha Educational Foundation.

#### Why do you give to the Pi Kappa Alpha Educational Foundation as a member of the Phi Phi Kappa Alpha Club?

Since the inception of the PPKA Club, my chapter has been a participant and at 100% the last five years. I support our Educational Foundation because I feel it is my obligation as a brother to do so-they provide so much for Pi Kappa Alpha and they have made my experience as an undergraduate more beneficial.

#### How has Pi Kappa Alpha affected your life?

There is not enough space in this magazine to tell you what Pi Kappa Alpha, through Eta Omicron Chapter, has done for me. In short, it has helped to mold me into the person I am today and for that I will always be grateful and I will never forget it.

#### Would you encourage other undergraduate brothers to give to the **Educational Foundation?**

Definitely-where would we be as a fraternity without the support of our Educational Foundation? I've attended all the leadership conferences Pike has offered and the Foundation has helped underwrite the cost of everyone of those.

#### Do you plan to continue giving to the Foundation throughout your alumnus years?

Yes I do. I'm a Pike for life and a Pike supporter for life.

#### Why is alumni support so important to the Educational Foundation?

I need look no further than my own chapter to understand and appreciate what alumni support can do for the fraternity. Alumni support is the key if Pi Kappa Alpha is to continue to be the dominant fraternity in the Greek world. I can't imagine coming back to my campus and not finding Eta Omicron Chapter as the #1 fraternity just as I want to always know Pi Kappa Alpha is the best fraternity there is. We have an obligation to support Pi Kappa Alpha and more of our alumni need to do so. Alumni support is making a positive difference in the lives of our undergraduate brothers.

## **φφκα** Club 2001-2002 DONOR ROLL

The PiKappa Alpha Educational Foundation established the φφκα club to give undergraduate brothers the opportunity to begin donating to the Pi Kappa Alpha Educational Foundation while still in school. Membership in this special annual giving society continues to grow each year. Gifts can be made at the Gold (\$25) level or higher.

Members in the φφκα club received a donor lapel pin, a PIKE FUND Donor car decal and certificate and invitations to special events during regional conferences held in honor of Educational Foundation donors.

Once again, during 2001-2002 the Educational Foundation awarded chapters with Garnet & Gold awards based upon the percentage of their membership enrolled as undergraduate donors. Chapters with 25% or more of their members enrolled in the  $\phi\phi\kappa\alpha$ club were recognized with a Garnet Chapter award while chapters with 50% or more of their members enrolled in the φφκα club achieved Gold chapter status. These awards were presented to chap-

ter representatives in August at the 2002 International Convention. To be eligible for this special recognition for the 2002-2003 year, all gifts must be received by June 30, 2003.

Chapters earning Garnet & Gold status this year will again be recognized at the 2003 Officers Leadership Academy. The goal for the φφκα club this year is to have every chapter participate by having several student donors represented. Joining the φφκα club as an undergraduate member is a great way to start a lifetime of support.

Listed below are the loyal and generous undergraduate Pi Kappa Alpha members who made gifts to the Educational Foundation during the 2001-2002 fiscal year. All gifts made at the φφκα club level directly benefit the Chapter Endowment Fund of the respective undergraduate brother's chapter.

To join the Foundation's loyal list of undergraduate φφκα donors this year, please contact the Educational Foundation staff at (901) 748-1948, pkaef@pikes.org, or join online at www.pikes.org.

## Gifting Opportunities at the Pi Kappa Alpha Educational Foundation

## THE OAK TRUST

The Oak Trust is the Pi Kappa Alpha Educational Foundation's planned gifts recognition program, through which loyal IIKAs designate planned or estate gifts for the future benefit of Pi Kappa Alpha. Future gift assets in the Oak Trust, from well over 100 loyal IIKAs, now exceed \$14,000,000. Membership in the Oak Trust can be secured through various methods including a designation to the Pi Kappa Alpha Educational Foundation in a will, a charitable trust, or through naming the Foundation as owner and beneficiary of a new or existing life insurance policy.

The CHAPTER OFFICER LEADERSHIP SCHOLAR-SHIP PROGRAM

## The Chapter Officer Leadership Scholarship Program

Through the Chapter Officer Leadership Scholarship Program, generous ΠKA alumni can endow scholarships to recognize and reward those undergraduate brothers serving in the highest leadership positions of the chapter including president, vice president, treasurer and rush chairman. Through this innovative program, the best possible undergraduate leaders are encouraged to serve their chapter in leadership roles, and the chapter prospers in the process.

## The Endowed Scholarship Program

Generous Pi Kappa Alpha alumni can endow scholarships at their chapters through the Pi Kappa Alpha Educational Foundation to recognize outstanding academic performance, demonstrated leadership to the chapter and campus, or a combination of the two. These scholarships can be in the name of the donor, in honor of another brother, friend or family member, or in memory of a loved one.

## HABIT 4

## Think "Win-Win"

nce we've mastered the first three habits, we're ready to move from the "private victory" to the "public victory". Self-mastery and self-

Stephen R. Covey

discipline are the foundations of good relationships with others.

We all know what a financial bank account is. If we make deposits in it, money will be there for us to withdraw when we need it. The Emotional Bank Account is a metaphor that describes the amount of trust that has been built up in a personal relationship. If I make deposits into an account with you through courtesy, kindness, honesty, and keeping my commitments to you, I build up a reserve. Your trust for me becomes higher, and I can call on it if I need to. I can even make mistakes, and that trust level will compensate for it. Communication is easy, instant and effective.

Conversely, if I have a habit of showing discourtesy, disrespect, cutting you off, overreacting, betraying your trust, not honoring commitments, or threatening you, my account with you gets overdrawn. If the trust level is low, what flexibility do I have?

None. I'm walking on mine fields. I'm politicking. I have to measure every word. Many organizations and many marriages are like this.

The fourth habit, Think Win-Win, entails making important deposits in another person's Emotional Bank Account, thus finding a way both of you can benefit by your interaction. All the other possibilities - win/lose (I win, you lose), lose/ win (I lose, you win), and lose/lose - are ineffective, either in the short term or the long term.

The best way to approach a win-win dealing is to remember that it (like all agreements) embodies a caveat: The complete description is " win/win - or no deal." Your attitude should be, "I want to win, and I want you to win. If we can't hammer something out under those conditions, let's agree that we won't make a deal this time. Maybe we'll make one in the future.'

The president of a computer software company told me of the time he'd signed a five-year contract to supply software to a bank. The bank president was enthusiastic about the deal, but his people weren't. A month later, the bank changed presidents. The new president came to the software company president and said, "I'm uncomfortable with these software conversions. My people are unhappy, and I have a mess on my hands.'

The computer company was already in financial trouble at the time. It had every legal right to enforce its contract. But the software company's president responded, "We have a contract. But we understand you're not happy about it. We'll return your contract and your deposit, and if you're ever looking for a software solution in the future, come back and see us." He walked away from an \$84,000 contract. It might look like financial suicide, but he figured he didn't want to create an unhappy customer, and his attention to principle would pay off somehow. Three months later, the new president called back. He was ready to put in a new software system. They signed a contract for \$240,000.

Using the paradigm of win/win requires three traits:

- Integrity We define integrity as the value we place on ourselves. We need to be self-aware, possessed of an independent will. We make and keep meaningful promises and commitments to ourselves and others.
- Maturity This is the balance between courage and consideration. Simply put, you must have enough empathy and goodwill to work for a win for your counterpart, and enough courage to make a win for yourself.
- Abundance Mentality You must know and believe that there is plenty out there for everybody. Many people don't: They think that to succeed themselves, others must fail. They harbor secret hopes that other people suffer misfortune - not terrible misfortune, but acceptable misfortune that will keep them in their place. The Abundance Mentality recognizes that possibilities for growth and success are potentially limitless, and sees in others the opportunity to complement its own strengths.

Win/win is a powerful management tool. Peter Drucker recommends using the "manager's letter" to define the performance agreement between boss and employee. After a thorough discussion of expectations, guidelines, and resources, the employee writes a letter to the manager summarizing the discussion and setting the date for the following review.

With the agreement in place, the employee can manage himself within the framework of the agreement. The manager becomes like the pace car at an auto

Dr. Stephen R. Covey is a 1950 initiate of Pi Kappa Alpha at the University of Utah's Alpha Tau Chapter. He was pledge number 22 in a class of 26, and he and his pledge brothers still gather each year for a reunion at Covey's cabin in the mountains of Utah. Covey is the founder of the Covey Leadership Center and the cofounder of the Franklin Covey Company, the largest management and leadership development organization in the world. He is the author of several best selling books and is perhaps best known for The 7 Habits of Highly Effective People, First Things First, and Principle Centered Leadership.

Covey's goal is to bring principle-centered leadership to the world. His writings and teachings have helped millions improve their lives, and he is now turning his attention specifically to his Pi Kappa Alpha brothers.

This ongoing 7 Habits of Highly Effective People series is being produced in conjunction with the Pi Kappa Alpha Educational Foundation, whose primary mission is supporting the development of our undergraduate brothers through leadership education and training.

race: He gets things going and gets out of the way. His job from then on is to remove the oil spills. When the boss becomes the first assistant to each subordinate, he increases his span of control. Entire levels of administration can be eliminated, and he can double or triple his managerial leverage.

I once consulted for a company that wanted me to train their retail people in human relations. They said the employees on the selling floor were rude. I went to their stores, and indeed, the sales help were rude. I wondered why. "Look, we're on top of the problem," the company president said. "The department heads are out there setting a great example: their job is two-thirds selling and one-third management. They're outselling everyone. Just train the sales help to sell, too."

But I went back to the store for more data. It turned out that managers (who got sales commissions) were sending the sales help into the back to take care of cleaning and inventory, stepping behind the cash register and "creaming" every sale, except during the store's most frantic periods. That's why they were outselling their employees.

We replaced that win/lose compensation system with win/win: we changed the rules so that managers only made money when the sales staff made money. The sales clerks' attitude problem disappeared overnight.

## Delta Chi Chapter Celebrates 50th Anniversary With Alumni, Friends and Fellowship

O n the weekend of June 7-8, 2002, Delta Chi Chapter of Pi Kappa Alpha hosted an Anniversary Celebration to commemorate 50 years at the University of Nebraska-Omaha. The reunion was highlighted by a Friday night cocktail party at the historic Durham Western Heritage Museum. Refreshments were provided by Kyron O'Brien '94, who owns a restaurant in Omaha. The social gave brothers from five decades the chance to interact and reminisce about their undergraduate days.

Saturday morning began with a golf outing that allowed the golfers of Delta Chi the chance to show off their talent. Other alumni toured the University and viewed the new south campus, built in the last five years. That night, over 350 Delta Chi alumni and guests, including Director of Alumni Affairs Eddie Scott (*East Central, Epsilon Omega* '94) and Pi Kappa Alpha Educational Foundation President Bram Govaars (*Arizona, Gamma Delta* '66) attended a celebratory banquet in the grand ballroom of the Embassy Suites Hotel in downtown

Omaha. After a gourmet meal, past international president and event emcee Gary Sallquist '57 asked several prominent alumni to speak. Ben Tobias '52, who was the first Delta Chi initiate, thanked everyone for attending, especially the 22 men from his original pledge class. Educational Foundation Trustee and past Pi Kappa Alpha Executive Director Pat Halloran '62 was the keynote speaker and regaled the group with his own memorable experiences in the chapter and with the National Fraternity. At the conclusion of the program, Jeff Douglas '96 showcased a movie he had created specifically for the reunion. The film was formatted around the theme of the popular "Back to the Future" trilogy and featured numerous photos from the last 50 years. Before the night was through, Robert Glaser '74 and his 11-piece orchestra performed hits from the 50s to the present day. A truly remarkable time was had by all who attended!

# Alpha Zeta Alumni Association (Arkansas)

The Alpha Zeta Alumni Association is planning reunions for spring 2003 and fall 2003, for brothers from the years of 1964-1969 and 1976-1980.

Homecoming for the University of Arkansas is October 26th against Ole Miss. All homecoming activities at the Pike House will begin three hours before game time (currently set for a 1:00 p.m. kickoff).

The association is in the middle of a membership drive, with a goal of achieving 500 alumni association members.

For information regarding the association, please contact Tommie Wood '90 at *headhntr@alltel.net*.

#### Alpha Theta Alumni Association (West Virginia)

Alpha Theta alumni had a busy summer with a 10-month-old, 89-member colony to support and encourage.

Mountaineer Pike newsletters were sent via post and e-mail in April and June; an alumni contact roster continues to be updated; and initial improvements to the house were made so colony members could occupy the first two floors for the fall semester. Plans for completion of the house are in progress.

The Alumni Association and the Alpha Theta House Corporation convened their annual meeting on August 10. House Corporation members voted to approve actions that, with support from the International Headquarters, will facilitate completion of the renovation.

All Alpha Theta alumni are encouraged to log in to the alumni web site at *http:// www.geocities.com/pikawvu* for links to see past newsletters, an event calendar, alumni email addresses, photos, and more. If you haven't received a newsletter via post or e-mail since April, please confirm your contact data with Mack Gardner '65 at *mackgardner@aol.com* or (703) 450-2127.

*Next event:* Homecoming (WVU vs. Syracuse) on October 19, 2002.

#### Alpha Phi Alumni Association (Iowa State)

The Alpha Phi Alumni Association will have a post-game reception at the chapter house following the Homecoming Game vs. Texas Tech on October 12, 2002. All alumni and their guests are invited. The annual House Corporation Board meeting will be held in the chapter house in the Bill Kellstrom Living Room beginning at 9:00 a.m. on October 12th. Alumni are welcome.

#### Alpha Omega Alumni Association (Kansas State)

Join the Alpha Omega Alumni Association before the K-State vs. Iowa State football game on Saturday, November 9, 2002 in Cat Town (south end of west stadium parking lot). In addition to great fun, food and fellowship, alumnus leaders will provide information about plans for the future of Alpha Omega Chapter. For more information please contact Mike Riley '84 at *mike\_riley\_97@yahoo.com*.

#### Denver Area Alpha Omega Alumni:

Quarterly luncheons are held on the first Wednesday of the first month of each calendar quarter at noon at The 240 Union Restaurant, 240 Union Blvd, Lakewood, CO. For details and to confirm attendance, please contact Dick Noble '50 at 303/234-1610.

#### Beta Beta Alumni Association (Washington)

On Sunday, September 1, 2002, Beta Beta alumni will be gathering for the annual Pikes Afternoon at the Mariners at SAFECO Field. Alumni and their families are invited to attend the 1:30 p.m. game against Kansas City.

Beta Beta Alumni Association is proud to announce that in March 2003, Beta Beta will host the Northwest Regional Conference in coordination with Founders Day celebrations. The banquet is planned for a downtown Seattle location so the hundreds of alumni and active members expected can be accommodated. Please be sure to join Beta Beta's largest Pike event ever!

#### Beta Kappa Alumni Association (Emory)

The newly formed Beta Kappa Alumni Association has been hard at work under the leadership of Brooks Maddox '01 (brooks\_maddox@hotmail.com) since its inaugural meeting in January and receiving its official charter last March. The association has built a website (www.bkpka.com) and established an

#### Gamma Xi Alumni Association (Washington State)

The 14th annual Gamma Xi Alumni Association golf tournament was held June 8th at Willows Run Golf Course in Redmond, Washington. 75 golfers representing five decades of Pikes competed in the event.

Low net and low gross champions were Kurt Pepin '92, and Mike McLane '92 respectively. Scott Bolles '81 and Marc Gamba '90 were the runners up. Long drive winners were Kevin Pazaski '81, Mike Kelly '87, Kurt Williams '97, and Adam Britton '95. Closest To The Pin honors went to Howie Knutsen '82, Chris Smith '97, Brad McNeice '89, and Kevin Hurley '95. The Longest Putt of the Day went to Steve Stirrett '81, who drained a fifty footer to take the crown.

More than 50 alumni joined in the fun at the brand new Seattle Seahawks football stadium on August 31st as the WSU

flight and the first flight. That evening the association provided bus service to the Kansas City Chiefs Arrowhead stadium for the pre-game tailgate party prior to watching the Iowa State Cyclones take on the Florida State Seminoles in the Eddie Robinson Classic. Over 160 alumni chapter member and friends were served at the catered tailgate party.

Cougars kicked off their 2002 football season against Nevada in a rare Western Washington appearance. The Gamma Xi Alumni Association had acquired the large block of tickets for the event for its members. Pre- and post-function tailgate events were held adjacent to the stadium.

**Next event:** WSU homecoming vs. USC Trojans weekend of October 5th. Join the Gamma Xi Alumni Association for a post game BBQ, and a report on the chapter as well as the International Convention. For more information, contact Dan Studer '92 at (425) 333-5230 or *danpoppy@hotmail.com* 

#### Gamma Psi Alumni Association (Louisiana Tech)

Gamma Psi Alumni Association will officially receive their charter on October 26th, 2002, at Louisiana Tech's Homecoming Weekend. All alumni are welcome to attend. Events will include the chartering presentation, a meeting, the Homecoming game vs. Nevada, a special presentation to alumni from the active chapter, and a party. For more information, contact Mark St. John '95 at *mark@herc.net* or by phone at (225) 205-2144. Gamma Psi's Alumni Association's mailing address is P.O. Box 127, Ruston, LA 71273-0127. The alumni association and active chapter can also be reached through their website at *www.latechpikes.org*.

#### Epsilon lota Alumni Association (Southeast Missouri)

Epsilon Iota's Homecoming celebration will begin at the Lodge on October 18, 2002 at 7:00 p.m. The annual parade will be held on the morning of October 19 and the dinner will be held that night. ## PIKES IN THE NEWS:

## Florida International Undergrads Spring Break At Ground Zero

As we remember the events of one year ago, it's heartening to know that Kappa Gamma Chapter brothers Caleb Mendez '00 and Danny Fernandez '01 defied the annual tradition of many college students who spend their spring break on the beach partying and having a good time. The two joined 15 other FIU students for a trek to New York City in March 2002, where they spent a week working at Ground Zero. The trip was part of FIU's Volunteer Action Center's Alternative Spring Break program. The students assisted the Salvation Army in feeding the Ground Zero workers and sharing various other duties. In recognition of the trip, Mendez was one of three FIU students who were prominently featured on a segment on spring breaks April 17 on the CBS program, 48 Hours with Dan Rather. A USA Today article also covered the trip. Brothers Mendez and Fernandez gave Pi Kappa Alpha plenty of publicity throughout the trip and on television as they wore Pike regalia throughout the week.

## **Gamma Omicron Alum Discovers Incan City**

C cott Gorsuch (Ohio, JGamma Omicron '71) found more than he bargained for while hiking on a trip to the Peruvian Andes in 1999.

A clinical psychologist in Santa Barbara,

Scott Gorsuch

California, and an avid explorer, Gorsuch was among a group that first sighted the ruins at Cerro Victoria in the remote Peruvian region of Vilcabamba while hiking on a nearby ridge that bore evidence of ancient burials. The ruins were partially obscured by thick forests of jungle-like vegetation, but through binoculars the men could see the mountain-top ruins in the distance.

"We spotted what appeared to be a sacred platform on one of the peaks, and it seemed to have significance - it caught the sun's first rays in the morning and last ones at night," said Gorsuch.

When he and the expedition team traveled to the site later, they were surprised to find the remains of a large settlement, covering about 2.3 square miles.

Front page news of the discovery was announced to the world last March. The find is composed of tombs, walls, burial grounds with human remains, and more than 100 buildings. Gorsuch partially excavated the spot with help from a team of researchers funded by National Geographic magazine. He also photographed the excavation for that publication. To view a story and photos of the discovery on the internet, go to http:// news.nationalgeographic.com/news.

Gorsuch serves Pi Kappa Alpha as chapter advisor to Iota Kappa Chapter at the University of California-Santa Barbara. In 1994, he received the Fraternity's Chapter Advisor of the year Award.

## XML and ASP.NET

by Kirk Allen Evans, Ashwin Kamanna and Joel Mueller

f delving into the intricate and technical world of advanced computer programming is your cup of tea, then XML and ASP.NET is the book for you!

XML and ASP.NET from New Riders Publishing is the one book you need to master XML in the .NET Framework. ASP.NET (short for "Active Server Pages") is a set of Microsoft technologies used for building dynamic Web applications. XML, or Extensible Markup Language, allows for data transfer over the internet. This book demonstrates how these technologies, when combined, allow web programmers to develop complex internet-based applications in a very short amount of time. It includes all of the technologies needed to program .NET web applications including XPath, XSLT, XML Schemas, and the Microsoft XML Parsers. This book

also incorporates an incredible breadth of XML technologies, thoroughly exploring Microsoft's .NET implementation of XML. A wealth of clearly written and real-world sample code makes this book a must-have for any developer interested in .NET.

Kirk Allen Evans (Georgia State, Epsilon Nu '93), lead author of XML and ASP.NET, is a mentor, trainer, and consultant developer in Atlanta, Georgia. He focuses on designing and developing scalable solutions using Microsoft technologies, and maintains the website http:// www.XMLAndASP.NET. Evans can be reached at kaevans@xmlandasp.net.

"One of my fondest memories at Georgia State was watching Matthew Newall'88 describe to a roomful of rushees what it means to be a Pike: 'We will beat you on the field; we will beat you in the classroom'." recalls Evans. "My co-authors and I resolved to write a book that surpassed other books available in the market: believing that, thus we have most successfully accomplished our object."

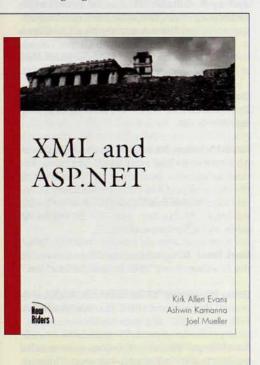

## PIKES IN PRINT: What's Your Excuse? Making the Most of What You Have

by John P. Foppe / Foreword by Zig Ziglar

"John Foppe's book 'What's Your Excuse?' is an inspiration – just like he is for all those who have been touched by him." – Jimmy Johnson, former NFL coach, Dallas Cowboys and Miami Dolphins

As a child, John Foppe (Creighton, Theta Lambda'89) had difficulty doing most everything. Because of his condition, he wasn't allowed to do simple things such as helping in his church's worship service and playing football with his brothers. John was born without arms. But he never gave up on his dreams.

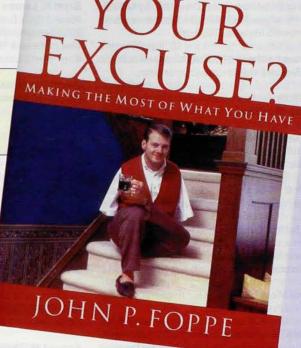

In this fascinating, heartbreaking, but ultimately inspirational book, Foppe recounts his difficult life, the many painful years spent just learning how to do things most of us take for granted. By offering up his own life as an example, Foppe seeks to help others discover their own place in the world by focusing on the special gifts and challenges given to them.

XML and ASP.NET is available from Amazon.com at http:// www.amazon.com/exec/obidos/ASIN/ 073571200X. Foppe's approach to all changes is simple but effective: "Every day, I seek to walk out the journey of my life with four things: a vision of hope, a calmness rooted in patience, a gritty determination to persevere, and an intimate relationship with God through prayer."

"I have a scar on my chin that I acquired as a toddler learning to walk. Without arms to brace myself or cushion a fall, my chin regularly seemed to hit the floor, driveway, and bathtub as I learned to walk, run, climb stairs, and maneuver my body into various positions. If my parents had been afraid to let me fall, they would never have given me the encouragement to walk. I take that same approach toward my life now," says Foppe.

"Pi Kappa Alpha was a big part of my life. My brother, Tom, was initiated at Theta Lambda Chapter at Creighton University in 1987 and got me into the Fraternity. I was initiated in 1989 at Theta Lambda and then transferred to Saint Louis University, where I was a founding father of Iota Nu Chapter. Another active member, Ken Jaycox (Florida State, Delta Lambda '86), and I were the only 'actives' for the Alpha pledge class. I learned a lot of leadership skills as well as my understanding of group dynamics from my Fraternity experiences. As a transfer student, I was able to assimilate into a new group of friends quickly because of the common culture and values we shared as Fraternity brothers. I formed some wonderful friendship that continue today," he recalls. "In addition, I was able to hone some of my public speaking skills through the fraternity. While still in college, I delivered some keynote speeches. Occasionally, the guys at Iota Nu still ask me to come back and speak at a chapter meeting

FOREWORD BY ZIG ZIGLAR

or Parents Weekend dinner." Continuing a family tradition, Foppe says, "In turn, I recruited my younger brothers, James '97, Patrick '98 and Paul '98 into Iota Nu Chapter at Saint Louis."

Foppe has spent the last fifteen years as a professional speaker, delivering high impact presentations on attitude control, personal growth, and performance improvement to businesses and organizations around the world. He has given a motivational address to NFL's Miami Dolphins and has gone to the Vatican and received a special blessing from the Pope. He uses his heartwarming and humorous stories of overcoming adversity to educate and encourage others. His public speaking mission started after he experienced a spiritual awaking during a missionary trip to Haiti. Today, he owns and operates his own company, John P. Foppe Seminars, Inc. Foppe is also a protege of bestselling author and motivational speaker Zig Ziglar, with whom he has worked for the past ten years. A committed Christian, Foppe holds a master's degree in social work from Saint Louis University.

#### Iowa Alum Wins Coronado 15 North American Championship

Randy Sprout (Iowa, Gamma Nu '64) and his son, Barrett, sailed to a win in the North American Championship for the Coronado 15 Fleet in Fort Walton Beach, Florida on the weekend of June 21-23, 2002. With 21 boats on the line, competition was very close and aggressive. Georgia State brought out their entire sailing team, and both Florida and Tennessee provided their respective State champions. Friday, the qualifier day, was a tough day for the fleet with 20-25 knots of breeze and many of the boats refusing to sail upright. The Sprouts went over a couple of times. The Sprouts continued on day 3 with 11 points, and in third place. Sunday, the final day, was a perfect 16 knots of breeze, flat water, and made to order for Barrett & Randy, who practice in these conditions all the time. They went to the front at the start and just kept stretching their leads to win a first in both of the final races. Their two wins on

Sunday placed them first overall for the regatta by just one point! This was the seventh North American Championship the father and son team have raced in. They have, in past years, won the Cabrillo Fleet Trophy, The Junior Trophy, and in 1998, they placed second in the Championship Fleet.

## News of BYGONE DAYS

100 Years Ago ... From the Shield & Diamond, 1902: "The marriage of our grand treasurer (Robert Adger Smythe) on the tenth of April was a great event in Pi Kappa Alpha circles... Brother Floyd Hughes (Supreme Councilor) bought a very handsome punch bowl and ladle and gave them in the name of the fraternity." ... "The delegates have turned their faces homeward, and the last chapter of the Thirteenth Convention has been closed. It was a remarkable gathering of  $\Pi$ 's that assembled at the Monticello Hotel in Norfolk, Va., on the fourth day of June. For the first time in our history we had every Grand Officer present and these officers came from four different states. Sixteen chapters were represented by delegates in this convention."

**75 Years Ago...** A "Tell Us What's New" form in the 1927 *Shield & Diamond* was worded thusly: "As I enjoy reading the news about my brothers in Pi Kappa Alpha, I submit the following dope about myself (or a lead for a good story, etc.) as a matter of fairness, I realize that the editors are not mind readers and that it takes the cooperation of all of us to publish an interesting magazine."

## Back to the Future: A Capital Campaign Story

#### by Bill Warren (North Carolina, Tau '99)

As you stroll through the town of Chapel Hill, North Carolina, you can't help but notice a major renaissance in Greek housing. As the first public university, UNC-Chapel Hill will always have the oldest public university buildings in the country, but it will soon have the most modern Greek housing. Over the past five years, nearly 90% of the 33 Greek chapter houses have been renovated in some fashion. Chapel Hill has accepted the reality of its aging chapter facilities and the ever-changing needs of our undergraduates continues.

Tau Chapter is one of the houses in Chapel Hill that has had to close its doors. Built in 1927 at 106 Fraternity Court, Tau Chapter's house has one of the richest histories on campus. Over the past two years, diligent work by the Tau Chapter Building Corporation has taken place to completely renovate not only the chapter house, but also rejuvenate how Tau approaches both undergraduate and alumni fraternity operations in a growing competitive campus environment.

To date, Tau Chapter has raised over \$806,000 toward a \$1.2 million capital campaign goal. Contractors wait with a historically approved plan to bring Tau

Chapter "Back to the Future." While Tau will be renovated to look like the pristine 1920s Victorian it once was, the inside and back of the house will be updated to meet the everyday needs of the modern student, while providing the safest facility possible. Tau has teamed up with the International Headquarters and a professional fundraising firm from the beginning and it's living proof that the model the International Fraternity provides

truly does work. Tau Chapter is still seeking the final \$400,000 that will enable them to begin construction, but all are optimistic that Pi Kappa Alpha's bonds will bring all Tau alumni to the table – truly a brotherhood effort and an investment in our the future.

### Ohio State Alum Displays Military Prowess In Best Ranger Competition

#### by Anthony Mayne (Ohio State, Alpha Rho '95)

On the weekend of April 26-28, 2002, I competed in the 20th Annual David E. Grange, Jr. Best Ranger Competition (BRC) in Fort Benning, GA. The competition is a 60-hour test of military proficiency, muscle endurance, and mental toughness open to all Army units that have Ranger School graduates.

A team is made up of two men, known as a buddy team. This year 47 teams began the BRC. Day 1 started at 5:00 a.m. with a PT test consisting of push ups and sit ups, followed by an obstacle course, and finishing with a 3-mile run, a 300-meter swim, and another 3-mile run. Immediately after that we were tested in close quarter combat. Then it was on to the helicopters for a spot-jump and mile run with rucksacks to a rifle range. At the range we zeroed our weapons, conducted a stress fire, and then went through a record qualification. After about 4 hours of rest (the most we would get for the remainder of the BRC) we began an unknown distance footmarch. Basically, we carried our rifles and 50-plus pound rucksacks until they told us to stop. The finish line appeared 24 miles later. Only 15 of the original 47 teams would make the six-hour time limit. Within 30 minutes of finishing the road march (at about 2:00 a.m.), we went into Night Ranger Stakes, a mixture of military tasks lasting about 10 minutes each.

After Night Stakes, we got about 1½ hours of sleep, then began Day 2. The first task of the day was a bayonet assault course. Next came Day Ranger Stakes, similar to the Night Stakes, just with more light. When it seemed as if we were just starting to recover from the previous morning we had to tackle the Darby Queen Obstacle course. The DQ is a mile-plus of 32 obstacles. Fall off one obstacle and your team is given a 6-minute time penalty. Within 45 minutes of completing that smoker, it was on to Night Land Navigation. Wearing the rucksack once again, we were given 14 hours to find a minimum of 6 points located around Fort Benning. After finishing at 6:30 a.m., we received another 1½ hours of sleep.

Day 3 began with the water confidence test. This event included climbing a 40-foot ladder that suspends a 50-yard log above Victory Pond, running across the log, climbing a rope to a fixed point, then dropping about 35 feet into the water. After swimming out of the water, we had to run to another tower, climb 75 feet, and then slide down a zip line and enter the water. We then made a poncho raft for our rucksacks and weapons, jumped in a helicopter, then jumped out of the bird and into the pond again for another 200-meter swim. The last event was an unknown distance run. We ended up covering about  $2\frac{1}{2}$  miles.

All in all, my teammate and myself ended up in seventh place. Not quite what we wanted, but not too shabby either.

### Preserving the Brotherhood: Beta Alpha Chapter at Penn State

Beta Alpha Chapter at Pennsylvania State University kicked off the public phase of its' Capital Campaign on June 1, 2002. Over 100 alumni, chapter members, and guests were present for this historic event. Special guests included Executive Real Estate Officer Dan Corah from the Memorial Headquarters and Dr. Arthur Carter from Penn State's Office of Student Affairs.

After suggestions were made to the Building Corporation to consider a capital campaign, a feasibility study was concluded in mid-2001. Sufficient alumni support was identified to proceed with the campaign for the very needed renovation to the chapter house and to ensure, through an endowment fund, that future needs will be met. In addition, the board concluded that a scholarship fund should be endowed with a plan offered by the International Headquarters, to recognize and reward fraternity scholarship and leadership performance by the undergraduate members.

The campaign goal is to raise \$2,000,000. To date, approximately \$800,000 has been achieved and alumni, along with the help of Affinity Connections, a professional fundraising firm out of State College, Pennsylvania, are seeking to secure the remainder of that goal. The Beta Alpha Chapter house was originally built in 1931. Since then, the house at 417 E. Prospect Avenue has seen hundreds of fine young men take up residence in the well-known Tudor mansion. Beta Alpha Chapter hopes to provide its members with a state of the art house as well as ensure their scholarship and leadership needs for the future.

If you wish to support or have any questions regarding the Beta Alpha Campaign, contact Patrick Cunningham at *vdorr@bernard-welding.com.* Beta Alpha Chapter plans to present a campaign update as part of its Homecoming celebration on October 19, 2002.

#### Stanley W. Browning (Kentucky, Omega '66)

StanleyWayne Browning entered Chapter Eternal on April 8, 2002. He was a State Farm Insurance agent and a member of several clubs and associations in addition to Pi Kappa Alpha. His surviving family includes his wife, the former Ann Tedesco, his mother, two sons, one daughter, three brothers, two sisters and two grandsons. The family asks that memorial gifts be made to M.D. Anderson Cancer Center, Attn.: Children's Research, P.O. Box 297153, Houston, TX 77297.

#### Franklin S. Forsberg (Utah, Alpha Tau '28)

Franklin S. Forsberg entered Chapter Eternal on March 29, 2002. He was 96.

Forsberg was born in Salt Lake City, Utah, and received his early education in Salt Lake City. He graduated from the University of

Utah, where he served Alpha Tau Chapter as president, and obtained a master's degree from New York University. He maintained active ties to Utah through the National Advisory Council of the University of Utah, of which he was an original member and attended regularly as an active and emeritus member.

His professional life was primarily in the publishing business. He served as a colonel in the U.S. Army in charge of publications and media in World War II. He founded Yank and oversaw the Army News Service and publication of Stars and Stripes. After the war, he was vice president of Popular Mechanics Publishing Co. In 1960, Forsberg headed up the magazine division of Holt, Rinehart and Winston, publisher of Field & Stream and other magazines. From 1981 to 1985 he served as U.S. Ambassador to Sweden, and was a strong supporter of the Swedish-American community, and to relations between the two countries. Forsberg was honored with the Royal Order of the Vasa by the Swedish Council of America.

In 1986, Forsberg was selected for induction into the Pi Kappa Alpha Educational Foundation's Order of West Range, and was elected to the Foundation's board of trustees in 1991.

He is survived by his wife, Ann Rountree Forsberg, a daughter, two sons and five grandchildren.

#### R. Craig Hoenshell (Nebraska-Omaha, Delta Chi '63)

R. Craig Hoenshell, 58, of New York City, entered Chapter Eternal on July 1, 2002, after a courageous battle with lung cancer.

Born on April 28, 1944, Hoenshell began his ascent to the top of the business

world at the age of 4, working in his father's grocery store, the *Red & White*, in Scribner, Nebraska. He ultimately graduated from Scribner High School and enrolled at Omaha University for college.

It was at this time a very bright and ambitious young man encountered many like minded young men who were members of Pi Kappa Alpha's award-winning Delta Chi Chapter at Omaha University, and a lifelong, mutually beneficial relationship between Pi Kappa Alpha and R. Craig Hoenshell began.

As Brother Hoenshell so aptly put it, "Delta Chi was a chapter that prided itself on the number of campus leaders it could develop. These men took great pride in our chapter's success and also in the individual success of each of its members. During my four years at the University, our chapter compiled one of the greatest legacies of success in the history of the Fraternity." He added, " It became clear to me that there was a direct correlation between our collective success and the passion, talent and effectiveness of our chapter leaders. It was our collective desire to be the best. It was a super-charged, success-driven environment, an environment that defined for me my ultimate potential."

Reaching his ultimate potential included leading some of America's most recognized corporations, including service as president of American Express In-

#### In Our Hearts:

"Mom" Kay Parker Peterson, beloved Omega Chapter (*Kentucky*) house mother, died August 12, 2002. A memorial service was held on August 15 at the Church of Good Shepherd in Lexington, Kentucky. The Fraternity was represented by 19 actives and two alumni at the service.

ternational, American Express Travelers Cheques and American Express Centurion Bank in the 1980s, and as chairman and chief executive officer of Avis Rent A Car in the late 1990s.

Throughout this period of significant corporate responsibility, Hoenshell always found time to give back to Pi Kappa Alpha, the entity he credited with teaching him the skills responsible for so much of his success. He served as a trustee of the Pi Kappa Alpha Educational Foundation from 1984 to 1992, and served as a commissioner of the Foundation's Endowment Fund from 1994 until his passing. In addition to sharing his wisdom and talents, he was and remains one of Pi Kappa Alpha's most generous benefactors. A member of the Pi Kappa Alpha Educational Foundation's 1868 Donor Society and the Oak Trust, Hoenshell gifted over \$200,000 to the Foundation in support of its educational and leadership programs.

Most notably, Hoenshell generously funded the R. Craig Hoenshell Honor Society Endowment at the Pi Kappa Alpha Educational Foundation, which pays the induction fees for all IIKA undergraduates tapped into higher education's most prestigious honor societies, including Phi Beta Kappa, Omicron Delta Kappa, the Order of Omega, Phi Kappa Phi and Tau Beta Pi. "Craig epitomized the belief that 'Once A Pike, Always A Pike'. He was loyal and supportive of the Fraternity from the day he pledged until the day he passed away. The Fraternity was consistently on his mind. He truly appreciated what it did for him personally and for how he saw it affect the lives of others. The endowment he established with Pi Kappa Alpha to encourage and recognize undergraduate leadership was very much the real Craig Hoenshell. He was a very generous person; a leader amongst leaders and focused on success," stated Educational Foundation Trustee Pat Halloran (Nebraska, Delta Chi '62), who was chapter president at Delta Chi Chapter when Hoenshell was chapter treasurer.

Pi Kappa Alpha proudly recognized Hoenshell for both his significant professional accomplishments and loyal service to the Fraternity with its highest awards. He was inducted into the Educational Foundation's Order of West Range in 1992, and received the Fraternity's Distinguished Achievement Award in 1998. Upon receiving the latter recognition, he spoke to the alumni and undergraduates attending the Fraternity's 1998 International Convention in Toronto, Canada,

and offered some of most eloquent remarks ever recorded on the value of the Pi Kappa Alpha experience. An excerpt follows:

"It has been said that, 'Education is the mother of leadership.' Well, if education is the mother of leadership, then Pi Kappa Alpha is the father. It was the Fraternity that began teaching me the principles of leadership and provided me with a living laboratory to experiment and perfect my ability to get things done with and through people.

When I look back upon my college years, the most critical, the most important learning that I received while an undergraduate student did not take place in the classroom, but rather, took place
